CHIEF'S PREFACE

As the new Chief of Police, I want to recognize the departments 32 sworn officers, 3 civilian members, and 9 reserve officers hard work, dedication, and resilience to the profession, department, and community. The institutional knowledge of our veteran members combined with the inspiration of our younger members provides us with a bright future.

As the department transitions in a new administration we seek to enhance our services to the community while creating a culture within our department that is welcoming, respectful, and fair. Departmental values, proven strategies, and best practices, supported by training, professional development, and evolving technology will guide us forward.

To the community, the past several months has reinforced the importance of collaboration. I pledge a renewed emphasis on collaboration. Working together to identify and solve OUR community issues builds long lasting relationships and solidifies trust, the bedrock of community policing. Our department has embraced the philosophies of community policing long before I arrived and will continue to embrace them well into the future.

Chapter 1 - Law Enforcement Role and Authority

Law Enforcement Authority

100.1 PURPOSE AND SCOPE

The purpose of this policy is to affirm the authority of the members of the Traverse City Police Department to perform their functions based on established legal authority.

100.2 POLICY

It is the policy of the Traverse City Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate abuse of law enforcement authority.

100.3 PEACE OFFICER POWERS

Certified members of this department are authorized to exercise peace officer powers pursuant to applicable state law.

100.3.1 ARRESTS

Arrests shall be made in accordance with the laws of the State of Michigan. Arrests should be made in the following manner:

- The member making the arrest will notify the subject of the arrest and charge(s). In the event of an arrest during the commission of a crime, the above should be followed, if at all possible; however, if the events leading to the arrest move too swiftly, the procedures should be followed as soon as possible after the arrest.

100.3.2 ARREST AUTHORITY WITHIN THE JURISDICTION OF THE TRAVERSE CITY POLICE DEPARTMENT

The arrest authority within the jurisdiction of the Traverse City Police Department includes (MCL 764.15):

- (a) In compliance with an arrest warrant.
- (b) When any misdemeanor, felony or ordinance violation is being, or has been, committed in an officer's presence.
- (c) When there is probable cause to believe that a misdemeanor punishable by imprisonment for more than 92 days or a felony was committed by the person to be arrested.
- (d) When there is probable cause to believe any misdemeanor was committed upon school property.
- (e) When there is probable cause to believe a person involved in an accident or stopped on a highway has violated the driving under the influence provisions listed in MCL 764.15.

100.3.3 ARREST AUTHORITY OUTSIDE THE JURISDICTION OF THE TRAVERSE CITY POLICE DEPARTMENT

An officer may make an arrest outside the jurisdiction of the Traverse City Police Department when an arrest is permitted and (MCL 764.2a):

- (a) The officer is working with or assisting the Michigan State Police.
- (b) The officer is working with or assisting an officer of that jurisdiction.
- (c) The officer is in continuous fresh pursuit following the observation of a law violation within the officer's jurisdiction.
- (d) In compliance with an arrest warrant.

100.3.4 ARRESTS MADE WITH A WARRANT

An arrest warrant must be obtained prior to making an arrest in the following circumstances:

- (a) On reasonable cause for a misdemeanor when a suspect flees from outside a dwelling to inside a dwelling (and no forcible entry has occurred);
- (b) For a misdemeanor (less than 93 days) not committed in the officer's presence;
- (c) In order to make forcible entry for the purpose of making a felony arrest, without exigent circumstances, into a defendant's dwelling;
- (d) In order to make forcible entry for the purpose of making an arrest, without exigent circumstances, into a third party's residence.

100.3.5 ARRESTS MADE WITHOUT A WARRANT

An officer may make a warrantless arrest, pursuant to MCL 764.15, for the following situations:

[See attachment: Arrest By Officer Without Warrant, Situations, Circumstances - MCL 764.15](#)

100.3.6 ARRESTS BOOKING PROCEDURES

Arrestees shall be transported to the Grand Traverse Jail in order to be booked and lodged. The arresting member will complete the requisite jail booking and field arrest forms. If the arrest requires a DNA sample to be taken under the DNA Identification Profiling System Act, the arresting member will complete the requisite packet; see Policy 336 Biological Samples.

Fingerprints and photographs (mug shots) are the responsibility of Deputies of the Grand Traverse Jail.

100.3.7 ALTERNATIVE TO CUSTODIAL ARREST/JAIL DIVERSION

A member may choose to issue a citation and release a subject at the scene, or choose to submit a warrant request to the appropriate prosecuting attorney's office, as opposed to making a custodial arrest. This decision should be reserved for minor offenses where the subject's identity is known and the subject does not present a flight risk. The decision to cite and release or issue a warrant request can also be based upon extenuating circumstances, such as medical issues. Such circumstances should be presented to a supervisor prior to releasing the subject.

Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

Supervision Staffing Levels

206.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines to ensure that proper supervision is available to meet the needs of the Department and members throughout all Divisions.

206.2 POLICY

The Traverse City Police Department will ensure that proper supervision is available to meet the needs of its members and to achieve the goals of the Department. The needs of its members should be balanced with the needs of the Department for flexibility and discretion in assigning members to meet supervisory needs. While balance is desirable, the paramount concern is to meet the needs of the Department.

206.3 MINIMUM SUPERVISION STAFFING LEVELS

Minimum supervision staffing levels should be established by the Division Commanders for each Division and work group. The supervision staffing levels should support proper supervision, span of control, compliance with any collective bargaining agreement and activity levels to meet the needs of members and the goals of the Department.

(a) Patrol Services Division Supervision:

1. Each patrol team will have a regularly assigned Sergeant as supervisor.
2. For further policy and operational questions and clarification by the Shift Supervisor the Patrol Services Division command staff is available 24 hours a day by departmental telephone. The chain of command should be followed to the Patrol Services Division Captain when inquiring and advising. In his or her absence the Investigative Services Division Captain should be contacted. In his or her absence the Chief of Police should be contacted.

(b) Investigative Services Division:

1. One Detective Sergeant is assigned as supervisor.
2. For further policy and operational questions and clarification by the Detective Sergeant or Supervising Detective the Investigative Services Division command staff is available 24 hours a day by departmental telephone. TCPD Policy Manual

TCPD Policy Manual

Supervision Staffing Levels

The Department is frequently tasked with service for special events and details. Special events include festivals, parades and foot races. Details include search warrant service, sting operations, 1st amendment security, dignitary visits and other extraordinary security and enforcement operations.

Members assigned to these operations will be supervised by the highest ranking officer assigned to that event. In cases of equal rank seniority in rank will be the deciding factor.

It is the responsibility of the Operations Supervisor to notify the Shift Commander concerning staffing, event details and operations times. It is the responsibility of both Supervisors to work together to insure the safe and effective operation of the patrol function and of the event.

The highest ranking and most senior supervisor has the authority and responsibility for making the final decision if the concurrent missions should conflict.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Conducted Energy Weapon policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Totality of the circumstances - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Traverse City Police Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Use of Force

300.2.1 DUTY TO INTERVENE AND REPORT

Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intervene to prevent the use of unreasonable force.

Any officer who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances should report these observations to a supervisor as soon as feasible.

300.2.2 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Use of Force

- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

300.3.2 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.3 CAROTID CONTROL HOLD

A carotid control hold is a technique designed to control an individual by temporarily restricting blood flow through the application of pressure to the side of the neck and, unlike a chokehold, does not restrict the airway. The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is limited to those circumstances where deadly force is authorized and is subject to the following:

- (a) At all times during the application of the carotid control hold, the response of the individual should be monitored. The carotid control hold should be discontinued when circumstances indicate that the application no longer reasonably appears necessary.
- (b) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until such examination occurs.
- (c) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the individual lost consciousness as a result.
- (d) Any officer attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.
- (e) The use or attempted use of the carotid control hold shall be thoroughly documented by the officer in any related reports.

The use of the carotid control hold shall not be used without explicit training as provided and documented by the Traverse City Police Department.

300.3.4 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Traverse City Police Department for this specific purpose.

300.3.5 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, officers should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion, maintaining a safe distance).

300.3.6 RESPIRATORY RESTRAINT

The use of a respiratory restraint, otherwise known as a chokehold, is prohibited by the Traverse City Police Department.

Use of Force

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk:

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the officer or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the officer believes the individual intends to do so.

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle involve additional considerations and risks, and are rarely effective.

When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law. See the Report Preparation Policy for additional circumstances that may require documentation.

[Procedure Manual: 300.2 USE OF FORCE REPORT FORM](#)

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the conducted energy weapon or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Use of Force

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
 1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Use of Force

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SHIFT COMMANDER RESPONSIBILITY

The Shift Commander shall conduct a documented meaningful review of each use of force by any personnel within their command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

Officers will minimally receive annual training on use of force, including this policy, and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on:

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.
- (b) De-escalation tactics, including alternatives to force.

300.8.1 ADDITIONAL IN-SERVICE TRAINING

Officers shall minimally receive semiannual in-service training on unarmed subject control tactics.

300.9 USE OF FORCE ANALYSIS

At least annually, the Patrol Services Division Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

300.10 NATIONAL USE-OF-FORCE DATA COLLECTION

The Chief of Police or the authorized designee is responsible for compiling and submitting use of force incident information as required by the Department of Justice (DOJ)/FBI National Use-of-Force Data Collection program.

Use of Force Review Boards

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Traverse City Police Department to review the use of force by its members.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or the evaluation of the use of force.

301.2 POLICY

The Traverse City Police Department will objectively evaluate the use of force by its members to ensure that their authority is used appropriately and consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever a member's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, or may have exceeded the scope of their authority, that member will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place a member in an administrative assignment.

301.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another person.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the member was on or off duty, excluding training, the approved dispatch of a fatally injured animal or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Office of the Chief of Police will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Commander or supervisor of the involved member to notify the Office of the Chief of Police of any incidents requiring board review. The involved member's Division Commander or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD

The Use of Force Review Board will consist of the following four individuals:

- Investigative Services Captain
- Patrol Division Captain
- Lieutenant

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Use of Force Review Boards

- Chief Firearms Instructor

The senior ranking command staff representative who is not in the same division as the involved member will serve as chairperson.

301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved member to appear. The involved member will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

Absent an express waiver from the involved member, no more than two designated board members may ask questions of the involved member. Other board members may provide questions to the designated board members.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the involved member at the time shall neither justify nor call into question a member's decision regarding the use of force.

Any questioning of the involved member conducted by the board will be in accordance with Traverse City Police Department disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The member's actions were within department policy and procedure.
- (b) The member's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the member's actions were within policy and procedure, and determine whether any additional actions, investigations or reviews are appropriate. Those findings will be forwarded to the involved

member's Division Commander for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Traverse City Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Traverse City Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

[Procedure Manual: 302.1 APPROVED RESTRAINT DEVICES](#)

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

302.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

302.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Officers shall secure all arrestees, detainees, and/or prisoners in handcuffs or other restraining devices during transport, unless an exception applies, and the exceptions should be stated in the applicable report.

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed regardless of the circumstance.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucus) to others.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Handcuffing and Restraints

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid commingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Handcuffing and Restraints

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a safety belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by Emergency Medical Services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

Traverse City Police Department

TCPD Policy Manual

Handcuffing and Restraints

302.9 TRAINING

Subject to available resources, the Training Manager should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control individuals who are violent or who demonstrate the intent to be violent, the Traverse City Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy. The Chief of Police may also authorize other positions or individual department members to use specific control devices.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only those members who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a person who is violent or who demonstrates the intent to be violent and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

[Procedure Manual: 303.1 APPROVED CONTROL DEVICES](#)

303.4 RESPONSIBILITIES

303.4.1 SHIFT COMMANDER RESPONSIBILITIES

The Shift Commander may authorize the use of a control device by selected department members who may not currently be issued or carrying the control device or those in specialized assignments who have successfully completed the required training.

303.4.2 CHIEF FIREARMS INSTRUCTOR RESPONSIBILITIES

The Chief Firearms Instructor shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Chief Firearms Instructor or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Control Devices

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Chief Firearms Instructor for disposition. Documentation shall also be forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to him/herself or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignments or at the direction of their supervisors.

303.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects, based on the circumstances. Only the Shift Commander, Incident Commander or Emergency Response Team Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire and emergency medical services personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation, if needed.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, OC spray and pepper projectiles may be considered for use to bring under control an individual or group of individuals who are engaging in, or are about to engage in, violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of department members or the public.

303.7.1 OC SPRAY

Uniformed members carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field members may carry OC spray as authorized, in accordance with the needs of their assignments or at the direction of their supervisors.

303.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Control Devices

not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where an individual has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward an individual, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training or a product demonstration, is exempt from the reporting requirement.

303.7.3 TREATMENT FOR OC EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those who complain of further severe effects shall be examined by appropriate medical personnel.

303.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, the owners or available occupants should be provided with notice of the possible presence of residue which could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that cleanup will be at the owner's expense. Information regarding how and when the notice was delivered and the individuals notified should be included in related reports.

303.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of individuals engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Control Devices

- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at officers, other department members and/or other people.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the suspect must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

303.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect shotguns and projectiles at the beginning of each shift to ensure that the shotguns are in proper working order and the projectiles are of the approved type and appear to be free from defects.

When they are not deployed, shotguns will be unloaded and properly and securely stored in police department vehicles. When deploying a kinetic energy projectile shotgun, officers shall visually

inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

303.10 TRAINING FOR CONTROL DEVICES

The Training Manager shall ensure that those members who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the member's training file.
- (c) Members who fail to demonstrate proficiency with the control device or knowledge of the Use of Force Policy will be provided remedial training. If a member cannot demonstrate proficiency with a control device or knowledge of the Use of Force Policy after remedial training, the member will be restricted from carrying the control device and may be subject to discipline.
- (d) Retraining or recertification should occur at least every two years.

303.11 REPORTING USE OF CONTROL DEVICES

Any application of a control device shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Weapon

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the conducted energy weapon (CEW).

304.2 POLICY

The CEW is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING CEWS

Only members who have successfully completed department-approved training may be issued and may carry the CEW.

The Chief Firearms Instructor should keep a log of issued CEW devices and the serial numbers of cartridges/magazines issued to members.

CEWs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department inventory.

Officers shall only use the CEW and cartridges/magazines that have been issued by the Department. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed officers who have been issued the CEW shall wear the device in an approved holster.

Officers who carry the CEW while in uniform shall carry it in a holster on the side opposite the duty weapon.

- (a) All CEWs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- (b) For single-shot devices, whenever practicable, officers should carry an additional cartridge on their person when carrying the CEW.
- (c) Officers should not hold a firearm and the CEW at the same time.

Non-uniformed officers may secure the CEW in a concealed, secure location in the driver's compartment of their vehicles.

304.3.1 USER RESPONSIBILITIES

Officers shall be responsible for ensuring that the issued CEW is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the officer's shift.

CEWs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Chief Firearms Instructor for disposition. Officers shall submit documentation stating the reason for the return and how the CEW or cartridge/magazine was damaged or became inoperative, if known.

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CEW should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances.

The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the CEW may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CEW. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CEW in the related report.

304.5 USE OF THE CEW

The CEW has limitations and restrictions requiring consideration before its use. The CEW should only be used when its operator can safely deploy the device within its operational range. Although the CEW may be effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, an officer designated as lethal cover for any officer deploying a CEW may be considered for officer safety.

304.5.1 APPLICATION OF THE CEW

The CEW may be used when the circumstances reasonably perceived by the officer at the time indicate that such application reasonably appears necessary to control a person who (MCL 750.224a):

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, themselves, or others.

Mere flight from a pursuing officer, without additional circumstances or factors, is not good cause for the use of the CEW to apprehend an individual.

The CEW shall not be used to psychologically torment, to elicit statements, or to punish any individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CEW on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject, or others, and the officer reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Conducted Energy Weapon

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any CEW capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

304.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, officers should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE CEW

Once an officer has successfully deployed two probes on the subject, the officer should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors officers may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands or other options or tactics may be more effective.

Given that on certain devices (e.g., TASER 10™) each trigger pull deploys a single probe, the officer must pull the trigger twice to deploy two probes to create the possibility of neuro-muscular incapacitation.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CEW. As soon as practicable, officers shall notify a supervisor any time the CEW has been discharged. If needed

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Conducted Energy Weapon

for evidentiary purposes, the expended cartridge, along with any probes and wire, should be submitted into evidence (including confetti tags, when equipped on the device). The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

304.5.6 DANGEROUS ANIMALS

The CEW may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

304.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department CEWs while off-duty.

Officers shall ensure that CEWs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

Officers shall document all CEW discharges in the related arrest/crime reports and the CEW report forms. Photographs should be taken of any obvious probe impact or drive-stun application sites and attached to the CEW report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the CEW after use on a subject should be done as soon as practicable using a department-approved process to preserve the data.

304.6.1 CEW REPORT FORM

As applicable based on the device type, items that shall be included in the CEW report form are:

- (a) The brand, model, and serial number of the CEW and any cartridge/magazine.
- (b) Date, time, and location of the incident.
- (c) Whether any warning, display, laser, or arc deterred a subject and gained compliance.
- (d) The number of probes deployed, CEW activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the CEW was used.
- (f) The type of mode used (e.g., probe deployment, drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any officers sustained any injuries.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Conducted Energy Weapon

The Training Manager should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Manager should also conduct audits of CEW device data downloaded to an approved location and reconcile CEW report forms with recorded activations. CEW information and statistics, with identifying information removed, should periodically be made available to the public.

304.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing CEWs
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication, or other medical problems

304.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or officers trained in probe removal and handling should remove CEW probes from a person's body. Used CEW probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CEW probes, who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The CEW probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Conducted Energy Weapon

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CEW (see the Medical Aid and Response Policy).

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CEW may be used. A supervisor should respond to all incidents where the CEW was activated.

A supervisor should review each incident where a person has been exposed to a CEW. The device's internal logs should be downloaded by a supervisor or Chief Firearms Instructor and saved with the related arrest/crime report. The supervisor should arrange for photographs of probe sites to be taken and witnesses to be interviewed.

304.9 TRAINING

Personnel who are authorized to carry the CEW shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the CEW as a part of their assignments for a period of six months or more shall be recertified by a qualified CEW instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEWs should occur every year. A reassessment of an officer's knowledge and/or practical skills may be required at any time, if deemed appropriate, by the Training Manager. All training and proficiency for CEWs will be documented in the officer's training files.

Command staff, supervisors, and investigators should receive CEW training as appropriate for the investigations they conduct and review.

Officers who do not carry CEWs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Manager is responsible for ensuring that all members who carry CEWs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEWs during training could result in injuries and should not be mandatory for certification.

The Training Manager should include the following training:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin.
- (e) Scenario-based training, including virtual reality training when available.

- (f) Handcuffing a subject during the application of the CEW and transitioning to other force options.
- (g) De-escalation techniques.
- (h) Restraint techniques that do not impair respiration following the application of the CEW.
- (i) Proper use of cover and concealment during deployment of the CEW for purposes of officer safety.
- (j) Proper tactics and techniques related to multiple applications of CEWs.

Members who fail to demonstrate proficiency with the CEW or knowledge of the Use of Force Policy will be provided remedial training. If a member cannot demonstrate proficiency with the CEW or knowledge of the Use of Force Policy after remedial training, the member will be restricted from carrying the CEW and may be subject to discipline.

All qualifications, training, and proficiency assessments shall be monitored by a certified CEW instructor.

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action of an officer. This policy is closely related to, and formulated to work in conjunction with, the Stress Management and Response policy.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

305.2 POLICY

The policy of the Traverse City Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

305.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

305.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Traverse City Police Department would control the investigation if the suspect's crime occurred in Traverse City.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Officer-Involved Shootings and Deaths

305.4.2 CRIMINAL INVESTIGATIONS OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

305.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved TCPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved TCPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any TCPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident

Traverse City Police Department

TCPD Policy Manual

- scene, identity of known or potential witnesses and any other pertinent information.
2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Shift Commander and Central Dispatch. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional TCPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
1. Each involved TCPD officer should be given an administrative order not to discuss the incident with other involved officers or TCPD members pending further direction from a supervisor.
 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

305.5.3 SHIFT COMMANDER RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Shift Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Division Commander.

All outside inquiries about the incident shall be directed to the Shift Commander.

305.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Investigative Services Division Commander
- Officer-Involved Shooting rollout team
- Outside agency investigators (if appropriate)
- Investigative Services Division supervisor
- Civil liability response team
- Psychological/peer support personnel
- Chaplain
- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)

305.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.
 1. Involved TCPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 2. Requests from involved non-TCPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) A licensed psychotherapist shall be provided by the Department to each involved TCPD officer. A licensed psychotherapist may also be provided to any other affected TCPD members, upon request.
 1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, the involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (d) Communications between the involved officer and a peer support member or a critical incident stress management team member are addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved TCPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Shift Commander to make schedule adjustments to accommodate such leave.

305.6 CRIMINAL INVESTIGATION

The Prosecuting Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting involving injury or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the Prosecuting Attorney's Office to avoid duplicating efforts in related criminal investigations.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Officer-Involved Shootings and Deaths

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) TCPD supervisors and Investigative Services Division personnel should not participate directly in any voluntary interview of TCPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, he/she shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.6.1 REPORTS BY INVOLVED TCPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved TCPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved TCPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved TCPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Officer-Involved Shootings and Deaths

305.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the Prosecuting Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the Prosecuting Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

305.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved TCPD officers to determine conformance with department policy. This investigation will be conducted under the

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Officer-Involved Shootings and Deaths

supervision of the Investigative Services Division and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative collectively or in groups prior to being interviewed.
 - 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 - 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her Garrity rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally (MCL 15.393).
 - 5. The Investigative Services Division shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Officer-Involved Shootings and Deaths

6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

305.8 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

305.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn video, and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office, as appropriate.

305.10 DEBRIEFING

Following an officer-involved shooting or death, the Traverse City Police Department should conduct both a Critical Incident Stress Debriefing and a tactical debriefing. See the Wellness Program Policy for guidance on Critical Incident Stress Debriefings.

305.10.1 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to the criminal and/or administrative investigators.

305.10.2 CRITICAL INCIDENT STRESS DEBRIEFING

The CISD is further defined under the Stress Management and Response policy and the Wellness Program policy.

Firearms

306.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy only applies to those members who are authorized to carry firearms.

306.2 POLICY

The Traverse City Police Department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

Firearms carried on or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

306.5.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Chief Firearms Instructor.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil liability.

306.6.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or taken any combination thereof that would tend to adversely affect the member's senses or judgment.

306.7 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete training quarterly with their duty firearms. In addition to quarterly training, all members will qualify at least annually with their duty firearms. Members will qualify with off-duty and secondary firearms at least once a year. Training and qualifications must be on an approved range course.

All members who carry a firearm while on-duty are required to successfully meet the Michigan Commission on Law Enforcement Standards, Active Duty Firearms standard annually. This qualification may substitute for one quarterly training and the annual qualification (Mich. Admin. Code, R 28.14210).

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

All firearms qualifications, training, and proficiency assessments shall be monitored by a certified firearms instructor.

306.7.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.

- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for:

 - 2. Failure to meet minimum standards or qualify after remedial training.

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

306.8 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.

 - 1. If either intentional or accidental it shall be documented in an administrative report.

306.8.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

306.8.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

306.8.3 WARNING SHOTS

Warning shots are prohibited and may not be discharged.

306.9 CHIEF FIREARMS INSTRUCTOR DUTIES

The range will be under the exclusive control of the Chief Firearms Instructor. All members attending will follow the directions of the Chief Firearms Instructor. The Chief Firearms Instructor will maintain a roster of all members attending the range and will submit the roster to the Training Manager after each range date. Failure of any member to sign in and out with the Chief Firearms Instructor may result in non-participation or non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Chief Firearms Instructor has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Chief Firearms Instructor has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until it has been inspected and approved by the Chief Firearms Instructor.

The Chief Firearms Instructor has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Chief Firearms Instructor shall complete and submit to the Training Manager documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Chief Firearms Instructor should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Manager.

306.10 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (b) Officers must carry their Traverse City Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver's license, passport).
- (c) The Traverse City Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Traverse City Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.11 CARRYING FIREARMS OUT OF STATE

- (a) The officer shall carry his/her Traverse City Police Department identification card whenever carrying such firearm.
- (b) The officer may not be the subject of any current disciplinary action.

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active peace officers from other states are subject to all requirements set forth in 18 USC § 926B.

306.12 ANNUAL REPORT

The Patrol Division Commander in conjunction with the Chief Firearms Instructor should complete an annual report to the Chief of Police concerning the progress and status of the Firearms program.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

This policy provides guidelines for intra and inter jurisdictional vehicle pursuits in order to protect the safety of involved officers, the public and fleeing suspects.

307.1.1 DEFINITIONS

Definitions related to this policy include:

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more pursuing vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a suspect's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Inter-Jurisdictional - a pursuit occurring between or involving two or more jurisdictions.

Intra-Jurisdictional - a pursuit occurring from one point within a jurisdiction to another point within the same jurisdiction.

Pursuit Intervention Technique (PIT) - A low-speed maneuver designed to cause the suspect vehicle to spin out, stall and come to a stop.

Ramming - The deliberate act of contacting a suspect's vehicle with another law enforcement vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

Roadblocks - A tactic designed to stop a suspect's vehicle by intentionally placing a law enforcement vehicle or other immovable object in the path of the suspect's vehicle.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Tire deflation device - A device designed to puncture the tires of the pursued vehicle.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

Vehicle pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly or driving in a legal manner but willfully failing to yield to an officer's emergency signal to stop.

307.2 POLICY

It is the policy of this department to weigh the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Vehicle Pursuits

307.3 OFFICER RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by law.

Officers shall drive with due regard for the safety of all persons and property. However, officers may, when in pursuit of a suspect and provided there is no unreasonable risk to persons and property (MCL 257.603):

- (a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
- (b) Exceed the speed limit.
- (c) Disregard regulations governing direction of movement or turning in specified directions.

307.3.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect, who has been given an appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle.

Factors that shall be considered, both individually and collectively, when deciding to initiate or continue a pursuit include, but are not limited to:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (d) The pursuing officers' familiarity with the area of the pursuit, the quality of radio communications between the pursuing vehicles and dispatcher/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (e) Whether weather, traffic and road conditions unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (f) Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (g) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (h) Emergency lighting and siren limitations on unmarked police department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights,

concealable or temporary emergency lighting equipment and concealed or obstructed siren positioning.

- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) The availability of other resources, such as air support assistance.
- (l) Whether the pursuing vehicle is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with an arrestee in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the arrestee in transport. A vehicle containing more than a single arrestee should not be involved in a pursuit.

307.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

When a supervisor directs the pursuit to be terminated, officers will immediately terminate the pursuit.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards posed to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the officers or the suspect, balanced against the risk of allowing the suspect to remain at large.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Vehicle Pursuits

- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.
- (h) Extended pursuits of violators for misdemeanors not involving violence or weapons (independent of the pursuit) are generally discouraged.

307.3.3 REINSTATING A TERMINATED PURSUIT

An officer may reinstate a previously terminated vehicle pursuit only if authorized by a supervisor and conducted in accordance with the guidelines for initiating a vehicle pursuit.

307.4 PURSUIT VEHICLES

When involved in a pursuit, unmarked police department emergency vehicles should be replaced by marked emergency vehicles whenever practicable.

Vehicle pursuits should be limited to three police department emergency vehicles (two pursuit vehicles and the supervisor vehicle). However, the number of vehicles involved will vary with the circumstances.

An officer or supervisor may request that additional vehicles join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the number of suspects. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the pursuit termination point at legal speeds, following the appropriate rules of the road.

307.4.1 MOTORCYCLES

When involved in a pursuit, police department motorcycles should be replaced by marked emergency vehicles as soon as practicable.

307.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Officers operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Officers in such vehicles may provide support to pursuing vehicles as long as the vehicle is operated in compliance with all traffic laws. Those officers should discontinue such support immediately upon arrival of a sufficient number of authorized emergency police department vehicles or any air support.

307.4.3 PRIMARY PURSUIT VEHICLE RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit vehicle and will be responsible for the conduct of the pursuit unless he/she is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or others.

The primary pursuing officer should notify the dispatcher, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

- (a) The location, direction of travel and estimated speed of the suspect's vehicle.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Vehicle Pursuits

- (b) The description of the suspect's vehicle including the license plate number, if known.
- (c) The reason for the pursuit.
- (d) The use of firearms, threat of force, violence, injuries, hostages or other unusual hazards.
- (e) The number of occupants and identity or description.
- (f) The weather, road and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or a secondary pursuing officer, the officer in the primary pursuit vehicle shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to an officer in a secondary pursuit vehicle or to air support joining the pursuit to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics.

307.4.4 SECONDARY PURSUIT VEHICLE RESPONSIBILITIES

The second officer in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:

- (a) Immediately notifying the dispatcher of his/her entry into the pursuit.
- (b) Remaining a safe distance behind the primary pursuit vehicle unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting information that the primary pursuing officer is unable to provide.
- (d) Broadcasting the progress of the pursuit, updating known or critical information and providing changes in the pursuit, unless the situation indicates otherwise.
- (e) Identifying the need for additional resources or equipment as appropriate.
- (f) Serving as backup to the primary pursuing officer once the suspect has been stopped.

307.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for officers who are involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to unusual maneuvers by the fleeing vehicle.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Vehicle Pursuits

- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available officers not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing officers should exercise due caution and slow down as may be necessary when proceeding through controlled intersections.
- (c) As a general rule, officers should not pursue a vehicle driving the wrong direction on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:
 - 1. Request assistance from available air support.
 - 2. Maintain visual contact with the pursued vehicle by paralleling the vehicle while driving on the correct side of the roadway.
 - 3. Request other officers to observe exits available to the suspect.
- (d) Notify the Michigan State Police (MSP) or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other pursuing vehicles unless the situation indicates otherwise or they are requested to do so by the pursuing officer and with a clear understanding of the maneuver process between the involved officers.

307.5.1 PURSUIT TRAILING

In the event that initial pursuing officers relinquish control of the pursuit to another agency, the initial officers may, with the permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect and reporting the incident.

307.5.2 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air support crew has established visual contact with the pursued vehicle, they should assume communication control over the pursuit. The primary and secondary ground pursuit vehicles, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants their continued close proximity and/or involvement in the pursuit.

The air support crew should coordinate the activities of resources on the ground, report progress of the pursuit, and provide officers and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If officers on the ground are not within visual contact of the pursued vehicle and the air support crew determines that it is unsafe to continue the pursuit, the air support crew should recommend terminating the pursuit.

TCPD Policy Manual

307.5.3 OFFICERS NOT INVOLVED IN THE PURSUIT

Officers who are not involved in the pursuit should remain in their assigned areas, should not parallel the pursuit route and should not become involved with the pursuit unless directed otherwise by a supervisor. Uninvolved officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Those officers should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended accident or if the suspect intentionally tries to ram the police department vehicle.

Non-pursuing members needed at the pursuit termination point should respond in a non-emergency manner, observing the rules of the road.

The primary pursuit vehicle, secondary pursuit vehicle and supervisor vehicle should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other officers are assigned to the pursuit.

307.6 SUPERVISORY CONTROL AND RESPONSIBILITIES

Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor, will be responsible for:

- (a) Immediately notifying involved officers and the dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit. This is to ensure that the pursuit is conducted within established department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required law enforcement vehicles are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in the field supervisor's judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that assistance from air support, canines, or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring that the Shift Commander is notified of the pursuit, as soon as practicable.
- (i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.
- (j) Controlling and managing Traverse City Police Department officers when a pursuit enters another jurisdiction.
- (k) Preparing a meaningful post-pursuit review and documentation of the pursuit as required.

307.6.1 SHIFT COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Shift Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Commander has the final responsibility for the coordination, control, and termination of a vehicle pursuit and shall be in overall command.

The Shift Commander shall conduct a meaningful review of all pertinent reports for content and forward them to the Division Commander.

307.7 CENTRAL DISPATCH

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved officers should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

307.7.1 RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Shift Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

307.8 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the involved officers should broadcast pertinent information to assist other officers in locating the vehicle. The primary pursuing officer or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

If the previously pursued vehicle is relocated, the involved officers must seek and obtain permission from a supervisor to reinitiate the previously discontinued or terminated pursuit.

307.9 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary pursuing officer or supervisor, taking into consideration the distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Vehicle Pursuits

Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.

307.9.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Traverse City Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports.

The roles and responsibilities of officers at the termination point of a pursuit initiated by this department shall be coordinated with appropriate consideration of the needs of the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local law enforcement agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

307.9.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Officers from this department should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single vehicle from the initiating agency is in pursuit. Under this circumstance, an officer from this department may, with supervisor approval, immediately join the pursuit until sufficient vehicles from the initiating agency join the pursuit or until additional information is provided allowing withdrawal from the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of the Traverse City Police Department, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing officers.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Shift Commander should review a request for assistance from another agency. The Shift Commander or supervisor, after considering the above factors, may decline to assist in or assume the other agency's pursuit.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Vehicle Pursuits

Assistance to a pursuing agency by officers of this department will conclude at the City limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that the termination point of a pursuit from another agency is within this jurisdiction, officers shall provide appropriate assistance including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

307.10 PURSUIT INTERVENTION

Pursuit intervention is an attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT, ramming or roadblock procedures.

307.10.1 WHEN USE IS AUTHORIZED

Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

307.10.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

307.10.3 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to the public's safety, and when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this intervention tactic should only be employed by properly trained officers and after giving consideration to the following:

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Vehicle Pursuits

1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, officers or others.
 2. All other reasonable intervention tactics have failed or reasonably appear ineffective.
 3. Employing the blocking or vehicle intercept maneuver does not unreasonably increase the risk of danger to those involved or the public.
 4. The suspect vehicle is stopped or traveling at a low speed.
 5. Only law enforcement vehicles should be used in this tactic.
- (b) The PIT is limited to use by properly trained officers with the approval of a supervisor and upon assessment of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted or would not be effective, and immediate control is necessary. Ramming should be reserved for situations where there does not appear to be another reasonable alternative method. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:
1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
 2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner or using the vehicle as a weapon.
- (d) Boxing-in a suspect vehicle should only be attempted upon approval by a supervisor. The use of such a tactic must be carefully coordinated with all involved vehicles, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle. Officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
- (e) Tire deflation devices should be deployed only after notification of pursuing officers and the supervisor of the intent and location of the intended deployment, and in a manner that:
1. Should reasonably only affect the pursued vehicle.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Vehicle Pursuits

2. Provides the deploying officer adequate cover and escape from intentional or unintentional exposure to the approaching vehicle.
 3. Takes into account the limitations of such devices as well as the potential risk to officers, the public and occupants of the pursued vehicle.
 4. Takes into account whether the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor. If roadblocks are deployed, it should only be done under extraordinary conditions when all other reasonable intervention tactics have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or the public.

307.11 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspect.

307.12 REPORTING REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate laws and policies or procedures.

- (a) The primary pursuing officer shall complete appropriate crime/arrest reports.
- (b) The primary pursuing officer and supervisor shall complete the appropriate pursuit report form.
- (c) After first obtaining the available information, the involved, or if unavailable, on-duty field supervisor shall promptly complete a pursuit report form briefly summarizing the pursuit to the Chief of Police or the authorized designee. This pursuit report form should include, at a minimum:
 1. Date and time of the pursuit.
 2. Initial reason and circumstances surrounding the pursuit.
 3. Length of pursuit in distance and time, including the starting and termination points.

 5. Alleged offenses.
 6. Whether a suspect was apprehended, as well as the means and methods used.
 - (a) Any use of force shall be reported and documented in compliance with the Use of Force Policy.
 7. Arrestee information, if applicable.
 8. Any injuries and/or medical treatment.
 9. Any property or equipment damage.
 10. Name of supervisor at the scene or who handled the incident.
 11. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
 12. All assisting officers shall complete a supplemental report.
- (d) After receiving copies of reports, forms and other pertinent information, the Chief of Police or the authorized designee shall conduct or assign the completion of a meaningful post-pursuit review, as appropriate.

[Procedure Manual: 307.1 PURSUIT REPORTING FORM](#)

307.13 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all officers will participate, no less than annually:

- (a) in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public
- (b) recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others
- (c) a practical course of instruction on emergency vehicle operations

307.14 POLICY REVIEW

Officers of this department shall certify in writing that they have received, read and understand this policy initially, upon any amendments and whenever training on the policy is provided.

307.15 VEHICLE PURSUIT ANALYSIS

At least annually, the Patrol Services Division Commander should prepare an analysis report on vehicle pursuit incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in vehicle pursuits by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

Foot Pursuits

308.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

308.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

308.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. The decision not to engage in a foot pursuit will be evaluated based upon the totality of the circumstances and the perceived risks to the officer under the provisions of this and related department policy and training. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Foot Pursuits

- (d) Thermal imaging or other sensing technology.
- (e) Air support.
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

308.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspects should a confrontation occur.
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the dispatcher or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Foot Pursuits

- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

308.5 RESPONSIBILITIES IN FOOT PURSUITS

308.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

Prior to reinstating a previously terminated foot pursuit, the officer should consider the safety concerns and the severity of the situation. If the pursuit was terminated by a supervisor, and if conditions change, the supervisor may allow the foot pursuit to be reinitiated.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Foot Pursuits

308.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize nonessential radio traffic to permit the involved officers maximum access to the radio frequency.

Assisting officers should immediately attempt to contain the pursued suspect. Such officers should not respond directly to the initiating officer's location unless the suspect has been stopped and the initiating officer requests assistance to take the suspect into custody.

When two or more officers are in pursuit they should:

- (a) Not separate unless they remain in sight of each other and maintain communication.
- (b) Allow the initiating officer to concentrate on the suspect's actions, while the assisting officer(s) provides backup and maintains communications with dispatch and other assisting officers.

To make apprehension more likely a perimeter is used to contain a suspect in a specific area, and when combined with discontinuing the foot pursuit, reduces the inherent risks associated with pursuing. When an armed suspect flees on foot, using a perimeter greatly decreases the likelihood of an ambush. When establishing a perimeter, officers should follow the tactical guidelines of control, communicate, coordinate, and contain.

Officers should try to follow the same general path, not the exact route, as the suspect so that the suspect, not the officer, discovers hidden obstacles such as clotheslines, wires, cables, holes, sprinkler heads, and so forth. Officers should try to parallel the suspect when possible.

308.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

308.5.4 CENTRAL DISPATCH RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Shift Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

308.5.5 REINSTATING A TERMINATED FOOT PURSUIT

An officer may reinstate a previously terminated foot pursuit only if authorized by a supervisor and the foot pursuit meets general guidelines.

308.6 REPORTING REQUIREMENTS

officerAll appropriate reports shall be completed to comply with appropriate laws and policies or procedures.

- (a) The initiating officer shall complete appropriate crime/arrest reports
- (b) The initiating officer and supervisor shall complete the appropriate pursuit report form.
- (c) After first obtaining the available information, the initiating officer, or if unavailable, on-duty field supervisor shall promptly complete a pursuit report form briefly summarizing the pursuit to the Chief of Police or the authorized designee. This pursuit report form should include, at a minimum:
 - 1. Date and time of the pursuit.
 - 2. Initial reason and circumstances surrounding the pursuit.
 - 3. Length of pursuit in distance and time, including the starting and termination points.
 - 4. Involved vehicles and officers.

308.7 MEANINGFUL REVIEW

A meaningful review of all foot pursuits will be conducted by the Division Commander and will include the following:

- (a) reason for the foot pursuit and severity of offense,
- (b) reasonable suspicion the subject was armed,
- (c) officer knowledge of the person pursued,
- (d) the risk posed to other officers and the public by the suspect,
- (e) time of day and weather conditions,
- (f) available backup and support resources,
- (g) the officer's familiarity with the foot pursuit area,
- (h) officer action at apprehension/termination of pursuit or transition to other tactic,

- (j) compliance with policy and training, actions and decisions of supervisor in managing the activity.

Upon completion of the review, the Division Commander will:

- (a) Note the disposition of the review.
- (b) Acknowledge the pursuit form by signature.
- (c) Enter the findings and completed form into the Guardian Tracking system.

308.8 FOOT PURSUIT ANALYSIS

At least annually, the Patrol Services Division Commander shall prepare an analysis report on foot pursuit incidents. The report should be submitted to the Chief of Police. The report shall not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in foot pursuits by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

308.9 ANNUAL SUMMARY AND ANALYSIS

The Chief of Police or the authorized designee shall complete an annual documented summary and written analysis of all foot pursuit incidents in aggregate.

Officer Response to Calls

309.1 PURPOSE AND SCOPE

This policy provides officers with guidelines for the safe and appropriate vehicular response to emergency and non-emergency incidents or requests for assistance, whether these are dispatched or self-initiated.

309.2 POLICY

It is the policy of this department to appropriately respond to emergency and non-emergency calls for service or requests for assistance, whether these are dispatched or self-initiated.

309.3 RESPONSE TO CALLS

Officers responding to non-emergency calls shall proceed accordingly, unless they are sent or redirected to a higher priority call, and shall obey all traffic laws.

309.3.1 EMERGENCY CALLS

Officers responding to an emergency call shall proceed immediately as appropriate and shall continuously operate the emergency vehicle lighting and siren as required by law (MCL 257.603).

Officers should only respond to a call as an emergency response when so dispatched or when circumstances reasonably indicate an emergency response is required. This includes, but is not limited to:

- (a) When in pursuit or apprehending a violator or suspected violator.
- (b) When responding to a reported emergency involving possible personal injury, death or significant property damage.
- (c) When immediate assistance is requested by an officer or other law enforcement agency.

If an officer believes an emergency response to any call is appropriate, the officer shall immediately notify the dispatcher.

Officers not responding to a call as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

309.4 REQUESTING EMERGENCY ASSISTANCE

When requesting emergency assistance, the involved department member should reasonably believe there is an imminent threat to the safety of him/herself or another person, or that assistance is needed to prevent imminent serious harm to the public.

If circumstances permit, the requesting member should provide the following information:

- Identifying call sign
- Location of the emergency situation
- Suspect information, including weapons

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Officer Response to Calls

- Reason for the request and type of emergency
- The number of officers or resources required
- Hazards and any known or potential dangers for responding officers

In any event where a situation has stabilized and emergency response is not required, the requesting member shall immediately notify the dispatcher.

309.5 SAFETY CONSIDERATIONS

Responding with emergency lights and siren does not relieve the operator of an emergency vehicle of the duty to continue to drive with due regard for the safety of all persons and property, and does not protect the operator from the consequences of reckless disregard for the safety of others. However the officer may, when responding to a call with an emergency response, and provided there is no endangerment or unnecessary risk to persons and property:

- Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- Exceed the speed limit.
- Disregard regulations governing direction of movement or turning in specified directions.

309.5.1 NUMBER OF OFFICERS ASSIGNED

The number of officers assigned to respond to an emergency call or request for assistance should be limited to that which is reasonably necessary.

An emergency response involving more than one police vehicle should be coordinated by Central Dispatch to avoid any unanticipated intersecting of response routes. The dispatcher shall notify the Shift Commander or field supervisor, who will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

309.5.2 MOTORCYCLES

An officer operating a police motorcycle should not be assigned to an emergency response. However, an officer operating a police motorcycle in an emergency response should be replaced by an authorized emergency vehicle equipped with emergency lights and siren as soon as practicable.

309.6 EMERGENCY EQUIPMENT

Vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in an emergency response. Officers in such vehicles may provide support to pursuing vehicles as long as the vehicles are operated in compliance with all traffic laws. Those officers should terminate their involvement in any emergency response immediately upon arrival of a sufficient number of emergency law enforcement vehicles.

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency response and continue accordingly. The officer shall notify the Shift Commander, field

supervisor or the dispatcher of the equipment failure so that another officer may be assigned to the emergency response.

309.7 OFFICER RESPONSIBILITIES

The decision to initiate or continue an emergency response is at the discretion of the officer. If, in the officer's judgment, the weather, traffic and road conditions do not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify the dispatcher. An officer shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Upon receiving authorization or determining that an emergency response is appropriate, whenever practicable, an officer shall immediately give the location from which he/she is responding.

The first officer arriving at the emergency call should determine whether to increase or reduce the level of the response of additional officers and shall notify the dispatcher of his/her determination. Any subsequent change in the appropriate response level should be communicated to the dispatcher by the officer in charge of the scene unless a supervisor assumes this responsibility.

309.8 CENTRAL DISPATCH

When information reasonably indicates that the public is threatened with serious injury or death, or an officer requests emergency assistance and immediate law enforcement response is needed, the dispatcher shall assign an emergency response and ensure acknowledgement and response of handling and assisting officers. In all other circumstances, the dispatcher shall obtain authorization from the Shift Commander or a field supervisor prior to assigning an emergency response.

309.8.1 RESPONSIBILITIES

Upon notification or assignment of an emergency response, the dispatcher is responsible for:

- (a) Confirming the location from which the officer is responding or requesting assistance.
- (b) Attempting to assign the closest available assisting officers to the location of the emergency call.
- (c) Continuing to obtain and broadcast information as necessary concerning the response and monitoring the situation until it is stabilized or terminated.
- (d) Notifying and coordinating allied emergency services (e.g., fire, emergency medical services).
- (e) Notifying the Shift Commander as soon as practicable.
- (f) Controlling all radio communications during the emergency and coordinating assistance under the direction of the Shift Commander or field supervisor.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Officer Response to Calls

309.9 SUPERVISOR RESPONSIBILITIES

Upon being notified that an emergency response has been initiated or requested, the Shift Commander or the field supervisor shall verify that:

- (a) The proper response has been initiated.
- (b) No more than those officers reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing officers into or out of the response, if necessary. If, in the supervisor's judgment, the circumstances require additional officers to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Shift Commander or the field supervisor should consider:

- The type of call or crime involved.
- The type and circumstances of the request.
- The necessity of a timely response.
- Weather, traffic and road conditions.
- The location of the responding officers and the location of the incident.

Canines

310.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

310.2 POLICY

It is the policy of the Traverse City Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

310.3 ASSIGNMENT

Canine teams are assigned to the Patrol Services Division and will primarily perform the functions of the patrol officers assigned to the shift. The canine teams will also be used to assist and supplement the Patrol Services Division with operations consistent with their particular expertise (drug, IED, article search, and tracking).

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Shift Commander.

310.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Patrol Services Division Commander or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.
- (i) Maintaining procedures for the collection of deployment data, including use of force data, and completing an annual summary and analysis.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Canines

310.4.1 REQUIRED EQUIPMENT

The canine coordinator shall develop and maintain a listing of equipment required for each canine team.

This listing should contain items such as but not limited to:

- (a) Collars.
- (b) Leashes.
- (c) Muzzles.
- (d) Food and water bowls.
- (e) Grooming supplies.
- (f) Exercise and training equipment.

310.5 REQUESTS FOR CANINE TEAMS

Patrol Services Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Services Division shall be reviewed by the Shift Commander.

310.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Shift Commander and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

310.5.2 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

310.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Canines

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Commander. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

310.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Canines

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

310.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

310.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in a canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

310.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is

Traverse City Police Department

TCPD Policy Manual

Canines

responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

310.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

310.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics.

310.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.

- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

310.8 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include but are not limited to:

- (a) An officer who is currently off probation.
- (b) Residing in an adequate residence to provide space for a canine.
- (c) Living within a 20 miles radius of the Traverse City City limits as measured from the nearest City limit.
- (d) Agreeing to be assigned to the position for the life of the canine unless promotional opportunities would prevent the handler from fulfilling the obligations of the assignment.

310.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) When not in service, the handler shall maintain the canine vehicle in a locked garage, if available, and away from public view.
- (d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Traverse City Police Department facility.
- (e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (g) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (h) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.

Traverse City Police Department

Canines

- (i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Shift Commander.
- (j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Shift Commander.
- (k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

310.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

310.9.2 CANINE IN LAW ENFORCEMENT CENTER (LEC)

The canine should be under the control of the handler at all times while in the LEC, including the secured areas, and not allowed to roam free. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine should be on a leash during Roll Call.
- (b) A canine should be on a leash while the handler moves about the LEC with the canine.

310.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

310.11 EQUIPMENT

When a canine is put into service, the basic equipment required for the care and well-being of the canine will be provided by the Department to the Canine Handler at the cost of Department.

- (a) Groom and Care
 1. Water Bowl
 2. Food Bowl
 3. Comb
 4. Brush

 5. Canine toy

In addition to the above, explosive detection handlers will also carry a DOT-approved explosives carrier, which may contain any of the Explosive Substance Training Aids and corresponding data sheet.

In addition to the above, narcotics detection handlers will also carry a department approved lockbox, which may contain any of the Controlled Substance Training Aids specified and corresponding inventory records.

310.12 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

310.13 TRAINING

Before assignment in the field, each canine team should be trained and certified to the standards promulgated by a state accrediting body, if any, and/or the certification organization selected by the agency. Organizations with national credibility generally include the United States Police Canine Association (USPCA), North American Police Work Dog Association (NAPWDA), and California Narcotic Canine Association (CNCA).

Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current nationally recognized

Traverse City Police Department

TCPD Policy Manual

standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be documented and conducted while on-duty unless otherwise approved by the canine coordinator or Shift Commander.

310.13.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current nationally recognized standard or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Traverse City Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

310.13.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

310.13.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

310.13.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using, or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Traverse City Police Department may work with outside trainers with the applicable licenses or permits.

310.13.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws and in compliance with applicable state requirements (21 USC § 823(f)); MCL 333.7304).

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Canines

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Traverse City Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

310.13.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

310.13.7 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store or use explosives or destructive devices in compliance with state and federal laws (18 USC § 842; 27 CFR 555.41; MCL 750.200k).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous

training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

310.14 ANNUAL REPORT

The Patrol Division Commander in conjunction with the Canine Coordinator should complete an annual report to the Chief of Police concerning the progress and status of Canine program.

Domestic Violence

311.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of the Traverse City Police Department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence (MCL 776.22).

311.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

Domestic violence - Any state or local criminal offense, or the act of causing or attempting to cause physical or mental harm; the fear of either physical or mental harm; sexual activity by force, threat or duress; or any other activity that would cause a reasonable person to feel terrorized, frightened, intimidated, threatened, harassed or molested, when such criminal offense or act is committed against a family or household member (MCL 400.1501; MCL 764.15c).

Domestic violence offense - A violation of MCL 750.81 or MCL 750.81a when the suspect (MCL 764.15a):

- (a) Has had a child in common with the victim.
- (b) Resides or has resided with the victim.
- (c) Has or has had a dating relationship with the victim.
- (d) Is a spouse or former spouse of the victim.

Family or household member - Any of the following (MCL 400.1501; MCL 750.81a):

- (a) Spouses or former spouses
- (b) Individuals residing or who previously resided together
- (c) Individuals in a dating or previous dating relationship
- (d) Individuals engaged or previously engaged in a sexual relationship
- (e) Individuals who are or were formerly related by marriage
- (f) Individuals who have a child in common
- (g) A minor child of any of the above mentioned individuals

311.2 POLICY

The Traverse City Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department

to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

311.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

311.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detective Bureau in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Domestic Violence

- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
1. Whether the suspect lives on the premises with the victim.
 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 3. The potential financial or child custody consequences of arrest.
 4. The physical or emotional state of either party.
 5. Use of drugs or alcohol by either party.
 6. Denial that the violence occurred where evidence indicates otherwise.
 7. A request by the victim not to arrest the suspect.
 8. Location of the incident (public/private).
 9. Speculation that the complainant may not follow through with the prosecution.
 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
 11. The social status, community status, or professional position of the victim or suspect.
 12. The absence of visible indications of injury or impairment (MCL 776.22).

311.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

311.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness assistance).
- (b) Document the resolution in a report.

311.5 VICTIM ASSISTANCE

Because victims may be traumatized or confused, officers should be aware that a victim's behavior and actions may be affected.

Traverse City Police Department

TCPD Policy Manual

Domestic Violence

- (a) Victims shall be provided with the department domestic violence information handout, even if the incident may not rise to the level of a crime (MCL 764.15c; MCL 780.753).
- (b) Victims shall also be alerted to any available victim advocates, shelters and community resources (MCL 764.15c; MCL 776.22).
- (c) When an involved person requests law enforcement assistance while removing essential items of personal property, officers should stand by for a reasonable amount of time.
- (d) If the victim has sustained injury or complains of pain, officers shall seek medical assistance for the victim as soon as practicable (MCL 776.22).
- (e) Officers should ask the victim whether he/she has a safe place to stay and assist in arranging transportation to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (f) Officers should make reasonable efforts to ensure that any children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (g) If appropriate, officers shall seek or assist the victim in obtaining an emergency order (MCL 776.22).

311.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

311.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state (MCL 600.2950i). An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

311.7.1 VERIFICATION

If a person seeking enforcement of a foreign court order does not possess a copy of the order, officers shall attempt to verify the existence of a foreign protection order. This may include, but is not limited to, checking the Law Enforcement Information Network (LEIN) or the National Crime Information Center (NCIC) system, contacting the court that issued the order or the law enforcement agency of the issuing jurisdiction (MCL 600.2950i).

311.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

311.9 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) Officers having probable cause to believe that a person has committed a domestic violence offense should make an arrest (MCL 764.15a).
- (b) Officers having probable cause to believe that a person has violated a personal protective order, including a foreign protection order, should arrest the person (MCL 764.15b).
 1. If the person had not received prior notice of the order, he/she shall be given an opportunity to comply with the order before an arrest is made (MCL 600.2950; MCL 600.2950a).
- (c) An officer who has probable cause to believe that a person has violated a condition of release (conditional bond) imposed under MCL 780.582a should arrest the person (MCL 764.15e).
 1. The arresting officer shall prepare a complaint of violation in the format prescribed in MCL 764.15e and provide a copy to the arrestee.
- (d) Any decision not to arrest when there is probable cause to do so should be made by a supervisor based on a clear and compelling reason not to arrest.
- (e) An appearance ticket shall not be issued to a person arrested (MCL 764.9c):
 1. For a violation of a personal protective order.
 2. When the person is the subject to a mandatory period of confinement.

Traverse City Police Department

TCPD Policy Manual

Domestic Violence

3. When the person has not met a condition of bond or release.
 4. For assault and battery or domestic assault with a prior conviction (MCL 750.81).
 5. For assault with serious or aggravated injury or aggravated domestic assault with a prior conviction (MCL 750.81a).
- (f) Officers should not arrest an individual if the officer has probable cause to believe the individual was acting in lawful self-defense or in lawful defense of another (MCL 776.22).
- (g) When circumstances could result in a dual arrest because an officer has probable cause to believe that a family or household member has committed crimes against each other, the officer should consider the following when making a decision whether to arrest one or both of the individuals:
1. The intent of state law to protect victims of domestic violence.
 2. The degree of injury inflicted on the individuals involved.
 3. The extent to which the individuals have been put in fear of physical injury to themselves or other members of the household.
 4. Any history of domestic violence between the individuals.

311.9.1 RELEASE

Officers making an arrest for a domestic violence incident should notify the proper custodial officer that the individual may not be eligible for release until he/she can be arraigned or have an interim bond set by a judge or district court magistrate (MCL 780.582a; MCL 764.15b; MCL 764.15e).

311.10 REPORTS AND RECORDS

- (a) Reports of domestic violence shall be on the standard domestic violence incident report form created by the Michigan State Police (MSP) or on a substantially similar form (MCL 764.15c).
- (b) The Records Supervisor should ensure:
1. That a copy of the report is filed with the prosecuting attorney within 48 hours of the initial incident (MCL 764.15c).
 2. In cases of conditional bond violations, that a copy of the complaint is retained with the case file and that the original is forwarded as required (MCL 764.15e).
 3. For arrests involving the violation of a protection order, the biometric data of the arrestee, as defined by MCL 28.241a, that is collected during the booking process shall be forwarded to the MSP within 72 hours (MCL 28.243).
 4. That domestic violence incidents are reported to the MSP as required (MCL 28.257).

311.11 SERVICE OF COURT ORDERS

Officers responding to a domestic violence incident and having knowledge that an unserved court order exists shall serve the person restrained or enjoined with a copy of the order, or advise the person of the existence of the order, the specific conduct enjoined, the penalties for violating the order and where the person may obtain a copy of the order. Proof of service shall be filed with the clerk of the issuing court (MCL 600.2950; MCL 600.2950a; MCL 600.2950i).

311.12 ENTRY OF COURT ORDERS INTO THE LAW ENFORCEMENT INFORMATION NETWORK

The Central Records Division is responsible for the entry, modification and removal of personal protection orders and protective or parole conditions, as directed by the court, in LEIN (MCL 780.582a; MCL 600.2950; MCL 600.2950a; MCL 765.6b).

311.12.1 FIREARMS

If an officer encounters an individual carrying a weapon in violation of a suspension or revocation order, the officer should attempt to determine if the individual had received previous notice of the order. If the individual had not received notice, the officer shall inform the individual of the order and allow the individual the opportunity to comply with the order before making an arrest. The officer notifying an individual of the existence of a suspension or revocation order shall enter such information in LEIN (MCL 28.428).

311.13 PUBLIC ACCESS TO POLICY

The Chief of Police or the authorized designee shall ensure that this policy is made available to the public upon request (MCL 776.22).

311.14 ANNUAL REVIEW

This policy shall be reviewed annually by the Chief of Police or the authorized designee (MCL 776.22).

311.15 DISCIPLINE

Members who violate this policy may be subject to discipline up to and including termination (MCL 776.22).

311.16 TRAINING

Subject to available resources, members should receive appropriate training on this policy (MCL 776.22).

Search and Seizure

312.1 PURPOSE AND SCOPE

Both the federal and state constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Traverse City Police Department personnel to consider when dealing with search and seizure issues.

312.2 POLICY

It is the policy of the Traverse City Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

312.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions to the rule that permit a warrantless search.

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the items listed in the below subsections.

312.3.1 CONSENT SEARCHES

An officer is authorized to make a warrantless search when consent to search has been knowingly, intelligently, freely and voluntarily given by a person having control over the area to be searched. A request for consent should be specific as to the place or item to be searched.

Consent to search can be given verbally, but the burden to prove it was granted without coercion rests with the officer. When feasible, officers should obtain written consent.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Search and Seizure

A third party who has common authority over the premises can consent to a search. Common authority depends upon joint access or control. For example, both spouses normally have common authority over the marital home. On the other hand, a landlord does not have common authority over a tenant's apartment. Likewise, a hotel employee does not have common authority over a guest's room.

A joint occupant can provide sufficient authority for an officer to search, by consent, only if others having shared authority over the premises are not immediately available, or are available and do not object to the warrantless search.

A minor whom the courts deem to be of adequate maturity and intelligence, and who enjoys access and authority over the home, may provide sufficient authority for an officer to search the premises without a warrant.

The burden to prove that consent was freely and voluntarily given is not satisfied by a showing of mere submission to authority. For example, a person's failure to object to an officer's request to "look around" does not constitute valid consent. Consent cannot be conferred by silence.

Officers should not claim they can make a search regardless of consent. Consent which follows such a claim is invalid.

Searches should only be conducted by same gender officers unless exigent circumstances exist (i.e. active shooter scenarios, etc.) Any manipulation of clothing items of a person not placed under arrest, must be based upon consent, should be conducted by a member of the same gender, and documented. All searches or pat-downs should be conducted in the presence of a second officer if an officer of the opposite gender is not available.

312.3.2 STOP AND FRISK

A stop-and-frisk refers to a brief non-intrusive police stop of a suspect, and is also referred to as a Terry stop. The Fourth Amendment requires that before stopping the suspect, the police must have a reasonable suspicion that a crime has been, is being, or is about to be committed by the suspect. If the police reasonably suspect that the suspect is armed and dangerous, the police may frisk the suspect, meaning that the police will give a quick pat-down of the suspect's outer clothing.

312.3.3 SEARCH INCIDENT TO ARREST

Officers are authorized to search a person incident to their lawful arrest.

Arrestees should be searched by officers of the same gender as the detainee if possible. Officers who are searching arrestees of the opposite gender should do so in the presence of a second officer whenever practicable.

312.3.4 SEARCH OF MOTOR VEHICLES

Officers are authorized to conduct a warrantless search of a motor vehicle based upon probable cause (which would be sufficient to justify the issuance of a search warrant) that the vehicle contains evidence or contraband. All areas or containers in the vehicle which could contain the particular evidence or contraband may be searched.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Search and Seizure

If probable cause exists that evidence or contraband is contained in a specific container in a motor vehicle, then the container may be seized.

When an officer has lawfully stopped a motor vehicle and has a reasonable suspicion that it contains a weapon, the officer may conduct a "protective search" of the passenger compartment of the vehicle. The search must be limited to those areas in which a weapon could be hidden.

312.3.5 AT THE SCENE OF A CRIME

Unless conducted during an authorized protective sweep, an officer is not authorized to conduct a frisk, or search of a person merely because that person is present at the scene of a crime or the execution of a search warrant.

312.3.6 EXIGENT CIRCUMSTANCES

Officers are authorized to conduct a warrantless search when "exigent circumstances" exist.

Exigent circumstances may exist where a fleeing suspect is pursued from a public place into a private one, e.g., the suspect's home. The following factors are relevant in determining whether exigent circumstances exist:

- (a) The gravity of the offense committed;
- (b) The belief the suspect is armed;
- (c) The likelihood that the suspect will escape in the absence of swift police action, and;
- (d) The safety of the public is endangered.

Officers in "hot pursuit" of a fleeing suspect must comply with the "knock and announce" statute, unless to do so would be a useless gesture.

The imminent destruction, removal, or concealment of evidence is another exigent circumstance which may justify a warrantless entry into a building. However, the seriousness of the underlying offense, by itself, does not create an exigent circumstance. When it is known there is no one present inside of a building, the building should be secured by guarding the entrances while a search warrant is obtained.

Other exigent circumstances may include legitimate community caretaking interests, including, but not limited to, an officer preventing injury to himself/herself or others. Emergency aid doctrine may constitute an exigent circumstance as well, which includes an officer providing aid to someone in a building.

312.3.7 PLAIN VIEW/PLAIN TOUCH/PLAIN SMELL

Officers are authorized to seize evidence in plain view. In order for evidence to be in plain view, the officer must be in a place where they have a legal right to be. Further, for an item to be in plain view, it must be immediately apparent that it is evidence of a crime.

Officers are authorized to search a motor vehicle when contraband is observed in plain view. Such contraband may be lawfully seized and a search for additional contraband conducted, regardless of whether an arrest has been made.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Search and Seizure

Under the plain feel doctrine, a police officer may seize non-threatening contraband detected through the officer's sense of touch during a Terry frisk if the officer is lawfully in a position to detect the presence of contraband, the incriminating nature of the contraband is immediately apparent from its tactile impression and the officer has a lawful right of access to the object.

The plain feel doctrine is only applicable where the officer conducting the frisk feels an object whose mass or contour makes its criminal character immediately apparent. Immediately apparent means the officer readily perceives, without further exploration or searching, that what he or she is feeling is contraband. If, after feeling the object, the officer lacks probable cause to believe the object is contraband without conducting some further search, the immediately apparent requirement has not been met and the plain feel doctrine cannot justify the seizure of the object.

The sufficiently distinctive odor, or plain smell of contraband, by a person qualified to know such contraband, may establish probable cause to search a motor vehicle. The sufficiently distinctive odor of contraband may be used as a factor for establishing probable cause for a search warrant to search a container or area that has a reasonable expectation of privacy.

312.3.8 OPEN FIELDS

Hester v. United States first introduced the doctrine that the Fourth Amendment protection does not extend to open fields. Governmental intrusion and information collection upon open fields does not constitute searches or seizures under the Fourth Amendment. Expectation of privacy in an open field is not considered reasonable or legitimate, even if there are fences or no trespassing signs around the field. Open fields may include any unoccupied or undeveloped area outside the curtilage.

312.4 SEARCH CRITERIA

Although conditions will vary, and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) Whenever practicable, a search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.
- (f) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Search and Seizure

1. Another officer or a supervisor should witness the search.
2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

312.5 DOCUMENTATION OF CRITERIA

Officers are responsible for documenting any search and ensuring that any required reports are sufficient including, at minimum, documentation of:

- Reason for the search.
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys).
- What, if any, injuries or damage occurred.
- All steps taken to secure property.
- The results of the search including a description of any property or contraband seized.
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer.

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Child Abuse

313.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Traverse City Police Department members are required to notify Children's Protective Services (CPS) of suspected child abuse.

313.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency.

313.2 POLICY

The Traverse City Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

313.3 MANDATORY NOTIFICATION

Officers of the Traverse City Police Department shall notify CPS when there is reasonable cause to suspect child abuse or neglect (MCL 722.623).

For purposes of notification, abuse means harm or threatened harm to a child's health or welfare that occurs through non-accidental physical or mental injury, sexual abuse, sexual exploitation or maltreatment by a parent, legal guardian or any other person responsible for the child's health or welfare, including a teacher, teacher's aide or a member of the clergy. Neglect means harm or threatened harm to a child's health or welfare by a parent, legal guardian or other person responsible for the child by failing to provide the child with adequate food, clothing, shelter or medical care, or by failing to intervene to eliminate an unreasonable risk to the child's health or welfare (MCL 722.622).

313.3.1 NOTIFICATION PROCEDURE

Notification shall occur as follows (MCL 722.623):

- (a) Immediately via the CPS Abuse and Neglect hotline or online reporting system if available.
- (b) A written report shall follow oral notification within 72 hours. The written report may be the prepared offense report if it includes the required information or the form prescribed by the Department of Health and Human Services (DHHS) or a report made using the online reporting system if available. The report shall contain the following information, if known:
 1. The child's name and age

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Child Abuse

2. A description of the abuse or neglect and the manner in which it occurred
 3. The name and address of the child's parent, guardian, or person with whom the child resides
 4. Any information that may establish the cause of the abuse or neglect
- (c) If the abuse or neglect involves exposure of the child to methamphetamine production, the written report shall be forwarded to the county department of the county where the child is located. If the person responsible for exposure is a child care provider, the written report shall also be sent to the child care regulatory agency which may have authority over the organization.

313.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child-appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed (MCL 722.628).
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

313.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Child Abuse

- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

313.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian by an officer if there is reasonable cause to believe that the child is at substantial risk of harm or is in surroundings that present an imminent risk of harm and the child's immediate removal from those surroundings is necessary to protect the child's health and safety. The child shall not be held in a detention facility and the officer shall immediately, or as soon as practicable, notify CPS of the removal. If the release of the child cannot be arranged, a court order shall be obtained for placement of the child (MCL 712A.14a).

313.6.1 SAFE DELIVERY OF NEWBORNS

A parent may surrender his/her newborn child who is less than three days old to a uniformed or identified on-duty member of the Traverse City Police Department.

The accepting member shall arrange for safe transportation of the infant to a local hospital for a medical evaluation at which time the infant shall be released to medical personnel (MCL 712.5).

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. It is the policy of the department to utilize the services of the Traverse Bay Children's Advocacy Center for child forensic interviews whenever possible. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred. The child shall not be interviewed in the presence of an individual suspected to have perpetrated the abuse or neglect (MCL 722.628c).

313.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

313.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a

medical examination, the notified supervisor should consider obtaining a court order for such an examination (MCL 722.626).

313.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

313.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Bureau supervisor should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community-specific procedures for responding to situations where there are children endangered by their exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Detective Bureau supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives at the scene.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

313.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Bureau supervisor so an interagency response can begin.

Adult Abuse

314.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Traverse City Police Department members as required by law.

314.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

314.2 POLICY

The Traverse City Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

314.3 MANDATORY NOTIFICATION

Members of the Traverse City Police Department shall notify Adult Protective Services (APS) when they suspect or have reasonable cause to believe that an adult has been abused, neglected or exploited (MCL 400.11a).

If the abuse involves an adult in a nursing home facility, members should contact the Michigan Department of Community Health (MCL 333.21771).

For purposes of notification, adult means a person 18 years of age or older who is unable to protect him/herself from abuse, neglect or exploitation because of a mental or physical impairment or because of advanced age. Abuse means harm or threatened harm to an adult's health or welfare including, but not limited to, non-accidental physical or mental injury, sexual abuse or maltreatment of the adult by another person. Neglect means harm to an adult's health or welfare caused by the adult's inability to respond to a harmful situation or by the conduct of a caregiver, including the failure to provide adequate food, clothing, shelter or medical care. Exploitation means an action that involves the misuse of an adult's funds, property or personal dignity by another person (MCL 400.11).

314.3.1 NOTIFICATION PROCEDURE

Notification should occur by calling the APS telephone hotline immediately or as soon as practicable (MCL 400.11a). Notification shall contain, if known:

- (a) The name and age of the adult.
- (b) The names and addresses of the adult's guardian, next of kin or persons with whom the adult resides, including their relationship to the adult.
- (c) A description of the type of abuse, neglect or exploitation and the manner in which it occurred or is occurring.

Traverse City Police Department

Adult Abuse

- (d) Any other information available that may establish the cause of the abuse, neglect or exploitation.

314.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all cases of alleged adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed (MCL 400.11b).
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

314.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.

Adult Abuse

- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

314.5.1 REPORTS OF FINANCIAL EXPLOITATION

Reports of suspected or detected financial exploitation shall be investigated and processed according to the requirements of MCL 487.2085, including providing required notifications to the involved financial institution and the Prosecuting Attorney (MCL 487.2085; Mich. Admin. Code, R 14.23).

314.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

314.7 INTERVIEWS

314.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

314.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

314.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

314.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

314.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Bureau supervisor should:

- (a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

Discriminatory Harassment

315.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

315.2 POLICY

The Traverse City Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

315.3 DEFINITIONS

Definitions related to this policy include:

315.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

315.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

315.3.3 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

315.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission and the Michigan Civil Rights Commission guidelines (MCL 37.2208).
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with city or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

315.4 RESPONSIBILITIES

This policy applies to all department members, who shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Human Resources Director, or the City Manager.

If, for any reason, the employee or applicant feels that he/she cannot report the incident to the Chief of Police, or the incident involves the Chief of Police as an actor, the member can report the incident to the Director of Human Resources. If, for any reason, the employee or applicant

feels that he/she cannot report the incident to the Director of Human Resources, or the incident involve the Director of Human Resources as an actor, the member can report the incident to the City Manager.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with a resolution as stated below.

315.4.1 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Human Resources Director, or the City Manager for further information, direction, or clarification.

315.4.2 SUPERVISOR RESPONSIBILITIES

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating

or counseling members, or issuing discipline in a manner that is consistent with established procedures.

315.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

315.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

315.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the supervisory resolution process, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Human Resources Director, or the City Manager.

315.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Reserve members shall become knowledgeable of the subject matter and proficient with the skills as set forth in the training materials.

327.16.3 TASK-SPECIFIC AND IN SERVICE TRAINING

Task-specific training is intended to provide the required instruction and practice for reserve officers to properly and safely perform their assigned duties. Reserve officer training should correspond to the assignment as determined by the reserve program coordinator.

Reserve members shall receive a pre-assignment course of training in the policies of the Department, safe handling of weapons, and other law enforcement procedures applicable to their assignments. A reserve officer who operates any vehicle while acting in the capacity of a reserve officer shall receive training in safe driving and defensive driving. The specific training and course of study shall be determined by the reserve coordinator.

Reserve officers shall receive annual in service training in compliance with MCOLES requirements.

327.17 GRADUATION

Probationary reserve officers successfully completing the reserve officer training program shall be formally recognized by the administration of the department during the next scheduled reserve officer member meeting. The reserve unit commander will arrange for:

- (a) Reserve officer ID presentation.
- (b) Reserve officer badge presentation.
- (c) The issuance of a Class B Uniform.
- (d) An updated department photo.

327.18 SUPERVISION

All reserve officers shall be under the direct or indirect supervision of a supervisor or department member in charge. While serving, reserve officers will be assigned to and will be under the direct supervision of a certified police officer. The supervising certified police officer should generally be within sight distance when supervising an on duty reserve officer.

Reserve officers shall never supervise regular department personnel.

327.18.1 EVALUATIONS

While in the reserve academy, reserve officers should be continuously evaluated using standardized reports. Reserve officers will be considered trainees until they have satisfactorily completed training. Reserve officers who have completed their training should be evaluated

annually using performance dimensions applicable to the duties and authorities granted to reserve officers.

327.18.2 INVESTIGATIONS AND COMPLAINTS

If reserve officers have a personnel complaint made against them or become involved in an internal investigation, the matter shall be referred to the reserve program coordinator and investigated in compliance with the Personnel Complaints Policy.

327.18.3 DUTY TO NOTIFY

All members of the reserve unit have a duty to notify their sergeant and/or the administration of any changes in their status as it pertains to the reserve unit. Such changes include but are not limited to change of address, leave of absence, resignation from the reserve unit, or when the reserve member intends to seek employment that may be viewed as a conflict of interest to their position with the reserve unit. A conflict of interest may occur when employed as a private security guard, a private investigator, or any law enforcement-related field. Reserve members may not work in an official law enforcement capacity with this or another department and maintain reserve status.

- (a) Members have ten (10) days from the effective date of the change to make the proper notification.
 - 1. Notifications shall be written and submitted through the chain of command to the Office of the Chief for review and consideration.
- (b) Failure to make the proper notifications may result in discipline up to and including dismissal from the reserve unit.

327.18.4 LEAVES OF ABSENCE

Members must have completed the reserve academy and served for at least one (1) year before they will be eligible for a leave of absence. The member requesting leave will submit in writing a letter requesting a leave of absence to their immediate supervisor. The letter must be submitted one (1) month prior to the start of the leave. The letter will state the reason for requesting the leave, the date the leave will start and the date the leave will end. Leave of absence will normally be granted for a maximum of three (3) months.

Exceptions will be addressed individually by the requesting member and the reserve lieutenant. Once the letter requesting leave of absence is submitted the administrative staff will decide whether to grant or deny the leave. Leave is not automatically granted because a letter was submitted. A leave of absence may be extended with the approval of the Patrol Services Division Lieutenant. Request for an extension of leave must be submitted, in writing and must state the reason for the request as well as the end of the date of the leave.

If a member fails to report as scheduled after the leave has expired, he or she will be marked as absent and subject to discipline. Members who are on leave of absence are not required to attend meetings or details. Members are encouraged to attend all training during their leave. Specific issues regarding leave of absence as it relates to training (firearms, driving, etc.) will be addressed in the individual training policies.

Outside Agency Assistance

328.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

328.2 POLICY

It is the policy of the Traverse City Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

328.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Shift Commander's office for approval. In some instances, a preexisting agreement or other established protocol may exist that eliminates the need for approval of individual requests (MCL 123.811; MCL 123.812; MCL 123.813; MCL 123.814).

When another law enforcement agency requests assistance from this department, the Shift Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance; however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

328.3.1 INTRASTATE AUTHORITY

Peace officers from states physically adjacent to Michigan, who respond to requests for assistance by agencies within Michigan, have the same authority as law enforcement officers from within Michigan (MCL 3.731 et seq.).

328.3.2 INITIATED ACTIVITY

Any on-duty department officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Traverse City Police Department shall notify his/her supervisor or the Shift Commander and Central Dispatch as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

Outside Agency Assistance

328.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

328.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Shift Commander.

328.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Office of the Chief of Police or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the equipment and supplies.
 - 2. The members trained in the use of the equipment and supplies.
- (c) Any other requirements for use of the equipment and supplies.

The Office of the Chief of Police will ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Training Manager should maintain documentation that the appropriate members have received the required training.

Registered Offender Information

329.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Traverse City Police Department will address issues associated with certain offenders who are residing in the jurisdiction, and how the Department will disseminate information and respond to public inquiries for information about registered sex offenders.

329.2 POLICY

It is the policy of the Traverse City Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

329.3 REGISTRATION

The Detective Bureau supervisor shall establish a process to reasonably accommodate registration of offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process (MCL 28.724 et seq.).

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Michigan State Police (MSP) in accordance with Michigan law.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

329.3.1 CONTENTS OF REGISTRATION

Members tasked with registering offenders should use the form prescribed by the MSP.

The registering member shall verify the offender's residence and any other required information. The registering member shall also determine whether the offender's photograph matches the offender's appearance so as to properly identify him/her from that photograph. If not, the registering member shall require the offender to obtain a current photograph within seven days (MCL 28.725a).

When all of the verification information has been provided, the registering member shall (MCL 28.725a):

- (a) Review the information with the offender and make any corrections, additions, or deletions as necessary based on the review.
- (b) Sign and date a verification receipt.
- (c) Provide a copy of the signed receipt showing the date of verification to the offender.
- (d) Forward the verification information to the MSP as required.

Registered Offender Information

329.4 MONITORING OF REGISTERED OFFENDERS

The Detective Bureau supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the Michigan Sex Offender Registry (SOR) and the Public Sex Offender Registry (PSOR) (MCL 28.728).
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the MSP so they can notify all registering authorities and take enforcement action (MCL 28.725a).

The Detective Bureau supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Traverse City Police Department members, including timely updates regarding new or relocated registrants.

329.4.1 FAILURE TO REGISTER

If an offender, for which this department is responsible, fails to register or update registration information as required, this department shall (MCL 28.728a):

- (a) Determine whether the offender has absconded or is otherwise unlocatable.
- (b) If the offender was to appear in order to register or update registration information and failed to appear as required, notify the MSP.
- (c) Revise the information in the registry to reflect that the offender has absconded or is otherwise unlocatable.
- (d) Seek a warrant for the offender's arrest if the legal requirements for obtaining a warrant are satisfied.
- (e) Enter the offender into the National Crime Information Center (NCIC) wanted person file if the requirements for entering the offender's information are met.

329.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be directed to the PSOR website or the Traverse City Police Department's website (MCL 28.728).

Registered Offender Information

The Records Supervisor may release local registered offender information to residents in accordance with MCL 28.730 and in compliance with the Michigan Freedom of Information Act request.

329.5.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who divulges, uses or publishes non-public information contained in the registry may be subject to criminal prosecution (MCL 28.730).

329.5.2 DISSEMINATION

The Department shall make information from the PSOR website available for public inspection during regular business hours. The Department is not required to make a copy of this information (MCL 28.730).

329.5.3 INFORMATION AVAILABLE VIA THE INTERNET

The Department may make information from the PSOR website available to the public through electronic, computerized or other accessible means (MCL 28.730).

329.6 LEGAL MANDATES AND RELEVANT LAWS

The Department shall require the offender to pay the registration fee required under Michigan law (MCL 28.724a; MCL 28.725a; MCL 28.725b; MCL 28.727).

Death Investigation

331.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers initially respond to and investigate the circumstances of a deceased person.

Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The thoroughness of death investigations and use of appropriate resources and evidence gathering techniques is critical.

331.2 POLICY

It is the policy of the Traverse City Police Department to respond to, document and investigate incidents where a person is deceased. Investigations involving the death of a person, including those from natural causes, accidents, workplace incidents, suicide and homicide, shall be initiated, conducted and properly documented.

331.3 INVESTIGATION CONSIDERATIONS

Emergency medical services shall be called in all suspected death cases unless death is obvious (e.g., decapitated, decomposed).

A supervisor shall be notified as soon as possible to assist and provide appropriate personnel and resources. The on-scene supervisor should determine whether a follow-up investigation is required and notify the on-call Command.

331.3.1 REPORTING

All incidents involving a death shall be documented on the appropriate form. Any additional information shall be dictated in a supplemental report.

[Procedure: 331 Death Investigation Worksheet](#)

331.3.2 MEDICAL EXAMINER REQUEST

Officers are not authorized to pronounce death unless they are also Medical Examiners, Deputy Medical Examiners, or appointed Medical Examiner investigators. The Medical Examiner shall be called in all sudden or unexpected deaths. State law requires that the Medical Examiner be notified when the death/decedent was (MCL 52.203; MCL 52.205a):

- (a) Sudden, unexpected, accidental, violent, or the result of any suspicious circumstance.
- (b) Not seen by medical personnel in the preceding 48 hours, unless the decedent's attending physician is able to accurately determine the cause of death.
- (c) The result of an abortion, either medically performed or self-induced.
- (d) Of a child two years of age or younger when the death is sudden, unknown, or the child is found dead.

Death Investigation

Where two or more individuals involved in a single incident had similar physical attributes, including being of approximately the same age, sex, height, weight, hair color, eye color, or race the Medical Examiner must also be notified.

If one or more of the involved individuals survived the incident, the Medical Examiner must also be notified of which treating facility the surviving individual was taken to for treatment and notification of the similarity must also be made to the treating facility (MCL 52.203).

331.3.3 SEARCHING DEAD BODIES

- (a) The Medical Examiner, his/her assistant and authorized investigators are generally the only persons permitted to move, handle or search a dead body.
- (b) An officer may make a reasonable search of an individual who it is reasonable to believe is dead, or near death, for the purpose of identification or for information identifying the individual as an anatomical donor. If a donor document is located, the Medical Examiner or his/her assistant shall be promptly notified.
- (c) The Medical Examiner, with the permission of the Department, may take property, objects or articles found on the deceased or in the immediate vicinity of the deceased that may be necessary for conducting an investigation to determine the identity of the deceased or the cause or manner of death.
- (d) Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Medical Examiner or his/her assistant, the investigating officer should first obtain verbal consent from the Medical Examiner or his/her assistant when practicable.
- (e) Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer pending the arrival of the Medical Examiner or his/her assistant. The name and address of this person shall be included in the narrative of the death report.
- (f) Whenever personal effects are removed from the body of the deceased by the Medical Examiner or his/her assistant, a receipt shall be obtained. This receipt shall be attached to the death report.

331.3.4 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The Detective Bureau shall be notified to determine the possible need for an investigator to respond to the scene.

If the on-scene supervisor, through consultation with the Shift Commander or Detective Bureau supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Death Investigation

The investigator assigned to investigate a homicide or death that occurred under suspicious circumstances may, with the approval of his/her supervisor, request the Medical Examiner to conduct physical examinations and tests, and to provide a report.

331.3.5 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this department who responds to and determines that a death, serious illness or serious injury has occurred as a result of an accident at or in connection with the victim's employment should ensure that the regional Occupational Safety and Health Administration (OSHA) office is notified of all pertinent information.

331.4 UNIDENTIFIED DEAD BODY

If the identity of a dead body cannot be established, the handling officer will request from the Medical Examiner a unique identifying number for the body. The number shall be included in any report.

After a preliminary investigation, a member of the Department shall immediately enter the required data into the National Crime Information Center (NCIC) and the National Missing and Unidentified Persons System (NamUs) (MCL 28.258; MCL 333.2844a).

If the body is that of a child, the required information shall also be entered into the Michigan's Missing Child Information Clearinghouse.

If a missing person has not been found within 30 days of a report, this department shall request that the missing person's family or next of kin provide written consent to obtain the missing person's dental records pursuant to the Missing Persons Policy and enter these records into NCIC.

If a person who has been reported missing is subsequently found, this department shall cancel the entries into NCIC.

331.5 DEATH NOTIFICATION

When reasonably practicable, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded on the Death Scene Investigation Worksheet and/or in the dictated report.

Private Person's Arrest

332.1 PURPOSE AND SCOPE

This policy provides guidance for the handling and acceptance of a private person's arrest.

332.2 POLICY

It is the policy of the Traverse City Police Department to accept a private person's arrest only when legal and appropriate.

332.3 ARRESTS BY PRIVATE PERSON

A private person may arrest another person under the following circumstances (MCL 764.16):

- (a) When the person arrested committed a felony.
- (b) When the private person is a merchant, agent or employee of the merchant, or an independent contractor providing security for the merchant, and the private person has probable cause to believe the person arrested violated MCL 750.356c or MCL 750.356d (retail fraud) in that store.

332.4 OFFICER RESPONSIBILITIES

An officer confronted with a person claiming to have made a private person's arrest should determine whether such an arrest is lawful.

If the officer determines that the private person's arrest is unlawful, the officer should:

- (a) Take no action to further detain or restrain the arrested individual, unless there is independent justification for continuing a detention.
- (b) Advise the parties that the arrest will not be accepted but the circumstances will be documented in a report.
- (c) Document the incident, including the basis for refusing to accept custody of the individual.

Whenever an officer determines that a private person's arrest is justified, the officer may take the individual into custody and proceed in the same manner as with any other arrest (MCL 764.13; MCL 764.14).

332.5 PRIVATE PERSON'S ARREST - RETAIL THEFT FORM

The arresting person should be asked to complete and sign a retail theft. If the person fails or refuses to do so, the arrested individual should be released, unless the officer has a lawful reason, independent of the private person's arrest, to take the individual into custody and determines an arrest is appropriate.

[Procedure Manual: 332.2 RETAIL THEFT FORM](#)

Limited English Proficiency Services

333.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

333.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficiency (LEP) individual - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still exhibit LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Traverse City Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

333.2 POLICY

It is the policy of the Traverse City Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

333.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP coordinator. The coordinator shall be appointed by, and directly responsible to, the Investigative Services Division Commander or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Traverse City Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Shift Commander and Director of Central Dispatch. The list should include information regarding:
 - 1. Languages spoken.
 - 2. Contact information.
 - 3. Availability.
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and data from community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by this department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of this department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, developing new procedures or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

333.4 FOUR-FACTOR ANALYSIS

Because there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of the following four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of this department or a particular geographic area.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Limited English Proficiency Services

- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

333.5 TYPES OF LEP ASSISTANCE AVAILABLE

Traverse City Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

333.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

333.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

333.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments who have been identified by the Department as having the requisite skills and competence may be requested.

333.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP coordinator that demonstrates their skills and abilities in the following areas:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

333.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

333.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when

Traverse City Police Department

appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

333.10 CONTACT AND REPORTING

Although all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation that involves a situation in which interpretation services were provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

333.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Traverse City Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

333.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Central Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

Although 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

333.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

333.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

333.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Limited English Proficiency Services

To ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

333.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, to protect the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

333.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during a complaint investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

333.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

333.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Manager shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with the established records retention schedule.

333.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Manager shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

334.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

334.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment – An individual who has or is regarded as being substantially limited in a major life activity, including hearing or seeing, with or without assistance other than ordinary eyeglasses or contacts (42 USC § 12102). This includes a person with a determinable physical or mental characteristic which results from disease, injury, congenital condition of birth or functional disorder but does not include any characteristic caused by the current and illegal use of a controlled substance or caused by the use of an alcoholic beverage or vapor where such use prevents the individual from performing the duties of his/her job (MCL 37.1103).

334.2 POLICY

It is the policy of the Traverse City Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees, have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

334.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA coordinator (28 CFR 35.107). The coordinator shall be appointed by and directly responsible to the Investigative Services Division Commander or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

- (a) Working with the City ADA coordinator regarding the Traverse City Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports or new procedures or recommending modifications to this policy.
- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Communications with Persons with Disabilities

- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Shift Commander and Director of Central Dispatch. The list should include information regarding:
 - 1. Contact information.
 - 2. Availability.
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensuring the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas indicating that auxiliary aids are available free of charge to individuals with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

334.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate his/her understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

334.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Communications with Persons with Disabilities

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, is hard of hearing or has impaired speech must be handcuffed while in the custody of the Traverse City Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

334.6 TYPES OF ASSISTANCE AVAILABLE

Traverse City Police Department members shall never refuse an available service to an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall it require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to disabled individuals through a variety of services.

Disabled individuals may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

334.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form (e.g., a personnel complaint form) or provide forms with enlarged print.

334.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee) if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying where communication is impeded. Interpreters may include oral interpreters, transliterators, sign language interpreters and intermediary interpreters who are able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

334.8.1 QUALIFIED INTERPRETERS FOR DEAF, DEAF-BLIND OR HARD OF HEARING INDIVIDUALS

Interpreters for individuals who are deaf, deaf-blind or hard of hearing must hold a valid certification through the national registry of interpreters for the deaf or through the state by the Division on Deaf and Hard of Hearing of the Department of Labor and Economic Growth (MCL 393.502; MCL 393.503a).

334.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking, attorney contacts), members must also provide those who are deaf, are hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Communications with Persons with Disabilities

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

334.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon in an emergency situation. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

334.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

334.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

334.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Communications with Persons with Disabilities

involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

334.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, is hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

334.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, are hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide qualified interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter (MCL 393.505). The right of a deaf, deaf-blind or hard of hearing person to a qualified interpreter shall not be waived except by a written waiver (MCL 393.503).

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Communications with Persons with Disabilities

The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

To ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

334.14.1 WAIVER IN CUSTODIAL INTERROGATIONS AND APPROVAL BY ATTORNEY

The right of a deaf, deaf-blind or hard of hearing person to a qualified interpreter shall not be waived except by a written waiver. A written waiver of a defendant with previously appointed or retained counsel is subject to the approval of the deaf or deaf-blind person's counsel. Members seeking to conduct a custodial interrogation of a represented individual regarding a different crime than the crime resulting in custodial status should consult legal counsel prior to engaging in the same. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card (MCL 393.503).

334.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service and waives a qualified interpreter in writing (MCL 393.503).

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, are hard of hearing, have impaired speech or vision, are blind or have other disabilities. In the interest of the arrestee's health and welfare, to protect the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

334.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the ADA coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this department.

334.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

334.18 TRAINING

To ensure that all members who may have contact with disabled individuals are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Manager shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including those who are deaf, are hard of hearing, have impaired speech or vision or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all training provided and will retain a copy in each member's training file in accordance with the established records retention schedule.

334.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, are hard of hearing or have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls and using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Central Dispatch members who may have contact with individuals from the public who are deaf, are hard of hearing or have impaired speech. Refresher training should occur every six months.

Public Safety Video Surveillance System

337.1 PURPOSE AND SCOPE

This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

337.2 POLICY

The Traverse City Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

337.3 OPERATIONAL GUIDELINES

Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

337.3.1 PLACEMENT AND MONITORING

Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected City divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions, should also be evaluated when determining placement.

Cameras shall only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. The public safety video surveillance system may be useful for the following purposes:

- (a) To prevent, deter and identify criminal activity.
- (b) To target identified areas of gang and narcotics complaints or activity.
- (c) To respond to critical incidents.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Public Safety Video Surveillance System

- (d) To assist in identifying, apprehending and prosecuting offenders.
- (e) To document officer and offender conduct during interactions to safeguard the rights of the public and officers.
- (f) To augment resources in a cost-effective manner.
- (g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Images should be transmitted to monitors installed in the Shift Commander's office and Central Dispatch. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. The Shift Commander or trained Central Dispatch personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention of anything documented by public safety surveillance equipment is prohibited.

337.3.2 CAMERA MARKINGS

All public areas monitored by public safety surveillance equipment shall be marked in a conspicuous manner with appropriate signs to inform the public that the area is under police surveillance. Signs should be well lit, placed appropriately and without obstruction to ensure visibility.

337.3.3 INTEGRATION WITH OTHER TECHNOLOGY

The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems, video enhancement or other analytical technology, requires additional safeguards.

337.4 VIDEO SUPERVISION

Supervisors should monitor video surveillance access and usage to ensure members follow department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

Public Safety Video Surveillance System

337.4.1 VIDEO LOG

A log should be maintained at all locations where video surveillance monitors are located. The log should be used to document all persons not assigned to the monitoring locations who have been given access to view or monitor images provided by the video surveillance cameras. The logs should, at a minimum, record the:

- (a) Date and time access was given.
- (b) Name and agency of the person being given access to the images.
- (c) Name of person authorizing access.
- (d) Identifiable portion of images viewed.

337.4.2 PROHIBITED ACTIVITY

Public safety video surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.

Public safety video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target individuals or groups based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.

Video surveillance equipment shall not be used to harass, intimidate, or discriminate against any individual or group.

337.5 STORAGE AND RETENTION OF MEDIA

All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule.

337.5.1 EVIDENTIARY INTEGRITY

All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

337.6 RELEASE OF VIDEO IMAGES

All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Traverse City Police Department.

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Shift Commander for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.

337.7 VIDEO SURVEILLANCE AUDIT

The Chief of Police or the authorized designee will conduct an annual review of the public safety video surveillance system. The review should include an analysis of the cost, benefit and effectiveness of the system, including any public safety issues that were effectively addressed or any significant prosecutions that resulted, and any systemic operational or administrative issues that were identified, including those related to training, discipline or policy.

The results of each review shall be appropriately documented and maintained by the Chief of Police or the authorized designee and other applicable advisory bodies. Any recommendations for training or policy should be promptly addressed.

337.8 TRAINING

All department members authorized to operate or access public safety video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.

Child and Dependent Adult Safety

338.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

338.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Traverse City Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

338.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should consider reasonable alternatives to arresting a parent, guardian or caregiver in the presence of his/her child or dependent adult.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be nonproductive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

338.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Child and Dependent Adult Safety

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence that it would not be in the dependent person's best interest (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Children's or Adult Protective Services, if appropriate.
- (e) Notify the field supervisor or Shift Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

338.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee should be allowed to make telephone calls to arrange for the care of any child or dependent adult in accordance with the Temporary Custody of Adults Policy.

If an arrestee is unable to arrange for the care of any child or dependent adult through this process, or circumstances prevent them from making such arrangements (e.g., their behavior prevents reasonable accommodations for making necessary calls), a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

338.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
1. Name
 2. Sex
 3. Age
 4. Special needs (e.g., medical, mental health)
 5. How, where and with whom or which agency the child was placed
 6. Identities and contact information for other potential caregivers
 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
1. Name
 2. Sex
 3. Age
 4. Whether the person reasonably appears able to care for him/herself
 5. Disposition or placement information if he/she is unable to care for him/herself

338.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis response telephone number, the appropriate referral information may be provided.

338.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service agency to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

338.5 TRAINING

The Training Manager is responsible for ensuring that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

339.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure that the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act (ADA).

339.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size, and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i); MCL 750.502c).

339.2 POLICY

It is the policy of the Traverse City Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

339.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.

Traverse City Police Department

TCPD Policy Manual

Service Animals

- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

339.4 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Traverse City Police Department affords to all members of the public (28 CFR 35.136).

339.4.1 INQUIRY

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

339.4.2 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

339.4.3 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b); MCL 750.502c).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services that are reasonably available to an individual with a disability, with or without a service animal.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Service Animals

339.4.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

339.5 STATE CONSIDERATIONS

Unsubstantiated fear of an animal or concerns about allergies related to the animal are not reasons for an animal to be removed from a place of public accommodation (MCL 750.502c).

Michigan law provides trainers and support animals under their care the same protections provided to persons with disabilities and their service animals (MCL 750.502c).

Native American Graves Protection and Repatriation

341.1 PURPOSE AND SCOPE

This policy is intended ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001 et seq.).

341.1.1 DEFINITIONS

Funerary objects and associated funerary objects - Objects that, as part of the death rite or ceremony of a culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains, or that were made exclusively for burial purposes, or to contain human remains.

Native American human remains - The physical remains of the body of a person of Native American ancestry.

Objects of cultural patrimony - Objects having ongoing historical, traditional or cultural importance that is central to the Native American group or culture itself and therefore cannot be appropriated or conveyed by any individual, including members of the Native American group or Native Hawaiian organization. Such objects must have been considered inalienable by the Native American group at the time the object was separated from the group.

Sacred objects - Specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions.

341.2 POLICY

It is the policy of the Traverse City Police Department that the protection of Native American human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony is the responsibility of all members. Such protection includes minimizing destruction, contamination, inadvertent disruption or complicated custody transfer processes.

341.3 COMPLIANCE WITH THE NATIVE AMERICAN GRAVES PROTECTION AND REPATRIATION ACT

Upon discovery or arrival upon a scene where it reasonably appears that a Native American grave, human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene other than scene preservation activity must cease (43 CFR 10.4).

No photography or video recording may be permitted by the media or any group or individual who may wish to exhibit the remains.

Members shall ensure that any remains or artifacts located at the site are expediently processed (43 CFR 10.6).

Off-Duty Law Enforcement Actions

342.1 PURPOSE AND SCOPE

This policy is intended to provide guidelines for officers of the Traverse City Police Department with respect to taking law enforcement action while off-duty.

342.2 POLICY

It is the policy of the Traverse City Police Department that officers generally should not initiate law enforcement action while off-duty. Officers are not expected to place themselves in unreasonable peril and should first consider reporting and monitoring the activity. However, any officer who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage or loss, may take reasonable action to minimize or eliminate the threat.

342.3 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. Officers should consider waiting for on-duty uniformed law enforcement personnel to arrive instead of immediately intervening and, while waiting, gather as much accurate intelligence as possible. However, if an officer decides to intervene, he/she must evaluate whether the action is necessary or desirable, and should take into consideration:

- (a) The potential to be misidentified by other law enforcement personnel.
- (b) The potential to be misidentified by members of the public, who may be armed or who may take action.
- (c) The tactical disadvantage of being alone and the possibility of multiple or hidden suspects.
- (d) Limited off-duty firearms capabilities and ammunition.
- (e) The inability to communicate with responding law enforcement personnel.
- (f) The lack of equipment, such as body armor, handcuffs or control devices.
- (g) Unfamiliarity with the surroundings, including escape routes.
- (h) The potential for increased risk to bystanders by confronting a suspect or taking action.

342.3.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. If possible, the dispatcher receiving the call should obtain a description of the off-duty officer from the caller and broadcast that information to responding officers.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an officer with the Traverse City Police Department until acknowledged. Official identification should also be displayed when possible.

Off-Duty Law Enforcement Actions

342.4 CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she is working in an undercover capacity.

342.4.1 CIVILIAN RESPONSIBILITIES

Civilian members should not become involved in any law enforcement action while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

342.4.2 INCIDENTS OF PERSONAL INTEREST

Department members should refrain from handling incidents of personal interest (e.g., family or neighbor disputes) and should remain neutral. In such circumstances members should call the responsible agency to handle the matter.

342.5 REPORTING

If prior notification to the appropriate local law enforcement agency is not reasonably possible before taking action, the officer shall notify the agency as soon as reasonably practicable. Officers shall cooperate fully with the agency having jurisdiction by providing statements or reports as requested or as appropriate.

Officers shall notify the Shift Commander regarding any law enforcement action taken while off-duty. The Shift Commander may send a supervisor to the location. The supervisor may request assistance from the Investigative Services Division, if deemed appropriate.

The Shift Commander shall determine whether a crime report or an administrative report should be completed by the involved officer.

- (h) Citizen academies.

Instructional information should include direction on how community members should interact with the police during enforcement or investigative contacts and how community members can make a complaint to the Department regarding alleged misconduct or inappropriate job performance by department members.

343.9 SAFETY AND OTHER CONSIDERATIONS

Department members responsible for community relations activities should consider the safety of the community participants and, as much as reasonably practicable, should not allow them to be present in any location or situation that would jeopardize their safety.

Department members in charge of community relations events should ensure that participating community members have completed waiver forms before participation, if appropriate. A parent or

Chapter 4 - Patrol Operations

Patrol

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

400.2 POLICY

The Traverse City Police Department provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and department members.

400.3 FUNCTION

Patrol will generally be conducted by uniformed officers in clearly marked law enforcement vehicles in assigned jurisdictional areas of Traverse City. The function of patrol is to respond to calls for assistance and reports of criminal activity, act as a deterrent to crime, enforce state and local laws, identify community needs, provide support and assistance to the community and respond to emergencies.

Patrol services include, but are not limited to:

- (a) Responding to emergency calls for service.
- (b) Apprehending criminal offenders.
- (c) Providing mutual aid and assistance to other agencies for emergency and law enforcement-related activities.
- (d) Preventing criminal acts, traffic violations and collisions, maintaining public order and discovering hazardous situations or conditions.
- (e) Responding to reports of both criminal and non-criminal acts.
- (f) Responding to routine calls for service, such as public assistance or public safety.
- (g) Directing and controlling traffic.
- (h) Carrying out crime prevention activities, such as residential inspections, business inspections and community presentations.

Members should be provided with opportunities on a regular basis to share information during the daily roll calls and to attend roll calls of other divisions or specialized units.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Patrol

Additionally, information should be shared with outside agencies and the public in conformance with department policies and applicable laws. Members are encouraged to share information with other units and divisions.

400.5 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including, but not limited to, civil demonstrations, public displays, parades, sporting events and civic, social and business events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations, and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety concerns.

Bias-Influenced Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Traverse City Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-influenced policing - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement.

401.2 POLICY

The Traverse City Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-INFLUENCED POLICING PROHIBITED

Bias-influenced policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely, and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns, or specific schemes.

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform their duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-influenced policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any bias-influenced actions by another member.

401.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Bias-Influenced Policing

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 REPORTING TRAFFIC STOPS

Each time an officer makes a traffic stop, the officer shall report any information as required in the Traffic and Parking Citations Policy.

401.5 SUPERVISOR RESPONSIBILITIES

 - (a) Supervisors should document these periodic reviews in the Guardian Tracking System through the creation of a Biased Influenced Policing Supervisor Review Report (BIP Supervisor Review Report).
 - (b) Recordings or data that capture a potential instance of bias-influenced policing should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-influenced policing.

401.5.1 CORRECTIVE ACTION

Supervisors shall initiate the appropriate corrective action based on the seriousness of the bias-influenced policing violation.

401.6 ADMINISTRATION

The Patrol Services Division Commander shall complete a written annual meaningful review of the practices and any corrective action taken by the Department to provide fair and objective policing. The annual review shall include public concerns and complaints. The annual review should not contain any identifying information about any specific complaint, member of the public, or officer. It shall be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

The annual report shall be generated in part from information collected through the Guardian Tracking System as it applies to Personnel Complaints alleging and/or substantiating biased-base policing activity.

401.7 TRAINING

402.3 ROLL CALL

All divisions and specialized units will conduct regular roll call to discuss, disseminate and exchange information among department members, work groups and other organizations. A supervisor generally will conduct roll call. However, the supervisor may delegate this responsibility to a subordinate member in his/her absence or for training purposes.

Roll call should include, but is not limited to:

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

403.2 POLICY

It is the policy of the Traverse City Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, it shall be maintained until the officer is properly relieved by a supervisor or other designated person.

403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

403.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Crime and Disaster Scene Integrity

Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

403.6 SCENE-SPECIFIC CONSIDERATIONS

403.6.1 IMMEDIATE REMOVAL OF VEHICLES FROM PROPERTY

This department or a governmental agency designated by this department may provide for the immediate removal of a vehicle from public or private property to a place of safekeeping at the expense of the last-titled owner when removal is necessary to preserve evidence, there is reasonable cause to believe the vehicle was used in the commission of a crime or when removal is necessary in the interest of public safety because of a fire, flood, storm, snow, natural or man-made disaster, or other emergency (MCL 257.252d).

403.6.2 METHAMPHETAMINE REPORTING AND RESPONSE

This department shall report to the Michigan State Police any incident which primarily involves the manufacture, possession, use or distribution of methamphetamine (MCL 28.192).

This department shall report the discovery of a clandestine drug laboratory within 48 hours to the Michigan Department of Community Health, the local health department and any other appropriate enforcing agency. This department shall post a notice on the premises which states potential contamination exists and may constitute a hazard to the health or safety of occupants (MCL 125.485a).

This department shall also comply with the Michigan Drug Endangered Children Response and Medical protocols, including any necessary notifications to the Department of Health and Human Services. Only Michigan Occupational Safety and Health Administration-certified members wearing appropriate safety and protective equipment may enter a location believed to be a clandestine drug lab.

Ride-Alongs

405.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for a ride-along with members of the Traverse City Police Department. This policy provides the requirements, approval process, hours of operation and member responsibilities for ride-alongs.

405.2 POLICY

Ride-along opportunities will be provided to the members of the public, City employees and members of this department to observe and experience, first-hand, various functions of the Traverse City Police Department. The term "ride-along" includes riding as a passenger with an officer on patrol or observing the work day of members engaged in other functions within the Department, such as the Detective Bureau.

405.3 ELIGIBILITY

A ride-along is available to Traverse City residents and business owners, students currently attending class in Traverse City, students studying law enforcement or a related field and those employed within the City of Traverse City and specified organizations as part of their community program(s). Efforts will be made to accommodate all interested persons. However, any applicant may be disqualified without cause from participating.

Factors that are considered in qualifying/disqualifying an applicant include, but are not limited to:

- Age of the Applicant; an applicant must be a minimum of 18 years of age.
- Prior criminal history.
- Pending criminal action.
- Pending lawsuit against this department or the City.
- Denial by any supervisor.

405.4 AVAILABILITY

A ride-along or job observation is available most days of the week, from 10:00 a.m. to 11:00 p.m. Exceptions to this schedule may be made as approved by the Chief of Police, Division Commander, or Shift Commander.

405.5 REQUESTS TO PARTICIPATE

Generally, ride-along requests will be maintained and scheduled by the Shift Commander. The applicant will complete and sign a ride-along liability waiver as well as the agreements outlined in the Protected Information Policy. Information requested will include a valid state-issued identification card or driver's license number, birthdate, address and telephone number.

The Shift Commander will schedule a date, based on availability, generally one week after the date of application. If approved, a copy of the waiver form will be forwarded to the appropriate division as soon as possible for scheduling considerations.

[Procedure Manual: 405 Ride-Alongs](#)

405.6 PROCESS

Once approved, ride-along applicants will be allowed to participate no more than once every six months. An exception may apply to the following law enforcement-involved participants:

- Active Reserve Officers
- Traverse City Police Department applicants
- Any others with approval of the Shift Commander
- Students enrolled in department-approved training programs such as:
 - Criminal Justice
 - Law Enforcement
 - Public Safety
 - Protective Services
 - Central Dispatch

An effort will be made to ensure that no more than one member of the public will participate in a ride-along during any given time period. Normally, no more than one ride-along participant will be allowed in department vehicles at a given time.

405.6.1 OFF-DUTY PARTICIPATION

Off-duty members of this department or any other law enforcement agency, and employees of the City, will not be permitted to participate in a ride-along with on-duty members of this department without the express consent of the Shift Commander.

In the event that such participation is permitted, the off-duty department member, other law enforcement agency personnel or City employee shall not:

- (a) Be considered on-duty.
- (b) Represent him/herself as a member of this department or any other law enforcement agency.

405.6.3 SUITABLE ATTIRE

Any person approved to participate in a ride-along is required to be suitably dressed in a collared shirt, blouse or jacket, slacks and shoes. Sandals, t-shirts, tank tops, shorts and ripped or torn pants are not permitted. Hats and ball caps will not be worn without the express consent of the Shift Commander. The Shift Commander or a supervisor may refuse a ride-along to anyone who is not dressed appropriately.

405.7 MEMBER RESPONSIBILITIES

The assigned department member shall consider the safety of the ride-along or job observation participant at all times. The member shall maintain control over the participant and shall instruct the individual about the conditions that necessarily limit his/her participation. Instructions should include:

- (a) The participant will follow the directions of the department member.
- (b) The participant will not become involved in any investigation, handling of evidence, discussions with victims or suspects, reading an individual's criminal history or other protected information, or handling any police department equipment.
- (c) Participation may be terminated at any time by the member if the participant interferes with the performance of the member's duties.
 1. If the ride-along is in progress, the member may return the participant to the point the ride originated.
- (d) Participants may be allowed to continue a ride-along during the transportation and booking process, provided it does not jeopardize their safety.
- (e) Members will not allow participants to be present in any location or situation that would jeopardize the participant's safety or cause undue stress or embarrassment to a victim or any other member of the public.
- (f) Participants who are not law enforcement officers shall not be permitted to accompany the department member into a private residence without the express consent of the resident or other authorized person.

The member assigned to provide a ride-along shall advise the dispatcher that a ride-along participant is present in the vehicle before going into service. An officer with a ride-along participant should use sound discretion when encountering a potentially dangerous situation, such as a high-speed pursuit and, if feasible, let the participant out of the vehicle in a well-lit public place. The dispatcher will be advised of the situation and as soon as practicable have another department member respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride, or is otherwise inappropriate, should be immediately reported to the Shift Commander. The member should enter comments regarding the reasons for terminating the ride-along on the waiver form.

Hazardous Material Response

406.1 PURPOSE AND SCOPE

Exposure to hazardous materials presents potential harm to department members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities.

406.1.1 DEFINITIONS

Definitions related to this policy include:

Hazardous material - A substance which, by its nature, containment or reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

406.2 POLICY

It is the policy of the Traverse City Police Department to respond to hazardous material emergencies with due regard for the safety of the public and those members responding to such incidents.

406.3 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When members come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond to and mitigate most incidents involving hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training. A responder entering the area may require decontamination before he/she is allowed to leave the scene, and should be evaluated by appropriate technicians and emergency medical services personnel for signs of exposure.

406.4 CONSIDERATIONS

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make the initial assessment of a potentially hazardous material from a safe distance.
- (b) Notify Central Dispatch, appropriate supervisors, the appropriate fire department and hazardous response units.
 1. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
- (c) Wear personal protective gear, being cognizant that some hazardous material can be inhaled.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Hazardous Material Response

- (d) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- (e) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars or spotting scopes) if they are available. Identification can be determined by:
 - 1. Placards or use of an emergency response guidebook.
 - 2. Driver's statements or shipping documents from the person transporting the material.
 - 3. Information obtained from any involved person with knowledge regarding the hazardous material. Information should include:
 - (a) The type of material.
 - (b) How to secure and contain the material.
 - (c) Any other information to protect the safety of those present, the community and the environment.
- (f) Provide first aid to injured parties if it can be done safely and without contamination.
- (g) Make reasonable efforts to secure the scene to prevent access from unauthorized individuals and to protect and identify any evidence.
- (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered; mandatory evacuation may be necessary and will depend on the type of material.
- (i) Establish a decontamination area when needed.
- (j) Activate automated community notification systems, if applicable.
- (k) Notify the local fire department, the state bureau of fire services and the state police, if not already notified (MCL 29.5g; MCL 480.19).

406.5 REPORTING EXPOSURE

Department members who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in an incident report that shall be forwarded via chain of command to the Shift Commander as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

Injury or illness caused or believed to be caused by exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report as applicable.

Hazardous Material Response

406.5.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that a member has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to mitigate the exposure or continued exposure.

To ensure the safety of members, safety equipment is available from supervisors. Safety items not maintained by this department may be available through the appropriate fire department or emergency response team.

406.6 TRAINING

The Training Manager shall ensure initial hazardous material training is provided to new members and annual refresher training is provided for those members who, in the course of performing normal duties, may encounter an emergency involving hazardous materials.

Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is:

- Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.
- Unlawfully held against his/her will under threat or actual use of force.

407.2 POLICY

It is the policy of the Traverse City Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

407.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands, and the available resources.

407.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Hostage and Barricade Incidents

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. In the interim, the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt to obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer (PIO).
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

Traverse City Police Department

- (k) Establish a command post.

407.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated, if practicable, pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the PIO.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

Hostage and Barricade Incidents

407.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting Emergency Response Team (ERT) response if appropriate and apprising the ERT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized assignment members, additional department members, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct nonessential personnel away from the scene unless they have been summoned by the supervisor or Central Dispatch.
- (i) Identify a media staging area outside the outer perimeter and have the department PIO or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

407.6 ERT RESPONSIBILITIES

It will be the ERT Commander's decision, with input from the Incident Commander, whether to deploy the ERT during a hostage or barricade situation. Once the ERT Commander authorizes deployment, the ERT Commander or the authorized designee will be responsible for the tactical response and negotiations. The Incident Commander shall continue to supervise the command post operation, outer perimeter security, evacuation and media access, and will support the ERT. The Incident Commander and the ERT Commander or the authorized designees shall maintain direct communications at all times.

407.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Traverse City Police Department in their initial response to incidents involving explosives or explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

408.2 POLICY

It is the policy of the Traverse City Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

408.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Commander is immediately advised and informed of the details. This will enable the Shift Commander to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

408.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

408.4.1 TRAVERSE CITY POLICE DEPARTMENT FACILITY

If the bomb threat is against the Traverse City Police Department facility, the Shift Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

408.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Traverse City Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Commander deems appropriate.

Traverse City Police Department

Response to Bomb Calls

408.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

408.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of Traverse City, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

408.5.1 ASSISTANCE

The Shift Commander should be notified when police assistance is requested. The Shift Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Shift Commander determine that the Department will assist or control such an incident, he/she will determine:

Response to Bomb Calls

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

408.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes:
 - 1. Two-way radios.
 - 2. Cell phones.
 - 3. Other personal communication devices.
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.

- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Shift Commander including:
 - 1. The time of discovery.
 - 2. The exact location of the device.
 - 3. A full description of the device (e.g., size, shape, markings, construction).
 - 4. The anticipated danger zone and perimeter.
 - 5. The areas to be evacuated or cleared.

408.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, contamination of the scene by gathering crowds, or any additional damage from fires or unstable structures.

408.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

408.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services

- Field supervisor
- Shift Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)

408.8 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

408.8.1 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Commander should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be embedded in nearby structures or hanging in trees and bushes.

Crisis Intervention Incidents

409.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

409.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; noncompliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

409.2 POLICY

The Traverse City Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved. It is the policy of the Traverse City Police Department to respond to incidents involving individuals with mental or behavioral health problems with professionalism, compassion, and concern for the safety of all involved.

During these incidents' officers may use the Crisis Intervention Team (CIT) as a resource for identifying and providing services for the individual in crisis.

[Procedure Manual: 409.1 CRISIS INTERVENTION TEAM](#)

409.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt

Crisis Intervention Incidents

- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation or lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Members should be aware that this list is not exhaustive. The presence or absence of any of these signs should not be treated as proof of the presence or absence of a mental health issue or crisis.

409.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Division Commander to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

409.4.1 COUNTY INTERAGENCY AGREEMENT

The Department will actively participate in the county interagency agreement regarding assistance for individuals with serious mental illnesses (MCL 330.1207a).

409.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.

Traverse City Police Department

TCPD Policy Manual

Crisis Intervention Incidents

- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

Officers should follow all procedures set forth by the county interagency agreement when responding to individuals in crisis (MCL 330.1207a).

409.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm and courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (i.e., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

409.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Crisis Intervention Incidents

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents or suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

409.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Absent an imminent threat to the public, consider strategic disengagement. This may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

In the absence of a supervisor during the initial patrol response to a crisis incident, the senior CIT Officer on scene has the authority to direct police activities. The CIT Officer shall relinquish such authority when relieved by or at the direction of a supervisor. Non-CIT trained supervisors shall confer when possible with CIT officers in a unified effort to obtain a positive outcome in a crisis incident.

409.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

409.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Civil Commitments Policy.

409.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian or clerical members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

409.11 EVALUATION

The Division Commander designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

409.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide initial comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

409.12.1 TRAINING FREQUENCY

The Department shall provide members with annual refresher training on dealing with emotionally impaired persons and persons suffering from mental disturbances or emotional crises.

409.13 THE INTERNATIONAL ASSOCIATION OF CHIEFS OF POLICE ONE MIND CAMPAIGN

The Traverse City Police Department is committed to voluntary compliance with the criteria and requirements established in the International Association of Chiefs of Police, One Mind Campaign.

The One Mind Campaign seeks to ensure successful interactions between police officers and persons affected by mental illness. The initiative focuses on uniting local communities, public safety organizations, and mental health organizations so that the three become "of one mind." To join the campaign, law enforcement agencies must pledge to implement four promising practices over a 12-36 month time frame.

These practices include:

Traverse City Police Department

Crisis Intervention Incidents

- (a) Establishing a clearly defined and sustainable partnership with a community mental health organization.
- (b) Developing a model policy to implement police response to persons affected by mental illness.
- (c) Training and certifying sworn officers and selected non-sworn staff in mental health first aid training or other equivalent mental health awareness course.
- (d) Providing crisis intervention team training.

Civil Commitments

410.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place a person under civil commitment (MCL 330.1427).

410.2 POLICY

It is the policy of the Traverse City Police Department to protect the public and individuals through legal and appropriate use of civil commitment process.

410.3 AUTHORITY

An officer may take into protective custody and transport to a preadmission screening unit or other designated site any person who the officer observes acting in a manner that causes the officer to reasonably believe the person requires treatment as defined in MCL 330.1401 (MCL 330.1427).

An officer shall take a person into protective custody and transport him/her immediately to the preadmission screening unit or designated hospital when ordered to do so by the court or when presented with a petition for hospitalization and a clinical certificate by a medical doctor or licensed psychologist (MCL 330.1426; MCL 330.1455; MCL 330.1436; MCL 330.1438; MCL 330.1469a; MCL 330.1475). An officer taking a person into protective custody shall inform the person that he/she is not under arrest (MCL 330.1427a(2)).

410.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for civil commitment, he/she may inquire as to whether the person desires to be voluntarily evaluated at an appropriate facility. If the person so desires, the officer should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person.
- (b) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

If at any point the person changes his/her mind regarding voluntary evaluation, the officers should proceed with the application for hospitalization, if appropriate.

410.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving a person who may qualify for detention for the purpose of civil commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the possible cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Civil Commitments

- (d) Community or other resources that may be readily available to assist with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Civil commitments should be preferred over arrest for people who have mental health issues and are suspected of committing minor crimes or creating other public safety issues.

410.5 TRANSPORTATION

When transporting any individual for civil commitment, the transporting officer should have Central Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in the patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Shift Commander approval is required before transport commences.

410.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for hospitalization and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

410.7 DOCUMENTATION

The officer who determines a person is in need of treatment and takes the person into protective custody for a civil commitment shall complete a petition for hospitalization, provide it to the facility staff member assigned to the person, and retain a copy for inclusion in the case report (MCL 330.1427).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

The officer shall also prepare a report indicating the date, time, and place of the protective custody. The report shall not be treated as an arrest or criminal record (MCL 330.1427a).

410.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody through a civil commitment should resolve the criminal matter by issuing a warning or a citation, as appropriate.

When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the detention.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for civil commitment.

In the supervisor's judgment, the individual may instead be transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

410.9 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a civil commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent) (MCL 330.1427a(1)).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officer should further advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody.

410.10 TRAINING

All officers shall receive initial training and refresher training every three years on civil commitments and crisis intervention; annually for mentally disabled persons.

Appearance Ticket

411.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Traverse City Police Department with guidance on when to release adults who are suspected offenders on an appearance ticket for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Violence Policy.

411.2 POLICY

The Traverse City Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on an appearance ticket, when authorized to do so.

411.3 RELEASE

A suspected offender shall be released on issuance of an appearance ticket for an arrest on a misdemeanor or ordinance violation that is punishable by not more than one year in jail and/or a fine except (MCL 764.9c):

- (a) In cases where a reason for non-release as described in this policy exists.
- (b) In cases that involve one of the following: assault, assault and battery, aggravated assault involving domestic violence or a violation involving domestic violence, or an operating while intoxicated offense.

A suspected offender may also be released on issuance of an appearance ticket for an arrest without a warrant on any other misdemeanor or ordinance violation except in cases where a prohibition on release as described in this policy exists (MCL 764.9c).

The issued appearance ticket should be forwarded to the court and/or prosecuting attorney for review as soon as practicable (MCL 764.9c).

411.3.1 REASONS FOR NON-RELEASE

A suspected offender arrested for a misdemeanor or ordinance violation requiring release on an appearance ticket may be taken into custody if a reason for non-release exists. The Shift Commander may authorize release on a citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult) (MCL 764.9c).

Reasons for non-release are (MCL 764.9c):

- (a) The suspected offender refuses to follow the reasonable instructions of the officer.
- (b) The suspected offender will not offer satisfactory evidence of identification.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

- (c) There is a reasonable likelihood that the offense will continue or resume, or that another person or property will be endangered if the arrestee is released.
- (d) The suspected offender presents an immediate danger to him/herself or requires immediate medical attention.
- (e) The suspected offender requests to be taken immediately before a magistrate.
- (f) Any other reason that the officer deems reasonable as articulated in the arrest report.

411.3.2 ADDITIONAL REQUIREMENTS

When a suspected offender arrested for a misdemeanor offense is not released on an appearance ticket, the officer shall (MCL 764.9c):

- (a) Take the arrested person before a magistrate.
- (b) Promptly file a complaint.
- (c) Specify the reason for non-release in the arrest report.
- (d) Forward that report to the prosecuting authority without delay.

411.4 PROHIBITIONS

The release of a suspected offender on an appearance ticket is not permitted when the person (MCL 764.9c; MCL 764.13):

- (a) Is arrested on a felony charge.
- (b) Has not met a condition of bond or release.
- (c) Is arrested for a serious misdemeanor (MCL 780.811).
- (d) Is arrested for any other assaultive crime (MCL 770.9a).

See the Domestic Violence Policy for release restrictions related to those investigations.

411.5 CONSIDERATIONS

In determining whether to issue an appearance ticket to a person when discretion is permitted, officers should consider:

- (a) The type of offense committed.
- (b) The known criminal history of the suspected offender.
- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

Foreign Diplomatic and Consular Representatives

412.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Traverse City Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

412.2 POLICY

The Traverse City Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

412.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol or, in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll-free at 866-217-2089, or at another current telephone number, and inform the center of the circumstances.
- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

412.4 ENFORCEMENT ACTION

- (a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear.
- (b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.
- (c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
 1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving, may proceed but they shall not be compelled.
- (d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:
 1. Diplomatic-level staff of missions to international organizations and recognized family members
 2. Diplomatic agents and recognized family members
 3. Members of administrative and technical staff of a diplomatic mission and recognized family members
 4. Career consular officers, unless the person is the subject of a felony warrant
- (e) The following persons may generally be detained and arrested:
 1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents
 2. Support staff of missions to international organizations
 3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries
 4. Honorary consular officers

412.5 DOCUMENTATION

All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

- (a) This table represents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.
- (b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety or the prevention of serious criminal acts.
- (c) A small number of senior officers are entitled to be treated identically to diplomatic agents.
- (d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.

Rapid Response and Deployment

413.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist officers in situations that call for rapid response and deployment.

413.2 POLICY

The Traverse City Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those who are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

413.3 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

413.4 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to incidents at other locations.

When deciding on a course of action officers should consider:

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Rapid Response and Deployment

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advancement or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In the case of a barricaded or trapped suspect, with no hostages and no immediate threat to others, officers should consider covering escape routes and evacuating persons as appropriate, while summoning and waiting for additional assistance (e.g., special tactics and/or hostage negotiation team response).

413.5 PLANNING

The Patrol Services Division Commander should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment venues and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

413.6 TRAINING

The Training Manager should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment venues and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Traverse City Police Department relating to immigration and interacting with federal immigration officials.

414.2 POLICY

It is the policy of the Traverse City Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

414.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Michigan constitutions.

414.4 DETENTIONS

An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

An officer should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Immigration Violations

414.4.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

414.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

414.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

414.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state, or local government entity

414.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

414.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Immigration Violations

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Detective Bureau supervisor assigned to oversee the handling of any related case.

The Detective Bureau supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

414.9 TRAINING

The Training Manager shall ensure officers receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Utility Service Emergencies

415.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for addressing City utility service emergencies. This policy will address calls for service that are directed to the Police Department.

415.2 POLICY

It is the policy of the Traverse City Police Department to appropriately respond to City emergency utility service requests received by this department.

415.3 UTILITY SERVICE EMERGENCY

A current contact list of City personnel to be notified in the event of a utility service emergency should be available in Central Dispatch.

415.3.1 WATER LINES

The City's responsibility for water lines ends at the water meter; any break or malfunction in the water system from the water meter to a residence or business is the responsibility of the customer.

If a water line break occurs on the City side of the water meter, public works personnel should be notified as soon as practicable. If the break occurs on the customer side of the meter, reasonable attempts should be made to contact the property owner.

415.3.2 ELECTRICAL LINES

When a power line poses a hazard, a member of this department should be dispatched to the reported location to protect against personal injury or property damage that might be caused by the power line. The fire department, electric company and/or the public works department should be promptly notified, as appropriate.

415.3.3 RESERVOIRS, PUMPS, WELLS

In the event of flooding or equipment malfunctions involving City reservoirs, pumps or wells, the public works department should be contacted as soon as practicable.

415.3.4 NATURAL GAS LINES

All reports of a possible leak of natural gas or damage to a natural gas line shall promptly be referred to the fire department and the local entity responsible for gas lines. A member of this department should be dispatched to the reported location if it appears that assistance such as traffic control or evacuation is needed.

415.3.5 TRAFFIC SIGNALS

A member of this department should be dispatched upon report of a damaged or malfunctioning traffic signal in order to protect against personal injury or property damage that might occur as the result of the damaged or malfunctioning signal. The member will advise the Shift Commander and Central Dispatch of the problem with the traffic signal.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Utility Service Emergencies

The dispatcher should make the necessary notification to the appropriate traffic signal maintenance agency as soon as practicable.

The Shift Commander shall be responsible for the decision as to whether or not traffic direction is conducted by members of this department. Once underway, direction will continue until the malfunction is corrected or some other type of acceptable control device is in place.

A decision to place a signal on flash should include a consultation by the Shift Commander with the appropriate traffic signal maintenance agency, unless exigent circumstances exist.

Aircraft Accidents

416.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

416.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

416.2 POLICY

It is the policy of the Traverse City Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

416.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

416.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Aircraft Accidents

416.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)
- (d) As specified in the Major Incident Notification policy

416.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Medical Examiner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

416.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.

416.8 DOCUMENTATION

All aircraft accidents occurring within the City of Traverse City shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of TCPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

416.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.

416.9 MEDIA RELATIONS

In the event of an aircraft crash, the department shall assign a Public Information Officer (PIO). The PIO should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Field Training

417.1 PURPOSE AND SCOPE

This policy provides guidelines for field training that ensure standardized training and evaluation; facilitate the transition from the academic setting to the actual performance of general law enforcement duties; and introduce the policies, procedures and operations of the Traverse City Police Department. The Patrol Division Commander in conjunction with the Field Training Supervisor should complete an annual report to the Chief of Police concerning the progress and status of Field Training Program.

Air Support

418.1 PURPOSE AND SCOPE

The use of air support can be invaluable in certain situations. This policy specifies situations where the use of air support may be requested and the responsibilities for making a request.

418.2 POLICY

It is the policy of the Traverse City Police Department to prioritize requests for air support to enhance law enforcement objectives and provide additional safety to officers and the community.

418.3 REQUEST FOR AIR SUPPORT

If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support may be made.

418.3.1 CIRCUMSTANCES FOR REQUESTS

Law enforcement air support may be requested under conditions that include, but are not limited to:

- (a) When the safety of officers or the community is in jeopardy and the presence of air support may reduce such hazard.
- (b) When the use of air support will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to officers or the community.
- (c) When air support is needed to locate a person who is lost and whose continued absence constitutes a serious health or safety hazard.
- (d) Vehicle pursuits.
- (e) Pre-planned events or actions that require air support.
- (f) Due to a request under an existing mutual aid agreement.
- (g) When the Shift Commander or equivalent authority determines a reasonable need exists.

- (a) The Michigan State Police will be the provider of air support in most cases.
- (b) The United States Coast Guard may also be a provider of air support especially in search and rescue missions.
- (c) When authorized by the governor, state military resources may also be made available (MCL 32.559; MCL 32.579).
 - 1. State military resources are defined as the Michigan National Guard.

Contacts and Temporary Detentions

419.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio/Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

419.2 POLICY

The Traverse City Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations and constitutional safeguards.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Contacts and Temporary Detentions

419.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Traverse City Police Department to strengthen community involvement, community awareness and problem identification.

419.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include, but are not limited to, an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

419.4 PAT-DOWN SEARCHES

Once a lawful contact and detention has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include, but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Contacts and Temporary Detentions

- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

419.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

419.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

419.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

419.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Shift Commander with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Shift Commander should review and forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Shift Commander will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Central Records Division.

Contacts and Temporary Detentions

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

419.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

419.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

420.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Traverse City Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

420.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

420.2 POLICY

The Traverse City Police Department recognizes that certain criminal activities, including, but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

420.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20. Interstate law enforcement intelligence organizations must comply with MCL 752.2 or MCL 752.3.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

420.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Central Records Division.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Criminal Organizations

Any supporting documentation for an entry shall be retained by the Central Records Division in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Central Records Division are appropriately marked as intelligence information. The Records Supervisor may not purge such documents without the approval of the designated supervisor.

420.3.2 INTERSTATE LAW ENFORCEMENT INTELLIGENCE ORGANIZATIONS

The Chief of Police shall assign a member the responsibility of maintaining a list of interstate intelligence databases organizations that are approved for use. The assigned member shall also notify the legislature and the governor of its membership in any interstate law enforcement intelligence organization no later than February 1 of each year (MCL 752.2; MCL 752.3; MCL 752.4).

420.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

420.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Central Records Division or Property and Evidence Section, but should be copies of, or references to, retained documents, such as copies of reports, FI forms, Central Dispatch records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

420.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

420.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Manager to train members to identify information that may be particularly relevant for inclusion.

420.5.1 INFORMING THE CHIEF OF POLICE

Department supervisors responsible for special investigations involving criminal activity associated with organized crime, narcotics, and vice crimes shall inform the Chief of Police of activities related to special investigations as appropriate.

420.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

420.7 CRIMINAL STREET GANGS

The Detective Bureau supervisor should ensure that there are an appropriate number of department members who can:

Criminal Organizations

- (a) Testify as experts on matters related to criminal street gangs and maintain an above-average familiarity with MCL 750.411u.
- (b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

- (a) The protection of civil liberties.
- (b) Participation in a multi-agency criminal intelligence system.
- (c) Submission of information into a multi-agency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Shift Commanders

421.1 PURPOSE AND SCOPE

This policy provides guidelines for the designation of a Shift Commander and, as needed, an acting Shift Commander for each shift.

421.2 POLICY

Each shift will be directed by a Shift Commander capable of making decisions and managing in a manner consistent with the mission of the Traverse City Police Department. To accomplish this, a Sergeant shall be designated as the Shift Commander for each shift.

421.3 DESIGNATION AS ACTING SHIFT COMMANDER

With prior authorization from the Patrol Services Division Commander, generally when a Sergeant is unavailable for duty as Shift Commander, a qualified lower-ranking member shall be designated as acting Shift Commander in accordance with the terms of applicable collective bargaining agreements and the Temporary Supervisors subsection of the Supervision Staffing Levels Policy.

421.4 SHIFT COMMANDER RESPONSIBILITIES

The Shift Commander shall have overall responsibility and accountability for the operation of this department on an assigned shift. Duties may include, but are not limited to:

Mobile Audio/Video

422.1 PURPOSE AND SCOPE

The Traverse City Police Department has equipped marked law enforcement vehicles with Mobile Audio/Video (MAV) recording systems to provide records of events and to assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

422.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV/MVR system to transmit or store video or audio data in an active mode.

In-car camera system and MAV system - Synonymous terms that refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes, at a minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods and storage and retrieval methods and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio/video signals recorded or digitally stored on a storage device or portable media.

422.2 POLICY

It is the policy of the Traverse City Police Department to use mobile audio/video technology to more effectively fulfill the mission of the Department and to ensure these systems are used securely and efficiently.

422.3 OFFICER RESPONSIBILITIES

If assigned properly functioning MAV equipment, prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Traverse City Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the MAV system's operation in accordance with manufacturer specifications and department operating procedures and training.

If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

422.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the vehicle's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record.

422.4.1 REQUIRED ACTIVATION OF THE MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Pedestrian checks
 - 9. Operating while intoxicated (OWI) investigations, including field sobriety tests
 - 10. Consensual encounters
 - 11. Crimes in progress
 - 12. Responding to an in-progress call
- (b) All self-initiated activity in which an officer would normally notify Central Dispatch
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect, including:
 - 1. Domestic violence
 - 2. Disturbance of the peace

Traverse City Police Department

Mobile Audio/Video

3. Offenses involving violence or weapons
 - (d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording
 - (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

Activation of the MAV system is not required when exchanging information with other officers, during breaks or lunch periods, or when not in service or not actively on patrol.

422.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For the purpose of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

422.4.3 SURREPTITIOUS RECORDING

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

422.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Central Dispatch.

At reasonable intervals, supervisors should validate that:

- (a) Beginning and end-of-shift recording procedures are followed.
- (b) Logs reflect the proper chain of custody, including:
 1. The tracking number of the MAV system media.
 2. The date the media was issued.
 3. The name of the department member or the vehicle to which the media was issued.
 4. The date the media was submitted for retention.
 5. The name of the department member submitting the media.
 6. Holds for evidence indication and tagging as required.
- (c) The operation of MAV systems by new members is assessed and reviewed no less than biweekly.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Mobile Audio/Video

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved traffic accidents), a supervisor shall respond to the scene and ensure that the appropriate person properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.

422.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the Department is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the Department, MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

- (a) By officers for use when preparing reports or statements
- (b) By a supervisor investigating a specific act of officer conduct
- (c) By a supervisor to assess officer performance
- (d) To assess proper functioning of MAV systems
- (e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By department personnel who request to review recordings
- (g) By an officer who is captured on or referenced in the video or audio data, and reviews and uses such data for any purpose relating to his/her employment
- (h) By court personnel through proper process or with the permission of the Chief of Police or the authorized designee
- (i) By the media through proper process
- (j) To assess possible training value
- (k) For training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the command staff to determine if the training value outweighs the officer's objection.
- (l) As may be directed by the Chief of Police or the authorized designee

Members desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Shift Commander. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any member.

422.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

422.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of 180 days and disposed of in accordance with the established records retention schedule.

[City of Traverse City, TCPD Records Retention Schedule](#)

422.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

422.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense or to a potential claim against the officer or against the Traverse City Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

422.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.

Mobile Audio/Video

- (d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.
- (e) Officers using digital transmitters that are synchronized to their individual MAVs shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
- (f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.
- (g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.

422.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

- (a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.
- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
 - 1. Ensures it is stored in a secure location with authorized controlled access.
 - 2. Makes the appropriate entries in the chain of custody log.
- (c) Erasing of media:
 - 1. Pursuant to a court order.
 - 2. In accordance with the established records retention schedule, including reissuing all other media deemed to be of no evidentiary value.
- (d) Assigning all media an identification number prior to issuance to the field:
 - 1. Maintaining a record of issued media.
- (e) Ensuring that an adequate supply of recording media is available.
- (f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the established records retention schedule.

422.10 TRAINING

All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

Mobile Data Terminal Use

423.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Terminal (MDT) system in order to ensure proper access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and Central Dispatch.

423.2 POLICY

Traverse City Police Department members using the MDT shall comply with all appropriate federal and state rules and regulations and shall use the MDT in a professional manner, in accordance with this policy. All members are required to follow the rules, regulations, and user agreements of the Federal Communications Commission (FCC), Law Enforcement Information Network (LEIN), National Crime Information Center (NCIC), Federal Bureau of Investigations (FBI), and Criminal Justice Information Services (CJIS).

423.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

423.4 RESTRICTED ACCESS AND USE

MDT use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors or Shift Commanders.

Prior to accessing the MDT system, members must successfully complete the LEIN Operator Certification Test and abide by all LEIN and CJIS user agreements.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks or communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Mobile Data Terminal Use

423.4.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

423.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDT unless security or confidentiality prevents such broadcasting.

MDT and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDT.

423.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDT system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDT.

423.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Shift Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are handling a different emergency.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Mobile Data Terminal Use

423.6 STORAGE AND RETENTION OF MOBILE DATA

Transactions through the operating system and data usage through the MDT are stored and retained on the Grand Traverse County Information Services server, through the Grand Traverse County's network.

Information involving the use of the Talon software is stored and retained via the server maintained by the Grand Traverse County Central Dispatch Authority, for a period of 180 days. All transactions and queries involving the use of LEIN are stored and retained in the same manner. All transactions, queries, and messages involving LEIN are encrypted and meet all CJIS guidelines.

423.7 EQUIPMENT CONSIDERATIONS

423.7.1 MALFUNCTIONING MDT

Whenever possible, members will not use vehicles with malfunctioning MDTs. Whenever members must drive a vehicle in which the MDT is not working, they shall notify Central Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

423.7.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDTs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDT could cause some devices to detonate.

Portable Audio/Video Recorders

424.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices, handling, retention, and security by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand-held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Traverse City Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

424.2 POLICY

The Traverse City Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

424.3 COORDINATOR

The Chief of Police or the authorized designee should designate a coordinator responsible for:

- (a) Establishing and maintaining procedures for the security, storage and maintenance of data and recordings.
- (b) Establishing and maintaining procedures for accessing data and recordings.
- (c) Establishing and maintaining procedures for logging or auditing access.
- (d) Establishing and maintaining procedures for transferring, downloading, tagging or marking events.

424.4 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity of this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

424.5 MEMBER RESPONSIBILITIES

Dependent on availability and prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder, issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the recorder in a conspicuous manner, above the midline in the center of their torso or otherwise notify persons that they are being recorded whenever reasonably practicable.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Portable Audio/Video Recorders

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a recorder, the assigned member shall record his/her name, TCPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

424.6 ACTIVATION OF THE AUDIO/VIDEO RECORDER

This policy is not intended to describe every possible situation in which the recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The recorder should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview situations
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
- (c) Self-initiated activity in which an officer would normally notify Central Dispatch
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. If an officer has determined that they are able to stop the recording, the officer should first request either an audio or video only continuation of the recording before disabling the audio/video recorder in full. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Portable Audio/Video Recorders

424.6.1 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

424.6.2 DEACTIVATING THE AUDIO OR VIDEO OF THE AUDIO VIDEO RECORDER

The expectation is for audio and video to be captured throughout the entire activation of a portable audio/video recorder. Members may temporarily deactivate the audio portion by engaging the mute option on the device. Members may deactivate the video portion by stopping the recording and starting a new audio only recording. The reason for the audio or video deactivation must be recorded verbally prior to the audio or video deactivation and the audio or video should be reactivated when reasonably practicable.

For the purpose of this section, audio recording may be deactivated for the following reasons:

- (a) Personal conversations unrelated to the incident
- (b) Member to member training (FTO or FTO Supervisor speaking with member in training)
- (c) Consultation with a supervisor or other member
- (d) Consultation with the City Attorney's Office or Prosecuting Attorney's Office
- (e) Law Enforcement Sensitive conversations with undercover officers
- (f) Tactical planning

For the purpose of this section, video recording may be deactivated for the following reason:

- (a) Whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest.

Members should note the deactivation of any recordings in the corresponding incident report.

424.6.3 SURREPTITIOUS USE OF THE AUDIO/VIDEO RECORDER

Michigan law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission. Members may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

424.6.4 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

424.6.5 REMOTE ACTIVATION

Supervisors may activate the portable audio/video recorders system remotely to monitor a developing situation, such as a chase, riot, or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the system for the purpose of monitoring the conversations or actions of an officer.

424.7 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in an official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Shift Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

424.8 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

424.8.1 CASE BUILDING

There are circumstances that require the creation of a case within the Portable Audio/Video enterprise software. Those circumstances include but are not limited to the following:

- (a) If you are sending a report to the prosecuting attorney's office.
- (b) If you are referring a report to the Detective Bureau.

424.9 RETENTION OF RECORDINGS

All recordings shall be retained for a period consistent with the requirements of the established records retention schedule.

All recordings that are the subject of ongoing criminal, administrative or civil investigations or legal proceedings shall be retained until the completion of the investigation or proceeding (MCL 780.316).

All recordings relevant to a formal complaint against a member or the Department in general shall be retained for a period consistent with the requirements of the established records retention schedule but in no event for a period less than three years (MCL 780.316).

[See attachment: Traverse City General Law Enforcement Retention Schedule.pdf](#)

424.9.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

424.10 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource. (See the Officer-Involved Shootings and Deaths Policy for guidance in those cases.) However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing a member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

Traverse City Police Department

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy should not be publicly released unless disclosure is required by law or order of the court.

424.11 TRAINING

All members who are authorized to use departmentally approved audio/video systems shall successfully complete an approved course of instruction prior to its use and receive ongoing periodic training.

424.12 SUPERVISOR RESPONSIBILITIES

Supervisors should at reasonable intervals validate that:

- (a) Beginning and end-of-shift recording procedures are followed.
- (b) Logs reflect the proper chain of custody, including:
 1. The tracking number of the portable recorder.
 2. The date the recorder was issued.
 3. The name of the department member to which the portable recorder was issued.
 4. The date the media was submitted for retention.
 5. The name of the department member submitting the media.
 6. Holds for evidence indication and tagging as required.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved traffic accidents), a supervisor shall respond to the scene and ensure that the appropriate person properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Public Recording of Law Enforcement Activity

425.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

425.2 POLICY

The Traverse City Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

425.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officer, him/herself or others.

425.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Public Recording of Law Enforcement Activity

example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

425.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of department members, such as how and where to file a complaint.

425.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Bicycle Patrol

426.1 PURPOSE AND SCOPE

This policy establishes guidelines for the Traverse City Police Department to safely and effectively use bicycle patrol for the purpose of enhancing field patrol efforts in the community.

426.2 POLICY

It is the policy of the Traverse City Police Department that patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. The use of the patrol bicycle will emphasize officer mobility and department visibility in the community.

426.3 OPERATIONS

Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas, and the quiet operation of the patrol bicycle can facilitate a tactical approach to crimes in progress. Patrol bicycles may be deployed to any area, at any hour of the day or night, according to department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the bicycle patrol coordinator or the Shift Commander.

426.4 SELECTION

Upon posting of an open position, interested officers who are off probation shall submit a memorandum of interest to their appropriate Division Commanders. A copy will be forwarded to the bicycle patrol coordinator. Qualified applicants will then be invited to an oral interview. The oral interview will be conducted by the coordinator and a second person to be selected by the coordinator.

Interested officers shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance
- (b) Special skills or training as it pertains to the assignment
- (c) Good physical condition
- (d) Willingness to perform duties using the bicycle as a mode of transportation

426.4.1 OFFICER RESPONSIBILITIES

Officers should operate the bicycle in compliance with the vehicle code under normal operation, unless their duties require otherwise (MCL 257.656 et seq.).

Officers may operate the bicycle without lighting equipment during hours of darkness only when it reasonably appears necessary for officer safety or tactical considerations. Officers must use caution and care when operating bicycles without lighting equipment or when they are operating in violation of the rules of the road.

Officers are exempt from the rules of the road under the following conditions (MCL 257.603):

- (a) In response to an emergency call

- (b) While engaged in rescue operations
- (c) In the immediate pursuit of an actual or suspected violator of the law

426.5 BICYCLE PATROL COORDINATOR

The Chief of Police shall delegate certain responsibilities to a bicycle patrol coordinator. The coordinator shall be appointed by and directly responsible to the Patrol Services Division Commander or the authorized designee.

The coordinator may appoint a senior bicycle patrol officer or other designee to assist in the coordination of bicycle patrol officers and their activities.

The responsibilities of the coordinator include, but are not limited to:

- (a) Organizing bicycle patrol training.
- (b) Inspecting and maintaining an inventory of patrol bicycles and program equipment.
- (c) Inspecting, no less than every three months, bicycles that are not in active service and documenting that they are in serviceable condition.
- (d) Scheduling maintenance and repairs.
- (e) Evaluating the performance of bicycle patrol officers.
- (f) Coordinating activities with the Patrol Services Division.
- (g) Other activities as required to maintain the efficient operation of bicycle patrol.

426.6 PATROL BICYCLE

Bicycle patrol officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

Patrol bicycles shall be primarily black, white or gray in color with a "Police" decal affixed to each side of the crossbar or the bicycle's gear bag. Every patrol bicycle shall be equipped with:

- (a) Front and rear reflectors.
- (b) A siren and horn.
- (c) A steady or flashing blue and red warning light that is visible from the front, sides or rear of the bicycle.
- (d) A rear rack and/or gear bag sufficient to carry all necessary equipment to handle routine patrol calls, including report writing, vehicle storage and citations.
- (e) A gear bag that shall include a first-aid kit, tire pump, repair tool, tire tube, security lock, high-visibility vest and equipment information and use manuals. These items are to remain with/on the patrol bicycle at all times.

Patrol bicycles shall be properly secured when not in the officer's immediate presence.

426.6.1 TRANSPORTING THE PATROL BICYCLE

The patrol bicycle should be transported using an acceptable mean of transport to include a vehicle bicycle rack, inside a van or a pick-up bed. Due to possible component damage, transportation of the patrol bicycle in a vehicle trunk or on a law enforcement vehicle push-bumper is discouraged.

426.6.2 MAINTENANCE

- (a) Bicycle patrol officers shall conduct an inspection of the patrol bicycle and equipment prior to use to ensure proper working order of the equipment.
- (b) Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).
 - 1. Each patrol bicycle will have scheduled maintenance twice yearly to be performed by a repair shop or technician approved by the Department.
- (c) Officers shall not modify the patrol bicycle or remove, modify or add components to the patrol bicycle except with the express approval of the bicycle patrol coordinator, or in the event of an emergency.
- (d) If a needed repair is beyond the ability of the bicycle patrol officer, a repair work order will be completed and forwarded to the coordinator for repair by a technician approved by the Department.
- (e) Patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty.
 - 1. During prolonged periods of nonuse, each bicycle patrol officer assigned a patrol bicycle shall periodically rotate the batteries on the respective chargers to increase battery life.
- (f) At the end of a patrol bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

426.7 UNIFORMS AND EQUIPMENT

Officers shall wear uniforms and safety equipment in accordance with the Uniforms and Civilian Attire Policy.

The uniform consists of a modified Class B Uniform to include the standard short-sleeve uniform shirt or other department-approved shirt, with Traverse City Police Department badge and patches, and department-approved bicycle patrol pants or shorts. Optional attire may include, but is not limited to, a jacket in colder weather and turtleneck shirts or sweaters when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on load bearing vests and duty belts as they would on regular patrol assignments. Assignment-specific safety equipment should include, but is not limited to, department-approved helmet, a radio headset and microphone, riding gloves, protective eyewear and approved footwear.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

426.8 TRAINING

Officers must complete an initial department-approved bicycle-training course prior to assignment to bicycle patrol. Thereafter, bicycle patrol officers should receive twice yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include:

- (a) Bicycle patrol strategies.
- (b) Bicycle safety and accident prevention.
- (c) Operational tactics and techniques using bicycles.

Bicycle patrol officers will be required to train and qualify with their duty and secondary firearms while wearing bicycle safety equipment, including the helmet and riding gloves.

Homeless Persons

428.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that department members understand the needs and rights of the homeless, and to establish procedures to guide them during all contacts with the homeless, whether consensual or for enforcement purposes.

This policy establishes a liaison to the homeless community, addresses the responsibilities of the department member appointed to act as a liaison to the homeless, details the need for special protection and services for homeless persons and confirms the department's commitment and position in relation to the 86th District Court Community Outreach Court.

428.2 POLICY

It is the policy of the Traverse City Police Department to protect the rights, dignity and private property of all members of the community, including people who are homeless. Abuse of authority to harass any member of the community will not be permitted. The Traverse City Police Department will address the needs of homeless persons in balance with the overall mission of this department.

Homelessness is not a crime and members will not use homelessness as the sole basis for detention or law enforcement action.

428.3 LIAISON TO THE HOMELESS COMMUNITY

The Chief of Police shall delegate certain responsibilities to a liaison to the homeless community. The liaison shall be appointed by and directly responsible to the Patrol Services Division Commander or the authorized designee.

The responsibilities of the liaison include, but are not limited to:

- (a) Maintaining and making available to all department members a list of assistance programs and other resources that are available to homeless persons.
- (b) Meeting with social services and representatives of other organizations that render assistance to the homeless community.
- (c) Maintain a working relationship with area street outreach coordinators and programs in order to maintain a current working knowledge of frequent homeless encampments within and near the jurisdiction of this department.
- (d) Remaining abreast of laws dealing with homelessness, including personal property rights.
- (e) Being present during any clean-up operation conducted by this department that involves the removal of personal property of the homeless. This is to ensure that the established rights of the homeless are not violated.
- (f) Developing training to assist members in understanding current legal and social issues relating to the homeless.

428.4 FIELD CONTACTS

Officers are encouraged to contact a homeless person to render aid, offer assistance or to check on the person's welfare. Officers also will take enforcement action when information supports a reasonable and articulable suspicion of criminal activity. However, such contacts shall not be used for harassment.

When encountering a homeless person who has committed a nonviolent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions, such as shelter referrals and counseling, in lieu of an arrest and criminal charges.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate. Officers should keep in mind and relate to homeless persons that permanent housing is the end goal and focus of their and resource agency efforts.

428.4.1 CONSIDERATIONS

A homeless person will receive the same level and quality of service provided to other members of the community. The fact that a victim, witness or suspect is homeless can, however, require special consideration for a successful investigation and prosecution. When handling investigations involving victims, witnesses or suspects who are homeless, officers should consider:

- (a) Documenting alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Documenting locations the person may frequent.
- (c) Providing victim/witness resources, when appropriate.
- (d) Obtaining sufficient statements from all available witnesses in the event that a victim cannot be located and is unavailable for a court appearance.
- (e) Arranging for transportation for investigation-related matters, such as medical exams and court appearances.
- (f) Whether a crime should be reported and submitted for prosecution, even when a victim who is homeless indicates that he/she does not desire prosecution.
- (g) Whether the person may be an adult abuse victim and, if so, proceed in accordance with the Adult Abuse Policy.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Homeless Persons

428.5 MENTAL HEALTH ISSUES

When mental health issues are evident, officers should consider referring the person to the appropriate mental health agency or providing the person with contact information for mental health assistance, as appropriate. In these circumstances, officers may provide transportation to a mental health facility for voluntary evaluation if it is requested or offered and accepted by the person, and approved by a supervisor. Officers should consider detaining the person under civil commitment or an involuntary commitment when facts and circumstances reasonably indicate such a detention is warranted (see the Civil Commitments Policy).

428.6 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the community. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, it should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure it. It will be the supervisor's responsibility to coordinate its removal and safekeeping.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the homeless liaison. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the liaison.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the liaison if such property appears to involve a trespass, is a blight to the community or is the subject of a complaint. It will be the responsibility of the liaison to address the matter in a timely fashion.

428.7 ECOLOGICAL ISSUES

Sometimes homeless encampments can have an impact on the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or City departments when a significant impact to the environment has or is likely to occur. A significant impact to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

428.8 COMMUNITY OUTREACH COURT

The department has partnered with the 86th District Court in the development and operation of the Community Outreach Court program.

Traverse City Police Department

TCPD Policy Manual

Homeless Persons

The Grand Traverse County Community Outreach Court (COC) offers individuals who are experiencing homelessness or at risk of homelessness (struggling to pay rent and daily necessities) the opportunity to resolve unpaid court fines, fees, bench warrants, and open cases for civil and criminal infractions when they complete an action plan designed to address the root causes of their homelessness or risk of homelessness and criminal history. This is a voluntary program.

Community Outreach Court holds people accountable, reduces backlogs in the courts and the prosecuting attorney's office and provides an opportunity for individuals to receive services to help them move forward in their lives.

Officers are encouraged to notify qualified applicants about the program and assist the applicant and service providers in program implementation.

[Procedure Manual: 428.2 COMMUNITY OUTREACH COURT REFERRAL PROCEDURE](#)

Medical Aid and Response

430.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

430.2 POLICY

It is the policy of the Traverse City Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

430.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Central Dispatch and request a response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Central Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. The number of patients, sex, and age, if known.
 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs or symptoms of paranoia, hallucinations, violence toward objects and people, or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel on whether to transport the person for treatment.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Medical Aid and Response

430.4 TRANSPORTING ILL AND INJURED PERSONS

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

430.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive medical care or be transported.

However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with involuntary commitment in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

430.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices, and Conducted Energy Weapon policies.

430.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Medical Aid and Response

victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Patrol Services Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members shall follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during the landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

430.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

First Amendment Assemblies

431.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

431.2 POLICY

The Traverse City Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

431.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress (MCL 750.352); trespass upon the property of another (MCL 750.552); trespass upon key facilities (MCL 750.552c); trespass upon health facilities for prohibited purposes (MCL 333.20198); noise; unlawful picketing (MCL 423.17a); mass picketing or picketing of a private residence (MCL 423.9f); distribution of handbills; leafleting; or conduct directed toward disruption of elections (Const 1963, art 2, § 4; MCL 168.931 et seq.). However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential.

The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and to prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

First Amendment Assemblies

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

431.3.1 PHOTOGRAPHS, VIDEO RECORDINGS AND OTHER INFORMATION

Photographs, video recordings and other information may be collected at assemblies and demonstrations as they can serve a number of purposes, such as support of criminal prosecutions, assistance in evaluating department performance, serving as training material, recording the use of dispersal orders and facilitating a response to allegations of improper law enforcement conduct.

Photographs, video recordings and other information shall not be maintained on the political, religious or social activities, views or associations of any individual, group or organization unless those activities, views or associations directly relate to an investigation of criminal activity and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

431.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to:

- Location.
- Number of participants.
- Apparent purpose of the event.
- Leadership (whether it is apparent and/or whether it is effective).
- Any initial indicators of unlawful or disruptive activity.
- Indicators that lawful use of public facilities, streets or walkways will be impacted.
- Ability and/or need to continue monitoring the incident.

Initial assessment information should be promptly communicated to Central Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

431.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

431.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

First Amendment Assemblies

- Information about past and potential unlawful conduct associated with the event or similar events.
- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

431.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, and roles and responsibilities.
- (b) Staffing and resource allocation, to include relief for personnel assigned.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (helmets, shields, etc.).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) An established liaison with demonstration leaders and external agencies.
- (h) An established liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief, and transportation.
- (k) Traffic management plans (i.e., parking space/locations, public transportation, alternate traffic routes, temporary traffic controls, parking prohibitions, spectator control).
- (l) First aid and emergency medical service provider availability, to include emergency vehicle access.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.

- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.
- (t) Parameters for the use of body-worn cameras and other portable recording devices.

431.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

431.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear, standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

431.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices, and Conducted Energy Weapon policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy weapons should be considered only when the participants' conduct reasonably appears to present the

Traverse City Police Department

TCPD Policy Manual

First Amendment Assemblies

potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and the Conducted Energy Weapon policies).

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

431.8 ARRESTS

The Traverse City Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been or reasonably appear likely to be unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Appearance Ticket Policy).

431.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media, to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

431.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should

First Amendment Assemblies

promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

431.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include:

- (a) Operational plan.
- (b) Any incident logs.
- (c) Any assignment logs.
- (d) Vehicle, fuel, equipment and supply records.
- (e) Incident, arrest, use of force, injury and property damage reports.
- (f) Photographs, audio/video recordings, Central Dispatch records/tapes.
- (g) Media accounts (print and broadcast media).

431.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used, to include:

- (a) Date, time and description of the event.
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests, costs).
- (c) Problems identified.
- (d) Significant events.
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

431.12 TRAINING

Department members shall receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Civil Disputes

432.1 PURPOSE AND SCOPE

This policy provides members of the Traverse City Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to "court orders" apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Michigan law.

432.2 POLICY

The Traverse City Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

432.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While the following is not intended to be an exhaustive list, members should give consideration to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice; however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Civil Disputes

432.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

432.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

432.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

432.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Suspicious Activity Reporting

433.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

433.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

433.2 POLICY

The Traverse City Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

433.3 RESPONSIBILITIES

The Investigative Services Division Commander and the authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigative Services Division include, but are not limited to:

- (a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage community members to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

433.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any civilian member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about the involved parties and the circumstances of the incident. If, during any investigation an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

433.5 HANDLING INFORMATION

The Central Records Division will forward copies of SARs, in a timely manner, to:

- The Detective Bureau supervisor.
- The Crime Analysis unit.
- Other authorized designees.

Motorcycle Patrol

Optional attire may include, but is not limited to, a jacket in colder weather, turtleneck shirts when worn under the uniform shirt, leather jackets, gloves, rain gear and will be worn at the officer's discretion depending upon weather conditions.

Motorcycle patrol officers shall carry the same equipment on their duty belts as they would on regular patrol assignments.

Assignment-specific safety equipment should include, but is not limited to, department-approved helmet, a radio headset and microphone, riding gloves, protective eyewear and approved footwear

434.8 MOTORCYCLE EQUIPMENT

434.9 TRAINING

Officers must complete and pass (80) hours of MCOLES Police Motorcycle Training courses which have been given by a qualified instructor and certified through MCOLES prior to assignment to motorcycle patrol.

No member of this department shall operate a department motorcycle for any purpose other than training unless they have completed and passed the required MCOLES course. This course of instruction and certification requires candidates to complete, pass and obtain their Michigan SOS Operator's License cycle endorsement (CY) prior to attendance.

Thereafter, motorcycle patrol officers should receive yearly in-service training to improve skills and refresh safety, health and operational procedures. The training shall minimally include:

- (a) Motorcycle patrol strategies.
- (b) Motorcycle safety and accident prevention.
- (c) Operational tactics and techniques using motorcycles.

As a requirement of appointment to the position, motorcycle patrol officers will be required to train and qualify with their duty and secondary firearms while wearing motorcycle safety equipment, including the helmet and riding gloves, and in conjunction with the use and operation of the patrol motorcycle. As a requirement of continued appointment, all motorcycle patrol officers shall biannually train and qualify in the same manner and to standards as established by the Motorcycle Patrol Coordinator in conjunction with the Chief Firearms Instructor.

Substance Abuse Diversion

435.1 PURPOSE AND SCOPE

The purpose of this policy is to insure that department members understand the needs and rights of individuals afflicted with substance abuse issues and disease. The department supports a three-prong approach to combating illegal drug and alcohol abuse - Enforcement, Education and Treatment. Addiction is a disease which can benefit from medical intervention and treatment.

The opioid epidemic continues to grow around the nation and within our community. Overdose deaths associated with prescription and illicit opioids increased to 42,249 in 2016, according to a report from the Centers for Disease Control and Prevention (CDC). That number marks an increase of almost 9,000 deaths from the previous year. The department supports community outreach programs designed to assist people struggling with drug and/or alcohol addiction to encourage afflicted individuals to seek recovery and regain control of their lives. This initiative seeks to bring law enforcement, community organizations, and individuals seeking assistance together in an effort to reduce dependency.

The Traverse City Police Department maintains a strong partnership with the community and this policy will seek to provide citizens with a resource to aid in addiction recovery. A person seeking assistance with a drug and/or alcohol addiction can often lose that initial commitment in a short amount of time. It is critical that placement in meaningful addiction treatment be timely relevant to the individual.

435.2 POLICY

Any person who reports to the Law Enforcement Center and requests help with their addiction may be screened by a law enforcement officer for potential participation. Eligible candidates will be referred for medical intervention and treatment through the Michigan State Police (MSP) Angel program.

No questioning of the person will be undertaken in an effort to collect drug intelligence, determine the origins of any drugs relinquished by the person, or any other effort which may undermine the intended purpose of this program; namely to encourage persons to seek police assistance in getting help for their addiction without fear of arrest or police action.

[Procedure Manual: 435.4 Michigan State Police Angel Program](#)

435.3 FIELD CONTACTS

Officers responding to calls for service or performing police actions will be cognizant of the potential that the involved parties may be suffering from addiction.

Officers interacting with persons suffering from addiction will be professional, compassionate and understanding. Often times, people suffering from addiction ask for help only as a “last resort” and may be considering self-harm or suicide. Positive officer interaction can help make a difference.

Substance Abuse Diversion

In all instances, officers will continue to take enforcement action within their discretion and normal scope of duties to address criminal activity. At the same time, officers will recognize the fact that such criminal activity may result from a medical condition (addiction).

Officers should provide persons suffering from drug and/or alcohol dependency with resource and assistance information whenever it is reasonably apparent that such services may be appropriate. In these instances, officers should keep in mind and relate to these individuals that treatment and recovery is the end goal and focus of their and resource agency efforts.

Officers may also refer individuals to the Law Enforcement Center for eligibility screening through the MSP Angel Program.

[Procedure Manual: 435.1 Substance Abuse Programs and Resources](#)

435.3.1 PERSONAL USE NARCOTICS AND ALCOHOL CONSIDERATIONS

If the individual seeking help from treatment programs through the Traverse City Police Department is in possession of personal use amounts of narcotics with the initial intent to voluntarily abandon it to law enforcement, the narcotic will be accepted, listed as “confiscated” in the associated police report, and tagged to be destroyed.

The individual may be questioned as to the type of narcotic they believe it to be. This will also be documented in the police report.

Universal precautions will be taken in the handling of the substance in accordance with other sections of this manual.

No charges related to this contact will be sought for individuals satisfying the requirements of this policy.

Alcohol will be disposed of on scene and the disposition will be documented in the police report.

435.4 SUBSTANCE ABUSE DIVERSION LIAISON

The Chief of Police shall appoint and delegate certain responsibilities to a liaison to community organizations and programs designed to:

- (a) Treat and assist drug and alcohol dependent individuals.
- (b) Educate the citizenry of this community concerning drug and alcohol dependency and recovery.
- (c) Enforce drug and alcohol legislation as well as judicial diversion and assistance programs.

The liaison shall be directly responsible to the Patrol Services Division Commander or the authorized designee.

The responsibilities of the liaison include, but are not limited to:

- (a) Maintaining and making available to all department members a list of assistance programs and other resources that are available to persons afflicted with drug and/or alcohol dependency.

- (c) Remaining abreast of laws dealing with enforcement and diversion programs.
- (d) Developing training to assist members in understanding current legal and social issues relating to drug and alcohol dependency.

435.5 SOBRIETY COURT

The department has partnered with the 86th District Court in the development and operation of the Sobriety Court program.

The Grand Traverse County Sobriety Court offers individuals who are experiencing alcohol dependency the opportunity to resolve unpaid court fines, fees, bench warrants, and open cases for civil and criminal infractions when they complete an action plan designed to address the root causes of their dependency and criminal history. This is a voluntary program.

The Sobriety Court holds people accountable, reduces backlogs in the courts and the prosecuting attorney's office and provides an opportunity for individuals to receive services to help them move forward in their lives.

Officers are encouraged to notify arrested individuals about the program and their possible eligibility for the program. Determination is made by the Prosecuting Attorney's Office and Court. Program participation is initiated by the defendant and his/her council through the judicial process.

435.6 DRUG COURT

The department has partnered with the 86th District Court in the development and operation of the Drug Court program.

The Grand Traverse County Drug Court offers individuals who are experiencing drug dependency the opportunity to resolve unpaid court fines, fees, bench warrants, and open cases for civil and criminal infractions when they complete an action plan designed to address the root causes of their dependency and criminal history. This is a voluntary program.

Private Security and Loss Prevention Incidents

436.1 PURPOSE AND SCOPE

The purpose of this policy is to define response and provide guidance for departmental operations as they apply to response to incidents and locations employing private security and/or loss prevention specialists.

436.2 POLICY

It is the policy of this department to preserve the peace, prevent crime, and to investigate criminal activity in a thorough and efficient manner within our community. Response to venues employing private security officers require special considerations concerning restricted area access and weapons.

Many of these venues are subject to special regulations and laws by both the United States and the State of Michigan that restrict access and/or the release of protected information. These regulations may include law enforcement officer (LEO) restriction. They may also allow for LEO exemptions that may requires certain procedures. Private security officers are authorized by state law with limited enforcement powers and responsibilities.

It is the policy of this department to recognize these considerations and cooperate with the mission of these specialists while preserving the department's mission, responsibilities, and efforts within the bounds of policy, law, and best practices. Departmental procedures have been developed to specifically address these special considerations.

[Procedure Manual: 436 Private Security and Loss Prevention Incident Response](#)

436.4 PRIVATE SECURITY AUTHORITY

A private security agency's mission is primarily to observe and report. Unless otherwise licensed, they retain the same authority and responsibilities as those of private citizens.

Act 330 of 1968 Private Security Business and Security Alarm Act

MCL 338.1051 Definitions

(f) "Private college security force" means a security force authorized under section 37.

(g) "Private security guard" means an individual or an employee of an employer who offers, for hire, to provide protection of property on the premises of another, and includes an employee of a private college security force.

(h) "Private security police" means that part of a business organization or educational institution primarily responsible for the protection of property on the premises of the business organization, but does not include a private college security force.

MCL 338.1080 Private security police officers; arrest powers; limitations.

A private security police officer, as described in section 29, who is properly licensed under this act has the authority to arrest a person without a warrant as set forth for public peace officers in section 15 of chapter IV of the code of criminal procedure, 1927 PA 175, MCL 764.15, when

that private security police officer is on the employer's premises. Such authority is limited to his or her hours of employment as a private security police officer and does not extend beyond the boundaries of the property of the employer and while the private security police officer is in the full uniform of the employer.

436.5 DEPARTMENTAL LIAISON

The Patrol Services Lieutenant or their designee shall act as a liaison for entities that employ private security guards and private security police. Any member of the department having concern over an incident and/or departmental operations concerning these entities, shall direct inquiries and notifications to the departmental liaison through departmental chain of command.

Mobile Fingerprint Identification

437.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures for the acceptable use of the Mobile Fingerprint Identification (Mobile ID) technology.

437.2 POLICY

It is the Department policy that all technology associated with Mobile ID, including all related hardware and software support, is bound by the Federal Bureau of Investigation's (FBI) Criminal Justice Information Services (CJIS) Security Policy (particularly, policy section 5.13.2) and the Michigan CJIS Security Addendum.

[FBI CJIS Security Policy](#)

[Michigan CJIS Security Addendum](#)

437.3 DEFINITIONS

Authorized User (User) - an individual employed as a law enforcement officer, or a civilian employed by a criminal justice agency, whose agency is approved by the Michigan State Police (MSP) to utilize Mobile ID.

Automated Fingerprint Identification System (AFIS) - is a computerized system for encoding, searching, and matching fingerprint images automatically. The system includes the storage and retrieval of fingerprint images. The Michigan AFIS is maintained by the Michigan State Police.

Criminal Justice Information (CJI) - is all of the FBI CJIS provided data necessary for law enforcement and civil agencies to perform their missions including, but not limited to biometric, identity history, biographic, property, and case/incident history data.

Mobile Fingerprint Identification (Mobile ID) - is the process by which a Scanner is used in a mobile environment to attempt to identify an individual whose identity is questioned. The scanned fingerprint images are sent electronically to the Michigan Automated Fingerprint Identification System (AFIS) and the FBI Repository of Individuals of Special Concern (RISC) databases and are compared to fingerprint images stored within those databases.

Mobile Fingerprint Identification Agency (Agency) - is the agency where the Scanner is located and used for electronic fingerprint image searches.

Mobile Fingerprint Scanner (Scanner) - is a fingerprint capture device used to scan fingerprints directly from the finger and electronically transmit the captured fingerprint images to Michigan AFIS and FBI RISC databases.

Personally Identifiable Information (PII) - is information that can be used to distinguish or trace an individual's identity, such as name, social security number, or biometric records, alone or when combined with other personal or identifying information which is linked or linkable to a specific individual, such as date and place of birth, or mother's maiden name.

Repository for Individuals of Special Concern (RISC) - is a subset of the FBI fingerprint database that includes wanted persona, sex offender registry subjects, known or appropriately suspected terrorists, and immigration violators.

437.4 DEPARTMENT COORDINATOR

The Chief of Police shall appoint and delegate certain responsibilities to a coordinator that will:

- (a) Remain abreast of laws dealing with the use of Mobile Fingerprint Identification.
- (b) Develop and conduct training in coordination with the Mobile Fingerprint Identification procedure.

The coordinator shall be directly responsible to the Patrol Services Division Commander or their authorized designee.

437.5 AUTHORIZED USE

Mobile ID shall only be used during the course of a User's lawful duties and one of the following circumstances exists:

- (a) With consent of an individual 17 years of age or older.
 1. Mobile ID may be used with consent of an individual 17 years of age or older during the course of a User's lawful duties. The individual may limit or withdraw consent at any time. If consent is withdrawn, and use of Mobile ID is solely based upon consent, use of Mobile ID is not authorized and its use must stop immediately.
- (b) With consent of an individual under 17 years of age **and** parent or guardian.
 1. The Child Identification and Protection Act, 1985 PA 176, MCL 722.771-772.775, prohibits fingerprinting children, persons under 17 years of age, except under the limited circumstances prescribed in MCL 722.774.
 2. Mobile ID may be used with written consent of the child and his or her parent or guardian during the course of a User's lawful duties. The child and his or her parent or guardian may limit or withdraw consent at any time. If consent is withdrawn by either the child or his or her parent or guardian, and use of Mobile ID is solely based upon consent, use of Mobile ID is not authorized and its use must stop immediately.
 3. Given that Mobile ID is used when the identity of an individual is questioned, a User may be unable to accurately determine an individual's age. In the event that Mobile ID is used to identify an individual who the User reasonably believed was 17 years of age or older, but subsequently determined to be under 17 years of age, the User must document all information upon which he or she reasonably relied upon in determining the individual was 17 years of age or older.
- (c) Without consent of an individual.
 1. Mobile ID may be used without consent of an individual of any age if one of the following circumstances exists:

Mobile Fingerprint Identification

- (a) The User has probable cause to believe the individual has committed a crime for which fingerprinting is allowable under MCL 28.243.
- (b) The individual is unable to provide reliable identification due to physical incapacitation or defect, mental incapacitation or defect, or death, and immediate identification is needed to assist the User in performance of his or her lawful duties.
- (c) Pursuant to a valid court order.

437.6 IDENTIFICATION PROCESS

After fingerprint images are captured by the Scanner, the images are electronically transmitted to Michigan AFIS and FBI RISC databases where a non-assisted fingerprint search is performed. The captured fingerprint images are not retained on the Scanner. After completion of the non-assisted fingerprint search, one of the following responses is returned to the User via an electronic device linked to the Scanner:

- (a) Hit - This response means an identification match was made. An individual's name, date of birth, sex, race, state identification number, and mug shot photo are returned to the User.
- (b) No Record was Returned - This response means no identification match was made.
- (c) Unable to Determine - This response means possible candidates were found, but the scoring of such identifying fingerprints are below a defined criteria threshold used to confirm a positive "Hit" without human intervention. Up to five possible individuals' names, dates of birth, sex, race, state identification numbers and mug shot photos may be returned to the User.

Individual identifications as a result of Mobile ID are limited to individuals maintained in the Michigan AFIS and FBI RISC databases and does not preclude a record from existing in other biometric or name-based repositories.

437.7 DISCLOSURE AND USE OF INFORMATION

- (a) The information contained in a Mobile ID response may contain PII or CJI which may only be transmitted, accessed, used, disseminated, and disposed of in accordance with state and federal laws, rules, policies, and regulations; including, but not limited to the most recent Federal CJIS Security Policy, the Michigan CJIS Security Addendum, the CJIS Policy Council Act, 1974 PA 163, MCL 28.211-28.216, and the most current CJIS Administrative Rules.
- (b) Improper access, use or dissemination of PII or CJI obtained from use of Mobile ID may result in criminal penalties and/or administrative sanctions.

437.8 DOCUMENTATION

All Mobile ID use, including use of Mobile ID to assist another law enforcement agency, shall be documented by the User in an original incident report, if an original incident report regarding the incident is being completed, or as an entry on the enforcement member's daily log. At a minimum, the documentation shall include the date, time, location, and justification for utilizing Mobile ID.

437.10 AUDITING AND PENALTIES FOR MISUSE

All Mobile ID use is subject to audit by the MSP. All audit findings and administrative sanctions imposed are at the sole discretion of the MSP. Penalties that may be imposed include, but are not limited to, termination of a User's access to Mobile ID, termination of a Scanner's access to Mobile ID, and termination of agency-wide access to Mobile ID.

437.11 ANNUAL REPORT

The Patrol Division Commander in conjunction with the Department Coordinator should complete an annual report to the Chief of Police concerning the progress and status of Mobile Fingerprint Identification Program.

Chapter 5 - Traffic Operations

Traffic

500.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for improving public safety through education and enforcement of traffic-related laws.

500.2 POLICY

It is the policy of the Traverse City Police Department to educate the public on traffic-related issues and to enforce traffic laws. The efforts of the Department will be driven by such factors as the location and/or number of traffic accidents, citizen complaints, traffic volume, traffic conditions and other traffic-related needs. The ultimate goal of traffic law enforcement and education is to increase public safety.

500.3 DEFINITIONS

Definitions related to this policy include:

High-risk traffic stop – A traffic stop that is conducted under circumstances in which the officer is or becomes aware that any occupant poses a serious safety risk (e.g., the vehicle may contain an occupant who is known to be armed and dangerous).

Unknown risk traffic stop – A traffic stop that is conducted under circumstances in which the officer is not previously aware of a threat to the [officer/deputy]'s safety posed by the vehicle's occupants (e.g., the vehicle is stopped for a traffic violation only).

500.4 DEPLOYMENT

Enforcement efforts may include such techniques as geographic/temporal assignment of department members and equipment, the establishment of preventive patrols to deal with specific categories of unlawful driving and a variety of educational activities. These activities should incorporate methods that are suitable to the situation; timed to events, seasons, past traffic problems or locations; and, whenever practicable, preceded by enforcement activities.

Several factors will be considered in the development of deployment schedules for department members. State and local data on traffic accidents are a valuable resource. Factors for analysis include, but are not limited to:

- Location.
- Time.
- Day.
- Violation factors.
- Requests from the public.
- Construction zones.
- School zones.

Traffic

- Special events.

Department members assigned to uniformed patrol or traffic enforcement functions will emphasize the enforcement of violations that contribute to traffic accidents, and also will consider the hours and locations where traffic accidents tend to occur. Members will take directed enforcement action on request, and random enforcement action when appropriate. Members shall maintain high visibility while working general enforcement, especially in areas where traffic accidents frequently occur.

500.5 TRAFFIC STOPS

500.5.1 UNKNOWN RISK TRAFFIC STOPS

While every unknown-risk traffic stop is based on a unique set of circumstances which must be taken into account and may warrant reasonable deviation from the list below, general guidelines for conducting an unknown risk traffic stop include:

- (a) The officer should consider existing conditions including but not limited to road design and conditions, weather, lighting, and current traffic flow, to establish a safe environment for the traffic stop.
- (b) The officer should use the patrol vehicle's emergency lighting and other equipment, if necessary, to initiate the stop. Upon stopping, the patrol vehicle should be positioned in a way that affords protection to the officer and to the violator's vehicle during the stop.
- (c) Generally, the violator should be directed to pull to the far-right side of the roadway to stop. However, the officer should be prepared to deal with other situations.
- (d) Upon initiating a traffic stop, the officer should notify the dispatcher] of the location of the stop and the vehicle's registration state and number. The officer should not approach the violator's vehicle until the dispatcher has acknowledged the message.
- (e) The officer should approach with caution and take a position that allows effective communication with the driver, a view of any other occupant, and an avenue of tactical retreat if necessary.
- (f) Upon contacting the violator, the officer should remain courteous and professional, providing the violator with verbal identification and the reason for the stop. The officer should request the motorist's documentation.
- (g) The officer should provide the violator with information as to how to respond to the chosen enforcement action, if applicable.
- (h) The officer should end the contact once appropriate law enforcement action has been taken and there is no articulable reasonable suspicion that the occupants have committed, are committing, or are about to commit a further crime or offense.

500.5.2 HIGH-RISK TRAFFIC STOPS

While every high-risk traffic stop is based on a unique set of circumstances which must be taken into account and may warrant reasonable deviation from the list below, general guidelines for conducting a high-risk traffic stop include:

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Traffic

- (a) When planning a high-risk traffic stop, the officer shall notify the dispatcher and describe the nature or reason for the stop. The officer shall provide the dispatcher with relevant information (e.g., vehicle description, registration number and state, number of occupants, location and direction of travel) and request adequate assistance to conduct the stop.
- (b) An officer should not individually initiate a high-risk traffic stop unless backup officers are not available in an appropriate amount of time or the urgency of the situation demands immediate action.
- (c) After selecting an appropriate location for the stop and with adequate backup officers in position, the officer should signal the suspect to stop.
- (d) Officers should position their vehicles at a distance behind the suspect vehicle that provides opportunities for cover. In low-light situations, positioning should allow for illumination of the suspect vehicle's interior.
- (e) Once the suspect vehicle has stopped, officers should exit their vehicles quickly and assume positions of cover.
- (f) The officer initiating the stop, or the officer with the best view, should issue verbal commands through the vehicle's public address system, if available. Only one officer should issue commands to the suspect vehicle's occupants.
- (g) Commands should be announced to the suspect vehicle operator to:
 - 1. Lower the window
 - 2. Remove ignition keys with the vehicle operator's left hand
 - 3. Drop the keys on the ground
 - 4. Open the door from the outside
 - 5. Step out of the vehicle
 - 6. Turn completely around
 - 7. Face away from the officers
 - 8. Walk backward until commanded to stop and lie face down on the ground with hands stretched far to the sides
- (h) Using contact and cover, officers should handcuff, search, and secure the suspect. Other occupants should be similarly and separately commanded until all are handcuffed, searched, and secured.
- (i) With appropriate cover, officers should approach and inspect the suspect vehicle for additional occupants and/or threats before declaring the scene secure.

500.6 ENFORCEMENT

Traffic enforcement will be consistent with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas. The number of arrests or citations issued by any member shall not be used as the sole criterion for evaluating member overall performance.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Traffic

Several methods are effective in the reduction of traffic accidents.

500.6.1 ENFORCEMENT PRACTICES

This policy establishes department traffic enforcement practices. Traffic enforcement practices should be in accordance with Michigan state statues or local ordinances, including:

- (a) Driving under the influence of alcohol or drugs.
- (b) Operating with a suspended driver's license or registration.
- (c) Operating in excess of the posted or statutory speed.
- (d) Hazardous moving violations.
- (e) Off-road or off-road vehicle violations.
- (f) Equipment and inspection violations.
- (g) Public carrier or commercial vehicle violations.
- (h) Licensing, registration, or insurance violations.
- (i) Parking violations.
- (j) Newly enacted traffic laws (state, county, or local).
- (k) Enforcement at the scenes of traffic collisions.
- (l) Pedestrian violations.
- (m) Bicycle and motorized bicycle violations.

500.6.2 WARNINGS

Warnings are a non-punitive option that may be considered by the member when circumstances warrant, such as when a minor violation was inadvertent. All warnings should be recorded within the CAD narrative.

500.6.3 CITATIONS

Citations should be issued when a member believes it is appropriate. When issuing a citation for a traffic violation, it is essential that the rights and requirements imposed on motorists be fully explained. At a minimum, motorists should be provided with (MCL 257.728):

- (a) An explanation of the violation or charge.
- (b) The court appearance procedure, including the optional or mandatory appearance by the motorist.
- (c) A notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

500.6.4 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses. These cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Traffic

- (b) Felony and misdemeanor operating while intoxicated (OUI) of alcohol or drugs (MCL 257.625).
- (c) Felony or misdemeanor hit-and-run (MCL 257.617).
- (d) The violator demands arraignment in lieu of a citation (MCL 257.728).
- (e) Reckless driving resulting in injury or death (MCL 257.626).

500.6.5 SPECIAL CONSIDERATIONS

A nonresident violator should be handled consistent with any other traffic violator. Public Act 566 of 2018 amended the Michigan Vehicle Code (MVC) prohibiting taking security from a non-resident upon issuing a civil infraction.

All juvenile civil infractions issued shall be completed in the same manner as an adult. All juvenile misdemeanor traffic offenses require a referral and petition. Juvenile traffic arrests shall be handled the same as any other juvenile arrest.

An officer may refer a driver who shows signs of diminished ability to safely operate a motor vehicle due to a physical or mental condition to the Michigan Secretary of State (SOS) for re-examination. The officer shall document any observations in a report related to the incident and submit a Request of Driver Reexamination form to the Michigan SOS through the chain of command.

A government official (e.g., members of the state or federal legislature or judiciary) may be immune from arrest while going to, returning from, and attending sessions of the official's respective house, but the official is subject to traffic laws and may be issued a citation at the officer's discretion.

Foreign diplomats and consular officials should refer to the Foreign Diplomatic and Consular Representatives Policy for information regarding enforcement actions.

Any U.S. military personnel who commit a civil traffic violation should be handled the same as any other traffic violator, except the officer shall check the "yes" or "no" box on the citation relating to the driver's active military status.

500.7 SUSPENDED OR REVOKED LICENSES

If an officer contacts a traffic violator who is also driving on a suspended or revoked license, the officer should issue a traffic citation or make an arrest as appropriate.

500.8 ENFORCEMENT FOR SPECIAL CLASSES OF OFFENDERS

500.8.1 NON-RESIDENT OF MICHIGAN

In instances where a traffic violation is committed by a person who is a non-resident of Michigan and the officer determines that a citation will be issued, the officer will handle the violation as they would any other class of offender. Public Act 566 of 2018 amended the Michigan Vehicle Code (MVC) to prohibit taking security from a non-resident upon issuing a civil infraction.

Traffic

500.8.2 JUVENILES

In instances where a traffic violation is committed by a juvenile and the officer determines that a citation will be issued, the officer will handle the violation as they would any other class of offender. After the issuance of the citation, the juvenile will be allowed to continue to travel freely if a current, valid driver's license can be verified. If the traffic violation is a misdemeanor or felony, the officer will be required to contact the juvenile's parent(s)/guardian(s), complete a formal report, which will then be forwarded to the Grand Traverse County Prosecuting Attorney's Office for review before a juvenile petition is issued. In the event that the violation does not allow for the juvenile to continue to travel freely at the conclusion of the traffic stop, the juvenile's parent(s)/guardians(s) shall be contacted, and arrangements shall be made for the disposition of the juvenile.

500.8.3 MILITARY PERSONNEL

Military personnel include regular members of the Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, and Reserve components serving on active duty. These individuals are required to have a valid license from their state of residence and are subject to physical arrest and the issuance of traffic citations under the same guidelines as any other civilian, with the exception of when "war" has been declared or immediate military action against a foreign, hostile government has taken place. In such cases, no physical arrest, except in those cases of treason or felonies, will be made on any military personnel going to, remaining at, or in the process of reporting to a duty station.

While completing any traffic citation for military personnel in the citation issuing software, the officer will check the box designated "Person in Active Military Service" on the "Court" page. This will cause the traffic citation to indicate the offender's status as active duty military.

In investigating traffic accidents involving active duty military personnel who are either injured to the extent that they require hospitalization or have been killed, the investigating officer/detective shall notify the appropriate military branch service office. In any case involving United States military/government equipment that is seized, towed, or confiscated, the appropriate government agency will be notified as soon as possible.

If an individual on active duty is arrested for a felony, the shift supervisor will contact the appropriate local military branch office as soon as possible and advise them of the arrest.

500.8.4 GOVERNMENT OFFICIAL: UNITED STATES CONGRESS MEMBERS/STATE LEGISLATORS

Members of the United States Congress will, in all cases except for treason, felonies, and Breach of Peace, be immune from arrest during their attendance at the session of their respective houses and in going to and returning from the same, and for speech or debate in either house. This does not preclude the issuance of a traffic citation.

Article IV, Section 11 of the Michigan Constitution provides that "senators and representatives shall be privileged from civil arrest and civil process during sessions of the legislature and for five days next before the commencement and after the termination thereof. They shall not be questioned in any other place for any speech in either house."

500.8.5 FOREIGN DIPLOMATS/CONSULAR OFFICIALS

Diplomatic immunity, a principle of international law, is broadly defined as the exemption of ordinary processes of law afforded diplomatic representatives of foreign governments, their families, official staff, and servants while serving abroad. Persons with diplomatic immunity are protected by unlimited immunity from arrest, detention, and prosecution for any civil or criminal offense under current federal law (i.e., 22 USC 252). As such, diplomatic personnel should be treated with respect and courtesy befitting their distinguished positions. At the same time, it is the duty of all persons enjoying such privileges and immunities to respect local laws and regulations.

For procedures on traffic enforcement protocols involving foreign diplomats and consular officials, refer to the Foreign Diplomats and Consular Representatives policy.

500.9 REQUEST FOR DRIVER REEXAMINATION

Routine enforcement, accident reporting, and investigation activities routinely lead to the discovery of drivers who are suspected of incompetency through physical or mental disabilities, disease, or other conditions which might prevent the person from exercising reasonable and ordinary care over a motor vehicle.

Officers detecting such a person will complete the OC-88 form to request reexamination of the driver by the Michigan Department of Secretary of State. These forms are to be filled out online through the Department of Secretary of State, located at:

michigan.gov/sos/drivereval

Specifics of the incident must be written in such a manner that reasonable grounds for the reexamination can be conclusively established by the reviewer of the request.

Officers should be mindful that age of the driver is never the sole basis for a proper request for reexamination. For motorists of advanced age, the officer should specifically state the apparent cause for poor driving, i.e., visual problems, lack of knowledge of traffic laws, medical problems, and so forth.

500.10 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic or by maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601).

500.10.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn when increased visibility would improve the safety of the department member or when the member will be exposed to the hazards of passing traffic or will be maneuvering or operating vehicles, machinery and equipment.

Examples of when high-visibility vests should be worn include traffic control duties, traffic accident investigations, lane closures and disaster scenes.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Traffic

When emergency conditions preclude the immediate donning of the vest, members should retrieve and wear the vest as soon as conditions reasonably permit.

Use of the vests shall also be mandatory when directed by a supervisor.

500.10.2 CARE AND STORAGE

High-visibility vests shall be maintained in the trunk of each patrol and investigation vehicle, in the side box of each police motorcycle and in the gear bag of each patrol bicycle. Each vest should be stored inside a resealable plastic bag to protect and maintain the vest in a serviceable condition. Before going into service, each member shall ensure that a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained and made available for replacement of damaged or unserviceable vests. The Training Manager should be promptly notified whenever the supply of vests needs replenishing.

Traffic Accidents

501.1 PURPOSE AND SCOPE

This policy provides guidelines for responding to and investigating traffic accidents.

501.2 POLICY

It is the policy of the Traverse City Police Department to respond to traffic accidents and render or summon aid to injured victims as needed. The Department will investigate and prepare reports according to the established minimum reporting requirements with the goal of reducing the occurrence of accidents by attempting to identify the cause of the accident and through enforcing applicable laws. Unless restricted by law, traffic accident reports will be made available to the public upon request.

501.3 RESPONSE

Upon arriving at the scene, the responding member should assess the need for additional resources and summon assistance as appropriate. Generally, the member initially dispatched to the scene will be responsible for the investigation and report, if required, unless responsibility is reassigned by a supervisor.

A supervisor should be called to the scene when the incident:

- (a) Is within the jurisdiction of this department and there is:
 - 1. A life-threatening injury.
 - 2. A fatality.
 - 3. A City vehicle involved.
 - 4. A City official or employee involved.
 - 5. Involvement of an on- or off-duty member of this department.
- (b) Is within another jurisdiction and there is:
 - 1. A City of Traverse City vehicle involved.
 - 2. A City of Traverse City official involved.
 - 3. Involvement of an on-duty member of this department.

501.3.1 MEMBER RESPONSIBILITIES

Upon arriving at the scene, the responding member should consider and appropriately address:

- (a) Traffic direction and control.
- (b) Proper placement of emergency vehicles, cones, roadway flares or other devices if available to provide protection for members, the public and the scene.
- (c) First aid for any injured parties if it can be done safely.

- (d) The potential for involvement of hazardous materials.
- (e) The need for additional support as necessary (e.g., traffic control, emergency medical services, fire department, hazardous materials response, tow vehicles).
- (f) Clearance and cleanup of the roadway.

501.4 NOTIFICATION

If a traffic accident involves a life-threatening injury or fatality, the responding officer shall notify a supervisor or, if unavailable, the Shift Commander. The Shift Commander or any supervisor may assign a traffic investigator or other appropriate personnel to investigate the incident. The Shift Commander will ensure notification is made to the Patrol Captain, department command staff and City Manager in accordance with the Major Incident Notification Policy.

501.4.1 NOTIFICATION OF FAMILY

In the event of a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim's immediate family or coordinate such notification with the Medical Examiner, a member trained in death notifications or another suitable person. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic accident should not be released until notification is made to the victim's immediate family.

501.5 MINIMUM REPORTING REQUIREMENTS

An accident report shall be taken when:

- (a) A fatality, any injury (including complaint of pain), operating under the influence or hit-and-run is involved.
- (b) An on-duty member of the City of Traverse City is involved.

- (d) The accident involves any other public agency driver or vehicle.
- (e) There is damage to public property.
- (f) Damage to property appears to exceed \$1000.
- (g) There is damage to any vehicle to the extent that towing is required.
- (h) Prosecution or follow-up investigation is contemplated.
- (i) Directed by a supervisor.

501.5.1 PRIVATE PROPERTY

Generally, reports should not be taken when a traffic accident occurs on private property unless it involves an injury or fatality, a hit-and-run violation or other traffic law violation. Members may provide assistance to motorists as a public service, such as assisting them in the completion of

a private property crash report, directing them to the on-line reporting system and/or exchanging information and arranging for the removal of the vehicles.

501.5.2 CITY VEHICLE INVOLVED

A traffic accident report shall be taken when a City vehicle is involved in a traffic accident that results in property damage or injury.

A general information report may be taken in lieu of a traffic accident report at the direction of a supervisor when the incident occurs entirely on private property or does not involve another vehicle.

Whenever there is damage to a City vehicle, a vehicle damage report shall be completed and forwarded to the appropriate Division Commander. The traffic investigator or supervisor at the scene should determine what photographs should be taken of the scene and the vehicle damage.

501.5.3 INVOLVED MEMBER RESPONSIBILITIES

Members involved in a traffic accident resulting in property damage or injury shall:

- (a) Remain at the scene.
- (b) Advise Central Dispatch of the accident.
- (c) Check for injuries.
- (d) Notify a supervisor.

501.5.4 SUPERVISOR RESPONSIBILITIES

A supervisor notified of a traffic accident involving a member of the Department or a city vehicle shall:

- (a) Respond to the scene, if possible.
- (b) Request an accident investigator, if not the reporting person.
- (c) Obtain information and circumstances of the traffic accident for the traffic report if they are the reporting person.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Traffic Accidents

The results of the administrative investigation or meaningful review should include recommendations for:

- (a) Policy revisions.
- (b) Training needs.
- (c) Equipment enhancements.
- (d) Disciplinary actions.

501.5.6 INJURED ANIMALS

Department members should refer to the Animal Control Policy when a traffic accident involves the disposition of an injured animal.

501.6 INVESTIGATION

When a traffic accident meets minimum reporting requirements the investigation should include, at a minimum:

- (a) Identification and interview of all involved parties.
- (b) Identification and interview of any witnesses.
- (c) A determination of whether a violation of law has occurred and the appropriate enforcement action.
- (d) Identification and protection of items of apparent evidentiary value.
- (e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence, reporting) on the appropriate forms.

501.6.1 INVESTIGATION BY OUTSIDE LAW ENFORCEMENT AGENCY

The Patrol Captain or on-duty Shift Commander should request that the Michigan State Police or other outside law enforcement agency investigate and complete a traffic accident investigation when a life-threatening injury or fatal traffic accident occurs within the jurisdiction of the Traverse City Police Department and involves:

- (a) An on- or off-duty member of the Department.
 - 1. The involved member shall complete the department traffic accident form. If the member is unable to complete the form, the supervisor shall complete it.
- (b) An on- or off-duty official or employee of the City of Traverse City.

Department members shall promptly notify a supervisor when any department vehicle is involved in a traffic accident. The accident investigation and report shall be completed by the agency having jurisdiction.

501.7 ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of a traffic law contributed to the accident, authorized members should issue a citation or arrest the offending driver, as appropriate (MCL 257.728; MCL 600.8807).

More serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced. If a driver who is subject to enforcement action is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

501.8 REPORTS

Department members shall utilize forms approved by the Michigan State Police as required for the reporting of traffic accidents. All such reports shall be forwarded to the Patrol Division for approval and filing.

501.8.1 REPORT MODIFICATION

A change or modification of a written report that alters a material fact in the report may be made only by the member who prepared the report, and only prior to its approval and distribution. Once a report has been approved and distributed, corrections shall only be made by way of a written supplemental report. A written supplemental report may be made by any authorized member.

501.8.2 PATROL CAPTAIN RESPONSIBILITIES

The responsibilities of the Patrol Captain include, but are not limited to:

- (a) Ensuring the monthly and quarterly reports on traffic accident information and statistics are forwarded to the Chief of Police or other persons as required.
- (b) Ensuring that all traffic accident reports are completed in a timely manner and forwarded to the Michigan State Police.
- (c) Maintaining a copy of all traffic accident reports for a minimum of 3 years (MCL 257.622).
- (d) Completing a written annual meaningful review of all employee traffic accidents and forwarding it to the Chief of Police.

501.9 RESPONSIBILITIES OF MEMBERS INVOLVED IN ACCIDENTS

Department members shall remain at the scene of the traffic accident until the arrival of the Shift Supervisor, unless medical attention necessitates removal of the member. While awaiting the arrival of the Shift Supervisor, Department members should check the well-being of other parties involved in the crash, and summon medical assistance and tow vehicles as necessary.

501.9.1 SHIFT COMMANDER RESPONSIBILITIES IN MEMBER INVOLVED ACCIDENTS

The Shift Commander will respond to the scene of any accident involving an on- or off-duty member of the Department. Upon arrival at the scene, the Shift Commander will assess injuries of all parties involved and if medical Attention or clearance is needed by the involved member. The Shift Commander will determine if any photographs are needed for Department records, as well as document any in-car video recordings that may pertain to the accident.

501.9.2 DIVISION COMMANDER RESPONSIBILITIES

The responsibility to administratively investigate and meaningfully review all member related motor vehicle accidents will rest with the involved member's Division Commander. The Division Commander will receive a copy of all the related reports, photographs, and in-car video footage, as well as the completed Incident Report completed by the involved member. Using the information obtained from these sources, the Division Commander can make recommendations to implement findings of the administrative investigation and meaningful review, such as policy changes, training, equipment enhancements, and/or discipline.

Vehicle Towing

502.1 PURPOSE AND SCOPE

This policy provides guidance related to vehicle towing. Nothing in this policy shall require a member of this department to tow a vehicle.

502.2 POLICY

The Traverse City Police Department will tow vehicles when appropriate and in accordance with the law.

502.3 REMOVAL OF VEHICLES DUE TO HAZARD

When a vehicle should be towed because it presents a hazard, the owner or operator should arrange for the towing. Department members may assist by communicating requests through Central Dispatch to expedite the process.

If the owner or operator is unable to arrange for towing and the vehicle presents a hazard, the vehicle may be towed at the direction of the department member (MCL 257.252d).

Vehicles that are not the property of the City should not be driven by department members unless it is necessary to move the vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or comply with posted signs.

502.4 ARREST SCENES

Whenever the owner or operator of a vehicle is arrested, the arresting officer should provide reasonable safekeeping by leaving the vehicle secured and lawfully parked at the scene or, when appropriate, by having the vehicle towed, such as when the vehicle presents a traffic hazard or the vehicle would be in jeopardy of theft or damage if left at the scene.

Officers are not required to investigate whether alternatives to towing a vehicle exist after an arrest. However, a vehicle should not be towed if reasonable alternatives exist. When considering whether to leave a vehicle at the scene, officers should take into consideration public safety as well as the reasonable safety of the vehicle and its contents.

The following are examples of situations where a vehicle should not be towed:

- The vehicle can be legally parked, left in a reasonably secure and safe location and is not needed as evidence.
- The vehicle is parked on private property, on which the arrestee or owner is legally residing, or the property owner does not object to the vehicle being parked at that location.
- The arrestee or owner of the vehicle requests that it be released to a person who is present, willing and able to legally take control of the vehicle.

Traverse City Police Department

TCPD Policy Manual

Vehicle Towing

- The vehicle is legally parked and the arrestee or owner requests that it be left at the scene. In such cases the requester should be informed that the Department will not be responsible for theft or damages.

502.5 VEHICLES RELATED TO CRIMINAL INVESTIGATIONS

Officers should tow vehicles that are needed for the furtherance of an investigation or prosecution of a case, or that are otherwise appropriate for seizure as evidence. Officers should make reasonable efforts to return a recovered stolen vehicle to its owner rather than have it towed, so long as the vehicle is not needed for evidence.

502.6 RECORDS

Central Records Division members shall ensure that pertinent data regarding a towed vehicle is promptly entered into the appropriate database.

502.6.1 VEHICLE IMPOUND FORM

Department members towing a vehicle shall complete a vehicle impound form and attach it to the coordinating police report. Central Records Division

502.6.2 NOTICE OF TOW

When a vehicle is to be towed, it is the responsibility of the coordinating officer to notify Central Dispatch via radio or the mobile data terminal of the tow. Within 24 hours of a vehicle being towed, it shall be the responsibility of the Central Records Division to send a notice of tow to the Michigan Secretary of State through the Michigan Law Enforcement Information Network (LEIN). The notice shall include (MCL 257.252a):

- (a) The name, address, and telephone number of the Traverse City Police Department.
- (b) The location where the vehicle is stored.
- (c) A description of the vehicle including:
 1. Color.
 2. Manufacturer year.
 3. Make and model.
 4. License plate number and/or Vehicle Identification Number (VIN).
 5. Mileage.
- (d) The authority and purpose for the removal of the vehicle.
- (e) An explanation of the procedure for release of the vehicle and for obtaining a vehicle tow hearing.
- (f) The address or location from where the vehicle was towed.
- (g) The name of the court with jurisdiction over the case.

Vehicle Towing

- (h) The date the vehicle is being entered into the law enforcement information network and whether the information is being entered within 24 hours after the vehicle was taken into custody.

Upon receipt of the above information, the Michigan Secretary of State will provide the notice of towing to the last-titled owner.

502.7 TOWING SERVICES

Members shall not show preference among towing services that have been authorized for use by the Department. A rotation or other system established by the Central Dispatch for tow services should be followed.

502.8 VEHICLE INVENTORY

The contents of all vehicles towed at the request of department members shall be inventoried and listed on the vehicle impound form. When reasonably practicable, photographs may be taken to assist in the inventory.

- (a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including, but not limited to, any unlocked glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.
- (b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in any other type of unlocked compartments that are a part of the vehicle, including unlocked vehicle trunks and unlocked car top containers.
- (c) Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks and locked car-top containers should be inventoried, provided the keys are available and released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.
- (d) Closed containers located either within the vehicle or any of the vehicle's compartments will not be opened for inventory purposes except for the following: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money, small valuables or hazardous materials.

Members should ask the occupants whether the vehicle contains any valuables or hazardous materials. Responses should be noted in the inventory section of the vehicle impound form. If the occupant acknowledges that any closed container contains valuables or a hazardous material, the container shall be opened and inventoried. When practicable and appropriate, such items should be removed from the vehicle and given to the owner, or booked into property for safekeeping.

Any cash, jewelry or other small valuables located during the inventory process will be noted in the inventory section of the vehicle impound form and held for safekeeping, in accordance with the Property and Evidence Section Policy.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Vehicle Towing

The vehicle impound form with listed inventory items will be kept with the police report for reference.

These inventory procedures are for the purpose of protecting the vehicle owner's property, providing for the safety of department members and protecting the Department against fraudulent claims of lost, stolen or damaged property.

Towing a vehicle in order to perform an inventory should not be used as a pretext for an evidence search. Nothing in this policy prevents the towing of a vehicle that would occur for reasons independent of any suspicion that the vehicle may contain evidence if it is otherwise justified by law or this policy.

502.9 SECURITY OF VEHICLES AND RETRIEVAL OF PROPERTY

If the search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, the department member conducting the search shall take such steps as are reasonably necessary to secure or protect the vehicle or property from such hazards.

Unless it would cause an unreasonable delay in towing the vehicle or create an issue of officer safety, reasonable accommodations should be made to permit the owner, operator or occupant to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

Members who become aware that a vehicle may have been towed by the Department in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the owner or his/her agent to request a hearing to contest the tow.

Operating While Intoxicated or Impaired

503.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of operating while intoxicated or impaired (OWI).

503.2 POLICY

The Traverse City Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Michigan's OWI laws. The Traverse City Police Department shall refer to the procedure, Operating While Intoxicated or Impaired, as well as the coordinating forms as outlined below.

[Procedure Manual: 503 Operating While Intoxicated or Impaired](#)

503.3 INVESTIGATIONS

Officers should not enforce OWI laws to the exclusion of their other duties unless specifically assigned to OWI enforcement. All officers are expected to enforce these laws with due diligence.

The Patrol Captain will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any OWI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The standardized field sobriety tests (SFSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Michigan or another jurisdiction.

503.4 FIELD TESTS

The Patrol Captain should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of OWI laws. Officers should use the most accurate FST or combination of FSTs for the situation as properly trained.

503.5 CHEMICAL TESTS

A person implies consent under Michigan law to a chemical test or tests, and to providing the associated chemical sample as follows (MCL 257.625c):

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Operating While Intoxicated or Impaired

- (a) The person operates a vehicle upon a public highway or other place open to the general public or generally accessible to motor vehicles, including an area designated for the parking of vehicles and the person is arrested for most OWI-related offenses.
- (b) A person who is afflicted with hemophilia, diabetes or a condition requiring the use of an anticoagulant under the direction of a physician is not considered to have given consent to the withdrawal of blood.

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

503.5.1 STATUTORY NOTIFICATIONS

A person arrested for OWI shall be advised of his/her chemical test rights by reading them from the appropriate form (MCL 257.625a).

Officers shall advise drivers of commercial vehicles that a refusal to take a preliminary breath test is a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than \$100, or both, and will result in the issuance of a 24-hour out-of-service order (MCL 257.625a).

503.5.2 CHOICE OF TESTS

Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence) (MCL 257.625a).

503.5.3 BREATH SAMPLES

The Patrol Captain should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

The roadside preliminary breath test equipment is maintained by a certified TCPD Class III PBT operator each month which includes calibration. The calibration records are supervised by a Sergeant and kept in the Sergeant's office.

The PBT that is completed at the Grand Traverse County Jail (GTCJ) using the DMT DataMaster breath alcohol test instrument is maintained by the Michigan State Police (MSP) which includes calibration. All records are maintained at the GTCJ.

Officers obtaining a breath sample on either device shall be properly trained and should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the appropriate staff member.

503.5.4 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples. The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task (MCL 257.625a).

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Operating While Intoxicated or Impaired

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test (MCL 257.625c).

Such inability to take a blood test shall not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

503.5.5 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample (MCL 257.625a).

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

503.6 REFUSALS

When an arrestee refuses to provide a chemical sample, officers shall:

- (a) Advise the arrestee of the requirement to provide a sample.
- (b) Audio- and/or video-record the admonishment and the response when it is practicable.
- (c) Document the refusal in the appropriate report.

503.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test, officers shall advise the person of the refusal consequences by reading from the appropriate form (MCL 257.625e).

503.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when a search warrant has been obtained (MCL 257.625d).

503.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Operating While Intoxicated or Impaired

- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer), and attempt to persuade the individual to submit to providing such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure that the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform the duties of a supervisor, as set forth above.

503.7 ARREST AND INVESTIGATION

Generally, an officer with probable cause may arrest a person for OWI offenses not committed in the officer's presence when (MCL 257.625a; MCL 257.625m):

- (a) The person is found in the driver's seat of a vehicle parked or stopped on a highway or street and any part of the vehicle intrudes into the roadway.
- (b) The driver was involved in an accident.

503.7.1 RIGHT TO ATTORNEY CONTACTS

Arrestees should be allowed a reasonable opportunity to consult with an attorney before being required to submit to a chemical test if the delay would not unreasonably interfere with evidence collection.

503.7.2 RIGHT TO SECOND TEST

A person who takes a chemical test shall be given a reasonable opportunity to have a person of his/her own choosing administer a separate chemical test within a reasonable time after his/her detention (MCL 257.625a).

503.7.3 REPORTING

The Patrol Captain shall ensure that this department complies with all state reporting requirements pursuant to MCL 257.625i.

503.7.4 TEMPORARY LICENSES

In the case of a positive test result or a refusal, the arresting officers shall ensure that temporary licenses are issued and licenses are destroyed pursuant to MCL 257.625g. Related state forms shall be completed and forwarded in a timely fashion.

503.8 CENTRAL RECORDS DIVISION RESPONSIBILITIES

The Records Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

503.9 ADMINISTRATIVE HEARINGS

The Records Supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the Michigan Secretary of State (SOS).

Any officer who receives notice of required attendance at an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and the SOS file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

Traffic and Parking Citations

504.1 PURPOSE AND SCOPE

This policy outlines the responsibilities for issuing, correcting, voiding and dismissing traffic and parking citations.

504.2 POLICY

It is the policy of the Traverse City Police Department to enforce traffic laws fairly and equally. Authorized members may issue a traffic or parking citation along with a written or verbal warning based upon the circumstances of the contact and in the best interest of the motoring public and community safety.

504.3 RESPONSIBILITIES

The Shift Sergeant shall be responsible for the supply and accounting of all traffic and parking citations issued to members of this department. Citations will be kept in the Sergeant's office and issued to members by the Shift Sergeant. Members will sign for the citation books when issued or upon return of unused citations.

Members of the Traverse City Police Department shall only use department-approved traffic and parking citation forms and shall use electronic citations whenever available.

504.4 TRAFFIC CITATIONS

504.4.1 CORRECTION

When a traffic citation is issued but is in need of correction, the member issuing the citation shall submit the citation and a letter to his/her immediate supervisor requesting a specific correction. Once approved, the citation and letter shall then be forwarded to the Central Records Division. The Records Supervisor or the authorized designee shall prepare a letter of correction to the court having jurisdiction and notify the citation recipient in writing.

504.4.2 VOIDING

Voiding a traffic citation may occur when the citation has not been completed or when it is completed but not issued. All copies of the voided citation shall be presented to a supervisor for approval. The citation and copies shall then be forwarded to the Central Records Division.

504.4.3 DISMISSAL

Members of this department do not have the authority to dismiss a traffic citation once it has been issued. Only the court has that authority. Any request from a recipient to dismiss a citation shall be referred to the Patrol Captain. If approved, the citation will be forwarded by the issuing officer to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for dismissal has been denied shall be referred to the appropriate court.

Prior to a court hearing, a member may submit a request for dismissal of a traffic citation to his/her supervisor. The request must be in writing and should include the reason for dismissal (i.e., in

the interest of justice, prosecution is deemed inappropriate). Upon a review of the circumstances involving the issuance of the traffic citation, the supervisor may forward the request to the Patrol Services Division Commander to recommend dismissal. If approved, the citation will be forwarded to the appropriate court with a request for dismissal.

Should a member determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the member may request the court to dismiss the citation. Upon such dismissal, the member shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required, and forward it to the Patrol Services Division Commander for review.

504.4.4 DISPOSITION

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the member's immediate supervisor for review by the end of each shift. The citation copies shall then be filed with the Central Records Division.

Upon separation from appointment or employment with this department, all members who were issued traffic citation books shall return any unused citations to the Central Records Division.

504.4.5 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency and the type of offense should be considered before issuing a juvenile a citation.

504.5 PARKING CITATION APPEALS

Parking citations may be appealed in accordance with local and state law.

Disabled Vehicles

505.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for department members who provide assistance to motorists in disabled vehicles within the primary jurisdiction of the Traverse City Police Department.

505.2 POLICY

It is the policy of the Traverse City Police Department to assist motorists with disabled vehicles until those vehicles are safely removed from the roadway. Members should take appropriate action to mitigate potential problems when a vehicle constitutes a traffic hazard or the safety of the motorist is a concern.

505.3 RESPONSIBILITIES

When an on-duty member of this department sees a disabled vehicle on the roadway, the member should make a reasonable effort to provide assistance. If this is not reasonably possible, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another department member to respond as soon as practicable.

505.4 ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department members will be contingent on the time of day, the location, the availability of department resources and the vulnerability of the disabled motorist.

505.4.1 MECHANICAL REPAIRS

Department members shall not make mechanical repairs to a disabled vehicle. The use of push bumpers, with consent of the owner, to relocate vehicles to a position of safety is not considered a mechanical repair.

505.4.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

505.4.3 RELOCATION OF MOTORISTS

The relocation of a motorist with a disabled vehicle should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the motorist or transport him/her to a safe area to await pickup.

Traffic Direction and Control

506.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures and guidelines for department members who provide assistance to motorists with traffic direction and control in the field, and to provide guidance to members during instances where general and emergency assistance to the public is necessary.

506.2 POLICY

It is the policy of the Traverse City Police Department to assist motorists with the direction and control of traffic in various situations. Members should take appropriate action to control the direction and

flow of traffic in situations such as weather emergencies, utility outages or emergencies, at the scenes of fires, and other such events. Members may utilize various means of traffic direction and control, including the use of traffic cones, flares, flashlights, hand signals and gestures, and the manual operation of traffic signals. Traffic direction and control procedures are designed to facilitate the safe flow of vehicle and pedestrian traffic as required by road conditions and emergency situations.

506.3 MANUAL TRAFFIC DIRECTION AND CONTROL

The member should position their patrol vehicle in a manner that assists with the traffic control function. Overhead lights should be activated to warn approaching traffic.

When manually directing or controlling traffic, members should utilize standard manual hand signals:

- (a) **To Stop Traffic:** The member extends his/her arm outward with the palm facing the vehicle to be stopped. The member may use verbal and/or whistle commands to enhance the physical gesture.
- (b) **To Start Traffic:** The member moves his/her arm at the elbow in an upward, sweeping motion, with the palm of the hand facing in the direction that traffic is to proceed.
- (c) **Left or Right Turns:** The member should gesture to the driver by extending his/her arm toward the direction in which the turn is to be made.

506.4 USE OF TEMPORARY TRAFFIC CONTROL DEVICES

Temporary traffic control devices, such as road flares, traffic cones, barricades, and other devices, may be used by members when required. Instances that may require the use of temporary traffic control devices may include large public gatherings or events, accident scenes, unanticipated road hazards, and so forth.

Patrol vehicles should be equipped with road flares and traffic cones for use when required. If traffic barricades, temporary stop signs, or other temporary traffic control devices are required, the member should contact the Department of Public Services for their assistance in the temporary placement of such devices.

506.5 MANUAL OPERATION OF TRAFFIC CONTROL SIGNALS

Members are authorized to manually operate traffic control signals when circumstances require such operation. A key that may be used to access the controller cabinet for traffic control signals throughout the city is maintained in the patrol sergeant's office. Some situations which may require the manual operation of traffic control signals may include, but are not limited to:

- (a) When special traffic control orders are received from the Department of Public Services or Signs and Signals.
- (b) During special events which require the facilitation of traffic flow due to congestion or for public safety.

506.6 TRAFFIC DIRECTION AND CONTROL AT CRITICAL INCIDENT SCENES

506.6.1 AT THE SCENE OF FIRES, UTILITY EMERGENCIES, AND OTHER EVENTS

Members at the scene of critical incidents such as fires, utility emergencies, and other events, will assess the hazards present and take action to minimize the danger and damage to life or property. This may include traffic direction and/or evacuation of the immediate area.

Members should position their patrol vehicles in a manner that will provide a barrier from the public but allows for additional required emergency personnel to access the scene. Members should work in cooperation with all other emergency services personnel.

Any public or vehicular traffic approaching the scene should be directed away from the scene.

506.6.2 AT THE SCENE OF ADVERSE ROAD AND WEATHER CONDITIONS

Adverse road conditions may arise out of many situations, including hazards such as downed power lines, debris in the roadway, sinkholes, and so forth. Members should notify the appropriate personnel for the purpose of correcting the conditions, such as the Department of Public Services.

Natural hazards, such as fog, rain, ice, and snow, may also present significant hazardous conditions. Members directing traffic during adverse conditions should heed extra safety considerations with regard to diminished driver sight and stopping distances.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and dispositions of criminal investigations.

600.2 POLICY

It is the policy of the Traverse City Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine whether additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Shift Commander.
 - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 - 5. Collect any evidence.
 - 6. Take any appropriate law enforcement action.
 - 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary and what other resources may be available, and advise the informant or complainant of this information.

600.3.2 CIVILIAN MEMBER RESPONSIBILITIES

A civilian member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take

any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.3.3 CASE SCREENING AND MANAGEMENT

A case screening system assists in determining if a case requires follow-up investigation, the bureau best suited to conduct follow-up investigation, and what cases are subject to case closure.

The following procedures should be followed regarding case screening and tracking:

- (a) All reports shall be reviewed by a supervisor of the rank of Sergeant or above.
- (b) The reviewing supervisor will make the determination on whether to assign the case for follow-up investigation and the appropriate personnel to refer the investigation to Detective Bureau or remain with patrol. The referral will be based on case screening and solvability factors. If the case meets criteria for assignment, it will be assigned based on current workload, knowledge, abilities, or expertise, amount of follow-up required, and/or related cases as indicated by type, suspects, or as part of a pattern or series.

In most cases, the original reports will be taken by a uniformed patrol officer. Using the aforementioned review method, cases will then be assigned for follow-up investigation either to remain with Patrol or to the Detective Bureau.

600.3.4 CASE FILE MANAGEMENT

The case management system will take place within the Record Management System (RMS). This system contains, but is not limited to, the ability to manage cases by:

- (a) A report status control system
- (b) Date assigned
- (c) Report number
- (d) Assigned member(s)
- (e) Report type
- (f) Status/Disposition

All cases will be assigned using the RMS. Case review and status will be available to any member who has been granted access to the files. Access is granted via logging in to the RMS utilizing an assigned username and password. Case narratives are available to authorized department personnel on a twenty-four hour basis via the electronic RMS. Files will be coded closed when appropriate, but will not be purged, as they will remain as a permanent section of the records function.

600.3.5 RECORDS AND EXEMPLARS

Records and exemplars shall be electronically attached to the original report. Examples of such records or exemplars are supplemental reports, forms, laboratory reports, written statements, outside agency reports, photographs or any other records deemed necessary to conduct the

Traverse City Police Department

TCPD Policy Manual

investigation. The Freedom of Information Act (FOIA) Coordinator and the Records Bureau shall ensure any information exempt from FOIA is redacted.

For reports that have physical forms or attachments, such as CDs, original paperwork, and so forth, the physical attachments will be maintained in the Records Bureau. A cover sheet for the report will be attached to the physical attachment.

600.3.6 DISPOSITION OF CRIMINAL CASES

The following case dispositions are used in the RMS when investigating, following up, or closing a case.

- (a) Open - The case remains active and is still being investigated. There may be a LEIN entry involving this case (stolen vehicle, stolen gun, etc.)
- (b) Inactive - The case is no longer being investigated or is unfounded.
- (c) Closed - The case can be 'closed' for multiple reasons:
 - 1. Victim no longer wishes to participate in the criminal justice process.
 - 2. Lack of investigative leads.
 - 3. The case is closed and linked to a different report number for charges.
 - (a) One suspect is connected to multiple MDOP's throughout the city, the PAO will authorize charges under one report and we could close all other similar reports.
 - 4. Report was TOT another agency.
 - 5. Suspect was issued a citation;
 - 6. Suspect has been arrested;
 - 7. TOT Prosecutor for review of charges (for juveniles and adults);
- (d) Restitution Received - The non-sufficient funds complaint or account closed complaint is paid by the suspect.

600.4 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS

The Traverse City Police Department will utilize audiovisual recording equipment anytime a custodial interrogation of a person suspected of the following crimes is conducted (MCL 763.8):

- (a) A felony punishable by imprisonment for life, for life or any term of years, or for a statutory maximum of 20 years or more
- (b) A violation of MCL 750.520d (criminal sexual conduct in the third degree)

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Investigation and Prosecution

The recording will be time stamped and contain the entire interrogation including the notice of the *Miranda* rights. Any objection to the recording will be documented but the recording will continue (MCL 763.8).

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete, and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.4.2 INTERVIEW ROOMS: USE AND SECURITY

Interview rooms will be used for custodial and non-custodial interviews of persons suspected of committing a crime, suspects charged with a crime, or for conducting interviews with complainants, witnesses, and victims. Each interview room is equipped with video and audio surveillance that continuously records after being activated. The surveillance feed is capable of being monitored by members of Command Staff, the Detective Bureau Division, and Shift Supervisors.

When utilizing the designated interviews rooms, the following should apply:

- (a) Appropriate safety precautions will be taken while conducting interviews. Members will be aware of weapon(s) control at all times when interviewing detainees, suspects, witnesses, and victims. It will be the sole discretion of the officer/detective whether or not they maintain their authorized weapon on their person while in the interview/interrogation room. Should the officer/detective elect to remove their weapon, it shall be properly secured.
- (b) The number of members present during an interview/interrogation should be kept to a minimum. Typically, this should be no more than two officers/detectives and the person being interviewed. However, it will be the discretion of the conducting member or their supervisor in determining the number of members to be present. Special circumstances may require a parent, a guardian, legal representation, another governmental agency, and so forth.
- (c) Members conducting interviews/interrogations in the Patrol Division will be equipped with portable radios, equipped with emergency assistance buttons. Members utilizing these radios will have the means to summon assistance, if needed.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Investigation and Prosecution

- (d) Members of the Detective Bureau Division will conduct interviews/interrogations in the designated rooms while another member of the bureau is in the general area. If no other members of the bureau are available in the area, the member conducting the interview will enter the interview with their portable radio. The member conducting the interview may utilize the portable radio's equipped emergency assistance button to summon assistance, if needed.
- (e) All individuals being interviewed/interrogated will be provided access to water, restrooms, and other basic needs in a timely manner. It will be at the interviewer's discretion when any break will occur. All individuals who wish to use any facilities will be escorted by a department member at all times within any secured area of the department.

600.5 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, there is no reasonable belief that the person who committed the crime can be identified and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor; charges have been filed; further investigation is not reasonable, warranted or requested; and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proved that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.6 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.7 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.7.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.7.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.8 IDENTITY THEFT

A report shall be taken any time a person reports that he/she has been a victim of identity theft that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box in the City of Traverse City to facilitate the crime) (MCL § 780.754a). This includes:

- (a) Providing the victim with the appropriate information, as set forth in the Victim and Witness Assistance Policy. Department members should encourage the individual to review the material and should assist with any questions.
- (b) Referring the victim to the Central Records Division to obtain a copy of the police report (MCL § 780.754a).

A member investigating a case of identity theft should ensure that the case is referred to the appropriate agency if it is determined that this department should not be the investigating agency (e.g., an identity theft ring working from out of state). The victim should be advised that the case is being transferred to the agency of jurisdiction. The appropriate entries should be made into any databases that have been authorized for department use and are specific to this type of investigation.

600.9 SPECIAL CRIMINAL INVESTIGATIONS

600.9.1 REPORTING PROCEDURES

Information or complaints will be taken just as any other complaint. The information or complaint will be reviewed by a supervisor.

Information received regarding criminal activity associated with organized crime, narcotics, and vice crimes will be accepted from any source including complaints to the department, anonymous tips, neighborhood and community groups, etc.

600.9.2 PROCEDURES FOR PROCESSING THE COMPLAINT/INFORMATION

The source of the complaint/information, if possible, will be documented. The activity, pertinent dates, times and any other beneficial information. The information should be documented in the receiving officer's incident report or log entry. This information will then be forwarded to the appropriate resource.

Narcotics information will be forwarded to the TNT detective and departmental crime prevention officer. Any reporting of organized crime will also be forwarded to the local Federal Bureau of Investigation (FBI) branch office.

600.9.3 MAINTAINING A RECORD OF COMPLAINTS/INFORMATION

If an investigation was conducted based on the information received, the investigation shall be documented in the Records Management System.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Investigation and Prosecution

If the information was turned over to or forwarded onto another agency (TNT, FBI, etc) this should be documented in the investigation or log entry. Whether the information was supplied or received, the report or log entry should record the corresponding agency, the information which was shared, and the identity of the person sharing or receiving the information.

600.10 SPECIAL INVESTIGATIVE OPERATIONS

In order to investigate special criminal activity, detectives or officers may conduct investigations that are not of a conventional nature. Therefore varying tactics may be utilized that are not normally used in conventional investigation.

600.10.1 SURVEILLANCE OPERATIONS

Guidelines for surveillance of organized crime, narcotics and vice activities are established to meet the goals of law enforcement in these areas. When the need for surveillance is determined, the appropriate supervisor may authorize the surveillance operation taking into consideration staffing and shift strength. The department will utilize all information at its disposal when planning a surveillance operation (including criminal activity in the area and other investigations). A plan will be created by the supervisor and communicated to all participants in the surveillance operation.

The plan may include, but not limited to:

- (a) Analyzing crimes and victims;
- (b) Identifying and analyzing probable offenders and their habits, associates, vehicles, methods of operation or other pertinent information;
- (c) Familiarizing the officer with the neighborhood or target area;
- (d) Determining operational procedures for observation, arrests, and "tails";
- (e) Establishing a means of communication;
- (f) Selecting equipment and vehicles;
- (g) Providing relief; and
- (h) Determining legal ramifications.

600.10.2 UNDERCOVER OPERATIONS

An undercover operation may generally be considered to be "short term" or "long term"; an undercover operation is generally considered to be "short term" when it refers to day-to-day operations in which an officer assuming an undercover identity meets with suspects to arrange narcotics purchases, purchases of evidence, make arrest, gather intelligence or other information. A "short term" operation is normally conducted in one work shift. Officers of this department do not conduct "long term" undercover operations, however, officers may intermittently conduct "short term" undercover operations as required by their investigation.

The following guidelines for "short term" undercover operations may include, but are not limited to:

- (a) Prior to an officer assuming an undercover capacity to conduct an investigation, the Shift Supervisor shall be notified and briefed on the plan. The Shift Supervisor, after considering the nature of the undercover role, the location of the operation, anticipated

Traverse City Police Department

TCPD Policy Manual

outcomes, and relevant safety factors, shall determine if the operation is feasible under the circumstances.

- (b) When an undercover operation is authorized by the Shift Supervisor, the Shift Supervisor of the officer involved shall assign sufficient back-up support in order to ensure that the operation proceeds as safely as possible.
- (c) When an immediate arrest is anticipated as part of an undercover operation, the Shift Supervisor in charge of the operation shall ensure that the arrest plan is clear and that this phase of the operation is conducted as safely as possible. The use of uniformed patrol officers should be considered. In those cases that involve members of other law enforcement agencies, the Shift Supervisor in charge of the operation shall ensure that every participating agent is aware of the identity of the undercover officer(s) and, when possible, the suspect(s).
- (d) The Shift Supervisor in charge of the operation shall closely monitor the progress of the operation, and shall instruct officers to immediately terminate any undercover operation when, in their judgment, the operation has become unmanageable, officer safety has been compromised, or is not in the best interest of the Traverse City Police Department.

600.10.3 GENERAL CONSIDERATIONS

The following considerations should be made in any undercover operation:

- (a) Backup Support
 - 1. A cover officer should support all undercover officers. The cover officer shall maintain surveillance of the undercover officer, when practical, for the purpose of ensuring the safety and the integrity of the officer and the investigation. The cover officer shall act as a contact for the undercover officer and assure the proper reporting and documentation of the activities of the undercover officer.
 - 2. Communication procedures to be used between the undercover officer and the cover officer(s) shall be clearly established prior to the investigation.
- (b) Reporting Procedures
 - 1. The undercover officer's Shift Supervisor shall ensure that all activities are properly reported and documented.
 - 2. Reporting and documentation may be completed by the undercover officer, the cover officer, or another officer designated by a supervisor.
 - 3. Any deviation from the reporting procedure requires the approval of the Chief of Police.
- (c) Deconfliction
 - 1. Particular attention should be paid to the practice of deconfliction between local jurisdictions. The detective or officer should attempt to contact/notify any local jurisdictions or agencies that may be affected when feasible.
 - 2. In addition to deconfliction at the local level, the assigned detective or officer should report all pre-planned operations to the High Intensity Drug Traffic

Area (HIDTA) Deconfliction Network, prior to the pre-planned operation unless otherwise authorized by a supervisor.

3. In the event HIDTA identifies a potential conflict for a pre-planned operation, the case agent shall immediately contact the identified agency and resolve any conflict that might exist before the pre-planned operation is initiated.
- (d) Notification of the Chief of Police of Special Investigative Operations
1. The Patrol Lieutenant will keep the Chief of Police informed of all ongoing special investigative operations.

600.10.4 DECOY OPERATIONS

The Traverse City Police Department utilizes decoys in the enforcement and compliance of refusing the sale of alcohol to minors. The decoys' primary purpose is to attempt or complete the purchase of alcohol from local vendors utilizing their own Michigan Identification card or Operator's License. The following criteria are utilized for decoys in such operations:

- (a) Decoys selected for the operation shall be between the ages of eighteen to twenty years old. If a decoy is selected under the age of eighteen years old, that decoy may participate with parental consent.
- (b) All decoys selected for the operation shall be run through LEIN, NCIC, and the RMS to verify their identity, background, and good standing.
- (c) Photographs shall be taken of each decoy the day of the operation in order to document their appearance at the time of the operation.
- (d) Only a valid Michigan Identification card or Michigan Operator's License shall be used in the operations by the decoys.
- (e) All decoys receive written and verbal instruction of the operation, and sign a waiver prior to be utilized in the operation.
- (f) Decoys shall be unarmed, and will not wear any clothing displaying any police markings, insignia, or represent the department in any way.

The following procedures are utilized in the deployment of decoys for the enforcement of alcohol sales to minors:

- (a) After decoys have been vetted, briefed, and sign all necessary documentation, a member of the Detective Bureau will accompany the decoy to a retail establishment that sells alcohol.
- (b) The decoy will be provided with cash by the accompanying detective/officer in order to attempt the purchase of alcohol.
- (c) The decoy will enter the establishment alone, and will select a product containing alcohol. The decoy will then bring the product to a point of sale and attempt to purchase the product.
- (d) If/When the decoy is prompted to produce identification by the store employee, the decoy will produce their Michigan Identification card or Operator's License.

1. In the event the store employee refuses the sale of alcohol, the decoy will leave the establishment and return to the accompanying detective/officer. The detective/officer will then travel to the next retail establishment and conduct the next compliance verification.
 - (a) In the event the store employee refuses the sale of alcohol and refuses to return the decoy's Michigan Identification card or Operator's License, the decoy will explain to the employee that they are working with the Traverse City Police Department as part of a compliance check. If the employee continues to refuse the return of the property, the decoy will summon their accompanying detective/officer via hand signals or calling/texting them directly. The accompanying detective/officer will then enter the establishment, explain the compliance check, and retrieve the decoy's property from the employee.
2. In the event the store employee grants the sale of alcohol by failing to ask for identification or not verifying the information on the decoy's identification, the decoy will exit the establishment and return to their accompanying detective/officer. The decoy will relinquish the purchased alcohol and receipt to the detective/officer.
 - (a) The accompanying detective/officer may then enter the establishment that granted the sale and make contact with the store employee that conducted the transaction.
 1. The detective/officer will explain the compliance check to the employee, and verify the sale.
 2. The accompanying detective/officer will obtain the store employee's information that completed the sale. The employee will be issued a citation for the sale of alcohol to a minor, applicable with MCL 436.1701, and informed of the process for addressing the citation.
 - (b) The accompanying detective/officer, at their discretion, may choose to delay contact with the establishment when the transaction is made as part of a special investigation or sting operation.
- (e) At the conclusion of the operation, the detective/officer will return to the Law Enforcement Center and process any relinquished alcohol as evidence. The detective/officer will then complete a report containing the location and information about how the alcohol was obtained. The report will subsequently be forwarded onto the appropriate prosecuting attorney, as well as the Michigan Liquor Control Commission.
- (f) The evidence will then be placed into temporary storage until it is processed into the property room by a property officer. The evidence will be held until the legal proceedings have concluded and a removal/destruction order is received.
- (g) Following the operation, the Traverse City Police Department will issue a press release documenting the compliance check, and listing all establishments at which a compliance check was conducted. The press release will document which establishments were found to be in compliance, and the establishments which failed the compliance check.

600.11 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Commander or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

601.1.1 DEFINITIONS

Definition related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in MCL 750.520b through MCL 750.520e and MCL 750.520g.

601.2 POLICY

It is the policy of the Traverse City Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Collaborate with members from other disciplines that have specialized training regarding sexual assaults or victim advocacy.
- (g) Inform the victim if the suspect has voluntarily submitted to a polygraph examination or other lie detector test and the test indicated that the person may not have committed the crime (MCL 776.21).

601.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Sexual Assault Investigations

601.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

601.6 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 1. Initial response to sexual assaults.
 2. Legal issues.
 3. Victim advocacy.
 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 1. Interviewing sexual assault victims.
 2. Medical and legal aspects of sexual assault investigations.
 3. Serial crimes investigations.
 4. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 5. Techniques for communicating with victims to minimize trauma.
 6. Trauma informed (neurobiology of trauma) training.

601.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Central Dispatch, should be the health and safety of the victim, the preservation of evidence and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; MCL 776.21).

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Sexual Assault Investigations

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a qualified investigator, crime scene technician or SANE nurse should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

601.8.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following (MCL 752.934):

- (a) Take possession of sexual assault kit evidence collected at a health care facility within 14 days after receiving notice of the kit evidence as set forth in MCL 752.934.
- (b) Notify a law enforcement agency with jurisdiction of alleged offense within 14 days after receiving a sexual assault kit related to that agency's case from a health care facility.
- (c) Submit sexual assault kit evidence to the appropriate laboratory within 14 days of its receipt.

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Section Policy.

601.8.2 DNA TEST RESULTS

A qualified investigator should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

Sexual Assault Investigations

601.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Bureau supervisor.

Classification of a sexual assault case as unfounded requires the Detective Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

601.10 CASE REVIEW

The Detective Bureau supervisor should ensure cases are reviewed on a periodic basis, at least annually. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

Asset Forfeiture

602.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

602.1.1 DEFINITIONS

602.2 POLICY

The Traverse City Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential of revenue shall not be allowed to jeopardize the effective investigation and prosecution of criminal offenses, officer safety, the integrity of ongoing investigations or any person's due process rights.

Whenever practicable, obtaining a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

602.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds
- (b) Conveyances or other property when there is reason to suspect the owner was not a knowing or consenting party to an illegal act ("innocent owner") (MCL 333.7521; MCL 445.79; MCL 600.4702).

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- (a) Complete the applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere; the whereabouts of the property is unknown; it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

602.5 MAINTAINING SEIZED PROPERTY

The Property and Evidence Section supervisor is responsible for ensuring compliance with the following:

- (a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.

- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

[Procedure Manual: 604 Eyewitness Identification](#)

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

604.6 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably

TCPD Policy Manual

TCPD Policy Manual

Eyewitness Identification

stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.6.1 ADMINISTRATION

(a) Photographic Lineup/Photo Array Administrators

1. Any members involved in the case/investigation should not participate in the administration of the photographic lineup.
2. Administrators are selected by the case investigator or the investigator's supervisor.

(a) The administrator should not:

1. Be involved in the creation of the lineup
2. Have any knowledge of the investigation
3. Have any knowledge as to which photograph depicts the suspect in the investigation
4. Have already participated in administering a lineup in the same case.

(b) Photographic Lineup/Photo Array Administration for Another Law Enforcement Agency

1. If requested by another law enforcement agency, TCPD investigators may conduct a photographic lineup for that agency once the request is approved by his/her TCPD supervisor.
2. TCPD investigators performing photographic lineups for another law enforcement agency should follow the guidelines and instructions provided by that agency to conduct the photographic lineup unless they believe the lineup violates due process.

(a) Due process requires that identifications can be conducted in a fair, objective, and non-suggestive manner.

3. TCPD investigators performing photographic lineups for another law enforcement agency should advise his/her supervisor of any concerns raised by the photographs used or by the guidelines to be followed prior to the commencement of the lineup.
4. If no guidelines are provided by the requesting investigator or agency, the provisions of this Department should be followed.

(c) Live/Physical Lineups

1. A live/physical lineup should only be conducted after consultation with the investigating officer's supervisor and the Grand Traverse County Prosecuting

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Eyewitness Identification

Attorney's Office. When it is determined that a live/physical lineup will be necessary, the investigating officer should contact the Grand Traverse County Prosecuting Attorney's Office and request a lineup be scheduled.

2. Officers should request the presence of an Assistant Prosecuting Attorney at the time a lineup is held; however, his/her presence is not required for the lineup. The investigating officer should follow the detailed instructions provided by the assigned Assistant Prosecuting Attorney in conducting the physical lineup and documenting the same.
3. As a general guideline, the person who conducts the physical lineup should have no knowledge of the investigation, and persons with the same general physical characteristics should be used as "fillers."

604.6.2 POST-PRESENTATION INTERVIEW

An officer shall conduct a post-presentation interview of the witness after the completion of the identification procedure regardless of the method used or whether an identification was made by the witness.

604.7 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identification. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 1. The length of time the witness observed the suspect.
 2. The distance between the witness and the suspect.
 3. Whether the witness could view the suspect's face.
 4. The quality of the lighting when the suspect was observed by the witness.
 5. Whether there were distracting noises or activity during the observation.
 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Eyewitness Identification

- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow-up, if necessary.

604.8 DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Brady Information

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

605.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Traverse City Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY

The Traverse City Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Traverse City Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the department case file.

605.4 BRADY PROCESS

The Chief of Police has designated the Investigative Services Division Commander to coordinate requests for *Brady* information. This person shall be directly responsible to the Office of the Chief of Police or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

- (a) Working with the appropriate prosecutors' offices and the City Attorney's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure.
- (b) Maintaining a current list of members who have *Brady* information in their files or backgrounds.
 1. Updating this list whenever potential *Brady* information concerning any department member becomes known to the Department or is placed into a personnel or internal affairs file.

605.5 DISCLOSURE OF REQUESTED INFORMATION

If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member whose file is related to the motion shall be notified of the potential presence of *Brady* information.
- (b) The prosecuting attorney or City Attorney should be requested to file a motion in order to initiate an in-camera review by the court.
 1. If no motion is filed, the Custodian of Records should work with the appropriate counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.
- (d) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 1. Prior to the release of any information pursuant to this process, a protective order should be requested from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in a member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

605.6 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility or dishonesty or has been engaged in an act of moral turpitude or criminal conduct,

Traverse City Police Department

the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

605.7 SUBPOENA PROCESSING

The individual processing subpoenas (or the supervisor of the subpoenaed member) shall check the subpoenaed member's name against the current list of those who are known to have *Brady* information in their files or background, and shall alert the coordinator if a person on the list is subpoenaed.

605.8 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

605.9 ANNUAL REPORT

The Investigative Services Division Commander should complete an annual report to the Chief of Police concerning the status of Brady Information.

Unmanned Aerial System

606.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

606.1.1 DEFINITIONS

Definitions related to this policy include:

Unmanned aerial system (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)) and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

606.2 POLICY

A UAS may be utilized to enhance the department's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

606.3 PRIVACY

The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

606.4 PROGRAM COORDINATOR

The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations, and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current, and/or coordinating compliance with FAA Part 107 Remote Pilot Certificate, as appropriate for department operations.
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies, and procedures regarding use of the UAS.
- Developing uniform protocols for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents. Deployment of a UAS shall require written authorization of the Chief of Police or the authorized designee, depending on the type of mission.

- Coordinating the completion of the FAA Emergency Operation Request Form in emergency situations, as applicable (e.g., natural disasters, search and rescue, emergency situations to safeguard human life).
- Developing protocols for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing operational protocols governing the deployment and operation of a UAS including but not limited to safety oversight, use of visual observers, establishment of lost link procedures, and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance, and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored, and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates, and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.
- Maintaining familiarity with FAA regulatory standards, state laws and regulations, and local ordinances regarding the operations of a UAS.

606.5 USE OF UAS

- (a) The Chief of Police or departmentally authorized operators who have completed the required training and are licensed UAS pilots are the only department members that will be allowed to approve or deny requests for UAS deployment based on the type of requested mission.
- (b) In order to operate the UAS, the authorized operators (pilots) must successfully complete and maintain required FAA licensing or be under the direct supervision of a licensed operator.
- (c) Factor the severity of the mission based on the following criteria:
 1. Location of the flight (within restricted zones).
 2. Time of day for requested flight.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Unmanned Aerial System

3. Weather at the time of the flight (see the pre-flight checklist).
 - (a) Wind \leq 25 mph
 - (b) Visibility \geq 3 miles
 - (c) Rain \leq 1/2 inch per hour
 - (d) Ceiling $>$ 500 feet from clouds vertically; $>$ 2000 feet from clouds horizontally.
 4. Night flight compliance at the time of the flight, \geq 2 pilots and at least one night trained observer to be present.
 5. If the flight is in a restricted "0" zone, can special government interest authorization be sought based on the type of mission and emergent need for deployment.
- (d) Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas when any of the following exist:
1. There is no protected privacy interest.
 2. Use is in compliance with a search warrant or court order.
 3. There are articulable and reasonable exigent circumstances compelling its use.
 4. In all other instances, legal counsel should be consulted.
- (e) UAS flights shall be conducted in compliance with current FAA rules unless specific FAA waivers have been granted authorizing the deviating operation from standard operation.
- (f) Use of UAS is only authorized for official departmental investigation, training and maintenance.
- (g) All use of the UAS shall be reported to the Program Coordinator by the authorized operator (pilot).

If a clear "go/no go" decision cannot be made at the time of the UAS deployment request, the on call UAS pilot can contact the UAS Program Coordinator for evaluation of the request.

606.6 PROHIBITED USE

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.
- To harass, intimidate, or discriminate against any individual or group.
- To conduct personal business of any type.

The UAS shall not be weaponized.

606.7 TRAINING

Operators shall at minimum, receive, participate in and successfully complete the following training:

- Initial FAA licensing
- Bi-annual FAA licensing renewal
- Quarterly departmental team training

Successful completion of FAA training is determined by a passing score and receipt of FAA licensing. Successful Departmental team training will be determined by the Program Coordinator. Authorized operators may also operate the UAS for training purposes as directed by the Program Coordinator. Prior authorization by the Program Coordinator is required.

606.8 RETENTION OF UAS DATA

Data collected by the UAS shall be retained as provided in the established records retention schedule.

606.9 ANNUAL REPORT

The Investigative Services Division Commander in conjunction with the UAS Coordinator should complete an annual report to the Chief of Police concerning the progress and status of UAS Program.

Warrant Service

607.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

607.2 POLICY

It is the policy of the Traverse City Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

607.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

607.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

607.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Warrant Service

607.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Information Policy).

607.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.
- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Warrant Service

- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

607.8 KNOCK AND ANNOUNCE RULE - NO KNOCK SEARCH WARRANTS

Officers executing a search warrant generally must not immediately force his/her way into a residence. Instead, the Officer must first:

- (a) Knock and announce their presence before forcing the door open.
 - 1. Identify him/herself as a law enforcement officer.
 - (a) The announcement must be loud and clear enough for a reasonable person to hear.
 - (b) If feasible, an officer should be positioned on the opposite side of the structure or area to be searched as a witness to the announcement.
 - 2. Identify the intent of the encounter (search warrant).
 - 3. Wait a reasonable amount of time for the occupants to respond.
 - (a) The size and structure of the building should be considered when determining this.
- (b) Officers may seek to obtain a "no knock" search warrant if doing so would cause harm or danger to the officers.
 - 1. This includes situations in which officers suspect that announcing their presence would be dangerous, futile, or result in the destruction of evidence.
 - 2. The burden is on the officers to show exigent circumstances which precluded the knock and announce requirement. (MCL §780.657) It is advisable to include the exigent circumstances in the affidavit.
 - 3. Issuance of the warrant is at the discretion of reviewing judge or magistrate.
- (c) Search warrant and arrest situations may be rapidly evolving. The above requirements are not intended to restrict officers from taking legal action when they encounter a reasonable and articulable exception to the search warrant rule. Examples include:
 - 1. hot pursuit
 - 2. emergency situation
 - 3. exigency and probable cause

Warrant Service

607.9 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

607.10 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

607.11 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Traverse City Police Department are utilized appropriately. Any concerns regarding the requested use of Traverse City Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Shift Commander should assume this role.

If officers intend to serve a warrant outside Traverse City Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request

Traverse City Police Department

TCPD Policy Manual

Warrant Service

assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Traverse City Police Department when assisting outside agencies or serving a warrant outside Traverse City Police Department jurisdiction.

607.12 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.13 TRAINING

The Training Manager should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

608.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

608.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

608.2 POLICY

It is the policy of the Traverse City Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

608.3 OPERATIONS DIRECTOR

The Chief of Police has designated the Captain of the Patrol Services Division as the operations director.

The operations director will develop and maintain a threat assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review threat assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

608.4 THREAT ASSESSMENT

608.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

608.4.2 THREAT ASSESSMENT REVIEW

Officers will present the threat assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of threat. Supervisors should take reasonable actions if there is a change in circumstances that elevates the threats associated with the operation.

608.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. Emergency Response Team (ERT)
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Persons trained in negotiation
 - 7. Additional surveillance

608.5 DECONFLICTION

Deconfliction systems are designed to identify persons, confidential informants and sources, and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups, or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

608.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,

- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.

- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.
- (k) Communications plan.
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

608.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained by the Operations Director in accordance with the established records retention schedule.

608.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

- (c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the operations director to ensure that Central Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.

 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

608.8 ERT PARTICIPATION

If the operations director determines that ERT participation is appropriate, the director and the ERT supervisor shall work together to develop a written plan. The ERT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the ERT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

608.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

608.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any ERT debriefing.

Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY

The Traverse City Police Department allows members to utilize department-issued PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy concerning the location of the device should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance.)

701.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue a PCD for the member's use to facilitate on-duty performance. Department-issued PCDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

[Procedure Manual: 701.2 OFF DUTY AUTHORIZATION](#)

701.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members have a reduced expectation of privacy when using a personally owned PCD in the workplace, have no expectation of privacy with regard to any department business-related communication, and use in that manner could result in the messages transmitted or received being discoverable.
- (e) The device shall not be utilized to record or disclose any department business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment or appointment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, e-mails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the Traverse City Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.
- (h) It is prohibited to access, process, transmit, and/or store CJI with a personally owned PCD.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage

in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- (b) All PCDs in the workplace shall be set to silent or vibrate mode.
- (c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
- (f) Members will not access social networking sites for any purpose that is not official department business.
- (g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.

1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

701.9 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

703.2 POLICY

Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

703.3.6 MDT

Members assigned to vehicles equipped with a Mobile Data Terminal (MDT) shall log onto the MDT with the required information when going on-duty. Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

802.3.1 IDENTIFYING, PRESERVING AND COLLECTING PHYSICAL EVIDENCE

The primary duty and responsibilities of an officer, once belief is established that a crime may have been committed, is to accurately record the scene and evidence through techniques including scene photography, evidence collection, the development and collection of latent print when practical, and detailed report writing. A crime or traffic accident scene must be secured as soon as possible to prevent the loss of potential evidence.

It is the initial responding officer's responsibility to secure and protect the scene from all nonessential personnel in order to prevent contamination of the scene or the loss of evidence. Officers should identify evidence by serial number, make, model, manufacturer, color, size, or any other descriptive features that may be applicable. Examples of physical evidence include, but are not limited to: physical property, bodily fluids and/or DNA, injuries, digital correspondences or property damage. Potential evidence should be preserved in the same condition as when collected, whenever applicable. Evidence condition may be altered as a result of safety requirements, environmental conditions, testing, analysis or processing. Any evidence that is collected should be photographed in its original location, position and condition prior to collection, when practical. Proper Personal Protective Equipment (PPE) should be worn when collecting evidence that could be contaminated by DNA, foreign fingerprints or hazardous materials. In order to collect and preserve potential evidence that may be beyond the capabilities of patrol officers, Evidence Technicians and traffic accident investigators/reconstructionists should be considered for investigations such as:

- (a) Recovered stolen automobiles
- (b) Homicide
- (c) Deaths (suicide, criminal, or accidental)
- (d) Sexual assault
- (e) Robbery
- (f) Kidnapping
- (g) Burglaries, when:
 - 1. Processing would take an unreasonable amount of time if completed by a patrol officer as determined by an on-scene supervisor.
 - 2. Evidence at the scene could be jeopardized utilizing available resources or equipment.
 - 3. Multiple burglaries are likely connected.
- (h) Serious injury or fatal traffic accidents

Evidence Technicians maintain equipment and supplies for the collection and preservation of evidence beyond the capabilities of patrol officers, to include:

- (a) Enhanced digital cameras;
- (b) Crime scene sketching capabilities;

Secondary QRT Member – A supporting member of the QRT who, through informal written partnership agreement established with the Traverse City Police Department, is not expected to regularly attend meetings but may provide support in other ways, through referrals, naloxone and overdose tracking, training, and by connecting QRT participants to community resources. Secondary QRT members are able to report to the QRT any relevant and confidential details for coordination of care, but are asked to leave during the confidential portion of the QRT meetings for the confidentiality of all participants.

Casebook – Secure and confidential software program used by the PSW to maintain records for confidentiality of information for QRT Program Participants and statistical analysis. Access to this software is restricted to the PSW and civilian auditor except for non-identifiable statistical data and program audits.

Program Participant – An individual deemed "accepted into the QRT" who meets the criteria for the QRT and elects to participate in the QRT program.

Quick Response Team

Overdose Response Team (ORT) – Team of up to four (4) persons including the PSW, (1) Member from the Traverse City Police Department Crime Prevention Unit, agency representative from Addiction Treatment Services, and a Peer Recovery Coach, who responds to overdoses within 24-72 hours.

Gaps in Service Provision ("Potholes") – Systemic issues identified during QRT meetings that the QRT hopes to fill with policy changes and increased community resources.

"Wrap-Around Services" – Collaborations between QRT members and other Traverse City area community agencies and organizations that provide support related to substance use, mental health, homelessness, basic needs and/or healthcare, to effectively coordinate individuals and their connections to community resources.

Naloxone (brand names Narcan[®], Kloxxado[®]) – a life-saving medication used to rapidly reverse opioid overdoses by attaching to opioid receptors in the brain. Examples of opioids include heroin, fentanyl, oxycodone (OxyContin[®]), hydrocodone (Vicodin[®]), codeine, and morphine. Naloxone "has no effect on someone who does not have opioids in their system" per the National Institutes of Health.

Memorandum of Understanding (MOU) – An agreement to collaborate in an ongoing partnership, signed by the Traverse City Police Department and a community agency.

Warm Hand Off – In person conversation between Traverse City Police Officer and treatment agency representative, in which TCPD observes contact between individual and treatment worker, and shares relevant information to the workers at treatment in front of the individual for transparency and coordination of care.

810.3 POLICY

The Traverse City Police Department will implement the Quick Response Team to support individuals at risk for, and following, overdose.

The QRT Program is a Traverse City Police Department-led initiative that focuses on overdose prevention and response by supporting the city's most vulnerable people (including those experiencing crises related to substance use, mental health and homelessness) through wrap-around services and exploring how to limit gaps in service provisions between community services.

The QRT will include:

- (a) Quick identification of resources and shortcomings of community supports for Vulnerable Populations;
- (b) Response to overdoses in the community, connecting people to treatment; and
- (c) Team members who discuss needs of individuals to promote wrap-around community services.

Mission Statement: The Traverse City Police Department QRT will implement Quick support to individuals at risk for, and following, overdose. Due to the correlation between substance misuse, mental health and homelessness, the QRT will also address (Respond to) the systemic barriers to

recovery by examining gaps in local social service provisions and supporting wrap-around services for vulnerable populations in the Traverse City community.

810.4 REFERRAL TO QRT

Traverse City Police Department member, QRT agency representative, community agency member, or any community representative may complete a referral to QRT by email, text, word of mouth or submission of QRT Referral Form to Police Social Worker (PSW).

1. QRT Referral Form

- (a) The QRT Referral Form should be completed for any individual referred to the Quick Response Team. If initial referral is made via any other method than QRT referral form, PSW will complete the referral form and/or enter referral information into Casebook or similar case management tracking software for Individual interactions and data tracking for the QRT.

[See Procedure Manual: 810 Quick Response Team](#)

810.5 ADMISSION INTO QRT

Traverse City Police Department Police Social Worker (PSW) will follow up with 100% of all referrals to QRT. For urgent referrals, including those related to overdose, the PSW will initiate contact within 24-72 hours.

810.6 PARTICIPATION AGREEMENT AND WAIVER FORM

Participation in the QRT is voluntary and may be revoked at any time. Participation in the QRT refers to willingness for QRT members to discuss participant's care among agencies for the purpose of care coordination.

810.7 CONSENT TO SHARE BEHAVIORAL HEALTH INFORMATION FORM

The QRT Consent to Share Behavioral Health Information was adapted from the MDHHS Form 5515 of the same name. Content changes include adding "history of homelessness and support in finding permanent housing, including information in the Michigan Statewide Homeless Management Information System (MSHMIS)" as an area for providers to discuss.

The purpose of this form is to allow the Individual to release information to the QRT related to substance use disorder and treatment, mental health disorder and treatment, and history of homelessness and assistance in finding permanent housing. The members of the QRT who will have access to and be able to share information include:

- (a) Traverse City Police Department PSW, pursuant to the confidentiality guidelines stated in the Police Social Worker Coordinator Policy.
- (b) All primary members of the QRT
 - (a) Addiction Treatment Services
 - (b) Northern Lakes Community Mental Health and Jail Diversion Program

- (d) Individuals have the right to exclude any specific agency within the QRT or secondary QRT at their discretion (i.e. Secondary QRT except police).

810.8 INTAKE FORM

The purpose of the QRT Intake Form is to obtain information about Program Participants in order to connect them most appropriately to community resources and support them in getting wrap-around services. This form asks about demographic information, health and legal history, mental health history, substance use history, history of experiencing homelessness, community supports, and Participant Interview.

This form may be substituted for another agency's intake form if the participant has indicated the consent to share information in the Consent to Share Behavioral Health Information form. The Traverse City Police Department PSW will maintain this Intake Form in Casebook attached to the Individual's Record. This intake may be used in the QRT for the purposes of sharing information and obtaining additional resources, according to the Consent to Share Information that the Participant has completed.

Note that the Traverse City Police Department PSW maintains the confidentiality of information shared by members of the QRT from the police force unless there is threat of imminent harm to any individual. This form is considered protected health information and exempt from Freedom of Information Act requests under MCL 15.243(1)(l) and 45 CFR 160.103.

810.9 BRIEF ADDICTION MONITOR (BAM) SCREENING FORM

The Brief Addiction Monitor (BAM) screening form may be used to assess an individual for Substance Use Disorder and risk of overdose. It was adapted from the VISN 4 MIRECC form of the same name. Content changes include elimination of "participant name" with the added "QRT Participant ID" and "initials."

This form may be completed on any new referral. It is designed to get the individual assistance with treatment related to substance use disorder and to assess them for appropriateness for the Quick Response Team (QRT). Individuals with a history of overdose qualify automatically for acceptance into the QRT if they live in the service area.

810.10 QRT OVERDOSE RESPONSE TEAM PROCEDURE

The Overdose Response Team (ORT) will consist of up to four (4) persons including the Traverse City Police Social Worker (PSW), (1) Member of the Traverse City Police Department Crime Prevention Unit, (1) representative from Addiction Treatment Services, and (1) Peer Recovery Coach.

Traverse City Police Department

All ORT follow up is intended to seek treatment and support for the individual who has overdosed. This follow up is intended to remain confidential and not be shared with anyone unless there is an imminent threat of harm to any individual. Individuals have a right to meet the ORT for follow up at a safe location of their choosing or via phone.

With regard to Freedom of Information Act (FOIA) Requests, whereas the Traverse City Police Department is required by MCL 15.231 et seq. to release any records obtained by the City, the Traverse City Police Department will share only the minimum information required to satisfy the purpose of the inquiry. Per MCL 15.243(1)(l) and 45 CFR 160.103, medical, counseling or psychological information, including protected health information, concerning an individual is exempt from FOIA disclosure.

810.11 QRT MEETING FORMAT

The QRT will meet at least monthly. Meetings will be under three hours in length and include introduction, overdose prevention and response, community resources and "potholes" discussion, and a discussion about Program Participants. The QRT Mission, Standards, and Ground Rules will be reviewed at the beginning of each meeting. While the first portion of the meeting is open to primary and secondary QRT members, the discussion of Program Participants is restricted to the primary QRT partners for participant confidentiality. This portion of the meeting is confidential.

810.12 REPORT AN OVERDOSE

The Department recognizes the importance of the tracking of opioid overdoses for faster response.

810.12.1 RESPONSIBILITIES

Within the Department, Naloxone utilization and overdose reporting shall continue to be tracked according to Department policy Medical Aid and Response.

The Police Social Worker Coordinator (PSW) shall be made aware of any overdoses as soon as practicable and obtain a copy of the report to enact the Overdose Response Team (ORT), a division of the Quick Response Team (QRT), for overdose response within 24-72 per ORT Procedure.

Report to the PSW should include number of Naloxone doses, date and time administered, who administered, success of administration, and location of administration.

Outside of the Department, the Report an Overdose form can be used by any individual, community-based organization, health care/EMS worker, Law Enforcement, family, friend, co-worker, or the person who has overdosed. It should be completed as soon as possible for overdose/Naloxone utilization. The form can be used in compliance with HIPAA for agencies who are unable to share specific information.

The PSW should be alerted as soon as practicable about any overdose in the community to properly enact the QRT, via phone, email, or text.

810.12.2 REPORT AN OVERDOSE FORM

The purpose of this form is to collect data regarding all recent overdoses. It is used for immediate overdose response as part of the QRT and as non-identifiable data tracking of number of overdoses in the community and QRT data. Identifiable portions of this form, if completed by the reporting agency, will remain confidential except for use by the QRT, to follow up on a recent overdose.

810.13 NALOXONE TRACKING

The Department recognizes the importance of community access to and availability of naloxone by tracking naloxone distribution, the giving of a naloxone kit to another person for them to use during an overdose or in case they need one later.

810.13.1 RESPONSIBILITIES

Within the Department, Naloxone utilization shall continue to be tracked according to Department policy Medical Aid and Response. Naloxone distribution shall be reported to the Police Social Worker Coordinator (PSW) as soon as practicable

Outside of the Department, the Naloxone Tracking form can be used by any individual, community-based organization, health care/EMS worker, Law Enforcement, family, friend, co-worker, or the person who has overdosed. It should be completed monthly for regular Naloxone distribution and as soon as possible if Naloxone is utilized during an overdose. The form can be used in compliance with HIPAA for agencies who are unable to share specific information.

The PSW should be alerted immediately about any overdose in the community to properly enact the QRT, via phone, email, or text.

810.13.2 NALOXONE TRACKING FORM

The purpose of this form is to collect data regarding all distribution of Naloxone kits. It is used for non-identifiable data tracking of number of Naloxone kits in the community and areas in which more Naloxone is needed.

810.14 OFFICER PROTOCOL FOR INDIVIDUALS WANTING IMMEDIATE TREATMENT

As part of the Traverse City Police Department Quick Response Team (QRT), the Department has established Memorandums of Understanding (MOUs) with community agencies for increased immediate support for individuals seeking treatment for substance use, mental health or homelessness.

See department procedure Quick Response Team for how to seek treatment related to substance use, mental health, and support individuals experiencing homelessness.

810.15 QRT EXIT CRITERIA

The Quick Response Team is designed to provide support for individuals until their needs are met. Rarely, a person may need to be exited from the QRT due to extenuating circumstances in which the services that QRT provides are duplicated elsewhere, and the individual's continued participation in QRT is a detriment to their outcomes for success related to their eligibility criteria.

Traverse City Police Department

TCPD Policy Manual

If documentation can show duplicated services elsewhere, in that the participant is receiving care that is equal to or surpasses what QRT can provide, and that their immediate needs are met, and there is written acknowledgement of concern for continued participation in QRT, an individual may be exited from QRT with the primary team's assent.

If at any time, service providers change and/or services are no longer duplicated, and the individual remains eligible for QRT, they may again be referred to QRT for additional assistance.

See [Procedure Manual: 810 QUICK RESPONSE TEAM](#) for how to exit someone from the QRT.

Chapter 9 - Custody

Temporary Custody of Adults

900.1 PURPOSE AND SCOPE

These individuals should not be in temporary custody at the Department unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.

900.3.2 SUPERVISION IN TEMPORARY CUSTODY

An authorized department member capable of supervising shall be present at all times when an individual is held in temporary custody. The member responsible for supervising should not have other duties that could unreasonably conflict with his/her supervision. Any individual in custody must be able to summon the supervising member if needed. If the person in custody is deaf or hard of hearing or cannot speak, accommodations shall be made to provide this ability.

At least one female department member should be present when a female adult is in temporary custody. In the event that none is readily available, the female in custody should be transported to another facility or released pursuant to another lawful process.

Absent exigent circumstances, such as a medical emergency or a violent subject, members should not enter the cell of a person of the opposite sex unless a member of the same sex as the person in custody is present.

No individual in custody shall be permitted to supervise, control or exert any authority over other individuals in custody.

The officer responsible for an individual in temporary custody should evaluate the person for any apparent chronic illness, disability, vermin infestation, possible communicable disease or any other potential risk to the health or safety of the individual or others. The officer should specifically ask if the individual is contemplating suicide and evaluate him/her for obvious signs or indications of suicidal intent.

The receiving officer should ask the arresting officer if there are any statements, indication or evidence surrounding the individual's arrest and transportation that would reasonably indicate the individual is at risk for suicide or critical medical care. If there is any suspicion that the individual may be suicidal, he/she shall be transported to the County jail or the appropriate mental health facility.

The officer should promptly notify the Shift Commander of any conditions that may warrant immediate medical attention or other appropriate action. The Shift Commander shall determine whether the individual will be placed in a cell, immediately released or transported to jail or another facility.

The Patrol Services Division Commander will ensure that the U.S. Department of State's list of countries and jurisdictions that require mandatory notification is readily available to department members. There should also be a published list of foreign embassy and consulate telephone and fax numbers, as well as standardized notification forms that can be transmitted and then retained for documentation. 900.5.5 RELIGIOUS ACCOMMODATION

Subject to available resources, safety and security, the religious beliefs and needs of all individuals in custody should be reasonably accommodated. Requests for religious accommodation should generally be granted unless there is a compelling security or safety reason and denying the request is the least restrictive means available to ensure security or safety. The responsible supervisor should be advised any time a request for religious accommodation is denied.

Those who request to wear headscarves or simple head coverings for religious reasons should generally be accommodated absent unusual circumstances. Head coverings shall be searched before being worn.

Individuals wearing headscarves or other approved coverings shall not be required to remove them while in the presence of or while visible to the opposite sex if they so desire. Upon release of an individual from temporary custody, his/her items of personal property shall be compared with the inventory, and he/she shall sign a receipt for the property's return. If the individual is transferred to another facility or court, the member transporting the individual is required to obtain the receiving person's signature as notice of receipt. Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for the juvenile's own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's own protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 9 years of age or younger are non-offenders.

Juvenile offender - A juvenile 17 years of age or younger who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes the possession of a handgun by a minor under MCL 28.422 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other department member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Safety checks - Direct visual observation by a member of this department performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

901.2 POLICY

The Traverse City Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and to keeping juveniles safe while in temporary custody at the Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

901.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit certain behaviors or conditions should not be held at the Traverse City Police Department. These include:

- (a) Unconsciousness or having been unconscious while being taken into custody or transported.
- (b) Serious injuries or a medical condition requiring immediate medical attention.
- (c) A suspected suicide risk or showing obvious signs of severe emotional or mental disturbance (see the Civil Commitments Policy).
 - 1. If the officer taking custody of a juvenile believes that he/she may be a suicide risk, the officer shall ensure continuous direct supervision until evaluation, release or transfer to an appropriate facility is completed.
- (d) Significant intoxication or showing signs of having ingested any substance that poses a significant risk to their health, whether or not they appear intoxicated.
- (e) Extremely violent or continuously violent behavior.
- (f) Afflicted with, or displaying symptoms of, a communicable disease that poses an unreasonable exposure risk.

Officers taking custody of a juvenile exhibiting any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and should notify a supervisor of the situation. These juveniles should not be held at the Department unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.

901.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Traverse City Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

No juvenile should be held in temporary custody at the Department without authorization of the arresting officer's supervisor or the Shift Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent, legal guardian, or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable. In no event shall a juvenile be held beyond six hours from the time of his/her entry into the Department (34 USC § 11133).

901.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Traverse City Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

901.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

901.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Traverse City Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

An officer lacking a court order may take a juvenile offender into custody provided (MCL 712A.14; MCL 712A.2(h)):

- (a) The juvenile is found violating any law or ordinance.
- (b) There is reasonable cause to believe the juvenile is violating or has violated a personal protection order (PPO) or a valid foreign protection order.

Officers should release a juvenile offender to a parent or guardian on a written promise to appear unless (MCL 712A.14; MCR 3.933):

- (a) There is reason to believe that because of the nature of the offense, the interest of the juvenile or the interest of the public would not be protected by release of the juvenile.

- (b) A parent, guardian or legal custodian cannot be located or has refused to take custody of the juvenile.

When an officer is unable to, or otherwise does not, release a juvenile offender to a parent or guardian, he/she shall contact a court intake worker as soon as practicable.

Officers should also notify the prosecutor when there is reason to believe that a juvenile offender 14 years of age or older has committed a specified juvenile violation that may authorize the filing of a complaint and warrant as an adult offense under MCL 764.1f.

901.5 ADVISEMENTS

Officers taking custody of a juvenile offender shall notify the juvenile's parents and the court or the court's representative of the custody as soon as practicable (MCL 764.27; MCR 3.933; MCR 3.934).

901.6 JUVENILE CUSTODY LOGS

Any time a juvenile is in temporary custody at the Traverse City Police Department, the custody shall be promptly and properly documented by the Officer in Charge on the juvenile custody log form. The form shall remain with the custodial officer of the juvenile in temporary custody.

Completion of the form shall include the following:

- (a) Identifying information about the juvenile.
- (b) Date and time of arrival at the Department.
- (c) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender or non-offender.
- (d) Circumstances that justify any temporary custody.
- (e) Shift Supervisor notification and approval to temporarily hold the juvenile.
- (f) Any medical and other screening requested and completed.
- (g) Any known allergies, dietary restrictions or religious requirements.
- (h) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.
- (i) Time of all safety checks and by whom.
- (j) If food is provided, time and description of what is offered and by whom.
- (k) Time of all personal hygiene activities and name of supervising personnel.
- (l) Any changes in status (e.g., emergency situations, unusual incidents).
- (m) Date and time of release from the Department.
- (n) Name of the person whom the juvenile was released to.

The On-Duty Shift Supervisor shall sign the log form to approve the temporary custody and shall sign the log form when the juvenile is released. The Supervisor authorizing release shall insure that a copy is forwarded to the Investigative Services Division Commander for compliance with

901.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Traverse City Police Department (34 USC § 11133; MCR 3.933). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Department shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

901.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Traverse City Police Department shall ensure:

- (a) The Shift Commander is notified if it is anticipated that a juvenile may need to remain at the Department more than four hours. This will enable the Shift Commander to ensure no juvenile is held at the Department more than six hours.
- (b) Safety checks and significant incidents/activities are noted on the log.
- (c) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
 1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
 2. This does not apply to surreptitious and legally obtained recorded interrogations.
- (d) A member of the same sex will supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (e) There is reasonable access to toilets and wash basins.
- (f) There is reasonable access to a drinking fountain or water.
- (g) Food is provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (h) There are reasonable opportunities to stand and stretch, particularly if handcuffed or otherwise restrained.
- (i) There is privacy during family, guardian and/or attorney visits.

Temporary Custody of Juveniles

- (j) Juveniles are generally permitted to remain in their personal clothing unless it is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- (k) Clean blankets are provided as reasonably necessary to ensure the comfort of an individual.
 - 1. The supervisor should ensure that there is an adequate supply of clean blankets.
- (l) Adequate shelter, heat, light and ventilation are provided without compromising security or enabling escape.
- (m) Adequate furnishings are available, including suitable chairs or benches.
- (n) Juveniles have the right to the same number of telephone calls as adults in temporary custody (see the Temporary Custody of Adults Policy).
- (o) Discipline is not administered to any juvenile, nor will juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

901.9 RELIGIOUS ACCOMMODATION

Subject to available resources, safety and security, the religious beliefs and needs of all individuals in custody should be reasonably accommodated. Requests for religious accommodation should generally be granted unless there is a compelling security or safety reason and denying the request is the least restrictive means available to ensure security or safety. The responsible supervisor should be advised any time a request for religious accommodation is denied.

Those who request to wear headscarves or simple head coverings for religious reasons should generally be accommodated absent unusual circumstances. Head coverings shall be searched before being worn.

Individuals wearing headscarves or other approved coverings shall not be required to remove them while in the presence of or while visible to the opposite sex if they so desire. Religious garments that substantially cover the individual's head and face may be temporarily removed during the taking of any photographs.

901.10 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Traverse City Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained individuals in custody and monitored to protect them from abuse.

Temporary Custody of Juveniles

901.10.1 PREGNANT JUVENILES

Juveniles who are known to be pregnant should be restrained in accordance with the Handcuffing and Restraints Policy.

901.11 PERSONAL PROPERTY

The personal property of an individual in temporary custody may be removed, inventoried and processed as provided in the Custodial Searches Policy, unless the individual requests a different disposition. For example, an individual may request property (e.g., cash, car or house keys, medications) be released to another person.

Upon release of an individual from temporary custody, his/her items of personal property shall be compared with the inventory. If the individual is transferred to another facility or court, the member transporting the individual is required to obtain the receiving person's signature as notice of receipt.

The Shift Supervisor shall be notified whenever an individual alleges that there is a shortage or discrepancy regarding his/her property. The Shift Supervisor shall attempt to prove or disprove the claim.

901.12 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody. Shift Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

Members making the determination that secure custody is required shall contact the prosecuting attorney's office as soon as practicable for disposition. At the direction of the prosecuting attorney's office, the juvenile shall be taken directly to processing or another approved location.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. A member must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

901.12.1 REPORTING REQUIREMENTS

An officer placing a juvenile in secure custody shall report the detention to the Michigan Committee on Juvenile Justice.

901.13 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY

The Patrol Services Division Commander will ensure procedures are in place to address any suicide attempt, death or serious injury of any juvenile held at the Traverse City Police Department. The procedures should include the following:

- (a) Immediate request for emergency medical assistance if appropriate
- (b) Immediate notification of the Shift Commander, Chief of Police and Investigative Services Division Commander
- (c) Notification of the parent, guardian or person standing in loco parentis of the juvenile
- (d) Notification of the appropriate prosecutor
- (e) Notification of the City Attorney
- (f) Notification of the Medical Examiner
- (g) Notification of the juvenile court
- (h) Evidence preservation

901.14 INTERVIEWING OR INTERROGATING

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent, to an interview or interrogation.

Juveniles will be accorded the same procedural rights as an adult during interviews and interrogations. If a juvenile is in custody, Miranda warning must be given prior to any questioning.

The presence of a parent/guardian is not always strictly required to obtain a confession from or to simply interview a juvenile as a possible suspect; however, it is always a good practice to have a parent/guardian present. Members should make reasonable attempts to contact a juvenile's parent/guardian prior to conducting interviews and interrogations.

901.15 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

A juvenile offender may be photographed or fingerprinted in connection with being taken into custody for an offense where the maximum penalty exceeds 92 days' imprisonment or a fine of \$1,000 or more, or for a misdemeanor offense that is included in the DNA Identification Profiling System Act (MCL 28.243; MCL 28.176).

The Traverse City Police Department will follow all required procedures established by the Michigan State Police (MSP) regarding the forwarding of biometric information collected (within 72 hours) and the notification of the MSP if a juvenile petition is not authorized by the court (MCL 28.243).

901.16 TRAINING

Department members should be trained on and familiar with this policy and any supplemental procedures.

901.17 JUVENILE JUSTICE AND DELINQUENCY PREVENTION ACT (JJDP A) REPORTING

In order to demonstrate Michigan's compliance with the requirements of the federal Juvenile Justice and Delinquency Prevention Act (JJDP A), the Michigan Department of Health and Human Services relies on juvenile detention summary reports from all facilities in Michigan that have the ability to hold juveniles in secure confinement for any length of time, including jails, law enforcement agencies, and juvenile detention centers. The Department is required to submit a monthly report concerning the detention of juveniles to include "zero occurrence" reports.

Members of this Department detaining or confining juveniles in a secure area are required to complete a juvenile custody log. For purposes of reporting, Supervisors authorizing the release of juveniles are required to forward a copy of the custody log to the Investigative Services Division Commander for reporting compliance.

This section applies to juveniles who were detained or confined in any room or area of the facility that can be secured. The following are examples of situations in which a juvenile would be considered detained or confined in a secure facility, and therefore subject to reporting requirements:

- A juvenile placed in an unlocked room, but within the secure perimeter of a jail or lockup.
- A juvenile placed in a cell within an adult jail or lockup, whether or not the cell door is locked.
- A juvenile placed in an interview room with a door that can be locked from the outside, whether or not the door is locked.
- A juvenile placed in a room that includes a cuffing ring/rail, whether or not the juvenile is physically secured to the cuffing ring/rail.

For purposes of JJDP A reporting, juveniles include individuals under the age of 17 accused of committing any crime, as well as 17-year-olds accused of truancy or underage possession of tobacco.

Do not furnish information on juveniles held in unlocked areas or juveniles who temporarily pass through secure areas but are not locked, e.g., those who are in the facility for processing only.

The Investigative Services Commander shall insure that the Department is in compliance with this requirement by reporting via the Michigan Committee on Juvenile Justice (MCJJ) website.

Custodial Searches

902.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Traverse City Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

902.1.1 DEFINITIONS

Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

902.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

902.3 FIELD AND TRANSPORTATION SEARCHES

An officer shall conduct a custody search of an individual immediately after the individual's arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer should be present during the search.

902.4 SEARCHES AT TRAVERSE CITY POLICE DEPARTMENT FACILITIES

Custody searches shall be conducted on all individuals in custody, upon entry to the Traverse City Police Department facilities. Except in exigent circumstances, the search should be conducted by

Traverse City Police Department

TCPD Policy Manual

Custodial Searches

a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

902.4.1 PROPERTY

Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Section Policy.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. The inventory should include the case number, date, time, member's Traverse City Police Department identification number and information regarding how and when the property may be released.

902.4.2 VERIFICATION OF MONEY

All money shall be counted in front of the individual from whom it was received. When possible, the individual shall initial the dollar amount on the inventory. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

902.5 STRIP SEARCHES CRITERIA AND APPROVAL

No individual in temporary custody at any Traverse City Police Department facility shall be subjected to a strip search unless there is supervisory approval and reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention, or is concealing a weapon or contraband. Probable cause is required for individuals who are in custody for a misdemeanor or a lesser offense and have not been ordered to jail by a court. Searches of these individuals are limited to weapons, controlled substances, and evidence (MCL 764.25a). Factors to be considered in determining probable cause or reasonable suspicion include but are not limited to:

Traverse City Police Department

Custodial Searches

- (a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.
- (b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.

- (c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).
- (d) The individual's actions or demeanor.
- (e) Criminal history (i.e., level of experience in a custody setting).

No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual's genital status. If the individual's genital status is unknown, it may be determined during conversations with the person, by reviewing medical records, or as a result of a broader medical examination conducted in private by a medical practitioner (28 CFR 115.115).

902.5.1 STRIP SEARCH PROCEDURES

Strip searches at Traverse City Police Department facilities shall be conducted as follows (28 CFR 115.115):

- (b) All members involved with the strip search shall be of the same sex as the individual being searched, unless the search is conducted by a medical practitioner.
- (c) All strip searches shall be conducted in a professional manner under sanitary conditions and in a secure area of privacy so that the search cannot be observed by those not participating in the search. The search shall not be reproduced through a visual or sound recording.
- (d) Whenever possible, a second member of the same sex should also be present during the search, for security and as a witness to the finding of evidence.
- (e) Members conducting a strip search shall not touch the breasts, buttocks or genitalia of the individual being searched.

However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.

Any documentation listed above shall be provided to a searched person who is in custody for a misdemeanor or lesser offense and who has not been ordered to jail by a court. Reports may be redacted for security or other reasons appropriate under the Michigan Freedom of Information Act (MCL 764.25a).

902.5.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES

A strip search may be conducted in the field only with Shift Commander authorization and only in exceptional circumstances, such as when:

- (a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.
- (b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Shift Commander authorization does not need to be in writing.

902.6 PHYSICAL BODY CAVITY SEARCH

Physical body cavity searches shall be subject to the following:

- (a) No individual shall be subjected to a physical body cavity search without written approval of the Shift Commander and only upon a search warrant. A copy of any search warrant and the results of the physical body cavity search shall be included with

Performance Evaluations

1001.1 PURPOSE AND SCOPE

This policy provides guidelines for the Traverse City Police Department performance evaluation system.

1001.2 POLICY

The Traverse City Police Department shall use a performance evaluation system to measure, document, and recognize work performance. The performance evaluation will serve as an objective guide for the recognition of good work and the development of a process for improvement.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1001.3 TYPES OF EVALUATIONS

The Department shall use the following types of evaluations:

Regular - An evaluation completed at regular intervals by the employee's immediate supervisor. Employees who have been promoted should be evaluated as established by the Department of Human Resources or, minimally, on the anniversary of the date of the last promotion.

When an employee transfers to a different assignment in the middle of an evaluation period and less than six months has transpired since the transfer, the evaluation should be completed by the current supervisor with input from the previous supervisor.

Special - An evaluation that may be completed at any time the supervisor and Division Commander or the authorized designee determine an evaluation is necessary to address less than standard performance. The evaluation may include a plan for follow-up action (e.g., performance improvement plan (PIP), remedial training, retraining).

1001.3.1 RATINGS

When completing an evaluation, the supervisor will identify the rating category that best describes the employee's performance. The definition of each rating category is as follows:

Outstanding - Performance is well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

Exceeds standards - Performance is better than demonstrated by a competent employee. It is performance superior to what is required, but is not of such nature to warrant a rating of outstanding.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Performance Evaluations

Meets standards - Performance of a competent employee. It is satisfactory performance that meets the standards required of the position.

Needs improvement - Performance is less than the standards required of the position. A needs improvement rating shall be thoroughly discussed with the employee.

Unsatisfactory - Performance is inferior to the standards required of the position. It is inadequate or undesirable performance that cannot be allowed to continue.

Supervisor comments may be included in the evaluation to document the employee's strengths, weaknesses and requirements for improvement. Any job dimension rating marked as unsatisfactory or outstanding shall be substantiated with supervisor comments.

1001.3.2 PERFORMANCE IMPROVEMENT PLAN

Employees who receive an unsatisfactory rating may be subject to a PIP. The PIP shall delineate areas that need improvement, any improvement measures and a timetable in which to demonstrate improvement. The issuing supervisor shall meet with the employee to review his/her performance and the status of the PIP at least monthly.

1001.3.3 PERFORMANCE EVALUATION REPORT FORMS

The departmental performance evaluation report form will be used for assessment. Two forms have been created that are specific to each division of the department. The employee assignment at the time of the process shall determine the appropriate form.

[Procedure Manual: 1001.3 PERFORMANCE EVALUATION REPORT](#)

1001.4 EVALUATION PROCESS

Supervisors should meet with the employees they supervise at the beginning of the evaluation period to discuss expectations and establish performance and behavioral criteria standards. Each supervisor should discuss the tasks of the position, standards of expected performance, acceptable behavior, and the evaluation criteria with each employee.

Performance evaluations cover a specific period and should be based upon documented performance dimensions that are applicable to the duties and authorities granted to the employee during that period. Evaluations should be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the evaluating supervisor for input.

Assessment of an employee's job performance and behavior is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance and behavior issues as they arise and to acknowledge good work. Periodic discussions with the employee during the course of the evaluation period are encouraged. Supervisors should document all discussions in the prescribed manner.

Non-probationary employees demonstrating substandard performance or unacceptable behavior shall be notified in writing as soon as possible in order to have an opportunity to remediate the

issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days' written notice prior to the end of the evaluation period.

All supervisors shall receive training on performance evaluations within one year of a supervisory appointment, and refresher training as determined by the Department.

1001.5 EVALUATION FREQUENCY

Supervisors shall ensure that all employees they supervise are evaluated annually, during the month of October.

Those employees who are required to successfully complete a probationary period should be evaluated monthly.

1001.6 EVALUATION INTERVIEW

When the supervisor has completed an evaluation, a private discussion of the evaluation should be scheduled with the employee. The supervisor should discuss the evaluation ratings and respond to any questions the employee may have. The supervisor should provide relevant counseling regarding advancement, specialty positions, and training opportunities. Any performance areas in need of improvement and goals for reaching the expected level of performance should be identified and discussed. If the employee has reasonable objections to any of the ratings, the supervisor may make appropriate adjustments to the evaluation. The reason for such adjustments shall be documented.

Employees may write comments in an identified section of the evaluation. The supervisor and employee will sign and date the evaluation. The supervisor shall provide the employee with a copy of the completed evaluation.

1001.6.1 PERFORMANCE EVALUATION DISCRIMINATORY HARASSMENT POLICIES ACKNOWLEDGMENT FORM

At the time of each employee's annual evaluation, the supervisor shall provide access to and require the employee to read the City harassment and discrimination policies and the Traverse City Police Department Discriminatory Harassment Policy. The supervisor shall give the employee a form to be completed and returned that acknowledges the following:

- (a) The employee understands the harassment and discrimination policies.
- (b) The employee has had all questions regarding the policies sufficiently addressed.
- (c) The employee knows how to report alleged harassment and discrimination policy violations.
- (d) Whether the employee has been the subject of, or witness to, any unreported conduct that may violate the discrimination or harassment policies.

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor). If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall

1001.8 CHAIN OF REVIEW

The signed performance evaluation and any employee attachment should be forwarded to the evaluating supervisor's Division Commander or the authorized designee. The Division Commander or the authorized designee shall

- (a) Review the evaluation for fairness, impartiality, uniformity and consistency, and shall consider any written response or appeal made by the employee.
- (b) Evaluate the supervisor on the quality of ratings given.
- (c) Provide a written response to the appeal and may or may not adjust the evaluation based on his/her findings.

The Division Commander's determination is final and concludes the appeal process.

The original performance evaluation and any original correspondence related to an appeal shall be maintained by the Department in accordance with the Personnel Records Policy.

A copy of the evaluation and any documentation of a related appeal shall be provided to the employee and also forwarded to the Traverse City Department of Human Resources.

1002.6 SECTION TITLE

Grievances

1003.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the Traverse City Police Department grievance system. The grievance system is intended to facilitate communication and to promptly and equitably address employee grievances in the workplace.

1003.1.1 GRIEVANCE DEFINED

A grievance is a difference of opinion or dispute regarding the meaning, interpretation, or application of any of the following:

- The collective bargaining agreement
- This Policy Manual
- Rules and regulations governing personnel practices or working conditions
- Workplace issues that do not amount to misconduct under the Personnel Complaints Policy, such as fraud, waste, abuse of authority, gross mismanagement, or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety, or well-being of members

Specifically outside the category of grievances are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy or federal, state, or local law, as set forth in the Personnel Complaints Policy.

1003.2 POLICY

It is the policy of the Traverse City Police Department to provide a just and equitable system for the prompt handling of employee grievances without discrimination, coercion, restraint or retaliation against any employee who submits or is otherwise involved in a grievance.

1003.3 PROCESS

Grievances may be brought by an individual employee or by an employee group representative. Employees may have representation during the grievance process.

Except as otherwise required under a collective bargaining agreement, if an employee believes that he/she has a grievance as defined above, that employee shall:

Step One

- (a) Verbal Procedure: An employee with a complaint shall discuss the matter with their immediate supervisor within seven (7) working days of the employee's knowledge of the incident which gave rise to the complaint or within seven (7) working days of the date by which an employee should have been reasonably aware of such incident. Said employee shall give a verbal notice of the grievance to their immediate supervisor. If

requested by the employee, they may have the steward present. If the complaint is not satisfactorily settled, it may be advanced according to the written procedure.

- (b) **Written Procedure:** Within seven (7) working days from the supervisor's answer in the verbal procedure, the complaint shall be reduced to writing, citing the sections of the contract which are alleged to have been violated and signed by the employee or the Union and then presented to the Chief of Police. The Chief of Police, the steward, and grieving party, shall discuss the grievance in an attempt to resolve the matter. The Chief shall place his/her answer on the grievance form and return it to the steward within seven (7) working days after the grievance is presented to him/her. If the grievance is not satisfactorily settled, it may be advanced according to Step 2.

Step Two

The City Manager and the steward shall discuss the grievance in an attempt to resolve the matter. Either party may have non-employee representatives present if desired. The City shall give its answer on the grievance and return it to the steward within ten (10) working days after the grievance is presented to the City. If the grievance is not satisfactorily settled, it may be advanced by the Union according to Step 3.

Step Three

- (a) In the event the last step fails to settle the grievance, the Union, within thirty (30) calendar days, may submit the issues to an Arbitrator selected from the Federal Mediation and Conciliation Service for final determination. Such decision will be binding on both parties.

1003.3.1 TIME COMPUTATION

Saturday, Sunday and holidays shall not be counted under the time procedures established in the grievance procedure.

1003.3.2 GRIEVANCE FORMS

1003.6 GRIEVANCE AUDITS

The Investigative Services Division Captain should perform an annual audit of all grievances filed the previous calendar year to evaluate whether any change in policy, procedure or training may be appropriate to avoid future grievances. The Investigative Services Division Captain should record these findings in a confidential memorandum to the Chief of Police without including any identifying information about any individual grievance.

Anti-Retaliation

1004.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, state and local law, ordinance or collective bargaining agreement.

1004.2 POLICY

The Traverse City Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1004.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint, the focus of the complaint or about the alleged wrongdoing.
- Divulging confidential information to unauthorized personnel and/or spreading rumors concerning Personnel Investigations and/or Human Resource Investigations.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

1004.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Human Resources Director.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false or with willful or reckless disregard for the truth or falsity of the information, or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1004.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.

1004.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1004.7 WHISTLE-BLOWING

State law protects employees who report violations of a law, rule or regulation (MCL 15.362). Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Investigative Services Division for investigation pursuant to the Personnel Complaints Policy.

1004.8 RECORDS RETENTION AND RELEASE

The Records Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1004.9 TRAINING

This policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Reporting of Arrests, Convictions and Court Orders

1005.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions and court orders restrict their ability to perform the official duties and responsibilities of the Traverse City Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction or court order disqualifies them from possessing a firearm.

1005.2 POLICY

The Traverse City Police Department requires disclosure of member arrests, convictions and certain court orders to maintain the high standards, ethics and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department.

1005.3 DOMESTIC VIOLENCE CONVICTIONS AND COURT ORDERS

Federal and Michigan law prohibits individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing firearms. Such convictions and court orders often involve allegations of the use or attempted use of force, or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922).

All members and retired officers with identification cards issued by the Department are responsible for ensuring that they have not been disqualified from possessing firearms by any such conviction or court order, and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1005.4 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

An officer's state certification will be revoked by the Michigan Commission on Law Enforcement Standards (MCOLES) for a conviction of any felony offense or other offenses listed in MCL 28.609 and MCL 28.609a.

1005.5 REPORTING

All members with identification cards issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Shift Commander or the Chief of Police) in writing of any past or current criminal detention, arrest, charge or conviction in any state or foreign country, regardless of whether the matter was dropped or rejected, is currently pending or is on appeal, and regardless of the penalty or sentence, if any.

All members with identification cards issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Shift Commander or the Chief of Police) in writing if they become the subject of a domestic violence-related order or any court order that

prevents the member from possessing a firearm or requires suspension or revocation of applicable MCOLES certification.

Any member whose criminal arrest, conviction or court order restricts or prohibits that member from fully and properly performing his/her duties, including carrying a firearm, may be disciplined. This includes, but is not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on his/her own time and at his/her own expense.

All retired officers with Law Enforcement Officers Safety Act (LEOSA) certification issued by MCOLES shall report to MCOLES in writing of any:

- (a) Past or current criminal detention, arrest, charge or conviction in any state or foreign country, regardless of whether the matter was dropped or rejected, is currently pending or is on appeal, and regardless of the penalty or sentence, if any.
- (b) Domestic violence-related order or of any court order that restricts or prohibits possessing a firearm or requires suspension or revocation of applicable MCOLES certification.
- (c) Drug test by a laboratory conducted that reflects the illicit presence of a controlled substance (MCL 28.518).

Any employee failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired officers may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

1005.5.1 NOTIFICATION REQUIREMENTS

The Traverse City Police Department is required to notify MCOLES within three business days that an officer employed by the Traverse City Police Department has been separated from service (Mich. Admin. Code, R 28.14510).

Drug- and Alcohol-Free Workplace

1006.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1006.2 POLICY

It is the policy of the Traverse City Police Department to provide a drug- and alcohol-free workplace for all members.

1006.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Commander or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1006.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

1006.3.2 MARIHUANA

Possession, use, or being under the influence of recreational marihuana on or off-duty is prohibited and may lead to disciplinary action.

This does not apply to a member of the department who is engaged in the lawful performance of their job duties.

1006.3.3 MEDICAL CANNABIS

Possession, use, or being under the influence of medical cannabis on or off-duty is prohibited and may lead to disciplinary action.

This does not apply to a member of the department who is engaged in the lawful performance of their job duties.

1006.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using

controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow on-duty member is impaired due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1006.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1006.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1006.7 SCREENING TESTS

A supervisor may require an employee to submit to a screening under any the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of his/her duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death or substantial property damage.

Traverse City Police Department

Drug- and Alcohol-Free Workplace

- (d) The employee drives a motor vehicle in the performance of his/her duties and becomes involved in an incident that results in bodily injury, death or substantial damage to property.

1006.7.1 SUPERVISOR RESPONSIBILITIES

The supervisor shall prepare a written record documenting the specific facts that led to the decision to require the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1006.7.2 DISCIPLINE

An employee may be subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

1006.8 SEARCHES

Entrance onto City owned property constitutes consent to searches and inspections. If the Department has reasonable suspicion to believe that a member is violating this policy, he or she may be asked to submit to a search or inspection at any time. Searches can be conducted on City owned lockers, desks, workstations, vehicles and equipment. Members have no right to privacy in any such places.

1006.9 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1006.10 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

Short Term Leave

1007.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of short term leave (STL). The accrual and terms of use of STL for eligible employees is detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of STL or other leave. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) and the Michigan Paid Medical Leave Act (MCL 408.962 et seq.).

1007.2 POLICY

It is the policy of the Traverse City Police Department to provide eligible employees with a STL benefit.

1007.3 USE OF SHORT TERM LEAVE

STL is intended to be used for qualified absences.

STL is not considered vacation. Abuse of STL may result in discipline, denial of STL benefits, or both.

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1007.3.1 NOTIFICATION

All members should notify the Shift Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor.

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days' notice of the impending absence.

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1007.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

TCPD Policy Manual

TCPD Policy Manual

Short Term Leave

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days.

1007.5 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of STL and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Department of Human Resources as appropriate.
- (c) Addressing absences and STL use in the member's performance evaluation when excessive or unusual use has:
 1. Negatively affected the member's performance or ability to complete assigned duties.
 2. Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of STL.
- (e) Referring eligible members to an available employee assistance program when appropriate.

1007.6 STATE MANDATES AND OTHER RELEVANT LAWS

1007.6.1 MICHIGAN PAID MEDICAL LEAVE ACT

An eligible employee should be given at least three days to provide any requested documentation affirming the reason for an absence. Such documentation should be kept confidential (MCL 408.964).

The Human Resources Director should ensure that the required Michigan Department of Licensing and Regulatory Affairs poster explaining medical leave benefits is displayed at the Traverse City Police Department in a location that is conspicuous and accessible for employees (MCL 408.968).

In addition to health issues, eligible employees may receive leave under the Paid Medical Leave Act for domestic violence and sexual assault situations for the following (MCL 408.964):

- (a) Medical care or psychological or other counseling
- (b) Receiving services from a victim services organization
- (c) Relocation and obtaining legal services
- (d) Participation in civil or criminal proceedings related to or resulting from the domestic violence or sexual assault

Documentation affirming the reason for an absence related to domestic violence or sexual assault shall not require details prohibited under MCL 408.964.

The Human Resources Director shall retain the records documenting the hours worked and sick leave taken by an eligible employee pursuant to the department retention schedule and at a minimum of one year (MCL 408.970).

Communicable Diseases

1008.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1008.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Traverse City Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1008.2 POLICY

The Traverse City Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1008.3 EXPOSURE CONTROL OFFICER

The Chief of Police has assigned the Division Commander of the Investigative Services Division as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) that is appropriate for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 - (a) Exposure control mandates for bloodborne pathogens in 29 CFR 1910.1030 (MCL 408.1014).

Communicable Diseases

- (b) Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
- (c) The ECO should also act as the liaison with the MIOSHA and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan.

1008.4 EXPOSURE PREVENTION AND MITIGATION

1008.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (MCL 408.1014; 29 CFR 1910.1030):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 - 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

Communicable Diseases

1008.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (MCL 408.1014; 29 CFR 1910.1030).

1008.5 POST EXPOSURE

1008.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall (MCL 408.1014; 29 CFR 1910.1030):

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practical.

1008.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (MCL 408.1014; 29 CFR 1910.1030):

- (a) Name and Social Security number of the employee exposed
- (b) Date and time of incident
- (c) Location of incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Work-Related Illness and Injury Reporting and Illness and Injury Prevention policies).

1008.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Communicable Diseases

The ECO, in conjunction with the Human Resources Department, should request a written opinion/evaluation from the treating medical professional that contains only the following information (MCL 408.1014; 29 CFR 1910.1030):

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1008.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (MCL 408.1014; 29 CFR 1910.1030).

1008.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Notice to exposed emergency personnel pursuant to MCL 333.20191.
- (c) Seeking assistance from the Department of Community Health (MCL 333.5115).
- (d) Court ordered testing for certain offenses (MCL 333.5129).
- (e) Consent or court ordered testing pursuant to MCL 333.5204.

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1008.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1008.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (MCL 408.1014; 29 CFR 1910.1030):

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

Communicable Diseases

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1009.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Traverse City Police Department facilities or vehicles. The use of tobacco products is detailed in the City personnel manual and applicable collective bargaining agreements and may be more restrictive depending on date of hire. This policy is not intended to supersede those documents.

For the purpose of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device that is intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1009.2 POLICY

The Traverse City Police Department recognizes that tobacco use is a health risk and can be offensive to others. Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy.

1009.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited any time members are in public view representing the Traverse City Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside City facilities and vehicles.

1009.4 ADDITIONAL PROHIBITIONS

No employee shall smoke tobacco products in a public place or at a meeting of a public body, including but not limited to government owned and operated facilities (MCL 333.12601; MCL 333.12603).

Personnel Complaints

1010.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Traverse City Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1010.2 POLICY

The Traverse City Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law and municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1010.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1010.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) External/Citizen Complaint - Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.
- (b) Internal/Personnel Complaint - Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.
 1. Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (c) Other Complaint - Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
 1. Tort claims and lawsuits may generate a personnel complaint.

TCPD Policy Manual

TCPD Policy Manual

Personnel Complaints

1010.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries shall be entered into the Guardian Tracking System that will record and track complaints per the Guardian Tracking System procedure. On an annual basis, at minimum, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

1010.5.1 ANNUAL ANALYSIS

The Chief of Police or the authorized designee shall complete a written annual analysis of all employee misconduct complaints and dispositions.

1010.5 TEMPORARY SUPERVISORY SUSPENSION

Supervisors of this department, with articulable cause, may immediately and temporarily suspend subordinates for insubordination, the reasonable belief that the member committed an egregious violation of departmental policy and procedure or that the member committed any crime. Supervisors initiating this action shall complete a personnel complaint form which will be promptly directed to the accused member's Division Commander. Members who are temporarily suspended will be directed to report to the office of the Chief of Police during the next known time the Chief of Police is working, or at a time as determined by the Chief of Police.

1010.6 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1010.6.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities as appropriate.

Personnel complaint forms in languages other than English may also be provided, as requested.

[Procedure Manual: 1010 Personnel Complaints](#)

1010.6.2 ACCEPTANCE

Written complaints should be taken by the on duty Shift Commander. If the Shift Commander is not available, complaint forms will be courteously accepted by any department member and promptly given to the on duty Shift Commander upon availability. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to the on duty Shift Commander. If the Shift Commander is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the Shift Commander to contact the complainant. The Shift Commander, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

1010.8 COMMAND NOTIFICATION AND ROUTING

Upon receipt of the complaint, the Shift Commander shall notify the accused member's Division Commander. If the complaint is outside of normal business hours the on call Commander shall be notified. As determined by the Commander, and depending on the seriousness of the allegation, the personnel complaint form will be either forwarded directly to the member's supervisor for supervisor initial investigation, review and recommendation or to the Division Commander for administrative review.

If the Division Commander is the subject of the complaint notification and routing shall be made to the Chief of Police.

If the Chief of Police is the subject of the complaint, notification and routing shall be made to the City Manager or the City Attorney in the absence of the City Manager.

1010.9 SUPERVISOR REVIEW, INITIAL INVESTIGATION AND RECOMMENDATION

If it is determined that the complaint should be initially investigated by the accused member's supervisor, Shift Commanders, under direction of the Division Commander, shall notify the subject member's supervisor and ensure that the personnel complaint form is routed to the supervisor as soon as practicable and no later than 2 days from the time the complaint is received.

In general, the primary responsibility for the initial investigation and review of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor has any personal involvement regarding the alleged misconduct. The seriousness of the allegation and known facts at the time shall determine the course of the supervisor's investigation. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

Complaints of a more serious nature, with Division Commander approval, may not include any additional investigation by the Supervisor and may be immediately routed for administrative review with known facts and allegations documented under the supervisor's review and investigation section. Supervisors may confer with their Division Commander for direction.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 1. The original complaint form will be directed to the Division Commander of the accused member who will take appropriate action and/or determine who will have responsibility for the investigation.
 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Chief of Police, who will initiate appropriate action.

1010.10 ADMINISTRATIVE REVIEW AND CLASSIFICATION

If the command staff is the subject of the complaint, the Chief of Police shall administratively review the complaint and make a determination.

If the Chief of Police is the subject of the complaint, the City Manager and/or City Attorney shall review the complaint and make a determination.

During administrative review, the Command Staff will determine if the initial supervisor review is sufficient to classify the complaint.

- **Insufficient Review:** Such matters may be directed back to the supervisor for further initial investigation depending on the seriousness of the complaint and the availability of sufficient information.

1010.11 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified by the Division Commander in one of the following categories:

Informal - A matter in which the Division Commander is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member. The command staff may direct supervisory personnel concerning coaching, training and policy review direction concerning the subject employee.

Formal - A matter in which the Division Commander determines that further action is warranted and that an administrative investigation should be conducted. Such complaints will be investigated by a member of the Command Staff at the discretion of the Chief of Police. Complaint dispositions will be deferred until the conclusion of the Administrative Investigation and shall be made by the Chief of Police.

Incomplete - A matter in which the complaining party either refuses to cooperate, becomes unavailable after diligent follow-up investigation and/or the allegation is not serious in nature. A complaint disposition shall be determined at this time by the command staff.

At the conclusion of the personnel complaints not referred for administrative investigation, the complaint shall be classified by the Command Staff under advisement of the assigned investigator with one of the following dispositions. Personnel complaints assigned for administrative investigation shall receive the complaint disposition by the Chief of Police:

Personnel Complaints

1. An employee should be given an order to answer questions in an administrative investigation that might incriminate the employee in a criminal matter only after the employee has been given a *Garrity* advisement. Administrative investigators should consider the impact that compelling a statement from the employee may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
2. No information or evidence administratively coerced from an employee may be provided to anyone involved in conducting the criminal investigation or to any prosecutor. An involuntary statement made by an officer as defined by MCL 15.391, may only be disclosed with the written consent of the officer, pursuant to a court order or when needed for an administrative, civil or criminal proceeding as provided in MCL 15.395.
 - (i) The interviewer should record all interviews of employees and witnesses. The employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview should be provided to the employee prior to any subsequent interview.
 - (j) All employees subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - (k) All employees shall provide complete and truthful responses to questions posed during interviews.
 - (l) No employee may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation.

1010.13.3 COMPLETION OF INVESTIGATIONS

1010.13.4 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1010.14 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1010.15 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift and will report as ordered.

1010.16 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct and there is a reasonable belief that a criminal offense was committed, the Division Commander or on call Command Officer shall be responsible to notify the Chief of Police as soon as practicable.

The Chief of Police, in conference with the Prosecuting Attorney's Office, may request a criminal investigation by an outside law enforcement agency.

Personnel Complaints

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Traverse City Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1010.17 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an administrative investigation report should be forwarded directly to the Chief of Police. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

1010.17.1 TRAINING IN LIEU OF PUNITIVE DISCIPLINE

If a member is found to be deficient in job performance, the department, depending on the deficiency, should first consider training or coaching in correcting the deficiency. This shall not be considered discipline. Coaching and remedial training may be utilized at any stage of the disciplinary process. Coaching and/or remedial training may be used to support future corrective action but does not constitute formal corrective action for inclusion in the member's file. Member performance notes concerning coaching and/or remedial training are kept within the Guardian Tracking system.

Coaching and/or remedial training shall not be used for serious breaches of policy or procedure, such as acts which cause physical harm to the public, proven member dishonesty or a breakdown in member integrity.

Remedial training may be recommended when a supervisor feels the member will benefit from training to improve job performance. Examples include, but are not limited to: training for emergency vehicle operation, use of force, etc.

All training, counseling and/or coaching resulting from a performance issue must be documented and forwarded to the Chief of Police or authorized designee.

1010.17.2 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation, the member's personnel file and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the investigator for further followup or action.

Once the Chief of Police is satisfied that no further investigation or action is required, the Chief of Police shall determine the validity of the complaint by rendering a disposition which shall be recorded on the personnel complaint form. The form shall be routed to the appropriate Division Commander for Guardian Tracking entry.

The Chief of Police shall also determine the amount of discipline, if any, that should be imposed.

- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
 - 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
 - 2. If the member elects to respond orally, the presentation shall be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response, or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1010.17.3 NOTICE REQUIREMENTS

If no disciplinary action is taken, the employee shall be notified that an investigation was conducted (MCL 423.509).

If disciplinary action is taken, a copy of the Chief of Police's written decision of disciplinary action shall be filed with the civil service commission no later than 90 days from the date of discovery of the violation (MCL 38.514; MCL 51.362).

1010.17.4 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee should ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint.

1010.17.5 NOTICE REQUIREMENTS FOR DISCIPLINE DISCLOSURE

Disclosure of a disciplinary report, letter of reprimand or other disciplinary action to a complainant requires notice be mailed to the affected employee as set forth in MCLA 423.506.

1010.18 PREDETERMINATION HEARING

The predetermination hearing is a pre-discipline process intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.

- (d) In the event that the Chief of Police elects to conduct further investigation, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1010.19 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1010.20 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any applicable civil service procedures, collective bargaining agreement and/or personnel rules (MCL 38.513; MCL 51.362).

1010.21 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or as mandated or required by the City Human Resources department.

In cases where an individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate, the probationary period may be extended at the discretion of the Chief of Police or as mandated or required by the City Human Resources department.

1010.22 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.

Safety Belts

1011.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of safety belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1011.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and regulations set forth in 49 CFR 571.213.

1011.2 POLICY

It is the policy of the Traverse City Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle accident.

1011.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Department, are properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a safety belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1011.4 TRANSPORTING CHILDREN

Child passengers shall be transported using an approved child restraint system in compliance with MCL 257.710d.

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of safety belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side air bag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1011.5 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by safety belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Safety Belts

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1011.6 INOPERABLE SAFETY BELTS

Department vehicles shall not be operated when the safety belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the safety belt is inoperable.

Department vehicle safety belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1011.7 VEHICLES MANUFACTURED WITHOUT SAFETY BELTS

Vehicles manufactured and certified for use without safety belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1011.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

The purpose of this policy is to provide officers with guidelines for the proper use of body armor.

1012.2 POLICY

It is the policy of the Traverse City Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1012.3 ISSUANCE

The Office of the Chief of Police shall ensure that body armor is issued to all officers and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

Body armor shall be issued when an officer begins service at the Traverse City Police Department and shall be replaced when the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

The Chief of Police may authorize issuance of body armor to uniformed, civilian members whose jobs may make wearing of body armor advisable.

1012.3.1 USE

Generally, the required use of body armor is subject to the following:

- (a) Members shall only wear department-approved body armor.
- (b) Members shall wear body armor any time they are in a situation where they could reasonably be expected to take enforcement action, including when engaged in pre-planned high-risk operations.
- (c) Members shall wear body armor when working in uniform or taking part in department range training.
- (d) Members are not required to wear body armor when they are functioning primarily in an administrative or support capacity and would not reasonably be expected to take enforcement action.
- (e) Officers may be excused from wearing body armor when they are involved in undercover or plainclothes work that their supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.
 1. In those instances when body armor is not worn, officers should have reasonable access to their body armor.

1012.3.2 INSPECTION

Supervisors should ensure through routine observation and periodic documented inspections that body armor is worn and maintained in accordance with this policy.

Traverse City Police Department

TCPD Policy Manual

TCPD Policy Manual

 - 1. Body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer.
 - 2. Failure to follow manufacturer's care instructions may damage the ballistic performance capabilities of the body armor. If care instructions for the body armor cannot be located, the manufacturer should be contacted to request the instructions.
- (d) Body armor should be replaced in accordance with the manufacturer's recommended replacement schedule, or when its effectiveness or functionality has been compromised.

1012.4 CHIEF FIREARMS INSTRUCTOR RESPONSIBILITIES

The responsibilities of the Chief Firearms Instructor include, but are not limited to:

- (a) Monitoring technological advances in the body armor industry for any appropriate changes to department-approved body armor.
- (b) Assessing the level of weapons and ammunition currently utilized by the public and the suitability of approved body armor to protect against those threats.
- (c) Educating officers about the safety benefits of wearing body armor.

1017.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the availability of meal periods and breaks.

1017.2 POLICY

It is the policy of the Traverse City Police Department to provide meal periods and breaks to members of this department in accordance with the applicable collective bargaining agreement and the City personnel manual.

1017.3 MEAL PERIODS

Officers and dispatchers shall remain on-duty subject to call during meal periods. All other members are not on-call during meal periods unless directed otherwise by a supervisor.

Uniformed patrol and traffic officers shall request clearance from the dispatcher prior to taking a meal period. Uniformed officers shall take their meal periods within the City limits and shall monitor the police radio, unless on assignment outside of the City.

The time spent for the meal period shall not exceed the authorized time allowed.

1017.4 BREAKS

Each member is entitled to a 15-minute break, near the midpoint, for each four-hour work period. Only one break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of a member's shift unless approved by a supervisor.

Members normally assigned to the police facility should remain at the police facility for their breaks. This does not prohibit them from taking a break away from the facility if they are on official business.

Members assigned to field duties will take their breaks in their assigned areas, subject to call, and shall monitor the police radio. When such members take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of the dispatcher.

The purpose of this policy is to provide reasonable accommodations to members desiring to express breast milk for the member's infant child.

1018.2 POLICY

It is the policy of the Traverse City Police Department to provide, in compliance with the Fair Labor Standards Act (FLSA), reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for her infant nursing child for up to one year after the child's birth (29 USC § 207).

1018.3 LACTATION BREAK TIME

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Members desiring to take a lactation break shall notify the dispatcher or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1018.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207).

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

This policy establishes guidelines and procedures regarding overtime for employees, in conformance with the Fair Labor Standards Act (FLSA) (29 USC § 201 et seq.).

1020.2 POLICY

The Traverse City Police Department will compensate nonexempt employees who work authorized overtime either by payment of wages or by the accrual of compensatory time (29 CFR 553.22). Employees who are salary exempt from FLSA are not compensated for overtime worked.

1020.3 COMPENSATION

Payment of wages to nonexempt employees for overtime, or accrual of compensatory time in lieu of compensation for overtime worked, shall be at the rate of not less than one and one-half hours for each hour of employment for which overtime compensation is required (29 USC § 207(k)(2); 29 USC § 207(o)(1)).

Short periods of overtime worked at the end of the normal duty day (e.g., less than one hour in duration) may be handled informally by an agreement between the supervisor and the employee. In such cases, the supervisor shall document the overtime worked and schedule a subsequent shift adjustment within the same work period that the overtime was worked, rather than submit a request for overtime compensation (29 USC § 207(k)).

Salary exempt employees may be eligible for administrative leave, which may be granted at the discretion of the exempt employee's immediate supervisor.

1020.4 REQUESTS FOR OVERTIME COMPENSATION

1020.4.1 EMPLOYEE RESPONSIBILITIES

Generally, no employee is authorized to work overtime without the prior approval of a supervisor. If circumstances do not permit prior approval, approval shall be sought as soon as practicable during the overtime shift and in no case later than the end of the shift in which the overtime is worked.

Nonexempt employees shall:

- (a) Obtain supervisory approval, verbal or written.
- (b) Not work in excess of 18 hours, including regularly scheduled work time, overtime and extra-duty time, in any consecutive 24-hour period without supervisory approval.
- (c) Record the actual time worked in an overtime status using the department-approved form or method. Informal notations on reports, logs or other forms not approved for overtime recording are not acceptable.

TIME WORKED	INDICATE
Up to 15 minutes	.25 hour
16 to 30 minutes	.50 hour
31 to 45 minutes	.75 hour
46 to 60 minutes	1 hour

1020.5.1 VARIATION IN TIME REPORTED

When two or more employees are assigned to the same activity, case or court trial, and the amount of time for which overtime compensation is requested varies among the officers, the Shift Commander or other approving supervisor may require each employee to include the reason for the variation on the overtime compensation request.

1020.6 REQUESTING USE OF COMPENSATORY TIME

Employees who have accrued compensatory time shall be allowed to use that time for time off within a reasonable period after making a request, if the request does not unduly disrupt department operations. Requests to use compensatory time will be submitted to the employee's supervisor at least 24 hours in advance of its intended use. Supervisors may make exceptions in unusual or extraordinary circumstances.

Compensatory time may not be used for time off for a date and time when the employee is required to appear in court on department-related matters. Supervisors shall not unreasonably deny employee requests to use compensatory time (29 CFR 553.25).

Work-Related Illness and Injury Reporting

1022.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding timely reporting of work-related injuries, mental disabilities and occupational illnesses.

1022.1.1 DEFINITIONS

Definitions related to this policy include:

Work-related illness or injury - Injuries, mental disabilities or diseases which arise out of, and in the course of, employment (MCL 418.301).

1022.2 POLICY

The Traverse City Police Department will address work-related injuries, mental disabilities and occupational illnesses appropriately, and will comply with applicable state workers' compensation requirements.

1022.3 RESPONSIBILITIES

1022.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational illness or work-related injury shall report such event as soon as practicable, but within 24 hours to a supervisor, complete City reporting forms as soon as practicable, and shall seek medical care when appropriate.

[Procedure Manual: 1022.2 REPORTING REQUIREMENT](#)

1022.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any work-related injury or occupational illness should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding City reporting and workers' compensation are completed, to include a meaningful review of all occupational injuries and exposures and forwarded promptly. Any related City wide injury or illness reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1022.3.3 DIVISION COMMANDER RESPONSIBILITIES

The Division Commander who receives a report of an occupational illness or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police, the City's risk management entity and the Office of the Chief of Police Division Commander to ensure any required Michigan Occupational Safety and Health Administration (MIOSHA) reporting is made as required in the illness and injury prevention plan identified in the Illness and Injury Prevention Policy.

Work-Related Illness and Injury Reporting

1022.3.4 CHIEF OF POLICE RESPONSIBILITIES

The Chief of Police shall review and forward copies of the report to the Department of Human Resources. Copies of the report and related documents retained by the Department shall be filed in the member's confidential medical file.

1022.4 OTHER ILLNESS OR INJURY

Illnesses and injuries caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the Office of the Chief of Police Division Commander.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1022.5 SETTLEMENT OFFERS

When a member sustains an occupational illness or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1022.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational illness or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the illness or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Personal Appearance Standards

1023.1 PURPOSE AND SCOPE

This policy provides guidelines for the personal appearance of members of the Traverse City Police Department.

Requirements for department uniforms and civilian attire are addressed in the Uniforms and Civilian Attire Policy.

1023.2 POLICY

Traverse City Police Department members shall maintain their personal hygiene and appearance to project a professional image that is appropriate for this department and for their assignments. Department personal appearance standards are primarily based on safety requirements, appearance conformity and the social norms of the community served while considering matters important to members of the Department.

The Chief of Police, or their designee, has the final authority in determining acceptable standards for personal appearance and grooming.

1023.3 GROOMING

Unless otherwise stated and because deviations from these standards may present officer safety issues, the following appearance standards shall apply to all members, except those whose current assignments would deem them not applicable, and where the Chief of Police has granted an exception.

1023.3.1 PERSONAL HYGIENE

All members must maintain proper personal hygiene. Examples of improper personal hygiene include, but are not limited to, dirty fingernails, bad breath, body odor and dirty or unkempt hair. Any member who has a condition due to a protected category (e.g., race, physical disability) that affects any aspect of personal hygiene covered by this policy may qualify for an accommodation and should report any need for an accommodation to the Chief of Police.

1023.3.2 HAIR

Hair shall be clean, neatly trimmed or arranged, and of a natural hair color. Hairstyles with shaved designs in the scalp are prohibited. Hair adornments shall be primarily for the purpose of securing the hair and must present a professional image.

Hairstyles for male department members must not extend below the top edge of a uniform or dress shirt collar while assuming a normal stance.

When working a field assignment, hairstyles for female department members must not extend below the bottom edge of a uniform or dress shirt collar while assuming a normal stance. Longer hair shall be worn up or in a tightly wrapped braid or ponytail that is secured to the head above the bottom edge of the shirt collar.

Beard and goatee facial hair shall not exceed 1/4-inch in length, must be accompanied by a mustache, and be contiguous with no designs shaved into it. Facial hair may not extend 1/4 inch below the bottom of the chin; the neck area below the chin shall be clean-shaven to allow for a proper respirator/gas mask fit. Members may be required to shave facial hair to allow for proper respirator/gas mask fit if the facial hair impedes the required seal of the mask.

If a department member intends to grow facial hair, they must initiate growing the facial hair during a period of a least two consecutive days off to not give the appearance of failing to shave.

1023.3.6 FINGERNAILS

Fingernails shall be clean and neatly trimmed to a length that will not present a safety concern. The color of fingernail polish shall present a professional image.

1023.4 APPEARANCE

Temporary Modified-Duty Assignments

1028.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules or current collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1028.2 POLICY

Subject to operational considerations, the Traverse City Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1028.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Traverse City Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle or engaging in outside employment, or may otherwise limit them in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1028.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

Employees seeking a temporary modified-duty assignment should submit a written request to their Division Commanders or the authorized designees. The request should, as applicable, include a certification from the treating medical professional containing:

The Chief of Police or the authorized designee shall confer with the Department of Human Resources or the City Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Shift Commander or Division Commander, with notice to the Chief of Police.

Those assignments and schedules may be adjusted to accommodate department operations and the employee's medical appointments, as mutually agreed upon with the Division Commander.

1028.6 MEDICAL EXAMINATIONS

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1028.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

1028.7.1 NOTIFICATION

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the City's personnel rules and regulations regarding family and medical care leave.

1028.8 PROBATIONARY EMPLOYEES

Employees who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.

Performance History Audits

1029.1 PURPOSE AND SCOPE

This policy provides guidance for the use of performance history audits and the Department's early intervention and recognition system. Performance history audits can help identify commendable performance as well as provide early recognition of training needs and other potential issues. This policy addresses the responsibilities, performance indicators and components of the audit, and handling of collected data.

1029.2 POLICY

The Traverse City Police Department collects data to assist supervisors with evaluating the performance of their employees. While it is understood that the statistical compilation of data may be helpful to supervisors, the Department recognizes that it cannot account for, and must carefully balance such data with, the many variables in law enforcement, such as:

- Ability to detect crime.
- Work ethic.
- Assignment and shift.
- Physical abilities (ability to perform the job-related physical tasks).
- Randomness of events.

1029.3 RESPONSIBILITIES

Under the authority of the Office of the Chief of Police, the Investigative Services Division of the respective division is responsible for collecting performance indicators and other relevant data through the Guardian Tracking system. The data will be compiled to generate quarterly reports that will be provided to the appropriate Division Commander. The Investigative Services Division will utilize confidential methods to compile and track information regarding performance indicators for each officer during each quarter in order to prepare the report. Though generated quarterly, each report should contain data from a one-year time period.

The Office of the Chief of Police Division Commander should forward a copy of each performance history audit report to the City Attorney for review and retention as attorney work product and confidential personnel information.

1029.4 COMPONENTS OF PERFORMANCE HISTORY AUDITS

Performance history audits should include the following components:

- Performance indicators
- Data analysis
- Employee review
- Recommendations for further action and if warranted

The Division Commander will review each performance history audit report.

1029.4.3 EMPLOYEE REVIEW

Upon receipt of a performance history audit report, the Division Commander will carefully review the report with the member's supervisor to assess any potential trends or other issues that may warrant informal counseling, additional training or a recommendation for other action, including discipline.

If the Division Commander determines that the member's performance warrants informal counseling or recognition, the Division Commander shall advise the member's immediate supervisor. The immediate supervisor shall take steps to initiate the appropriate action which may include:

- (a) Recognition
 - 1. Recognition Report

Information, data and copies of material compiled to develop performance history audit reports shall be considered confidential as part of the employee's personnel file and will not be subject to discovery or release except as provided by law. Access to performance history audit reports will be governed under the same process as access to an officer's personnel file, as outlined in the Personnel Records Policy.

Access to the underlying data will be governed by the process for access to the original records (such as police reports).

1029.6 RETENTION

Performance history audit reports and associated records shall be retained in accordance with the established records retention schedule.

Speech, Expression and Social Networking

1030.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with the use of social networking sites, and provides guidelines for the regulation and balancing of member speech and expression with the needs of the Traverse City Police Department.

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech and use of all Internet services, including the Web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit a member from speaking as a private citizen while not using department resources, including acting as an authorized member of a recognized bargaining unit or an employee group, about matters of public concern, such as misconduct or corruption.

Members are encouraged to consult with their supervisors regarding any questions arising from the application or potential application of this policy.

1030.2 POLICY

Members of public entities occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of the Traverse City Police Department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that members of this department be subject to certain reasonable and lawful limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Department will carefully balance the individual member's rights against the needs and interests of the Department when exercising a reasonable degree of control over its members' speech and expression.

1030.3 SAFETY

Members should carefully consider the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of Traverse City Police Department members, such as posting personal information in a public forum or posting a photograph taken with a GPS-enabled camera, can result in compromising a member's home address or family ties. Members should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any member, a member's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow department member.

- Otherwise disclosing where another officer can be located off-duty.

1030.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the safety, performance and public-trust needs of the Traverse City Police Department, the following are prohibited unless the speech is otherwise protected (for example, a member speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or an employee group, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Department or its members.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Department and tends to compromise or damage the mission, function, reputation or professionalism of the Department or its members. Examples may include:
 1. Statements that indicate disregard for the law, or the Michigan or U.S. Constitutions.
 2. Expression that demonstrates support for criminal activity.
 3. Participation in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the member as a witness. For example, posting to a website statements or expressions that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the members of the Department (e.g., a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape).
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment or appointment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.
- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Traverse City Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

Members must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1030.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While members are not restricted from engaging in the following activities as private citizens or as authorized members of recognized bargaining units or employee groups, members may not represent the Traverse City Police Department or identify themselves in any way that could be reasonably perceived as representing the Department in order to do any of the following, unless specifically authorized by the Chief of Police:

- (a) Endorse, support, oppose or contradict any political campaign or initiative.
- (b) Endorse, support, oppose or contradict any social issue, cause or religion.
- (c) Endorse, support or oppose any product, service, company or other commercial entity.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization, including as an authorized member of a recognized bargaining unit or an employee group, is affiliated with this department, the member shall give a specific disclaiming statement that any such speech or expression is not representative of the Traverse City Police Department.

Members retain their rights to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of recognized bargaining units or employee groups, on political subjects and candidates at all times while off-duty. However, members may not use their official authority or influence to interfere with or affect the result of elections or nominations for office. Members are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1030.5 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

1030.5.1 PROHIBITIONS

The Department shall not request or require members or applicants to provide access to, viewing of, or disclosure of private internet accounts (MCL 37.273).

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.

- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.
- (g) Whether the speech or conduct would be in conflict with the Traverse City social media site posting policy.

Records and training documentation relating to illness and injury prevention will be maintained in accordance with the established records retention schedule.

Line of Duty Deaths

1032.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Traverse City Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1032.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1032.2 POLICY

It is the policy of the Traverse City Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1032.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Shift Commander and Central Dispatch.
 - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Shift Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Shift Commander or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.

Traverse City Police Department

Line of Duty Deaths

- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1032.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Shift Commander or the authorized designee should select at least two members to conduct notification of survivors.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Notifying members should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting childcare or other immediate needs.

Traverse City Police Department

- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Traverse City Police Department members may be apprised that survivor notifications are complete.

1032.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1032.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

Stress Management and Response

1034.1 PURPOSE AND SCOPE

The purpose of this policy is to outline the response to personnel who, as a result of responding to or becoming involved in a critical incident, may be in need of peer counseling or mental health services. The duties and responsibilities of the law enforcement profession are often emotionally demanding and difficult and employees generally risk experiencing stress and related emotional difficulties. Emotional problems may have a negative impact on personnel performance and in extreme instances, may present a danger to the welfare and safety of employees, their families, or the general public.

1034.2 POLICY

It is the duty of the Traverse City Police Department to provide all personnel with access to peer and/or mental health services to help them preempt and resolve emotional difficulties and, under emergency conditions, take those measures necessary in the provision of mental health services to ensure the well-being and safety of employees and the general public.

1034.3 DEFINITIONS

Critical Incident - any situation, which has such profound emotional impact that it has the potential to interfere with an employee's ability to function.

Peer Counselor (PC) - The PC shall be authorized by this agency to provide voluntary counseling services to agency employees only after having successfully completed this agency's prescribed course of instruction.

Defusing - brief discussion between involved employee(s) and a PC immediately following a critical incident. It is used to restore involved employee's cognitive functioning and prepare them for future stress reactions resulting from the incident.

Critical Incident Stress Debriefing (CISD) - A confidential meeting between employees directly involved in a critical incident, which may include support personnel; a PC, the Division Commander, and a Mental Health Professional, usually following a defusing. Family or other support personnel may attend with the concurrence of all of those involved in the incident. The CISD is used to inform and educate those involved on stress management techniques. It is not an operational critique (tactical debriefing); rather the focus is on assisting the employee or group with coping behaviors and techniques.

Mental Health Professional - A licensed professional, departmentally authorized social or mental health caseworker, counselor, psychotherapist, psychologist or psychiatrist. When a mental health professional is present at either a defusing or debriefing, confidentiality guidelines do apply and all statements are considered privileged.

Employee Assistance Program (EAP) - An Employee Assistance Program (EAP) is a voluntary, work-based program that offers free and confidential assessments, short-term counseling, referrals, and follow-up services to employees who have personal and/or work-related problems.

1034.4 RESPONSIBILITIES

1034.4.1 MEMBER RESPONSIBILITIES

Taking care of yourself, your friends, and your family can help you cope with stress. Helping others cope with their stress can also make your community stronger. Things you can do to support yourself:

- (a) Take breaks from watching, reading, or listening to news stories, including social media.

- (d) Connect with others. Talk with people you trust about your concerns and how you are feeling.
- (e) Call your healthcare provider if stress gets in the way of your daily activities for several days in a row.

Responding to a situation can take an emotional toll on individuals. There are things you can do to reduce secondary traumatic stress (STS) reactions:

3. Any mass casualty incidents or natural disasters (i.e., plane crash, tornado, etc.)

1034.5 CRITICAL INCIDENT STRESS DEBRIEFING (CISD)

A critical incident stress debriefing (CISD) should occur as soon as practicable. The Division Commander is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which may include support personnel (e.g., dispatchers, civilian personnel). Family or other support personnel may attend with the expressed concurrence of all members involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Investigative Services Division personnel not directly involved in the incident.

In some critical incidents, the department may choose to hold two (2) CISDs. The first with just the officers directly involved in the incident and then a second that includes support personnel and/or other involved civilian personnel who may have a different perspective than a law enforcement officer.

Provided that the person or entity providing service at the critical incident stress debriefing is an organized community or local crisis response team that is a member of the Michigan Crisis Response Association Network, communications made by members and records kept by the service provider are confidential and protected from disclosure as provided in MCL 333.20981 et seq.

1034.7 DEPARTMENT NOTIFICATION AND RESPONSE

It is the responsibility of the Chief of Police or his/her designee to notify other department members of a Critical Incident as soon as practicable.

1034.9 JOB SECURITY

Job security and promotional opportunities shall not be jeopardized by an employee solely for having utilized or participated in any employee assistance program or service previously mentioned in this policy or as required and/or offered by the Department.

1034.10 STRESS RECOGNITION AND TRAINING

Traumatic stress disorders may develop in relationship to a wide variety of incidents, some of which may not become apparent to the department in any official capacity. Following a critical incident, law enforcement personnel may attempt to hide such symptoms from colleagues and supervisors for fear that it will be perceived as a personal weakness, adversely affect their performance review, or result in an unwanted fitness-for-duty appraisal.

Law enforcement personnel must be aware of the potential for traumatic reactions and be prepared to seek assistance for themselves or recommend aid for a colleague who they believe is affected in this manner. In order for law enforcement personnel to be capable of making such judgments, the Department shall provide the training necessary to make them knowledgeable about the potential reactions to critical incidents and the department's policy and procedures for prevention and treatment following a critical incident.

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide education and training to all department members to enable them to effectively identify potential reactions and side effects due to stress related incidents.

Violencia Doméstica

La "violencia doméstica" incluye varias acciones agresivas entre individuos. Una persona que asalta o asalta y golpea a su cónyuge o excónyuge, una persona con la que ha tenido un hijo en común, un residente o ex residente de su hogar o una persona con la que tiene o ha tenido una relación amorosa. Los actos de violencia doméstica están específicamente prohibidos por la ley estatal y, en la mayoría de los casos, un oficial de policía puede realizar un arresto inmediato para evitar más agresiones.

Puede obtener una copia del reporte de incidente policial para su caso por comunicándose con la agencia de aplicación de la ley que manejó el incidente.

Sus derechos legales incluyen el derecho a ir a la corte y presentar una petición solicitando una orden de protección personal (PPO) para protegerlo a usted u otros miembros de su hogar del abuso doméstico, lo que podría incluir impedir que el abusador haga lo siguiente:

- Entrar en los edificios.

- Retirar a los niños menores de edad, a menos que sea autorizado por una orden de custodia o de tiempo de crianza dictada por un tribunal de jurisdicción competente.
- Participar en un comportamiento de acosador.
- Comprar o poseer un arma de fuego.
- Interferir con sus esfuerzos para sacar a sus hijos o propiedad personal de los edificios que son de propiedad exclusiva o arrendadas por el abusador.
- Interferir con usted en su lugar de trabajo o educación o participar en una conducta que perjudique su relación laboral o su ambiente laboral o educativo.
- Participar en cualquier otro acto o conducta específica que imponga o interfiera con su libertad personal o que cause una aprensión razonable de violencia.
- Tener acceso a la información en los registros sobre cualquier hijo menor que tenga con el abusador que le informaría al abusador sobre su dirección o número de teléfono, o su dirección de empleo.

Sus derechos legales también incluyen el derecho a ir a la corte y presentar una moción para obtener una orden para demostrar la causa y una audiencia si el abusador o perpetrador está violando la PPO y no ha sido arrestado.

Sheriff del Condado de Grand Traverse

Dept. de Policía de Traverse City

Policía del Estado Michigan

Querido ciudadano/a:

Ser víctima de un delito puede ser una experiencia muy traumática y, con demasiada frecuencia, son los derechos y las necesidades de la víctima quienes no se satisfacen.

Es por esas razones que la Oficina del Sheriff del Condado de Grand Traverse, la Policía Estatal de Michigan y el Departamento de Policía de Traverse City están comprometidos a garantizar los derechos de las víctimas y satisfacer sus necesidades a través del Programa de Asistencia a las Víctimas en un esfuerzo por reducir el trauma de la victimización.

EMERGENCIA – MARQUE 911

delito, su cooperación con la policía, el fiscal y los tribunales es un elemento esencial para mantener nuestro sistema de justicia penal. (Este folleto se proporciona de conformidad con las "Leyes de derechos de las víctimas", P.A. 97 de 1985, P.A. 21 de 1988, P.A. 22 de 1988, P.A. 63 de 1994, P.A. 61 de 1994 y P.A. 62 de 1994.)

Obtención de una Orden

Una orden judicial es una orden firmada por el juez que acusa a una persona de un delito. Si la persona aún no está bajo custodia policial, la orden firmada autoriza a la policía a arrestar a la persona y llevarla ante el tribunal.

El oficial investigador se comunicará con el fiscal, quien decidirá si se formularán cargos penales y cuál será el cargo exacto. Es el fiscal quien recomendará al juez que firme la orden. El fiscal basa esa recomendación en lo siguiente:

1. Que se cometió un acto (delito) en violación de una ley.
2. Que hay pruebas suficientes (causa probable) para creer que el acusado es el que cometió el crimen.
3. Que el enjuiciamiento penal servirá a los mejores intereses de la justicia.

Entendiendo el Sistema

Aplicación de la ley (policía):

- La policía normalmente hace un arresto en el instante para evitar más problemas. Sin embargo, un oficial también puede decidir que es mejor buscar la autorización del fiscal para obtener una orden judicial antes de un arresto.
- La policía se comunicará con el magistrado / juez con respecto a la fianza correspondiente.
- En el caso de una denuncia de "violencia doméstica", como condición para la fianza, se le puede ordenar al acusado que NO tenga ningún contacto con la víctima hasta después de la lectura de cargos en la corte.
- También en los casos de "violencia doméstica", el acusado puede permanecer en la cárcel durante al menos 20 horas si el magistrado / juez no aprueba una liberación anterior.

Establecimiento de magistrado / fianza:

- El magistrado evalúa el establecimiento de una fianza adecuada para la liberación de la cárcel basándose en:

1. Es necesario asegurarse de que el acusado volverá a comparecer ante el tribunal para la lectura de cargos en el momento actual.
 2. Necesidad de proteger a la víctima de más violencia.
- Varias condiciones de la fianza fijadas por el magistrado pueden restringir las actividades del acusado, tales como: No consumo de bebidas alcohólicas o no contacto con la víctima.

Red de Notificación de Víctimas de Delitos de Michigan

- 24 horas de acceso a la información delincente del caso o de custodia
- La capacidad de verificar el estado de custodia de un delincente
- Notificación automática a los usuarios registrados de un cambio en la custodia del delincente o en el estado del caso

Las víctimas pueden registrarse en www.VINELink.com para recibir información sobre el estado a través del teléfono, correo electrónico y / o mensaje de texto. Le recomendamos que aproveche estos recursos, pero tenga en cuenta que este sistema no está garantizado. Si desea una actualización del estado, puede llamar directamente a la Agencia.

Abogado Fiscal:

- El Fiscal toma decisiones sobre los cargos penales que se pueden presentar contra el acusado. Es posible que el fiscal desee comunicarse con la víctima y / o testigos antes de tomar una decisión final. Se pondrá a disposición del fiscal una copia del informe del oficial investigador.

Procesos judiciales:

- La primera aparición oficial de la corte se llama LA LECTURA DE CARGOS. En la lectura de cargos, el juez informará al acusado de los cargos específicos y también puede revisar la fianza. La lectura de cargos se lleva a cabo en el Tribunal de Distrito.
- El acusado tendrá la oportunidad de ofrecer una "declaración" a los cargos durante la lectura de cargos. Si se ofrece una declaración de culpabilidad, el proceso puede ir directamente a la sentencia.
- El siguiente paso para un delito grave (delito mayor o delito menor en un tribunal de circuito) se llama EXAMEN PRELIMINAR. En este examen, el Juez del Tribunal de Distrito decidirá si hay pruebas suficientes para que el caso "se lleve" al Tribunal de Circuito para su continuación.
- Los delitos menores (delitos menores) permanecerán en el Tribunal de Distrito.

- Ya sea en el Tribunal de Distrito o en el Tribunal de Circuito, al acusado ("Defendant") se le permitirá una AUDIENCIA PREVIA AL JUICIO para permitir una oportunidad para cualquier moción legal y asegurar los procedimientos adecuados hacia el juicio real.
- Todos los acusados tienen derecho a un JUICIO y pueden exigirlo manteniendo su declaración de "no culpable". Los juicios ocurren en cualquier tribunal (dependiendo de la gravedad del crimen); el juicio puede ser "escuchado" por el juez o un jurado, a solicitud del acusado.
- Es posible que se requiera el testimonio de cualquier víctima / testigo en el examen preliminar, varias mociones legales y el juicio en sí. El personal del fiscal estará disponible para ayudar a víctimas y testigos.

Agente de libertad condicional:

- Antes de la sentencia real de un acusado culpable, se puede asignar un oficial de libertad condicional para realizar una INVESTIGACIÓN DE PRESENTENCIA. El oficial de libertad condicional puede entrevistar a víctimas y testigos y también puede referir al acusado para una evaluación profesional para un asesoramiento.
- El oficial de libertad condicional presenta una recomendación de sentencia al juez a través de la investigación previa a la sentencia.

Sentencia:

- El acusado comparecerá ante el juez para su sentencia después de ser declarado culpable en el juicio, o después de declararse "culpable" o "no impugnar", y después de que el oficial de libertad condicional haya presentado la investigación de presencia.
- Durante la sentencia, tanto el fiscal y el acusado (o abogado de defensa) se les permitirá hacer una declaración final para su consideración por el juez. También se le puede permitir a la víctima ofrecer una declaración final antes de que el juez dicte sentencia.
- La sentencia del juez puede incluir cualquiera de los siguientes:

- Tiempo de cárcel o prisión.
- Sentencia diferida con varias condiciones.
- Libertad condicional.
- Compensación / restitución a las víctimas.
- Restricción de cualquier contacto, acoso o amenazas contra la víctima.
- Prohibición del uso de bebidas alcohólicas y / o drogas.
- Orden de evaluación por abuso de alcohol / drogas.
- Orden de participación en asesoramiento.

Víctimas de Asalto Sexual

- Puede someterse a un examen médico forense sexual y obtener pruebas mediante un kit de pruebas de agresión sexual, incluso si no desea participar en el sistema de justicia penal o cooperar con las fuerzas del orden.
- No se puede facturar por el costo de administrar el kit de pruebas de agresión sexual. Si recibe una factura por estos servicios, comuníquese con la Comisión de Servicios para Víctimas de Crimen de Michigan al 517-373-7373.
- Tener derecho a pedirle a la agencia investigadora del orden público la información de contacto del detective o oficial investigador asignado al caso, el estado actual del caso, si el caso se ha presentado al fiscal para su revisión y si el caso se ha cerrado y el motivo documentado del cierre.
- Si se recopiló un kit de pruebas de agresión sexual y se lo entregó a la policía, tiene derecho a solicitar la siguiente información a la agencia de aplicación de la ley investigadora: cuándo se envió el kit de pruebas de agresión sexual a un laboratorio forense para su análisis; si se obtuvo un perfil de ADN del kit de pruebas de agresión sexual; si se ingresó un perfil de ADN en CODIS; y si un perfil de ADN resultó en un impacto CODIS.
- Sus derechos legales incluyen el derecho a ir a la corte y presentar una petición solicitando una orden de protección personal (PPO) / orden de restricción para protegerlo del perpetrador. La PPO podría ordenar al perpetrador que no tenga contacto con usted e incluir otras condiciones específicas.

Domestic Violence

“Domestic Violence” includes various assaultive actions between individuals. An individual who assaults or assaults and batters his or her spouse or former spouse, an individual with whom he or she has had a child in common, a resident or former resident of his or her household or an individual with whom he or she has or has had a dating relationship. Acts of domestic violence are specifically prohibited by State law and, in most cases, a police officer may make an immediate arrest to prevent any further assaults.

You may obtain a copy of the police incident report for your case by contacting the law enforcement agency that handled the incident.

Your legal rights include the right to go to court and file a petition requesting a personal protection order (PPO) to protect you or other members of your household from domestic abuse which could include restraining the abuser from doing the following:

- Entering onto premises.
- Assaulting, attacking, beating, molesting, or wounding you.
- Removing minor children from you, except as otherwise authorized by a custody or parenting time order issued by a court of competent jurisdiction.
- Engaging in stalking behavior.
- Purchasing or possessing a firearm.
- Interfering with your efforts to remove your children or personal property from premises that are solely owned or leased by the abuser.
- Interfering with you at your place of employment or education or engaging in conduct that impairs your employment relationship or your employment or educational environment.
- Engaging in any other specific act or conduct that imposes upon or interferes with your personal liberty or that causes a reasonable apprehension of violence.
- Having access to information in records concerning any minor child you have with the abuser that would inform the abuser about your address or telephone number, the child’s address or telephone number, or your employment address.

Your legal rights also include the right to go to court and file a motion for an order to show cause and a hearing if the abuser or perpetrator is violating the PPO and has not been arrested.

Safe Haven

During relationship problems, many couples attempt to exchange their children in public places. In some cases, these arrangements result in violent confrontations in front of the children between parents.

SAFE HAVEN provides a safe environment for families to visit or exchange their children. Parents do not see each other, using separate entrances to safely exchange their children.

Victim Assistance Program and Community Response to Domestic Violence & Victims of Sexual Assault

Grand Traverse
County Sheriff

Traverse City
Police Dept.

Michigan
State Police

Dear Citizen:

Being a victim of a crime can be a very traumatic experience, and all too often, it is the victim whose rights and needs are not being met.

It is for those reasons that the Grand Traverse County Sheriff's Office, the Michigan State Police and the Traverse City Police Department are committed to ensuring the rights of victims and meeting their needs through the Victim Assistance Program in an effort to reduce the trauma of victimization.

EMERGENCY-DIAL 911

This pamphlet is provided to assist you, the victim of a crime, during the course of a criminal investigation, prosecution and trial. As the victim of a crime, it is your cooperation with the police, prosecutor and the courts which is an essential element in maintaining our criminal justice system. (This pamphlet is provided consistent with the "Victim's Rights Acts", P.A. 97 of 1985, P.A. 21 of 1988, P.A. 22 of 1988, P.A. 63 of 1994, P.A. 61 of 1994 and P.A. 62 of 1994.)

Obtaining a Warrant

A warrant is an order signed by the judge, charging a person with a crime. If the person is not already in police custody, the signed warrant authorizes the police to arrest the person and bring them before the court.

The investigating officer will contact the prosecutor who will decide if criminal charges will be made and what the exact charge will be. It is the prosecutor who will recommend that the judge sign the warrant. The prosecutor bases that recommendation on the following:

1. That an act (crime) was committed violating a law.
2. That there is sufficient evidence (probable cause) to believe that the accused is the one who committed the crime.
3. That the best interests of justice will be served by the criminal prosecution.

Understanding The System

Law Enforcement (Police):

- The police normally make an arrest on the spot to avoid any further problems. However, an officer may also decide it is best to seek the prosecutor's authorization for a warrant prior to an arrest.
- The police will contact the magistrate/judge regarding appropriate bond.
- In the case of a "Domestic Violence" complaint, as a condition of bond, the accused may be directed to NOT have any contact with the victim until after the arraignment in court.
- Also in "Domestic Violence" cases, the accused may be held in jail for at least 20 hours if an earlier release is not approved by the magistrate/ judge.

Magistrate/Bond Setting:

- The magistrate evaluates the setting of an appropriate bond for the release from jail based upon:
 1. Need to assure that the accused will return to appear in court for arraignment at the preset time.
 2. Need to protect the victim from further violence.
- Various conditions of the bond set by the magistrate may restrict the activities of the accused, such as: No consumption of alcoholic beverages, or no contact with the victim.

Michigan Crime Victim Notification Network

- 24 hour access to offender custody or case information
- The ability to verify an offender's custody status
- Automatic notification to registered users of a change in offender custody or case status

Victims may register themselves at www.VINELink.com to receive status information through the telephone, email, and/or via text message. We encourage you to take advantage of these resources, but note this system is not guaranteed. If you would like an update in status, you may call the Agency directly.

Prosecuting Attorney:

- The Prosecuting Attorney makes decisions regarding the criminal charges which may be brought against the accused. The prosecutor may wish to contact the victim and/or witnesses prior to making a final decision. A copy of the investigating officer's report will be made available to the prosecutor.

Court Processes:

- The first official court appearance is called an ARRAIGNMENT. At the arraignment, the judge will advise the accused of the specific charges and may also review the bond. The arraignment is held in District Court.
- The accused will have the opportunity to offer a "plea" to the charges during the arraignment. If a guilty plea is offered, the process may go directly to sentencing.
- The next step for a serious crime (felony or circuit court misdemeanor) is called a PRELIMINARY EXAM. At this exam, the District Court Judge will decide if there is sufficient evidence to have the case "bound over" to Circuit Court for continuation.
- Lesser crimes (misdemeanor) will remain in District Court.

- In either District or Circuit Court, the accused ("Defendant") will be allowed a PRETRIAL HEARING to allow an opportunity for any legal motions and assure proper proceedings toward the actual trial.
- All defendants are entitled to a TRIAL and may demand such by maintaining their "not guilty" plea. Trials occur in either court (depending on the seriousness of the crime); the trial may be "heard" by either the judge or a jury, at the request of the Defendant.
- The testimony of any victim/witness may be required at the Preliminary Exam, various legal motions, and the actual trial. The staff of the prosecuting attorney will be available to assist victims and witnesses.

Probation Officer:

- Prior to the actual sentencing of a guilty defendant, a probation officer may be assigned to conduct a PRESENTENCE INVESTIGATION. The Probation Officer may interview victims and witnesses and may also refer the Defendant for professional evaluation for possible counseling.
- The Probation Officer submits a sentencing recommendation to the judge by way of the Presentence Investigation.

Sentencing:

- The defendant will appear before the judge for sentencing after being found guilty by trial, or after pleading "guilty" or "no contest", and after the Presentence Investigation has been filed by the Probation Officer.
- During sentencing, both the Prosecuting Attorney and the Defendant (or Defense Attorney) will be allowed to make a final statement for consideration by the judge. The Victim may also be allowed to offer a final statement before the actual sentencing by the judge.
- The sentence from the judge may include any of the following:
 - Jail or prison time.
 - Deferred sentence with various conditions.
 - Probation.
 - Victim compensation/restitution.
 - Restraint from any contact with, harassment of, or threats against the victim.
 - Prohibition of use of alcoholic beverages and/or drugs.
 - Order for alcohol/drug abuse evaluation.
 - Order for participation in appropriate counseling.

Victims of Sexual Assault

- Can have a sexual medical forensic examination and have evidence collected using a sexual assault evidence kit even if you do not want to participate in the criminal justice system or cooperate with law enforcement.
- Cannot be billed for the cost of administrating the sexual assault evidence kit. If you receive a bill for these services, contact the Michigan Crime Victim Services Commission at 517-373-7373.
- Have the right to ask the investigating law enforcement agency for the contact information for the detective or investigating officer assigned to the case, the current status of the case, whether the case has been submitted to the prosecuting attorney for review, and whether the case has been closed and the documented reason for closure.
- If you had a sexual assault evidence kit collected and released to law enforcement, you have a right to ask the investigating law enforcement agency for the following information: when the sexual assault evidence kit was sent to a forensic laboratory for testing; whether a DNA profile was obtained from the sexual assault evidence kit; whether a DNA profile was entered into CODIS; and whether a DNA profile resulted in a CODIS hit.
- Your legal rights include the right to go to court and file a petition requesting a personal protection order (PPO)/restraining order to protect you from the perpetrator. The PPO could order the perpetrator not to have contact with you and include other specific conditions.

Backing the Badge TCPD.pdf

Dear Employee and Family Member:

In today's demanding world no one is immune to personal problems. Even the strongest people have difficulties coping with a family conflict, an unexpected financial burden, alcohol/drug abuse, the loss of a loved one, or other stressful situations.

During such time it is important for you and your immediate family to have someone to talk to, someone separated from the family and workplace where private matters can be discussed in strict confidence. Whether it is a crucial situation or perhaps a slight case of stress, everyone could use some help now and then.

Moreover, we recognize that it might be impossible to leave personal problems at home. As a result, we have retained a highly respected professional consulting/counseling group called ENCOMPASS, LLC, an Employee Assistance, Work/Life and Wellness Program with a specialized program for first responders called Backing the Badge. The purpose of this program is to offer you and your immediate household a source of confidential help during troubling times, free of charge.
