Re: Resolution Recognizing the Rights of Homeless Persons

Dear Mayor Estes, Mayor Pro Tem Budros, and Commissioners:

Please find enclosed a copy of the Resolution Recognizing the Rights of Homeless Persons passed by the Traverse City Human Rights Commission on July 13 2015.

The idea of such a Resolution was first considered by the Human Rights Commission several months ago. Subsequently the proposed Resolution was considered by the Commission at several meetings. The proposal was studied by a committee. The committee recommended approval of the Resolution.

Other jurisdictions have passed measures recognizing the rights of the homeless. These jurisdictions include the states of Connecticut, Illinois and, Rhode Island, the Commonwealth of Puerto Rico, and the cities of Duluth and Madison.

Here is the link to the Resolution apparently adopted by the House of Delegates of the American Bar Association on August 12-213, 2013, indicating "That the American Bar Association urges governments to promote the human right to adequate housing through increased funding, development and implementation of affordable housing strategies and to prevent infringement of that right."
