⁻ Capital Improvement Plan 2024-2025

The City of Traverse City

Communication to the City Commission

FOR THE REGULAR CITY COMMISSION MEETING OF JUNE 3, 2024

TO: Mayor and City Commission FROM: Elizabeth Vogel, City Manager

DATE: June 3, 2024

SUBJECT: FY 24-25 Budget Overview and Key Additions

I am pleased to present the proposed budget for the fiscal year 2024-2025 for the City of Traverse City. This budget reflects our continued commitment to strategic, collaborative, and community-focused financial planning. Our team has worked diligently to align our financial resources with the priorities and needs of our residents, ensuring a balanced and sustainable fiscal outlook.

Collaborative Approach

The preparation of this budget involved extensive collaboration across all city departments. By engaging in open dialogue, conducting thorough reviews, and leveraging the expertise within our team, we have crafted a budget that addresses current needs while preparing for future challenges. This inclusive approach has enabled us to maintain fiscal discipline while making targeted investments that enhance the quality of life for our community.

Key Budget Changes and Additions

- 1. **Community Police Officer:** To further our commitment to public safety and community engagement, we are introducing a new Community Police Officer position. This role will focus on building stronger relationships between law enforcement and residents, fostering trust, and enhancing our ability to respond to community concerns proactively.
- 2. Social Worker in the Police Department: Building on the success of the Quick Response Team (QRT), we are adding a dedicated social worker to the Police Department. This position will support the ongoing efforts of the QRT by providing specialized expertise in mental health and social services, ensuring that individuals in crisis receive the appropriate support and interventions. This addition aims to reduce repeat incidents and improve overall community well-being. Although we have budgeted for the full wages and fringes for this position, we are optimistic that the Comprehensive Opioid, Stimulant, and Substance Abuse Program (COSSAP) grant may fund this position in full or part.
- 3. **Budget for Beds at Addiction Treatment Services:** To continue to respond to the opioid epidemic and to support individuals with substance use disorder, we are allocating funds specifically for two dedicated transitional beds at Addiction Treatment Services. These flexible beds will address issues related to barriers with insurance funding, gaps between

treatment entrance dates, and other time-sensitive treatment-related barriers experienced by those attempting to engage with recovery services beyond what withdrawal management can offer. The goal with these beds is to remove provider barriers to allow for a smoother transition into long-term and comprehensive recovery support, which is a critical component of the continuum of care. In addition, discussions will continue between the QRT and ATS to explore opportunities to address challenges for other vulnerable individuals, including those with co-occurring mental health disorders and individuals experiencing crises.

- 4. **Strategic Planning Budget:** In recognition of the importance of forward-thinking and proactive governance, we are introducing a \$160,000 budget for strategic planning. This allocation will enable us to engage in comprehensive planning efforts, including community engagement, data analysis, and long-term visioning. By investing in strategic planning, we aim to create a roadmap that guides our city's growth and development in a sustainable and inclusive manner.
- 5. Additional Payment to the MERS Retirement System: We are committing an additional \$250,000 payment to the Municipal Employees' Retirement System (MERS). This payment is part of our ongoing efforts to ensure the long-term sustainability of our retirement system, demonstrating our commitment to the financial security of our employees. This proactive measure will help reduce unfunded liabilities and strengthen our overall fiscal health.

Conclusion

The FY 24-25 budget is a reflection of our shared commitment to the City of Traverse City's future. Through collaborative efforts and strategic investments, we are addressing immediate needs while laying the groundwork for long-term prosperity. I extend my sincere gratitude to all team members, department heads, and community stakeholders who contributed to this budget. Your input and dedication have been invaluable in shaping a budget that truly serves the best interests of our community.

I look forward to discussing this proposal in more detail and working together to achieve our shared goals for the upcoming fiscal year.

Respectfully submitted,

Elizabeth Vogel City Manager, Traverse City

City Commission

2023 - 2025

The mission of the Traverse City City Commission is to guide the preservation and development of the City's infrastructure, services, and planning based on extensive participation by its citizens, coupled with the expertise of the City's staff. The Commission will both lead and serve Traverse City in developing a vision for sustainability, and the future that is rooted in the hopes and input of its citizens and organizations, as well as cooperation from surrounding units of government.

Fund Descriptions

- **General Fund** is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- **Special Revenue Funds** account for the proceeds of specific revenue sources (other than permanent trust or major capital projects) that are set aside for a specific purpose.
- **Debt Service Funds** account for the accumulation of resources set aside to meet current and future debt service requirements on general long term debt.
- **Capital Project Funds** account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds.
- **Permanent Funds** account for resources that are legally restricted to the extent that only earnings and not principal, may be used for purposes that support the reporting government's programs, that is, for the benefit of the government or its citizenry.
- **Enterprise Funds** account for the operations that are financed and operated in a manner similar to a private business enterprise, where costs are primarily recovered through user charges.
- **Internal Service Funds** account for fleet and equipment management provided to other departments or agencies of the government, on a cost reimbursement basis.
- **Component Unit Funds** account for operations maintained and operated by related entities of the City created through State Statute or City Charter.

CITY COMMISSION

Mission Statement: To guide the preservation and development of the City's infrastructure, services, and planning based on extensive participation by its citizens coupled with the expertise of the City's staff. The Commission will both lead and serve Traverse City in developing a vision for sustainability and the future that is rooted in the hopes and input of its citizens and organizations, as well as cooperation from surrounding units of government.

The City Commission is the legislative body for the City of Traverse City. The primary function of the City Commission is to establish the direction and policies by which the City operates through its boards, commissions and departments.

The priorities of the Commission are reflected through the adopted budget in keeping with the policy of maintaining the economic well being of the City.

The City Commission consists of six (6) members and a Mayor, all elected at large. Commissioners each have four-year terms of office and the Mayor has a two-year term of office. At the an nual organizational meeting, the City Commission meets and chooses one of its members as Mayor Pro Tem for one year until the following organizational meeting. The City Commission elected terms are arranged so that not more than four members shall be retired at any one time.

The Mayor presides at the meetings of the City Commission and has a voice and a vote in its proceedings, but no veto power. The Mayor authenticates by signature such instruments as the City Commission, City Charter or the laws of the State require.

The City Commission meetings are held in the Commission Chambers on the 2nd Floor of the Governmental Center, 400 Boardman Avenue, Traverse City. Regular Meetings are held the first and third Monday of each month. Possible Study Sessions are held on the second and fourth Monday of each month. Special meetings are scheduled as needed.

Within this portion of the budget is included the salaries paid to the City Commissioners, funds for the General Fund portion of the City Audit, and membership to the Michigan Municipal League.

SUMMARY OF SIGNIFICANT BUDGET CHANGES

Strategic Planning in the amount of \$160,000 was added to the budget.

HUMAN RESOURCE DEPARTMENT 101-173

Mission Statement: To recruit, retain, develop and assist City employees through excellent customer service, while striving to maintain the City's strategic vision.

The City Human Resource office provides personnel management, benefit administration and payroll services for City employees and benefit administration and payroll services to Light and Power employees. Payroll services are also provided for part-time, temporary and seasonal positions during the fiscal year. In addition, retiree benefit services are provided to retirees. Human Resources assists the City Manager in representing the City's interests in collective bargaining and on-going labor agreement interpretation and administration with its six bargaining units.

Responsibilities of the Human Resource Department include:

- Employment, recruiting and interviewing
 - · Selection / Recruitment processes
 - · Internal promotional processes
 - · Temporary workforce coordination
- Compensation
 - · Wage and salary administration
 - · Payroll administration
- Benefits Administration
 - Medical Insurance
 - · Dental Insurance
 - Vision Insurance
 - · Life Insurance
 - · Short Term Disability
 - · Long Term Disability
 - · Flexible Savings Account
 - · Health Care Savings Plan
 - Deferred Compensation Plans
 - MERS Retirement Plan
 - · Employee Assistance Program
 - · COBRA Administration
 - · Educational Reimbursement Plan
 - · Retirement Administration and Assistance
- Employee Relations
 - · Equal Employment Opportunity Coordinator
 - · Labor Relations
 - · Labor Agreement Administration and Compliance
- Personnel/Human Resource Records
 - · Personnel record keeping
 - HR Information Systems
 - · Legal compliance
- Health and Safety
 - · Workers Compensation Administration
 - Health and Fitness Program
 - · Drug Free Workforce Testing
 - Safety Committee

The Human Resource Department is staffed by:

Kristine Bosley, MSA, IPMA-CP - Human Resource Director

Allison Geisert - Human Resource Generalist

Jason Johnson - Human Resource Specialist

DEPARTMENT OF PUBLIC SERVICES (101-174)

Mission Statement: The Department's mission is to provide excellent services and opportunities for the residents of Traverse City that will promote a safe, healthy, clean and enjoyable environment while maintaining and improving the quality of life for this generation and those that follow.

The Director of Public Services oversees the activities of five divisions that provide a variety of services to the public. They include Parks & Recreation, Streets, Garage/Fleet, Marina and Asset Management.

The Director coordinates departmental activities with other City staff and synchronizes projects between divisions and departments. The Director works with employees and supervisors to develop policies, procedures and programs, oversees contracts, collective bargaining agreements, budgets, training, safety, and infrastructure maintenance.

The Director works with the Asset Management/GIS Analyst and the Asset Management Technician to inform management decisions/plans for all City assets.

SUMMARY OF SIGNIFICANT CHANGES

- No significant budget changes.

ASSET MANAGEMENT (101-174)

Mission Statement: Our mission is to create/provide/maintain asset inventories including condition assessments for all City assets, for use in a strategic approach to long term financial and economic management, implementation of sound policies and strategic plans, monitor/report/measure performance, provide access to information used to assist in operational activities, and create Asset Management Plans/Programs.

Under the supervision of the DPS Director; one Asset Management/GIS Analyst and one Asset Management Technician work with all City Departments and Divisions to provide an array of asset management plans/programs for City owned assets. This includes collection/maintenance of asset inventories and condition ratings, implementation, training and technical assistance for the City's work order management software (Lucity), and training

administration and support of the automated vehicle location (AVL) software among many other tasks.

SUMMARY OF SIGNIFICANT CHANGES

- No significant budget changes.

CITY IT DEPARTMENT (101-176/101-261)

Mission Statement: To administer and coordinate Information Technology (IT) services across city departments and ensure efficient use of various technologies.

The City's IT Department is responsible for organizing and administering the City's IT policies, serving as the City's representative to outside organizations, specifically Grand Traverse County's Information Technology Department. Other tasks including developing short and long term goals, detailed strategic planning and multi-year budgeting for the City. The IT Division is responsible for purchasing computer hardware and advises software purchases to ensure optimal operations throughout all City departments. In addition, the City's GIS Division falls within the IT Department. GIS Division mission, responsibility and function is found on the next page.

This Department specifically includes the functions of:

- Acts as liaison to the City's managed services providers in all areas of IT and communications, including, software, equipment, telecommunications networks and devices, and audio/visual equipment.
- Coordinates end user and higher-level support with the city's IT managed services providers.
- Provides employee on and off boarding to include IT equipment and devices, IT policy and procedure, email, telecommunication devices, and cyber security.
- At the direction of the City Manager, manages the procurement and replacement of IT devices and equipment and is responsible for equipment and software inventory to include the disposition of equipment, devices, and software.
- Leads strategic technological planning to achieve City's goals by prioritizing technology
 initiatives and coordinating the evaluation, deployment, and management of current and
 future technologies.
- Collaborates with all City departments to develop and maintain a technology plan that supports their needs.

The City IT Department is staffed by:

Jerry Swanson, GIS & IT Administrator

CITY GIS DIVISION (101-176/101-261)

Mission Statement: To collaborate, coordinate and maintain the use of city wide Geographic Information System (GIS) data to increase efficiency and assist in decision making,

The City's GIS Division is responsible for organizing and administering the City's GIS policies, serving as the City's representative to outside organizations, developing short and long term goals, detailed strategic planning and multi-year budgeting for the City and community wide use of GIS. The GIS Division also is responsible for tasks related to data creation and maintenance in the City's enterprise GIS database and applications to ensure optimal operations throughout all City departments.

This Division specifically includes the functions of:

- Develop and provide support materials for GIS Steering Committee meetings including agenda and minutes, project status and summaries, new data/applications for consideration, and other topics.
- Develop annual GIS Program plans and budgets as assigned by the City Manager.
- Develop and provide routine and special reports as requested by the City Manager and/or Assistant City Manager.
- Develop and manage GIS Program policies, procedures and standards.
- Project manager to develop a GIS Strategic Plan and Capital Improvement Plan for the City, individual departments, and component unit(s) encompassing medium to long range goals and resource planning for GIS Program sustainability.
- Schedule, collate materials, and facilitate GIS Team meetings.
- Work directly with department heads & agency liaisons to identify, analyze, and promote GIS data and applications.
- Act as liaison with Traverse City Light & Power, Grand Traverse County MIS for the development, installation and administration of any shared GIS server technology.
- Provide training to departments and a broad base of users from general use to high-level editing and analysis.
- Maintain and monitor the enterprise GIS database infrastructure.
- Primary management of the data content and quality of the enterprise GIS database.
- GIS database schema determination and enhancements.
- Primary data quality control officer for final data validation and optimization, including overseeing the establishment of routines, procedures, and tools.
- Maintain and monitor the GIS applications infrastructure.
- Develop client/server applications and mobile apps as needed
- Front line support for GIS application issues.
- Serve as technical lead on aerial photography layering project.
- Act as project manager and administrator for all GIS internal and external applications; including those for water distribution, sanitary sewer collection, storm water collection, property, parks and recreation, streets, etc.
- Lead person in researching and investigating new and updated technologies in the GIS field and develops plans for testing and implementing software/system upgrades, new systems and system enhancements.

The City GIS division is staffed by:

Jerry Swanson, GIS & IT Administrator

CITY ASSESSOR DEPARTMENT (101-209/101-257)

Mission Statement: To provide professional assessment services in compliance with state and local laws and in accordance with the standards established by the State Tax Commission.

The purpose of the Assessing Department is to appraise all real and personal property within the City of Traverse City as prescribed by State Law. General Property Tax Act [MCL211.1] requires an annual assessment of all real and personal property located within each township or city by a certified assessing officer. The City of Traverse City requires the highest level of certification obtainable, a Michigan Master Assessing Officer (MMAO/aka Level IV), as held by the City Assessor.

Assessing Department Team:

Polly (Watson) Cairns, City Assessor * MMAO & Certified General Real Estate Appraiser Erik Sandy, Deputy Assessor * MAAO Dan Tollefson, Appraiser I * MAAO - MCAO required VACANT, Senior Assessor * MCAO (Assessing Department has been down a person since June 2023)

City Assessing Department maintains fair and equitable assessment practices, performing these services efficiently and professionally. Efficiency and compliance are measured annually.

The Assessing Department establishes assessed and taxable values, at the legally mandated uniform percentage of market value, within 49-50%, for each class of property, including valuations for Special Act and Exempt properties, as determined each year as of December 31, known as tax day.

Assessing Department administers the City's Property Assessing System, including any necessary communication with State Tax Commission, Michigan Tax Tribunal, Grand Traverse and Leelanau County Equalization Department and the City's Board of Review. Planning and implementation for annual valuation of real and personal property and compilation of the City's assessment rolls; and at a minimum include the following:

- Meets\exceeds annual state certification educational requirements
- Processing of deeds/transfers of ownerships, property transfer affidavits, principal residence exemptions/rescinds, boundary line adjustments/splits/combinations, verification of tax/legal descriptions, and updating map descriptions.
- Maintain current records of real and personal property within the City.
- Prepare Tax roll for City Treasurer summer & winter season
- Monitor real estate transactions, trends, reports, and construction costs for annual property valuation.
- Preparing appraisals of new or remodeled commercial, industrial, and residential buildings; inspecting buildings; evaluating construction blueprints and specifications; preparing sketches and descriptions, ...
- Conducting annual canvassing/review of personal property via statements & auditing of accounting records.
- Meet with property owners to answer assessment/taxable value questions, and explain the appeal process
- Staff Board of Review meetings
- Assigning addresses for properties with the City of Traverse City, Grand Traverse County
- Defend property appeals Representing the City before State Tax Commission & Michigan Tax Tribunal.
- Prepare cost estimates spread for Special Improvement Districts
- Prepare compliance reports for Liquor Commission for Liquor License Registration, State Tax Commission, Department of Treasury, MEDC, Grand Traverse and Leelanau County Equalization.
- Review/Process PILOT (Payment in Lieu of Tax), Industrial Facilities Tax (IFT) requests, NEZ...
- Preparing annual budget reports for general operating revenue.
- Updating Department website and working to enhance the City's Tax Parcel Viewer application continually
- Advising and assisting the City on matters relating to property acquisition or disposal.

City Assessor, as Assessor of Record, is responsible for defending all Michigan Tax Tribunal appeals, in accordance with state statute, policies, and procedures, as established by State Tax Commission, to process and defend assessments on appeal and to settle such property tax appeal matters.

Staff is responsible for maintaining inventory of all property located within the City of Traverse City, managing approximately 12,000 parcels. Nearly 68% of the City's General Fund Revenue is a direct result of the work provided through the Assessing Department.

The Assessing Department is responsible for the preparation of regular and special assessment rolls, maintenance of real and personal property records, revisions of assessment rolls, maintenance of certification levels as required by law, and preparation of reports and administrative assistance dealing with property, taxation and any other matters as required by the City. Values are generated annually for each parcel, and these values are utilized as the base to generate revenue for Grand Traverse County, Leelanau County, City of Traverse City, TCAPS, TBAISD, Northwestern Michigan College, BATA, Recreation Authority, Library, County Road Commission, and any other authorized millages.

Mass appraisal is the process utilized to establish true cash values on groups of properties as of a given date using standardized procedures and statistical testing. Its purpose is the equitable and efficient appraisal of property for ad valorem purposes. This process involves data collection, market analysis, and quality control. The annual established assessed valuations are used in conjunction with millage rates to determine property taxes. The value assigned to a property may differ from the amount for which it was sold or purchased, depending on factors of the sale and market conditions in the area. Assessors recalculate the values of property each year, as of tax day, 12/31. True cash value reflects a property's usual selling price. While property is assessed at one-half (50%) of true cash value, State of Michigan law limits the amount by which taxable value can increase in a given year to the lesser of five percent (5%) or the rate of inflation, as determined annually by the State of Michigan. New construction or demolition will also affect the calculation of capped value. As a result, three values are assigned to every property: assessed value (also known as State Equalized Value, "SEV"), capped value, and taxable value, which is the value used to determine the amount of property tax levied annually.

The City Assessing Department assists in accomplishing the City Commission's Goals and Objectives, by continuing to educate and make available State Tax Commission updates, changes in Property Tax Laws, sales, and other pertinent information to our customers. In 2019, the City Commission approved a 6-year contract to obtain annual aerial imagery through Pictometry aka EagleView ConnectExplorer, which assists in enhancing City Departments and services overall to the public. The contract was updated in 2021 to include additional services and enhancements, sketch verification, and area tiles for the Hickory Hills area, at a reduced annual cost from the original contract, and again in 2023 for a winter flyover project. Additionally, with this service data is shared with Grand Traverse County 911/Emergency Services, in continuation of our cooperative relationship.

GOALS

- Review & inspect 20% of property annually; updating record card information; photos, sketch,
 & misc. attachments
- Implement and educate the public on current State laws/procedural changes

To continue to enhance public understanding of the assessment/taxation process and dissemination of property data, property tax forms, and values. To continually increase accessibility and ease of online information via the City's website and Tax Parcel Viewer.

SUMMARY OF BUDGET CHANGES

No significant changes were requested for the 2024/2025 budget; minor requests for re-alignment of line items under the control of the City Assessor, regarding services fees increases.

CITY ATTORNEY DEPARTMENT (101-210/101-266)

Mission Statement: The Office of the City Attorney is committed to providing the highest quality legal services to the City Commission, administrative staff, departments, boards and commissions of the City of Traverse City, on matters that affect the conduct of City business. The City Attorney also strives to provide the City with timely topical legal advice concerning staff recommendations, commission policies, administrative procedures, and developing issues.

The City Attorney acts as the legal advisor to, and attorney and counsel for, the City and all its officers in matters relating to their official duties. The City Attorney's role as the chief legal advisor is to interpret and apply relevant laws with the primary goal of protecting the interests of the City.

The City Attorney provides the City with professional legal advice and services so City activities, staff recommendations, commission policies and administrative procedures are undertaken after consideration of all appropriate laws. The City Attorney also provides representation of the City in all legal proceedings and acts as a liaison to outside counsel who may represent the City from time to time.

This Department specifically:

- Provides timely and topical legal advice to City staff and all its officials.
- Reviews, revises, and prepares legal documents.
- Defends the City in litigation.
- Represents the City before judicial or administrative boards and agencies.
- Prosecutes violations of the City Code.
- Provides legal counsel at City Commission meetings.

The City Attorney Department consists of the City Attorney, Lauren Trible-Laucht, and Legal Assistant Cindy Laurell.

CITY CLERK DEPARTMENT (101-215)

Mission Statement: To serve community residents and business owners, the City Commission, the City Manager and City departments rendering equal service to all, providing top-level enthusiastic, accurate and courteous service.

The City Clerk's Office serves as the legislative and corporate office of the City, with many operational responsibilities, serving in accordance with and upholding the Michigan Constitution, City Charter, ordinances, policies, federal and state laws and Administrative Orders of the City Manager.

Here's a snapshot of our primary responsibilities:

- Federal, State and local elections administrator planning, organizing and executing all aspects of elections
- Clerk to the City Commission legislative process administration; in collaboration with the City Manager's Office, preparing briefing packets for all official sessions of the City Commission; tracking, expediting and completing documentation for all City Commission business items, including various contractual terms
- Corporate Officer reviewing and providing final authorization for all financial disbursements, including Traverse City Light and Power which totals approximately \$150 million annually; executing official legal documents, including contracts, leases and various permissions and tracking contractual terms and various business touch points/transactions
- Liability insurance and risk administrator managing the City's liability and specialty insurance programs (protecting over \$155M in City assets); analyzing and recommending insurance policy requirements (approximately \$1 billion annually in various endeavors); handling all insurance claims against the City and administering all cross-claims against other parties, pursuing subrogation, etc.; and all aspects of enterprise-wide risk management, protecting the City's financial poise
- General City-Wide Customer Service: with approximately 30,000 interactions each year, functioning as a primary service point for residents, visitors, business owners, nonprofit agencies, internal customers, and anyone who needs assistance on a wide range of issues, many of which are not direct City services. With a smile, we assist tens of thousands of inquiries by email, phone, web, in-person, etc.
- License and permit authority managing all phases of the City's 30 key licenses and permits, including approximately 50 special events per year
- Providing professional communications services to the entire city organization and community in order to drive engagement, transparency and awareness, including managing the City's digital and social media platforms
- Record manager for the City's vital records, reviewing items for completeness and cataloging them in the City's authenticated document management system
- Freedom of Information Act Coordinator ensuring compliance with public records disclosure requirements

- HIPAA (Health Insurance Portability and Accountability Act) Privacy Official managing the security of, and proper access to all HIPAA-protected records under the City's care and performing compliance functions as mandated by HIPAA
- Title VI Non-Discrimination Compliance Officer, ensuring compliance with nondiscrimination requirements under Federal Title VI
- Open Meetings Act compliance officer
- Coordinating the recruitment and appointment process for all Mayoral and City Commission appointments; and staffing other special City Commission Ad Hoc Committees as requested

Our department team members:

Benjamin Marentette, MMC, City Clerk Sarah Lutz, MiPMC, Deputy City Clerk Colleen Paveglio, Communications Manager Rebecca Adler, Operations Coordinator Laurie Peet, Administrative Specialist Vacant, Licensing and Election Specialist

CITY TREASURER DEPARTMENT (101-253)

Mission Statement: To provide competent and comprehensive financial services to the City and its residents.

The City Treasurer's Office is responsible for the collection and disbursement of all monies for the City and maintaining appropriate accounting and financial records to document these transactions.

This office handles:

- Billing and collection of payments for utility customers monthly.
- Billing and collection of tax parcel payments in both the summer and winter.
- Invoicing for miscellaneous services performed by City departments.
- Collection of assessments on parcels, which have special improvement districts.
- Payroll is processed and disbursed from the department on a bi-weekly basis.
- Payment of all City expenses.

In addition to the accounting functions, this Department is responsible for:

- Preparation of the City's budget, assisting various departments on key aspects of budget preparation and guidance on treatment of certain budget matters.
- Preparation of the City's annual financial statements.
- The City's financial reporting for both internal and external purposes. Includes, but is not limited to federal and state agencies, and nationally recognized municipal securities information repositories.
- Investment of excess funds.
- Assisting with monitoring the internal control of the City as a whole.
- Administering an independent and state authorized retirement system for its police and firefighters with active members and retired members or beneficiaries.
- Reporting to bond rating agencies.

The Treasurer Department/Utility Accounting Department has the following positions:

City Treasurer/Finance Director, Deputy City Treasurer/Assistant Finance Director Financial Analyst/Compliance Officer, Accounting Assistant, Utility Manger, Utility Billing Clerk, Accounts Payable Clerk,

Senior Customer Service Representative/Collections Clerk, Customer Service Representative (2)

GOALS

- 1. Convert General Ledger to the State of Michigan Chart of Accounts.
- 2. Implement Account verification to increase the security of ACH payment processing to limit the risk of fraud.
- 3. Explore Procurement Card capabilities & needs

ACCOMPLISHMENTS

Software Implementation – Now that we have implemented the new utility billing module and have integration of multiple BS&A modules, look for ways to improve processes and create efficiencies. Review the initial payment portal set up for City customers, and look for ways to improve customer experience and reconciliation controls.

POLICE DEPARTMENT (101-300/101-301)

Mission Statement: Excellence in public service and safety through community policing.

As a part of the entire City services, the Police Department continues to put forth the organizational strategy of being community-based with unlimited partnerships in a unified effort to solve problems. The primary function of serving and protecting the citizens of this City has evolved to a service level where we are part of a team that serves our citizens and works to raise the quality of life in our City.

Currently, the Police Department consists of the Police Chief, Administrative Assistant, Administrative Clerk, (2) Captains, Lieutenant, (4) Road Patrol Sergeants, (4) Detectives, School Liaison Officer, Downtown Community Police Officer, North Boardman Community Police Officer, Traffic Officer, Crime Prevention Officer, Narcotics Officer, (12) Patrol Officers, a Police Social Worker and nine Reserve officers.

GOALS

- 1. Reduce the occurrence of crime.
- 2. Identify, arrest, and assist in the prosecution of people who commit crimes.
- 3. Facilitate diversion programs as determined by the Social Services Division of the Department.
- 4. Recover lost or stolen property, identify its owner, and ensure prompt return.
- 5. Facilitate the safe and orderly movement of people and vehicles throughout the City.
- 6. Assist and provide appropriate services for those that cannot care for themselves.
- 7. Ensure the taxpayers of the City receive the greatest benefit for their dollars.
- 8. Create and maintain a feeling of confidence and support for the Department from those organizations with which we come in contact, particularly those organizations that are part of the total criminal justice system.
- 9. Establish and maintain mutual trust through community partnerships.
- 10. Make appropriate decisions and to perform their duties in a professional, productive and efficient manner.
- 11. Mobilize the City resources needed to address citizen concerns and problems.
- 12. Encourage community involvement in identifying and resolving problems.
- 13. Maintain Michigan Law Enforcement Accreditation through the Michigan Law Enforcement Accreditation Commission (MLEAC) and the Michigan Association of Chiefs of Police.
- 14. Provide continuous training and education to provide our officers with the knowledge and tools necessary.

FIRE DEPARTMENT (101-335/101-336)

Mission Statement: The Traverse City Fire Department is an all-hazards emergency response agency that will provide protection and safety for the public.

The Traverse City Fire Department (TCFD) is a 24/7 all-risk response agency providing emergency and non-emergency services to the Traverse City Community and its visitors. Our mission is to rescue victims, aid the sick and injured, and preserve property. Our dedicated personnel are the reason for our success - their commitment to the community and the fire service is our most valuable resource. The capabilities of the highly skilled fire fighters are a direct result of a comprehensive, performance-based training program requiring hundreds of hours of annual training and also the support from the Community through the General Fund.

Services the Traverse City Fire Department provides:

- **Fire Suppression** TCFD personnel are trained in all aspects of fire suppression including: industrial, commercial, residential, wildland, aircraft, chemical, vehicle, and boat.
- Advanced Life Support 20 of our 25 personnel are Paramedics licensed through the State of Michigan, providing to our Community the highest level of pre-hospital care available in the nation. The other 5 are EMT's who have committed to obtaining their Paramedic license with 36 months of their hire date. Rescue 01, located at 500 West Front Street transported 104 patients to Munson Medical Center during the 2023 calendar year.
- **Fire Prevention/Inspection:** Fire code compliance and safety inspections performed in the City of Traverse City are under the Fire Prevention/Inspection Section. Plans for all new construction/re-modeling within the City are reviewed for fire/life safety concerns. This year we were able to move one of our firefighters from suppression crew to a full time Fire Inspector.
- Public Education Public Education includes fire safety awareness classes for various organizations and businesses, tours of our fire stations, an annual "Fire Safety Open House," a Juvenile Fire Setter Counseling Program, fire extinguisher training and certified child car seat installation. With the addition of a Fire Inspector, we have been able to reach several classrooms during school hours to create "Firefighter Familiarization", especially during Fire Prevention Week in October.
- Hazardous Materials and Weapons of Mass Destruction (WMD) Teams Every firefighter is HazMat and WMD trained. Due to financial support received through a subscription fee process, the HazMat team responds to HazMat incidents in a 4-county area. The WMD team covers Michigan's Region 07, which includes 17 counties, for terrorism incidents.
- **Technical Rescue** Personnel are cross-trained in varying aspects of technical rescue. This includes: Confined Space Rescue, High Angle Rope Rescue, Water and Ice Rescue, Trench Rescue, and Vehicle Extrication.

• Community Engagement - Free blood pressure checks at the fire stations and Senior Center, a Christmas Toy Program, the "Fill the Boot" program for MDA, antique fire truck rides at Friday Night Live and "Special Kids Day" at the Cherry Festival, Career Days at area junior and senior high schools as well as hosted at the Fire Station.

The Fire Department consists of the Fire Chief, An Administrative Assistant to the Fire Chief, 4 Captains (1 who serves as Fire Marshal), 4 Lieutenants (1 who serves as Training Officer), 1 Fire Inspector and 15 Firefighters.

GOALS

- 1. To meet National Fire Protection Association (NFPA) Standard 1710, response for EMS to be less than eight minutes ninety percent of the time.
- 2. To phase in Primary Advanced Life Support Transport, as voted in by the electors during the November 2023 election, over the 12-24 months since that election. This will include the purchase of 2 new ambulances, the hiring of 9 firefighter/paramedics and one EMS Captain, and various related medical equipment.
- 3. To replace our current Marine 01 water rescue vessel, a 1984 Avon rigid hull inflatable.

SUMMARY OF BUDGET CHANGES

Salaries and Wages/Fringe Benefits – In the 2023 calendar year, 3 personnel were hired on to the Traverse City Fire Department; 1 FF/Paramedic and 2 FF/EMT-Basics, 1 of which is currently in a local Paramedic school. Since January 1, 2024, one employee, hired on January 22, 2024 resigned on February 4, 2024. Another employee, with 4 years on the department, intends to resign in July 2024 to move their family out of state. It is the department's intention to fill the two vacancies as soon as possible within the current 2023-2024 budget year.

ENGINEERING DEPARTMENT (101-449/101-447)

Mission Statement: To develop, implement, design, monitor and coordinate all public improvements constructed by or for the City.

The work performed by the Engineering Department includes:

- Administration and inspection of right-of-way permits, stormwater runoff control permits, and soil erosion permits
 - Utility reviews in conjunction with land use permits, right-of-way permits, stormwater runoff control permits, and soil erosion permits
- Motorized and non-motorized traffic counts and studies
 - Stop warrants
 - Speed Studies
 - Effectiveness and usage of pedestrian safety
- Engineering design and/or oversite of City infrastructure projects such as:
 - Street and Parking Lot Reconstruction and Resurfacing
 - o Storm Water Quality, Sewer, and Water Systems
 - o Bridge and Culvert Inspection, Construction, and Rehabilitation
 - o City Building Construction, Rehabilitation, and Renovation
 - o Sidewalk Improvements, Repair, and Infill
 - o Bike Paths and Trails
 - City Park and Bayfront Improvements
- Construction engineering and project monitoring
- Contract administration
- Development of City engineering reports and guidelines for engineering best practices
- Collaboration with numerous entities within the City limits
- Has representatives for numerous multi-jurisdictional committees
- Assists in several other aspects of the City, including:
 - Ordinance Compliance and Development
 - Economic Development Projects
 - o Budgeted Capital Improvements
 - Grant Applications

The Department is staffed by:

- City Engineer
- ➤ Deputy City Engineer
- Civil Engineer II
- Civil Engineer I

- ➤ Engineering Public Services
- ➤ Assistant Engineering Aide/CAD
- > Engineering Aide/GIS
- > Engineering Administrative Assistant

PLANNING & ZONING DEPARTMENT (101-800/101-701)

Mission Statement:

The Planning Department's primary purpose is to guide the City's land use and planning in order to enhance the quality of life in the community and ensure it remains a place where both citizens and businesses love to call home.

Overview:

The Planning & Zoning Department is responsible preparing the City's Master Plan, which influences the regulations and standards in the zoning ordinance and any future changes to it, they are the responsible for zoning districts and appropriate enforced regulations, code enforcement, and approval of site plans. In addition, the Planning Department administers the Capital Improvement Plan (CIP) program by working with all City Departments on project submissions and coordinating reports.

(Source: TC Tourism)

Responsibilities:

The annual department budget provides the financial support to advance the programs and operations of the department, such as:

- Helping to develop, write and administer the City of Traverse City Master Plan, a document that guides City zoning, land use, urban design and physical improvements, such as buildings, streets and parks, along with any applicable sub-area and/or sub-topic plans;
- Providing administrative staff for the Planning Commission, Grand Traverse Commons Joint
 Planning Commission, Board of Zoning Appeals, City Commission, Historic Districts Commission,
 all Planning Commission-initiated committees, and as needed elsewhere within the City's
 government structure.
- Coordinating and managing the Six-Year Capital Improvement Plan for the City;
- Playing a key role in advancement of community and economic development plans and participation on the Community Development Team;
- Administering the Design Team which bring together the City's development-related staff on a
 weekly basis to design and review public capital projects, qualifying private developments, and
 commission-initiated projects;
- Providing community engagement on conceptual designs for street reconstruction efforts;
- Providing research and reports on emerging issues to internal departments and to the community;

- Administering and enforcing the Zoning, Sign, and Historic Districts Ordinances and other land use regulations;
- Reviewing building site plans and preparing reports and recommendations to the Planning
 Commission for Zoning Map amendments, Zoning Ordinance text amendments, site plan reviews,
 special land use permits and planned unit developments;
- Providing public support on zoning and land use questions, and interpreting land use principles, and planning and zoning regulations;
- Monitoring short term rental usage;
- Working with property owners and developers, other agencies and other City departments to ensure
 that development plans are consistent with the Master Plan and Zoning Ordinance regarding size and
 placement of buildings, signs, parking areas and landscaping requirements;
- Inspecting multi-family rental dwellings, rooming houses, proper anchoring of boats on the near shore of Grand Traverse Bay, property maintenance code violations, and general nuisance complaints;
- Managing of Redevelopment Ready Communities program through MEDC;
- Administering, at least for the time being, the City's Community Development Block Grant (CDBG) entitlement grantee program;
- Serving as a central point of organization for the City's sustainability efforts;
- Managing and assisting in the grant applications and administration;
- Developing community education and engagement programs for planning efforts, zoning regulations, and conceptual street design; and
- Providing representatives at speaking engagements to community organizations.

PARKS & RECREATION DIVISION (101-691/101-751)

The Traverse City Parks and Recreation Division takes pride in maintaining the City's parkland, beaches, open spaces, urban forest and City owned property and buildings. Parks and Recreation staff also manages Oakwood Cemetery operations, Hickory Hills Ski Area, recreational programs for the community, park usage and capital improvements.

The Parks and Recreation Division is staffed by: 1 Parks & Recreation Superintendent, 1 Parks Supervisor/Arborist, 1 Hickory Hills Manager; 9 maintenance employees, 1 Administrative Assistant shared among the 4 Department of Public Services Divisions, 1 Cemetery Office Clerk and 1 part-time office clerk. The seasonal staff includes 10 Parks Maintenance workers, 4 Cemetery Maintenance workers, 29 Hickory Hills workers and 1 Recreation Program staff.

Parks staff is responsible for snow removal at the Water Treatment Plant, Carnegie Building, Fire Station # 1 and # 2, the Senior Center, and 26 parking lots in addition to 8 bridges and 4 bridge sidewalks. Parks Division Certified Arborist is responsible for maintaining the urban forest canopy for all city owned trees, updating the tree inventory and assessing tree health. Staff is responsible for performing year-round tree pruning, maintenance and

removals. Employees facilitate annual tree and flower planting, mowing, trash removal, playground repair, beach grooming, irrigation repair and general property maintenance.

Staff is responsible for administering an average of 160 Low Impact Park Usage Permits for 15 parks most of which occur in the summer months.

SUMMARY OF SIGNIFICANT CHANGES

- Parks and Recreation Operation and Master Plan Update
- Bathroom upgrades to all park bathrooms
- Senior Center Construction
- Park Signage Redesign, Fabrication and Installation
- Ashton Park New Playground
- Hannah Park Stairs and Overlook
- Bayfront Bathrooms Construction
- West End Parking Lot
- New roofs for Slabtown Corner and Carnegie building
- Jupiter Gardens improvements
- Irrigation for the Grandview Parkway in coordination with MDOT
- FishPass Construction

OAKWOOD CEMETERY (101-276/101-567)

The Traverse City Parks and Recreation Division administers all operations at Oakwood Cemetery on an annual basis. Oakwood Cemetery is 91 acres and currently has approximately 20,000-30,000 graves. The Sexton provides administrative oversight and burial services along with conducting sales of burial rights for in-ground plots, cremation niches and mausoleum crypts.

Oakwood Cemetery is staffed by: 1 Parks & Recreation Superintendent, 1 Parks Supervisor/Arborist, 1 Sexton, 1 Office Clerk, a full-time laborer split with Parks, and 4 seasonal maintenance employees and 1 part-time office clerk.

The City's Oakwood staff also

performs the administration, burial services and grounds maintenance for the Oakwood Catholic Diocesan Cemetery. Both cemeteries are administered by the City in the Diocesan-owned office building within the cemetery. In addition, the Cemetery staff assists with genealogy inquiries, installation of monument foundations, and performs grounds maintenance. A maintenance building within the cemetery houses all cemetery vehicles, equipment and supplies securely on site. Also periodically Parks & Recreation maintenance employees complete work onsite such as tree trimming and other specialty work as required. Every Memorial Day holiday, Oakwood Cemetery staff partner with American Legion to place flags on military headstones.

SUMMARY OF SIGNIFICANT CHANGES

- Begin project with consultant to map graves, develop GIS database
- Data entry into BS&A

STREETS ADMINISTRATION (101-441)

Mission Statement: Our mission is to maintain all of the City's streets, alleys, sidewalks, and trails to ensure safe travel for residents and visitors.

The Streets Division is staffed by: 1 Superintendent, 1 Supervisor lead, 14 equipment operators, 3 part-time and 1 full time (borrowed from the Sewer/Water Division) sidewalk snow removal equipment operators. During winter there is someone working 24 hours per day on weekdays, and from 4:00-8:00 a.m. on weekends and Holidays. Additional staff is called in on weekends to plow snow and sand unsafe roads, depending on the weather.

The Streets Division is responsible for an array of maintenance programs. This includes but is not limited to:

- Snow removal.
- Repairing and cleaning of 28.78 miles of Major Streets, 49.54 miles of local streets, 7.2 miles of State Highways, 22.5 miles of alleys, 95.3 miles of sidewalk and 10.18 miles of multi-use trails. (mileage totals as of 2/20/2024)
- Maintenance and cleaning/repairing of 2,039 catch basins and 1,179 storm manholes including all system related pipes.
- Maintenance and cleaning of 101 storm treatment systems.
- Spring and Fall leaf collection and composting program.
- Mowing large amounts of non-parkland property along our City's right-of-ways.
- Maintenance and repair/installation of 5,238 signs on City property and parking lots.

This fund was approved by City ordinance pursuant to Public Act 30 of 1978. The only revenues are transfer from the General Fund and interest on investments of the fund. Such transfers can only be made when a surplus exists in the General Fund from an excess of revenues over expenditures. The money in the Budget Stabilization Fund cannot exceed the smaller of 15% of the City's General Fund budget for the most recent year or an average of the five most recent years. Monies in this fund may be used to cover a General Fund deficit, prevent a reduction in the level of public services or to cover the expenses of a natural disaster. However, these monies are not to be used as part of a general capital improvement program.

The objective of the Carnegie Building was to collect, preserve and present the cultural history of the Grand Traverse region. For 2023-24, rental agreements with The Crooked Arts Council and the Grand Traverse Rock and Mineral Club will be combined with contributions from the General Fund to cover operational costs of the building and provide for future significant building repairs.

This fund was created to account for the Senior Center management contract between Grand Traverse County and City of Traverse City. The contribution reflects money provided by Grand Traverse County to subsidize repairs and maintenance of the building. Prior to year end 6/30/2021 the Senior Center Director was a City employee whose wages and fringes were reported in this fund. Currently salary and wages are based on time spent on Senior Center maintenance by parks and streets division employees.

This fund was originally created in 1949 to account for the sale of lots in industrial parks developed by the City and funded by federal grants. Currently, the City does not have any industrial parks under development or lots for sale. In recent years this fund has been renamed the Economic Development Fund. Primarily, this fund has been used to provide inter-fund loans to other funds, such as the Marina fund and the Opera House fund, in situations where municipal bonding does not make financial sense. Presently this fund has an inter-fund loan outstanding of \$561,970 to the Marina fund and \$480,000 to Traverse City Light and Power - Fiber Fund.

This fund was created to account for financing of various public improvements to benefit specific property owners. The City Commission approves all special assessment projects and specifies the cost to be paid by special assessments to the benefited property owners and the cost to be paid by the City at large. Additional prorata assessments can be made by the City Commission for costs in excess of estimates. Assessment estimates in excess of costs by more than 5% must be refunded pro-rata. The period of payment varies between five to ten years and actual interest rates for an assessment is based 2% above the relevant Treasury bill rate but not to exceed 6%. This fund was established during 1988 when the City implemented the provisions of the Governmental Accounting Standards Board Statement Number 6, which eliminates the special assessment fund type.

Unpaid assessments as of April 1, for the prior year, are added to the City tax roll and become a lien on the prop

Ending Fund Balance	\$ 11,465,630	\$	10,715,630	\$	11,465,630	\$ 10,715,630

This fund was created with a charter amendment to Section 129, adopted November 7, 1978. In 2014 a voter approved ballot proposal amended the distribution guidelines to provide that money derived from oil, gas or mineral exploration at the Brown Bridge property be deposited in the Brown Bridge Park Improvement Fund. As initially established, the interest income from the remaining balance in Brown Bridge Trust Fund is used to supplement City taxes as a credit against the General Fund levy.

City of Traverse City Enterprise Funds

PARKING SYSTEM FUND (585/514)

Mission Statement: Traverse City Parking Services promotes commerce and quality of life for Downtown, NMC Campus, Munson Hospital and residential neighborhoods by providing, maintaining, and developing parking, for present and for future bicyclist and motorists, through efficient and effective management.

The Traverse City Parking System (TCPS) operates the Auto Parking enterprise fund. The 2024-25 budget includes revenues and expenses for operation of the entire parking system, including two parking garages. The Parking Fund is vulnerable being an enterprise fund where performance is based solely on use of the system. The last two budget cycles had a slight increase in revenues over the prior two COVID budgets where the fund deferred maintenance to not rely on surplus funds. All areas of parking revenue (meters, permits, hourly admissions, and enforcement) remain affected by the pandemic, and systemwide usage has not returned to prepandemic levels. This is the first budget cycle since the pandemic that we are operating with the new normal of projected revenues. Maintenance projects that have been scaled back will proceed and rely on the use of surplus funds.

In 2022-2023, the DDA continued its initiative to move forward with the West End Parking Structure as identified in the TIF plan. The use of parking funds to purchase five properties in the included an inter-departmental loan using TIF funds to complete the purchase. The loan was paid in full in the 2023-2024 budget cycle.

Continuing to make systemwide changes using the Managed Parking Systems (MPS) Approach based on the Revised Transportation Demand Management Report will increase efficient utilization of existing parking spaces to maintain net zero parking. Planned changes will emphasize park once initiatives, and the use of public transit and non-motorized ways to get to and from downtown. The MPS approach will continue to evaluate utilization for short-term parking and continue the seasonal meter rates to shift demand into underutilized areas to create better use of the overall system.

Hardy and Old Town Garage funds will include expenses will include deferred maintenance to pedestrian stair towers as part of the five-year restoration repairs. The cosmetic fixes to repaint all pedestrian stair towers, handrails and reseal all floors will provide a renewed appearance.

Permit rates have been scheduled to increase nominally over the next three years beginning January 2025. These increases are estimated to generate an additional \$20,000 in permit revenue combined for surface, Hardy and Old Town.

The DDA managed Traverse City Parking Services consists of the following positions: Transportation Mobility Director (1 FT)
Parking Operations Supervisor (1 FT)
Parking Support Specialist (3 FT)

Parking Specialist (5 FT, 1 PT and 1 FT Seasonal) Field Services Supervisor (1 FT) Parking Ambassadors (2 FT, 1 FT Seasonal) Facilities Supervisor (1 FT) Maintenance Technicians (2 FT, 1 FT Seasonal)

GOALS

- 1. Provide a successful, attractive parking environment that supports economic growth and tourism downtown
 - a. Support the return of employees to downtown to increase the growth in total permits sold/spaces utilized
 - b. Support businesses to increase open hours to increase the growth in meter revenue
 - c. Foster private investment in the Downtown Development Authority district, which is indicative of confidence in our parking system
 - d. Continually invest in parking infrastructure to maintain a high-quality experience
- 2. Promote a higher quality of life through reduced reliance on surface parking and increase parking alternatives
 - a. Reduce the amount of surface spaces in the Downtown Development Authority district by repurposing surface parking lots for redevelopment
 - b. Increase bicycle parking in the Downtown Development Authority district
 - c. Increase participation and ridership of the Destination Downtown program
 - d. Increase commuter amenities and multi-modal initiatives.
 - e. Make efficient use of resources by partnering with other agencies

SUMMARY OF BUDGET CHANGES

REVENUES

Parking Garage Hourly Proceeds – Revenues are expected to remain consistent as the past two budget cycles with minimal increase.

Parking Fees-Coin – Revenues are expected to increase as we anticipate increased tourism in the area.

Permits – **Surface Lots** – Revenues are expected to decrease due to the waitlist and no new surface permits being offered. Existing surface permits may be renewed, but no new requests will be issued.

Permits – **Parking Garages** – Revenue is expected to remain the same until employees return to downtown offices and increase the employee use of the parking structures. A minimal increase over the next three years beginning in January 2025 is expected to maintain current revenues.

Parking Fines – Revenues are expected to remain the same.

EXPENSES

Salaries, Wages and Fringe Benefits – Salaries, wages and fringe benefits will increase to reflect the Parking Services employees that are now reflected directly in the Auto Parking Fund in all areas of operations including Administration, Office Operations, Field Operations, and Maintenance Operations. This increase is reflected with the termination of the Parking Management contract with the DDA.

Professional Services – This line item has decreased with the termination of the Parking Management agreement with the DDA.

Information Technology – The increased expenses include the renewal of the Parking Management software, additional smart meters and the Parking Access and Revenue Control Systems software contracts.

Public Utilities – This expense is expected to remain the same as the previous year.

Repair and Maintenance – The increase includes major repairs to both the Hardy and Old Town Parking Structures as part of the five-year condition assessment and restoration repairs.

Rentals – Rentals overall increased to reflect required rental rates for the Garage Fund to finance future equipment purchases of the Parking System.

Equipment – Expenditures includes the five-year capital improvement project for Phase 3 of the smart meter purchase, and additional cameras to supplement the traffic circulation changes at Hardy.

NONOPERATING REVENUES (EXPENSES)

Transfer Out – City Fee – The City fee of 5% of the General (585) parking revenues. This is the second year the fee is 5% down from 10%. The reasons for the decrease and restricting to parking general include: 1) 5% is in alignment with other enterprise fund fees, and 2) the aging parking structures will rely more on the revenue to cover maintenance in the coming years.

DEPARTMENT OF MUNICIPAL UTILITES (590 & 591)

Mission Statement: Preserve and enhance the safety, health and quality of life for the people of Traverse City through the effective management and maintenance of its drinking water and wastewater infrastructure.

The Director of Municipal Utilities oversees the activities of three divisions including the Water Treatment Plant, Water and Sewer Maintenance and Wastewater Treatment Plant. The Director is responsible for planning, directing and supervising all aspects of the City's Public Utilities, including wastewater collections and transmission systems, storm water collection and treatment systems, and water treatment, distribution and water storage systems, as well as providing oversight for the wastewater treatment plant operations agreement, currently with Jacobs. Other responsibilities include establishing project priorities, estimating project costs, exploring grant and project funding sources and assisting with construction project administration.

The Director coordinates departmental activities with other City staff and synchronizes projects between departments/divisions and works with employees and supervisors to develop and

implement policies, procedures and programs as well as oversees contracts, collective bargaining agreements, budgets, training, safety and infrastructure replacement, expansion and maintenance.

The Director also works with the Asset Management/GIS Analyst and the Asset Management Technician on asset management plans for City assets including water & sewer utilities, water system reliability, modeling and other long term infrastructure related assets.

GOALS

- 1. Continue to evaluate and incorporate into our Asset Management Program the remaining sewer collection system (approximately 50%) that was not included in the SAW Grant (completed May 2017).
- 2. Successfully secure adequate funding source(s) to complete scheduled Capital Improvement Projects for our critical water and wastewater infrastructure.
- 3. Continue to foster close relationships with our neighboring partnering Townships and the Grand Traverse County Board of Public Works by effectively administering the Bulk Water and Master Sewer Agreements.
- 4. Work toward implementing a fair and equitable funding source to effectively manage our storm water collection and treatment systems.

WASTEWATER FUND (590)

Mission Statement: To reliably treat the community's wastewater to a level of quality such that it will have no impact on receiving waters and to do so efficiently, minimizing consumption of energy and resources, carbon footprint, and inconvenience to neighbors.

Traverse City and the surrounding townships are leading the way with environmental leadership and in executing their responsibility to reflect the local environmental ethic in its policies.

The Wastewater Treatment Plant treats sewage from the City of Traverse City and the townships of East Bay, Elmwood, Acme, Garfield, Peninsula, and Blair. All are parties to the Master Sewer Agreement, original adopted in 1987, revised in 2001, and amended and restated in 2017. The City has a unique and central role under that agreement; the plant is located in the City, the City is responsible for its operation, and holds the NPDES permit to

discharge to the Boardman River. The City is also the entity to which the role of "Control Authority" is delegated by the other parties, that is, the City administers the system-wide Industrial Pretreatment Program (IPP) and enforces township as well as City sewer use ordinances. The above is accomplished through a management contract with Jacobs.

The Traverse City Regional Wastewater Plant was upon start up, the largest operating plant on the continent using membrane bioreactor technology. It has the capacity to meet area growth needs into the foreseeable future and produces an effluent of extraordinary clarity so that it will have no impact on the receiving waters.

GOALS – WWTP and Pump Stations

- 1. Complete or assist in completing the approved Capital Improvement Projects identified for the current fiscal year. Such projects as digester cleanings, boiler and chemical feed room upgrades will all aid in reducing operating cost.
- 2. Perform an analysis of the biological treatment process(s) to determine inhibiting factors related to biological phosphorus removal. To date we have completed a comprehensive treatment plant process sampling campaign for calibration our plant computer model. Next step is to enter this data and calibrate the model and run various analysis to determine process deficiencies. The goal here is to reduce ferric chloride usage by sustaining biological phosphorus removal for longer periods of time.
- 3. Complete a digester gas reuse study per Jacobs contract with the City.
- 4. Rooftop solar panel installation, estimated to reduce the plants annual power consumption by 10 %. Anticipated completion of solar portion by end of 2024.

- 5. Bid chemical supply services to obtain lowest cost supplier.
- 6. Complete the upgrade of one aeration blower per Jacob's contract with the City resulting in reduced energy consumption. Anticipated completion in 2024.
- 7. Upgrading 488 lighting fixtures to LED per Jacobs contract with the City. Through 2023 we have upgraded or replaced nearly 50% of the 488 fixtures.

PERFORMANCE MEASUREMENTS – WWTP AND PUMP STATIONS

	Per	formance Meas	urements-WWTF	and Pump Stat	ions	
	Performance Indicator	2019	2020	2021	2022	2023
	Billions of gallons					
Ħ	treated	2.05	2.16	1.77	1.66	1.66
Output	Millions of pounds of					
ō	BOD treated	3.05	2.53	3.06	3.28	3.10
	Recordable safety					
	incidents	0	0	0	0	0
	Percentage of effluent					
	in compliance with					
	NPDES permit	100%	100%	100%	100%	100
	Kilowatt hours					
	used/pound of BOD					
en	treated	1.93	2.12	1.61	1.53	1.65
Efficiency	Kilowatt hours					
□ □	used/gallon of sewage					
	treated	0.0028	0.0025	0.0028	0.0029	0.0031
	Total recordable rates	0.00%	5.80%	0.00%	0.00%	0
	Days away or on					
	restricted duty	0	8	0	0	0

As shown above, the influent flow at the facility (Billions of gallons treated) remained consistent with flow volumes received in 2022. The pounds of BOD treated decreased slightly but aligned with historical trends. Electrical usage in kilowatt hours per pound of BOD and per gallon of sewage increased from 2022, which was a result of increased membrane fouling experienced in spring of 2023. The characteristics of this event align with those seen in previous years, beginning in 2011 and reappearing unpredictably through the years, with the last noticeable event in early 2020. As in the past we were able to maintain permeability rates that not only met but exceeded daily flow averages. We accomplish this through the use of various operational tools such as membrane backpulsing, increasing air scouring (10 sec on / 10 sec off) vs (10 sec on / 30 sec off), and membrane maintenance cleanings. Note: Increasing the scour air cycle to 10/10 does aid in improving permeability, but it also significantly increases electrical consumption due to the increase in the number of scour air blowers required to meet demand. Though the system was designed for 10/10 scour aeration initially, Jacobs team has accrued tremendous electrical savings from switching to 10/30 scour aeration (upwards of 30% reduction in electrical consumption) since implementation around 2007. Therefore, we limit the use of 10/10 aeration, using this function only as necessary. The facility remained in 100% compliance with NPDES permit requirements for the entirety of 2023. We have worked over 1,400 days with a recordable or lost time incident. ..

WASTEWATER FUND (590) – MAINTENANCE AND REPAIRS

Mission Statement: To maintain the sanitary sewer collection system, while holding paramount the health, safety and welfare of the public.

Responsibilities include:

- Cleaning, televising and repairing 90 miles of gravity sewer; maintaining 4.8 miles of force main sanitary sewer.
- Cleaning and maintaining 1,902 sewer manholes.
- Administering the Cross-Connection Inspection Program.
- Locating all water, sanitary and storm lines for MISS DIG.
- Assisting all DPS Divisions with confined space entries.

GOALS – MAINTENANCE AND REPAIRS

- 1. Continue to televise and evaluate sewers for condition assessment.
- 2. Continue with installing the AMI metering system to improve sewer billing accuracy.
- 3. Increase efforts to reduce the number of sewer calls by cleaning approximately 30 percent of the sanitary system on an annual basis.

PERFORMANCE MEASUREMENTS - MAINTENANCE AND REPAIRS

	Performance Indicators	2019-20	2020-21	2021-22	2022-23	2023-24 to date

^{**} Ending net position represents the difference between total assets (including long-term fixed assets) and total liabilities the cash balance at 6/30/23 was \$ 1,936,200.

Note: For Budgeting purposes certain plant costs that are shared with townships that may be classified as capital assets for annual financial statement reporting are reported as professional services in this budget. Adjustments will be made at year end based on the City's capitalization policies.

Note: Bond proceeds and capital purchases other than as described above, are not reported as revenue or expenditures for enterprise financial reporting and are not inleuded in this budget.

WATER FUND (591) – PLANT, STORAGE TANKS AND BOOSTER STATIONS

Mission Statement: To provide abundant, clean, safe and aesthetically pleasing water to our customers.

The Traverse City Water Treatment Plant provides quality drinking water to customers in Traverse City, and portions of Garfield, Peninsula and Elmwood Townships. The water plant currently has a rated capacity of 18 million gallons a day.

The Water Treatment Plant (WTP) produces and supplies approximately 2.0 billion gallons of drinking water annually. Plant personnel operate a state-certified laboratory to monitor water quality and provide bacteriological testing for the plant and surrounding Township owned water systems. The water treatment plant laboratory performs daily tests for pH, hardness, calcium hardness, alkalinity, chloride, sulfates, chlorine, fluoride, iron, turbidity, conductivity and suspended solids. Operators are required to be licensed by the Michigan Department of Environment, Great Lakes, and Energy (EGLE) through examination and to maintain certification through continuing education.

The Water Plant is staffed by:

- 1 Superintendent
- 1 Chief Operator
- 4 Water Plant Operators/maintenance
- 1 Seasonal Operator

GOALS – PLANT, STORAGE TANKS AND BOOSTER STATIONS

Continued focus on Energy Efficiency and Capital Improvement Projects (CIP) as recommended in the 2021 Water System Reliability Study and the 2021 Drinking Water State Revolving Fund (DWSRF) Five-Year Project Plan including construction of new East-West 24-inch water transmission mains (phased plan), and the Wayne Hill Booster Station Upgrade. Other planned maintenance and equipment upgrades include repair of one high service and low service pump annually, install a VFD control on a high and low service pump.

PERFORMANCE MEASUREMENTS – PLANT, STORAGE TANKS AND BOOSTER STATIONS

	Performance Indicators	2020	2021	2022	2023
Output	Million gallons of water pumped	1,774.36	1,959.56	1,883.00	2,014.82
	Chemical costs	\$48,148	\$52,851	\$60,798	\$64,961
	Electrical demand - kWh (kiloWatt-hours)	2,092,204	2,377,040	2,219,229	2,408,880
Efficiency	Chemical cost per million gallons water pumped	\$27.14	\$26.97	\$32.29	\$32.24
Effici	Gallons / kWh	848.08	824.37	848.49	836.42

SUMMARY OF SIGNIFICANT BUDGET CHANGES – PLANT, STORAGE TANKS AND BOOSTER STATIONS

No significant changes compared to the previous year's budget line items except for the \$722,000.00 construction cost for the Wayne Hill Booster Station Upgrade project (Construction contract already approved by the City Commission and awarded).

WATER FUND (591) – DISTRIBUTION

Mission Statement: To distribute abundant, clean and safe potable water to our customers and provide adequate fire protection for the City of Traverse City.

Responsibilities include:

- Maintaining, repairing and flushing of water mains
- Maintaining, repairing and exercising main line water valves
- Installing and maintaining water services/meters
- Flushing, repairing and draining of fire hydrants
- Tapping water mains for new service leads as required
- Administering the Cross Connection Inspection Program
- Locating all water, sanitary and storm lines for MISS DIG
- Assisting all DPS Divisions with confined space entries

The Division's staff includes:

- 1 Superintendent
- 1 Office Coordinator
- 1 Chief Water/Sewer Maintenance Operator
- 7 Utility Systems Specialists
- 1 Utility Systems Apprentice

SUMMARY OF SIGNIFICANT BUDGET CHANGES – DISTRIBUTION

Repair and Maintenance – No significant changes in the operations budget.

GOALS

- 1. Continue working with the Water Committee exploring and brainstorming on improving efficiencies in the water system, including the reduction of the annual amount of water loss.
- 2. Continued enforcement of residential & commercial cross connection inspections and illicit sump pump discharge connections.
- 3. Continued deployment of the AMI meter reading system using our own work force to improve water billing accuracy.
- 4. Exercise 20% of water system valves.
- 5. Continue to work with GIS/Asset Management Division to improve utility location maps and utility locating abilities (Miss Dig).

DUNCAN L. CLINCH MARINA FUND (594)

Mission Statement: To create a quality boating experience for the benefit and enjoyment of the public. Commitment to consistently provide excellent customer service, ensure a clean and safe environment and strive to exceed customer needs and expectations.

The Marina is staffed by: 1 Seasonal Dockmaster, 1 Seasonal Assistant Dockmaster, 8 Seasonal Dock Attendants, 3 Seasonal Night Security, and 2 Seasonal Maintenance Staff.

Clinch Marina provides facilities for the boating public. There are 71 slips for seasonal boaters and 48 for transient boaters. There is also nearly 1,200 feet of broadside dockage that can accommodate up to 30 boats of different sizes, to include boats up to 150 feet. Gasoline, diesel fuel and pump-out facilities are

available for boaters. Clinch Marina also operates a boat launch that provides access to West Bay.

SUMMARY OF SIGNIFICANT CHANGES

- Seek and apply for grant funds for Marina Master Plan
- Dock repairs

HICKORY HILLS (504)

Hickory Hills has continued to operate following the guidance as directed by the 2017 Business Plan and the 2014 Master Plan. The expansion of the new maintenance building, ski lodge, skiable terrain on site and parking lot has continued to be welcomed by our patrons. The café operations will be managed by the City. The major projects for the upcoming year include design/install wayfinding signage through the Hills and Meadows property.

The Hickory Hills Master Plan will be updated through a collaborative planning process inclusive of City staff, Preserve Hickory, park user groups, and the Rec Authority to plan for unique park needs, long-term sustainability, and opportunities for public/private funding, and will be incorporated into the Parks-Wide Master Plan.

To ensure the best possible outcomes and public/ private funding opportunities for trail construction, the Hickory Hills mountain bike and hiking trail network design project will be designed and developed with meaningful collaboration among City staff, Preserve Hickory, the Recreational Authority, and user groups at all stages of the process.

Hickory Hills is staffed by: 1 Parks & Recreation Superintendent, 1 full time Manager, 2 full time seasonal groomers, and 29 seasonal staff for snow making, tow rope, office and equipment rental operations and lodge event rentals.

Hickory Hills will implement a new point of sale system to track metrics for reporting, analyze user data and communicate with the public via emails and marketing campaigns.

SUMMARY OF SIGNIFICANT CHANGES

- Point and of Sale and Ski Management software.
- Design and Installation for new Signage and Wayfinding for Hickory properties, grant applications in partnership with the Joint Rec Authority
- Marketing the lodge for summer rentals with additional part time staff, expos, local publications and national wide including partnerships with The Knot, TC Tourism and bridal magazines.
- Nordic trail expansion completed.
- Mountain bike and hiking trail network design via a professional trail design consultant. Project is in partnership with Joint Rec Authority for Hickory Forest and Hickory Meadows.

City of Traverse City

Internal Service Fund

MUNICIPAL GARAGE FUND (661)

Mission Statement: To provide 24/7 availability to all City departments/divisions for their vehicles and equipment in the most cost-effective way while considering "Green" options.

The Garage Division is staffed by: 1 Superintendent, 1 Mechanic Supervisor, 1 Stores Clerk, 6 Mechanics, and 1 Part-time Shop Keeper. There are 2 shifts encompassing 7am – 11pm Monday through Friday with 24/7 service for emergencies.

The Garage works with all departments and divisions, including Light & Power to identify the most cost-effective equipment necessary to do the job(s) required. This includes research, writing specifications, bidding, purchasing, repairing, maintaining, and disposal of vehicles and equipment.

The Garage Division also maintains the Department of Public Services campus located on Woodmere Avenue. We provide indoor/outdoor storage for Streets, Parks, Police, Sewer/Water, Fire, Clerk, Treasurer and Engineering divisions/departments, as well as a 24/7 fuel depot to provide fuel for all City vehicles.

In addition, the Garage Division operates a central storeroom, where automotive and maintenance items are available to all departments. The storeroom also operates a UPS drop-off and pickup site.

SUMMARY OF SIGNIFICANT CHANGES

- Continue to acquire fully electric and hybrid vehicles and develop their related infrastructure where appropriate.
- Implement new custom reports within our fleet software to track and manage fleet-related costs, including the running cost of a vehicle and vehicle life span assessment.
- Develop a precise procedure to allocate expenses and compute chargeback rates.
- Create and develop a mechanic apprentice program to recruit up-and-coming professional mechanics.

^{**} Ending net position represents the difference between total assets (including long-term fixed assets) and total liabilities. The cash and investment balance at 6/30/23 was \$ 5,410,940.

City of Traverse City Component Units

BUDGET 2024-2

PRESENTED BY:

Executive Director Brandie Ekren

Chief Financial Officer Karla Myers-Beman

ABOUT US

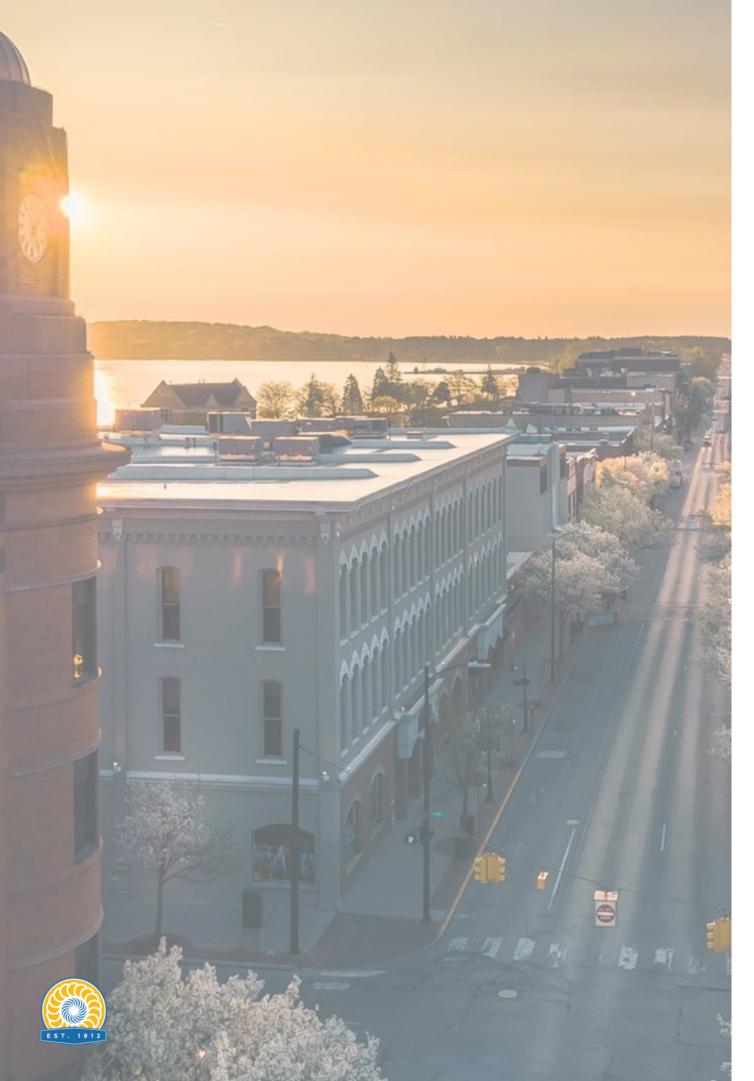

Mission

To serve as the trusted community partner for delivering innovative, affordable, reliable and environmentally sustainable energy and telecom solutions.

Vision

Our vision is to lead with positivity, creating a brighter future for all. As an innovative electric and telecom utility, we harness the power of clean energy and fiber connectivity through sustainable partnerships, services, and programs. We enrich

our communities by anticipating and exceeding evolving customer needs with operational excellence.

VALUE STATEMENTS

Sustainability

Embracing environmental stewardship, positive social impact, and economic stability to ensure a thriving planet and prosperous communities.

Innovation

Embracing change and pioneering forward-thinking solutions to meet the future head-on.

Integrity

Upholding the highest ethical standards of honesty and conduct to ensure the safety and reliability of our services as a testament to our commitment to the customers, community and stakeholders we serve.

Collaboration

Fostering inclusive partnerships and teamwork, uniting diverse perspectives to achieve common goals and build stronger connected and energized communities.

Optimism

• Fostering a positive outlook as we navigate challenges and seize opportunities.

MEMORANDUM

To: DDA Board of Directors

From: Harry Burkholder, Interim CEO

Date: April 15, 2024

Re: 2024 - 2025 Proposed Budget

The proposed 2024/2025 budget is attached and a description is presented below. Over the last month, I worked with the City Treasury Department to update the FYE 2024 taxable values, millage rates and tax revenue as well as the city millage rate for FYE 2025.

The proposed budget includes projects and initiatives that advance the capital improvement and programmatic priorities listed in the Moving Downtown Forward Plan and align with the *Guiding Principles* of the Moving Downtown Forward Plan, as well as the *Goals and Objectives* of the City Commission. The proposed budget also reflects continued work on several projects including Rotary Square, the Lower Boardman/Ottaway Riverwalk and the Two-Way Pilot Project. In addition, the proposed budget includes promotional efforts to minimize the impacts of the reconstruction of Grandview Parkway.

Here is timeline for the budget approval process. As a reminder, the City Commission formally approves the DDA Budget, prior to formal adoption by the DDA.

Budget Process & Timeline

April 19th DDA Board reviews budget & schedules public hearing for May 17th

May 17th DDA holds public hearing on budget

May 6th Initial budget provided to the City Commission

May 13th Budget discussed at City Commission Study Session May 20th City Commission holds public hearing on budget

June 3rd Approval of budget by City Commission

June 21st Approval of budget by DDA Board

DDA General

This budget is built upon the recognition that employees now assigned to Parking will be transitioned to the City, therefore reducing both revenue and expenditure.

DDA General Revenue

Revenue includes several grants that have already been secured, including a \$1 million MEDC grant for the Lower Boardman/Ottaway Riverwalk (i.e., the 100/200 block), a \$900,000 EGLE grant for environmental remediation and \$1 million from Rotary Charities for Rotary Square. Recognizing that the RFP for the conceptual design for Rotary Square has already been issued, we anticipate that a portion of the \$1-million from Rotary Charities will be utilized. In addition, TIF funds will be utilized for additional engineering and design work along the Lower Boardman/Ottaway Riverwalk so that we are able to utilize the MEDC grant for implementation.

The remaining revenue comes from administrative fees from both TIF accounts and the contract with DTCA.

DDA General Expenditures

This budget is built with the potential of five employees. The role of communication/social media will remain contracted until a permanent CEO has been selected and staffing levels/task are examined.

Professional Services will encompass the contract for financial services (Rehman), the website (One-Up-Web), legal services (Scott Howard), and all employee training/coaching. Employee training/coaching started in 2024 for all employees to assist in the cultivation and betterment of office communication, mindfulness and culture. This training has proven to be very beneficial for all employees and will be extremely helpful in the transition of leadership. A contract with SEEDS to administer the Farmer's Market also is part of this line item.

Funding for Travel and Conferences is included for staff attending conferences/training to support their areas of focus inside the DDA.

TIF 97

The captured taxable value within the TIF-97 District is projected to be \$158,601,804 which will bring in an estimated \$4,170,320 in revenue.

The focus for this District over the next year will be to advance the Lower Boardman/Ottawa Downtown Riverwalk and Rotary Square. The DDA will also continue to work with private developers to improve and install new sidewalk and streetscape infrastructure, including snowmelt systems.

In addition, a renewed service agreement with the City is recommended to remain. This expense is based on previous discussions with City staff regarding roles, responsibilities and capacity of the City.

A new line item for consideration this year is working with the City Engineering Department to have a staff engineer dedicated to the DDA. This concept is similar to our dedicated downtown police officer. Some of this dedicated support would focus on Rotary Square, the Lower Boardman/Ottaway Riverwalk and helping to determine the lifespan/replacement schedule and best practices for the reconstruction of crosswalks, sidewalks and other infrastructure within the DDA District. This may be funded 70% by TIF funds while the remaining funding would come from the city. Having a dedicated and consistent individual that reports back to the City Engineer assists in continuity on the many public infrastructure projects that are identified within the district. A dedicated engineer could also be secured through a hired contractor as well.

Professional Services

A. Community Police Officer \$120,420

We are planning to continue with our community police for year-round services.

B. Maintenance and Operation \$250,000

Continuing with this line item remains important as we focus on maintaining public infrastructure investments. This line item will be used for sidewalk cleaning, summer assistance through our YouthCore partnership and the purchase of needed tools. Last year the DDA purchased a truck through the city which will assist in more year-round maintenance/operations.

C. Marketing and Communication \$80,000

This was a new line-item last year, and we plan to continue marketing and communication efforts for downtown and with the DTCA.

D. Composting \$25,000

This program that is just getting off the ground, with the goal to expand and encourage the use of this new program throughout the district.

E. Retail Incubator \$50,000

Continuing on the successful pop-ups that has occurred in December and February, we would continue to work with Nick Beadleston on implementing a year-round incubator space. This project would also utilize the USDA grant that was secured as well as MEDC grant that was secured by 20-Fathoms (\$127,000).

F. Traverse Connect \$ --

In a previous iteration of the proposed 2024/2025 budget, no dollars were listed under professional services for Traverse Connect. As a reminder, we previously had a contract with Traverse Connect for the planning and implementation of economic development strategies outlined in the Traverse Connect Strategic Plan. The total compensation for this partnership was \$40,000 – of which, \$35,000 was funded by TIF-97. Funding could be added to the budget upon the request and determination of the Board.

Public Infrastructure

A. <u>Schematic Design Engineering Services</u> \$1,000,000

The approach for determining if we have an "in-house" engineer through City Engineering Department or a hired contractor is important as we move into the design and engineering portion of the Lower Boardman/Ottaway Downtown Riverwalk. Completing schematic/engineering for the 100/200 block will then move into implementation and utilization of the \$1million MEDC as well as philanthropic fund raising.

B. Two-Way Pilot Project (State Street) \$400,000

The fate of the two-way pilot project will be discussed next November, as the pilot-project expires. At that time, the two-way pilot project could be moved into permanent status or continue as a pilot for an additional year. Funding for this project could be utilized to improve the pedestrian experience with crosswalks, and traffic calming measures. In addition, stormwater improvements would be recommended to be implemented.

C. Streetscapes/Snowmelt \$400,000

Streetscapes will remain important as new development continues throughout the district. Two developments, the Hannah Lay Building and State Street building would be partnering for snowmelt systems. There are additional opportunities for partnerships leading to a connected network of sidewalks (which is paramount for walkability) throughout the district.

D. 309 West Front Street Staircase \$100,000

The design for the Staircase has been completed, with RFP is being completed through City Engineering and implementation occurring in the Spring of 2025.

E. Rotary Square \$100,000

This item includes costs for visioning and possible costs outside of the Rotary Grant. This item could also include costs for preparing for the Farmer's Market location at Rotary Square.

F. TART Trail Extension \$200,000

This item includes the second phase of the TART Extension project, which includes new trail infrastructure from roughly the Senior Center to Division Street, a major portion of which traverses through the TIF District.

G. <u>Downtown Cameras</u> \$112,480

This project remains in the TIF-97 Budget, based on recommendations and costs from the Police Chief Richmond in October.

H. Infrastructure Repair \$100,000

This item was discussed by the Finance Committee and is intended to provide flexibility and immediate attention to infrastructure needs throughout the district.

Old Town Financing Plan

The Old Town District continues to see steady growth and private investment. The captured taxable value is projected to be \$34,463,479 bringing in an estimated \$823,527 of projected revenue to the district.

Similar to the TIF-97 budget, the service agreement with the City will remain. In addition, a new line item for consideration with the Board is working with the City Engineering Department to have a staff engineer dedicated to the DDA. Having a dedicated and consistent individual that reports back to the City Engineer assists in continuity on the many public infrastructure projects that are identified within the district. A dedicated engineer could also be secured through a hired contractor as well.

In addition, a renewed service agreement with the City is recommended to remain. This expense is based on previous discussions with City staff regarding roles, responsibilities and capacity of the City.

Professional Services

A. Maintenance and Operation \$60,000

Continuing with this line item remains important as we focus on maintaining public infrastructure investments. This line item will be used for sidewalk cleaning, summer assistance through our YouthCore partnership and the purchase of needed tools. Last year the DDA purchased a truck through the city which will assist in more year-round maintenance/operations.

B. Marketing and Communication \$30.000

This was a new line-item last year and we would like to continue to coordinate marketing and communication efforts for downtown and with the DTCA.

C. Composting \$10,000

This program is just getting off the ground, with the goal to expand and encourage the use of this new program throughout the district.

D. Traverse Connect \$ --

In a previous review of the proposed 2024/2025 budget with the Finance Committee, no dollars were allocated for working with Traverse Connect. As a reminder, we previously had a contract with Traverse Connect for the planning and implementation of economic development strategies outlined in the Traverse Connect Strategic Plan. The total compensation for this partnership was \$40,000 – of which, \$5,000 was funded by Old Town TIF. Funding could be added to the budget upon the request and determination of the Board.

Public Infrastructure Projects

A. River's Edge Decking \$130,000

Replacement/upgrading of the River's Edge Decking is identified within the budget with the understanding that the FishPass project will be underway and we may be able to coordinate this element of the overall project. However, work may be moved to 2025/2026 dependent on the progress and timing of the FishPass project.

B. Hannah Park Improvement \$80,000

This project is being bid through City Engineering and may bid at the same time as the 309 West Front Street (stairs) project. Therefore, the cost may be moved from 2023/2024 budget to 2024/2025 budget.

C. <u>Streetscapes/Snowmelt</u> \$100,000

This line-item remains in the budget to encourage property owners to partner to implement a snowmelt system within Old Town. This line-item has been successful in the TIF 97 Plan, and we anticipate partnerships to grow as connection between the two districts are strengthened.

D. Downtown Cameras \$28,120

This line item has been included in the DDA Budget for two years, based on recommendations and costs from the Police Chief Richmond in October.

E. <u>Infrastructure Repair</u> \$30,000

This item was discussed by the Finance Committee and is intended to provide flexibility and immediate attention to infrastructure needs throughout the district.

Arts Commission

The Arts Commission budget for the coming year will focus on a handful of art installations along 8th Street, a mural festival (planned for 2025), a mini-grant program, a collaboration with Parks and Recreation to bring art into city parks and a new painted bump-outs at Front and Pine/Boardman as part of the two-way pilot project. In addition, the Arts Commission will be working to complete a series of administrative activities outlined in the strategic plan work plan. \$35,000 is allocated from the city's Public Arts Trust Fund for these projects.

Recommended Motion

That the DDA set a public hearing for the 2024/2025 DDA Budget for Friday, May 17, 2024 at 9:00am in the Governmental Center Commission Chambers.
