**Seasonal Survey**

Traverse City – The City of Traverse City would like to inform the public that road surveys will be taking place in several areas of the City between now and spring of 2025. These surveys are essential for assessing the condition of our roads and planning for future improvements.

Please be aware of survey crews that may be working on the following streets, and potentially other streets or public areas:

Please note that surveying staff may need to enter private property to collect data. This work will not involve digging or disturbance to property, and is permissible per Michigan State Law.

Your understanding and patience are greatly appreciated as we work to enhance our community's infrastructure. Thank you for your cooperation.
